

Business Responsibility and Sustainability Reporting by listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021 SECTION A : GENERAL DISCLOSURES				
I. Details of the listed entity				
Sl. No	Required Information			
1	Corporate Identity Number (CIN) of the Listed Entity	L15492WB1924GOI004835		
2	Name of the Listed Entity	Balmer Lawrie & Co. Ltd.		
3	Year of incorporation	1924		
4	Registered office address	21, Netaji Subhas Road, Kolkata - 700 001		
5	Corporate address	21, Netaji Subhas Road, Kolkata - 700 001		
6	E-mail	ghosh.ab@balmerlawrie.com		
7	Telephone	033-22225413		
8	Website	www.balmerlawrie.com		
9	Financial year for which reporting is being done	FY 2024-25		
10	Name of the Stock Exchange(s) where shares are listed	1. BSE Limited 2. National Stock Exchange of India Limited		
11	Paid-up Capital	Rs. 17,100.38 Lakhs		
12	Name and contact details (telephone, email address) of the person who may be contacted in case of any queries on the BRSR report	Mr. Abhijit Ghosh, Director (HR&CA) 033-22225413, ghosh.ab@balmerlawrie.com		
13	Reporting boundary - Are the disclosures under this report made on a standalone basis (i.e. only for the entity) or on a consolidated basis (i.e. for the entity and all the entities which form a part of its consolidated financial statements, taken together).	Disclosures made in this report are on a standalone basis		
14	Name of Assessment or Assurance Provider	Not Applicable		
15	Type of Assessment or Assurance obtained	Not Applicable		
16	Details of business activities (accounting for 90% of the turnover):			
	Sl. No.	Description of Main Activity	Description of Business Activity	% of Turnover of the entity
	1	Industrial Packaging	Steel Barrel and drum manufacturing	31.67%
	2	Logistics Infrastructure and Services	Container Freight Station, Cold Chain & Logistics Services	29.77%
	3	Greases & Lubricants	Manufacturing and Supply of Greases, Lubricants and compounds	20.95%
	4	Travel & Vacations	Ticketing, Holidays (International & Domestic), MICE and other travel services	10.01%
17	Products/Services sold by the entity (accounting for 90% of the entity's Turnover):			
	Sl. No	Product / Service	NIC Code	% of total Turnover contributed
	1	Industrial Packaging (Steel Drums)	25129	31.67%
	2	Logistics Infrastructure and Services	51201 / 52109	29.77%
	3	Greases & Lubricants (Greases)	19201	20.95%
	4	Travel & Vacations (Ticketing and Package Tours)	79110 / 79120	10.01%

18	Number of locations where plants and/or operations/offices of the entity are situated:			
	Location	Number of plants	Number of offices	Total
	National	For location of plants and offices refer "Office and Plant Location" of Annual Report		
	International	Nil	Nil	Nil
19	Market Served by the entity:			
	a.	Number of locations		
		Locations	Number	
		National (No. of States)	28	
		International (No. of Countries)	6	
	b.	What is the contribution of exports as a percentage of the total turnover of the entity?	0.69%	
	C. A brief on type of customers	SBU: Logistic Infrastructure The major customers of the Container Freight Station (CFS) business are Shipping Lines, NVOCCs, Forwarders and CHAs.		
		SBU: Cold Chain A diverse range of customers through its Cold Chain Services, including pharmaceutical companies, healthcare providers, food and beverage businesses and other industries requiring temperature-sensitive logistics solutions.		
		SBU: Chemicals Balmer Lawrie's Chemicals SBU primarily serves the leather industry—supplying synthetic tanning agents, fat liquors, beam-house and finishing chemicals to tanneries and leather manufacturers across major hubs like Chennai, Ranipet, Ambur, Kolkata and Kanpur, supported by in-house R&D and technical service centres.		
		SBU: Industrial Packaging Balmer Lawrie's Industrial Packaging SBU caters to a broad portfolio of customers—ranging from PSUs, MNCs and local oil producers (including transformer and lubricant oils), to chemical, additive, agrochemical, bitumen and bitumen-emulsion manufacturers, as well as food and fruit-pulp companies and exporters.		
		SBU: Greases & Lubricants The SBU serves a diverse customer base—ranging from automotive OEMs (passenger cars, two-wheelers, commercial and agricultural vehicles) to heavy-industry sectors like steel, railways, mining, defence, cement, power, sugar, infrastructure, marine and food-grade applications—through its pan-India network of over 350 channel partners and three ISO-certified manufacturing plants.		
		SBU: Logistic Services SBU: Logistics Services (LS) provides end-to-end logistics solutions—including air freight, sea freight, and surface transportation—for a wide range of cargo types. With a global network of partners and agents, and a strong presence across key logistics hubs, SBU: LS serves clients across sectors such as manufacturing, engineering, pharmaceuticals, retail and public sector undertakings. Backed by a team of seasoned professionals, the SBU leverages advanced technology, process excellence and deep industry knowledge to deliver reliable, efficient and cost-effective logistics services, ensuring timely and secure movement of goods across domestic and international routes.		

		SBU: Travel & Vacations SBU: Travel & Vacations offers end-to-end travel solutions to a wide spectrum of corporate and retail clients, supported by robust travel technologies, digital payment systems and integrated backend operations. The SBU provides customised, cost-effective services through a unified digital platform that hosts all offerings—from travel bookings to policy updates and destination information. Enhanced visibility across digital touchpoints, coupled with integration with SAP (ERP), has strengthened internal controls, streamlined operations, and improved customer engagement and satisfaction. SBU Refinery & Oil Field Services SBU: Refinery & Oil Field Services delivers specialised technical solutions for the oil and gas sector, with a strong focus on pollution prevention, waste management and hydrocarbon recovery. As pioneers of mechanised oily sludge processing in India, the SBU leverages advanced technologies and domain expertise to execute complex projects across all major refineries and oil installations. Its core services—including lagoon and tank bottom sludge processing—ensure high hydrocarbon recovery, faster turnaround times, and strict adherence to HSE and environmental standards. Continuous innovation and proven execution capabilities have positioned this SBU as a trusted partner in value-added services for the industry.

Overview of the entity's material responsible business conduct issues						
Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format						
26	Sl. No	Material issue identified	Indicate whether Risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
	1	Climate Change (Excessive Rains)	Risk	It can impact Business Operations	- Floor level changed - Engagement of water pumps for flushing out water	Negative Financial Implications
	2	Climate	Opportunity	To undertake efforts to mitigate and adapt to climate change by enhancing resource efficiency, reducing costs and adopting low-emission energy sources.	Several internal initiatives are underway to reduce carbon emissions, improve efficiency, lower overall emissions and address climate change in a comprehensive manner.	Positive
	3	Waste Management and Circular Economy	Risk	Inefficient waste management can lead to landfill accumulation and pose significant public health risks.	The Company ensures that all types of waste are properly segregated, handled, and disposed of exclusively through contractors authorised by the State Pollution Control Board. In addition, initiatives aligned with circular economy principles are being implemented to minimise waste generation and promote reuse during the production process.	Negative
	4	Water Management	Risk	Water is now considered to be an increasingly scarce resource, particularly in India, where seasonal rainfall serves as the primary water source. Poor water management can result in operational disruptions and negatively impact employee well-being.	The Company remains committed to complying with existing water management regulations and has set clear goals for reducing water consumption. Efforts are also underway to continuously explore better methods for monitoring and minimising water usage through the adoption of advanced technologies and by promoting behavioural change across the workforce.	Negative
	5	Employee Well-being and Talent Management	Risk & Opportunity	Equal opportunity, talent attrition, legal compliance, reputational damage and unsafe work conditions cause injuries or accidents.	The Company is committed to implementing inclusive people practices, offering opportunities for continuous learning and growth, and fostering a supportive and inclusive work environment	Positive & Negative
	6	Products solutions and services	Opportunity	There is a strong focus on identifying opportunities in enhancing and integrating sustainability aspects throughout the products and services.	All aspects of product and service management are integrated within R&D function, with dedicated efforts towards developing biodegradable and environmentally friendly products.	Negative

Business Responsibility and Sustainability Reporting by listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021										
SECTION B : MANAGEMENT AND PROCESS DISCLOSURES										
This section is aimed at helping businesses demonstrate the structures, policies and processes put in place towards adopting the NGRBC Principles and Core Elements.										
Disclosure Questions		P1	P2	P3	P4	P5	P6	P7	P8	P9
Policy and management processes										
1	a	Whether your entity's policy/policies cover each principle and its core elements of the NGRBCs. (Yes/No)	Y	Y	Y	Y	Y	Y	Y	Y
	b	Has the policy been approved by the Board? (Yes/No)	Y	Y	Y	Y	Y	Y	Y	Y
	c	Web Link of the Policies, if available	https://www.balmerlawrie.com/governance/codes-and-policies							
2	Whether the entity has translated the policy into procedures. (Yes / No)		Y	Y	Y	Y	Y	Y	Y	Y
3	Do the enlisted policies extend to your value chain partners? (Yes/No)		Y	Y	Y	Y	Y	Y	Y	Y
4	Name of the national and international codes/certifications/labels/ standards (e.g. Forest Stewardship Council, Fairtrade, Rainforest Alliance, Trustee) standards (e.g. SA 8000, OHSAS, ISO, BIS) adopted by your entity and mapped to each principle.				Yes, the policies are aligned with United Nations Global Compact, GRI standards and International standards such as ISO 9001, ISO 14001, ISO 45001, BRC standards, NGRBC, FSSAI, and Balmer Lawrie's Code of Conduct.					
5	Specific commitments, goals and targets set by the entity with defined timelines, if any.		Environment:							
			- Promote energy efficiency and cleaner production methods across manufacturing units - Adopt renewable energy solutions where feasible to reduce dependence on conventional power - Implement water conservation initiatives such as rainwater harvesting and zero liquid discharge systems - Minimise environmental impact through better waste management and eco-friendly raw materials							
			Social:							
			- Ensure 80% employee coverage on training related to BRSR principles - Strengthen employee engagement and workplace satisfaction to support long-term retention and reduce attrition - Enhance employee well-being through the delivery of comprehensive wellness sessions that address a wide range of physical, mental, and emotional health topics - Uphold employee well-being through robust grievance redressal mechanisms and a safe working environment							
			Governance:							
			- Uphold high standards of transparency, ethics, and accountability in governance practices - Safeguard data privacy and information security, aligning with national and global cybersecurity standards - Ensure effective ESG oversight through regular Board-level review and strategic alignment							

Business Responsibility and Sustainability Reporting by Listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021	
SECTION B : MANAGEMENT AND PROCESS DISCLOSURES	
6	Environment: • Installed solar power plants at multiple sites with a capacity of 1346 kWp, to reduce dependence on fossil fuel-based electricity • Undertook multiple fuel conversion projects (e.g., from LDO/HSD to LPG/PNG) across operational units to reduce SOx, NOx and CO₂ emissions. • Implemented energy efficiency solutions such as capacitor hybrid panels, no-load compensators and dual-fuel kits to optimise power usage and reduce emissions. • Installed solar-powered street lighting to promote clean energy adoption at the facility level. • Continues to evaluate and expand clean energy and low-emission technologies across locations, with some projects in progress due to infrastructure dependencies Social • Strengthens operational sustainability by involving staff in implementing cleaner fuel systems and monitoring energy performance • Upheld the principles of equal opportunity and implements inclusive recruitment practices to build a diverse and equitable workforce • Provided regular and need-based training on diverse topics across all staff levels and monitored participation to drive continuous learning and improvement • Offered a comprehensive range of employee benefits aimed at enhancing well-being, while fostering engagement through structured internal practices Governance • Established an ESG / Sustainability Committee to ensure active oversight and strategic direction on sustainability practices • Promoted a culture of integrity by upholding ethical business conduct and delivering regular training on ethics and compliance
	Performance of the entity against the specific commitments, goals and targets along-with reasons in case the same are not met.
7	Governance, leadership and oversight
	Statement by the director responsible for the business responsibility report, highlighting ESG-related challenges, targets, and achievements (listed entity has flexibility regarding the placement of this disclosure) As the Director responsible for Balmer Lawrie's Business Responsibility and Sustainability Report, I'm pleased to share the Company's progress and continued commitment to responsible and inclusive growth. Over the past year, Balmer Lawrie has made significant strides in integrating sustainability into its business operations. From reducing greenhouse gas emissions to strengthening workplace well-being and governance practices, our efforts are driven by a long-term vision of creating shared value for all stakeholders. On the social front, we continue to focus on employee well-being, inclusive hiring, and skill development. Our grievance redressal mechanisms and CSR initiatives have helped strengthen both internal trust and community impact. While some projects, like renewable energy expansion and fuel transitions, are progressing in phases due to technical and external constraints, we remain committed to scaling them steadily. Strong governance and ethical practices continue to guide our ESG approach, and we are integrating sustainability deeper into strategic decision-making. We view this as an ongoing journey and are committed to making consistent progress, responsibly and transparently.

	Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy.	Yes, Anti-Corruption and Anti-Bribery clauses are incorporated in Balmer Lawrie's Fraud Prevention Policy. The Company has a Fraud Prevention Policy which covers all aspects of anti-bribery. The policy is in place for the detection, reporting and prevention of fraud. This policy covers all types of fraud irrespective of their nature. The Fraud Prevention Policy applies to all frauds committed or suspected, linked to the business of the Company, involving any employee, including the whole- time Directors (employed in any capacity including those deputed by other agencies to carry out any work for and on behalf of the Company) and other stakeholders such as vendors, suppliers, contractors, service providers, consultants or any other external agency / person having business relationship and / or associated with the Company in any manner, as well as their representatives. The clause "Actions constituting fraud" under the sub-clause (x) of the Fraud Prevention Policy talks about what constitutes bribery and corruption: "Bribery or corruption, including inappropriate relationship with third parties causing conflict of interest and accepting or seeking anything of material value from contractors, vendors or any other person supplying material or providing services to the Company" The objective of the "Fraud Prevention Policy" is to provide a system for the detection, reporting and prevention of fraud, whether committed or suspected. The policy strives to: • Promote a culture of zero tolerance for fraud or fraudulent conduct • Communicate to employees and other stakeholders the Company's approach to dealing with fraud and fraudulent action • Provide a framework and lay down a procedure for the detection, reporting and prevention of fraud or suspected fraud Balmer Lawrie also has the Whistle Blower Policy in place. The Whistle Blower Policy provides employees a framework to report to the Management instances of unethical behaviour, and actual or suspected fraud. While contracting, one has to deal with various vendors / suppliers / contractors / consultants who are expected to adopt and maintain the highest standards and a high degree of ethics and integrity, commitment and sincerity towards the work undertaken by them. Any aberration, deviation or violation from the expected standards of supplies / services / behaviour of the contracting agencies is dealt in line with the policy framed on Blacklisting so that it becomes a deterrent for all. This policy is aimed at blacklisting the errant vendors and service providers by following the laid-down procedure. Weblink – https://www.balmerlawrie.com/governance/codes-and-policies To identify and implement systematic improvements within the organisation and to enhance the efficiency of the Vigilance system, technology was leveraged to launch a new Online Complaint Portal.

Essential Indicators					
10	Health and safety management system:				
	a.	Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?	Yes. Balmer Lawrie has a robust Health, Safety and Environmental (HSE) Management System, which applies to all employees and workers across all operational areas of the Company. Continual enhancement of HSE standards in all the activities is one of the prime corporate objectives of the organisation.		
	b.	What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?	To ensure adherence to prescribed safety norms, teams visit workplaces / locations to carry out inspections and assessments of potential hazards that could harm workers. Teams interact with the workmen and explain hazards and risks involved in allocated activities. The Company also has a Hazard Identification and Risk Assessment (HIRA) process that involves identification of existing as well as potential routine and non-routine workplace hazards, viz., periodic review of risks, determining and implementing a hierarchy of controls for safe operations. Hazards related to working at height, working in confined spaces, hot works, inadequate guarding, maintenance etc., are covered under the HIRA register.		
	c.	Whether you have processes for workers to report the work related hazards and to remove themselves from such risks. (Y/N)	Yes		
	d.	Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No)	Yes		
11	Details of safety related incidents, in the following format:				
	Safety Incident/Number		Category *	FY 2024-2025	FY 2023-24
	Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked)		Employees	0	0
			Workers	0	0 .14
	Total recordable work-related injuries		Employees	0	0
			Workers	0	0
	No. of fatalities		Employees	0	0
			Workers	0	0
	High consequence work-related injury or ill-health (excluding fatalities)		Employees	0	0
Workers			0	0	
*Note: Included the contract workforce					
12	Describe the measures taken by the entity to ensure a safe and healthy workplace.		Employee training: Comprehensive training is essential for preventing workplace injury. The Company ensures that all employees and workers have access to safety training. Programs undertaken are: safety induction trainings for new joiners, toolbox trainings at each department work area, HSE alerts for awareness about incident at the workplace and online / physical training. Safety Inspections / Audits: The Company conducts safety audit and inspection at defined intervals at various sites to critically examine and identify any need for corrective action. Checks are conducted in standardised format and records maintained. Regular review meetings: Regular meetings to review safety rules and discuss preventive measures are conducted to ensure that the workplaces are safe for the workers. Plant safety meetings and departmental safety meetings are conducted, and records of the meeting are maintained. As a responsible employer, we conduct various health and medical checkups on regular basis by recognised institutions across different locations. Moreover, employees have access to various wellness programs / workshops.

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE							
PRINCIPLE 3 Businesses should respect and promote the well-being of all employees, including those in their value chains							
Essential Indicators							
13	Number of Complaints on the following made by employees and workers:						
		FY 2024-25			FY 2023-24		
		Filed during the year	Pending resolution at the end of the year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
	Working Conditions	Nil			Nil		
	Health & Safety						
14	Assessments for the year:						
				% of your plants and offices that were assessed (by entity or statutory authorities or third parties)			
	Health and safety practices			100%			
	Working Conditions			100%			
15	Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.				All safety related events / incidents are analysed, reviewed and validated thoroughly and the identified corrective actions are deployed across the organisation.		
Leadership Indicators							
1	Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N).				Yes, the Company extends coverage of all permanent employees including workers and fixed term contract employees under the Group Term Life Insurance Policy in addition to the Group Personal Accident Policy. Under the Group Term Life Insurance Policy, all covered Personnel are entitled to an amount equivalent to 48 times of the last drawn basic pay of the personnel to be paid on an employee's death. The sum insured under the Group Personal Accident Insurance Policy is Rs. 18 Lacs which is provided in the event of Accidental Death / Permanent Total Disablement (PTD).		
2	Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.				To ensure that statutory dues have been deducted and deposited by the value chain partners, the entity has implemented several measures. Firstly, the contractors concerned are being promptly notified via email regarding their responsibility to submit the Annual Return through the Shram Suvidha Portal. Additionally, the contractors are required to furnish a copy of the submitted Annual Return to the Principal Employer. This step serves as an essential means for the entity to verify and maintain a comprehensive record of the contractors compliance with their obligations.

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE				
PRINCIPLE 3 Businesses should respect and promote the well-being of all employees, including those in their value chains				
Essential Indicators				
3	Provide the number of employees / workers having suffered high consequence work related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:			
		Total no. of affected employees/ workers	No. of employees / workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment	
		FY 2024-25	FY 2023-24	FY 2024-25
	Employees	0	0	0
	Workers	0	1	0
4	Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No)			No
5	Details on assessment of value chain partners:			
		% of value chain partners (by value of business done with such partners) that were assessed		
	Health and safety practices	100%		
	Working Conditions	100%		
6	Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners.			No significant risks or concerns were identified during the assessment of health and safety practices and working conditions of value chain partners; therefore, no corrective actions were deemed necessary. Balmer Lawrie has established a Vendor/ Contractor Code of Conduct that mandates compliance with health and safety protocols, working condition standards, and work permit requirements as prescribed by the Company. Additionally, vendors and contractors are required to adhere to all applicable local and national occupational health and safety laws and must possess the necessary permits, licenses, and approvals from relevant authorities.

Business Responsibility and Sustainability Reporting by listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021					
SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE					
PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders					
Essential Indicators					
1	Describe the processes for identifying key stakeholder groups of the entity:			Stakeholders are categorised into internal (employees, Management) and external groups (customers, suppliers, Government, investors, community). Stakeholder consultations are used to assess their influence and interest. Regular engagement through meetings and feedback mechanisms helps understand expectations. This identification aligns with corporate governance and sustainability goals, ensuring transparent, responsible, and inclusive business practices that reflect the interests of all relevant stakeholder groups.	
2	List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group				
	Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes/ No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other	Frequency of engagement (Annually/ Half yearly/ Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
	Employees	No	Satisfaction surveys, Notice Board, Conference, Social Media, grievance redressal Email, Journals, Meetings with Employees Association and Unions, Town hall, Quarterly Communication from C&MD's desk via mail, SMS, Emails	On Need basis	- Proposing measures to increase employee competency at work as well as promote work-life balance. The Company follows an open-door policy. - Policy Communication
	Customers	No	Website, Meetings, E-mails	On need basis	Stay in touch with customers to - receive their feedback - provide information on new products
	Investors/ Shareholders	No	Stock Exchange intimations, Email, SMS, Newspaper Publications, Letters, Notices sent through post, publishing of annual/ quarterly financial results and Annual General Meeting, Notice Board, Website and Annual Report	Event Based and need based	- To give update on the events / developments in the Company - To assist the shareholders in resolving their Grievances - To inform the shareholders regarding the changes pursuant to amendment in the Companies Act, 2013, SEBI (LODR) Regulations, 2015 and DPE Guidelines on Corporate Governance as and when required - To inform insiders regarding closure of trading window and compliance of the SEBI Regulations regarding Insider Trading

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE					
PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders					
Essential Indicators					
	Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes/ No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other	Frequency of engagement (Annually/ Half yearly/ Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
2	Government & Regulatory Bodies	No	Email, Websites, Government Portals, Publications, Replies to Government communications, Meetings	On need basis	- Compliance to regulatory requirements - Policy developments - Ministry Directives
	Communities	No	Public consultations, CSR initiatives, and partnerships with local organisations	Ongoing community development projects	Infrastructure development, community welfare, education, healthcare and sanitation
Leadership Indicators					
1	Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.		The Board of Directors places their outlook on the business of the Company vis-à-vis the industry / the national and the world economy through the Annual Report, which is circulated to the Shareholders. The Annual General Meeting of the Company is called and conducted every year and the same essentially involves an interactive session between the shareholders and the Chairman. The shareholders can always send e-mails / letters directly to the Management which will be duly responded to.		
2	Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.		Stakeholder consultation plays a vital role in shaping our policies and initiatives related to social and environmental matters, helping us align our business goals with our responsibilities to stakeholders, society and the environment. For instance, based on such engagement, a policy was introduced to source products from marginalised communities. In areas with a significant tribal population, efforts were made to support the formation of Self-Help Groups (SHGs), enabling local enterprises to develop and supply goods to the Company.		
3	Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.		While no stakeholder group has been formally identified as vulnerable or marginalised, the Company actively engages with certain groups to understand their needs and extend support wherever feasible. For example, in line with a policy to procure products from marginalised sections of society, the Silvassa unit—located in a tribal-dominated region—facilitated the formation of stakeholder groups to encourage local enterprise development, enabling the Company to source goods from these groups.

PRINCIPLE 5 Businesses should respect and promote human rights							
3	Details of remuneration/salary/wages, in the following format:						
	a. Median remuneration / wages:						
		Male			Female		
		Number	Median remuneration/ salary / wages of respective category	Number	Median remuneration/ salary/ wages of respective category		
	Board of Directors (BoD)	5	Rs. 50,41,959	1	Not Available * (Government Nominee/ Independent Director)		
	Key Managerial Personnel	4	Rs. 50,41,959	1	Rs. 57,93,321		
	Employees other than BoD and KMP	873	Rs. 9,34,314	163	Rs. 8,16,484		
	Workers	160	Rs. 9,51,297	12	Rs. 7,49,952		
	* For calculation of median salary, salaries of Government Nominee Director and Independent Director have not been considered as they are not available with the company						
	b. Gross wages paid to females as % of total wages paid by the entity, in the following format:						
	FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year			
Gross wages paid to females as % of total wages	12.0%			12.2%			
4	Do you have a focal point (Individual / Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)	Currently, we do not have a focal point responsible for human rights impacts or issues caused or contributed to by the business. However, across the Company, systems and processes are in place to ensure there are no human rights violations. Across the Company the human right issues are addressed by the relevant department and division heads.					
	Describe the internal mechanisms in place to redress grievances related to human rights issues.	The Company has grievance redressal committees at each region in line with the statutory requirements, which duly follow the principle of natural justice. Further, the Company believes in the empowerment of all sections of employees and has nurtured an open-door policy towards redressing grievances proactively. Reliance on open-door policy and time-bound redressal of employee grievances has been a cornerstone in not only having a committed workforce, but it has also contributed to and reflected in the active participative culture in the Company.					
6	Number of Complaints on the following made by employees and workers:						
		FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year		
		Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
	Sexual Harassment	0	0	Nil	0	0	Nil
	Discrimination at workplace	0	0	Nil	0	0	Nil

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE		
PRINCIPLE 5 Businesses should respect and promote human rights		
8	Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases	The Company has grievance redressal committees at each region in line with the statutory requirements, which duly follow the principle of natural justice. Further, the Company believes in the empowerment of all sections of employees and has nurtured an open-door policy towards redressing grievances proactively. Reliance on open-door policy and time-bound redressal of employee grievances has been a cornerstone in not only having a committed workforce, but it has also contributed to and reflected in the active participative culture in the Company. Detailed enquiry is conducted by Balmer Lawrie for discrimination and harassment cases, and serious action is taken if found guilty. Also, the Company has constituted an "Internal Complaints Committee" as per Section 4 of THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013 to address complaints related to POSH, if any. Balmer Lawrie, as per the provisions of the act, ensures that the identity of the aggrieved women is kept confidential.
9	Do human rights requirements form part of your business agreements and contracts? (Yes/No)	Yes
10	Assessments for the year:	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
	Child labour	100%
	Forced/involuntary labour	100%
	Sexual harassment	100%
	Discrimination at workplace	100%
	Wages	100%
	Others – please specify*	100%
	* Other acts related to HSE, Labour laws etc.	
11	Provide details of any corrective actions taken or underway to address significant risks/concerns arising from the assessments at Question 9 above.	Not applicable as no significant risks / concerns were identified from the assessment.
Leadership Indicators		
1	Details of a business process being modified / introduced as a result of addressing human rights grievances / complaints.	Since Human Rights grievances were not reported in the current FY, there are no significant risks / concerns identified for which corrective action is required.
2	Details of the scope and coverage of any Human rights due-diligence conducted.	All units / offices uphold full compliance with statutory regulations, and inspections by third-party audits ensure thorough due diligence in this regard.
3	Is the premise / office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?	Yes, the premises is accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016.
4	Details on assessment of value chain partners:	
		% of value chain partners (by value of business done with such partners) that were assessed
	Sexual Harassment	Nil
	Discrimination at workplace	Nil
	Child Labour	Nil
	Forced Labour/Involuntary Labour	Nil
	Wages	Nil
	Others – please specify	Nil
5	Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.	Since the assessment of value chain partners were not carried out in the current FY, there are no significant risks / concerns identified for which corrective action is required.

7	Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:			
	Parameter	Unit	FY 2024-25	FY 2023-24
	Total Scope 1 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	tCO2e	8,609.37	8,393.20
	Total Scope 2 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	tCO2e	11,798.86	11,565.37
	Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions /turnover in Rs. Crore)	tCO2e/Rs. crore	7.92	8.30
	Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP in Rs. Crore)	tCO2e/Rs. crore	1.91	2.03
	Total Scope 1 and Scope 2 emission intensity in terms of physical output (Total Scope 1 and Scope 2 GHG emissions / Full Time Equivalent)	tCO2e/FTE	Due to the diverse segments of Balmer Lawrie & Co. Ltd, there is no single type of physical output for its services and products.	
	Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity	-	-	-
	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.		No	

Business Responsibility and Sustainability Reporting by listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021		
SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE		
PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment		
8	Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.	Yes, the entity has projects related to reducing Green House Gas Emission. Installed 1346 kWp Solar Power Plant, which is in operation to date. This reduces reliance on fossil fuel-based energy and meets our energy needs through renewable sources. SBU IP: 1. The unit has installed the 300 kWp Solar Power Generation Project, which reduces greenhouse gas emissions. A 300 kWp solar power system can offset a significant amount of carbon emissions annually. Assuming an average of 1.25 kWh of electricity generation per kWp per day, a 300 kWp system would generate roughly 136,875 kWh per year. This translates to a reduction of approximately 116.4 metric tons of CO₂ emissions per year, based on an average of 0.846 Kg of CO₂ generation per kWh. 2. Centralised Capacitor hybrid panel installed-improving power factor and reducing MSEB power consumption. 3. Planning to switchover from LDO to PNG. Discussion ongoing with Vadodara Gas Ltd. 4. The entity has successfully completed the burner conversion project—from LDO to LPG—in all its paint and lacquer ovens, resulting in a substantial reduction of SOx and NOx emissions, thereby contributing to a cleaner and more sustainable environment. 5. Installation of 5 nos. 60W Solar Street Lights. 6. Installation of 100kvar No-Load compensator for optimum utilisation of electrical power. 7. Conversion of fuel, from HSD to PNG in Baking ovens. 8. Installation of Dual Fuel Kit on 750 KVA DG set. SBU Chemicals: Yes. We are in the process of Conversion of Fuel used in Boiler from LDO (Light Diesel Oil) / FO (Furnace Oil) to LPG (Liquified Petroleum Gas). This will reduce the NOx emission. Existing emission of NOx is 0.3053 g/s, which will be reduced to 0.0884 g/s. We have also installed solar plant capacity of 200 kWp, which in turn reduces the Co2 Emission, by drawing equivalent power made in Thermal power plant.

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE		
PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment		
9	Provide details related to waste management by the entity, in the following format:	
	Parameter	FY 2024-25
	Total Waste generated (in metric tonnes)	FY 2023-24
	Plastic waste (A)	8.244
	E-waste (B)	0
	Bio-medical waste (C)	0
	Construction and demolition waste (D)	0
	Battery waste (E)	0
	Radioactive waste (F)	0
	Other Hazardous waste (Oil-soaked cotton waste, DG filters, paint cans, chemical cans, paint residue, oil sludge, DG chimney soot, coolant oil and used oil). Please specify, if any. (G)	102.74
	Other Non-hazardous waste generated (H). Please specify, if any. (Break-up by composition i.e. by materials relevant to the sector)	24.413
	Total (A+B + C + D + E + F + G + H)	135.397
	Waste intensity per rupee of turnover (Total waste generated / Revenue from operations in Cr.)	0.0525
	Waste intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total waste generated / Revenue from operations adjusted for PPP in Cr.)	0.0127
	Waste intensity in terms of physical output (Total waste generated / Full Time Equivalent)	Due to the diverse segments of Balmer Lawrie & Co. Ltd, there is no single type of physical output for its services and products.
	Waste intensity (optional) – the relevant metric may be selected by the entity	-
	For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)	
	Category of waste	
	(i) Recycled	1.361
	(ii) Re-used	4
	(iii) Other recovery operations	0
	Total	5.361
	For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)	
	Category of waste	
	(i) Incineration	0
	(ii) Landfilling	14.02
	(iii) Other disposal operations (through recyclers)	-
	Total	14.02
	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency	No

Business Responsibility and Sustainability Reporting by listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021												
SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE												
PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment												
10	Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes	SBU LI: A service-oriented facility and does not engage in any manufacturing or production activity that generates industrial waste. The only waste generated at the CFS / Warehouse consists of packaging materials, which are disposed of through appropriate and authorised channels in compliance with applicable waste management regulations. Also, no hazardous or toxic chemicals are used in any process or activity at the CFS. SBU G&L: Waste generated at the plant is segregated into hazardous and non-hazardous categories. Hazardous waste is disposed of through authorised agencies, in compliance with local Pollution Control Board (PCB) guidelines. Additionally, a dust collector system has been installed to prevent contamination of breathing air by hazardous particles during the batch processing of greases. SBU Chemicals: We are producing Sulphochlorination intermediate, where Sulphur dioxide gas is used. There is a limitation in this reaction, where only 50% only gets reacted and the balance is vented and scrubbed out, resulting in the generation of salt (Basic Chromium Sulphate / Sodium Sulphate). Hence, we have adopted a series reaction, by connecting the reactors in series (Vent from one reactor will be connected as input to the next Reactor). Due to this, the SO2 utilisation is increased up to 62%. Now, efforts are being made to further increase the efficiency of SO2 utilisation from 62% to 79%. SBU IP: 1. The paint sludge generated is stored in the drums and disposed of through Government-authorised re-processors / co-processors. 2. Effluent Treatment Plant and Sewage Treatment Plant are installed for the treatment of processed water. 3. Rules followed for Hazardous and other Wastes are carried out by the authorised agencies of HSPCB, GEPIL. 4. The water used for barrel degreasing is treated as effluent and routed to the Zero Liquid Discharge (ZLD) plant for effective recovery and treatment. Measures such as the use of low-oil steel coils and optimisation of the degreasing chemical formulation (achieving effective cleaning with reduced dosage) have led to a reduction in water consumption, from 5 litres per barrel to 3.5 litres per barrel 5. 2 nos. Belt-type Oil skimmers are installed in the barrel washing line, to remove oil contents from the chemical mixed water bath chamber. 6. Hazardous waste is generated from application of paint spray, same is collected and disposed through MPCB authorised agency. 7. To reduce the hazardous waste - implementation of Heavy metal free paint and improving paint and lacquer yield. 8. MOU with Bharuch Enviro Infrastructure Ltd. approved by GPCB for Waste Disposal. Maintaining Zero Liquid Discharge (ZLD) Plant inhouse.										
11	If the entity has operations/offices in /around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format: <table><tr><th>Sl.No</th><th>Location of operations/offices</th><th>Type of operations</th><th>Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any</th></tr><tr><td>1</td><td>Manali, Chennai, Tamil Nadu.</td><td>Manufacturing of synthetic organic chemicals</td><td>Yes - complied</td></tr></table>				Sl.No	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any	1	Manali, Chennai, Tamil Nadu.	Manufacturing of synthetic organic chemicals	Yes - complied
Sl.No	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any									
1	Manali, Chennai, Tamil Nadu.	Manufacturing of synthetic organic chemicals	Yes - complied

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE						
PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment						
12	Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:					
	Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
	Not Applicable					
13	Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:					
	Sl. No.	Specify the law / regulation / guidelines which was not complied with		Provide details of the non-compliance	Any fine / penalty / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any
	Not Applicable					
Leadership Indicators						
1	Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):					
	For each facility / plant located in areas of water stress, provide the following information:					
	(i) Name of the area				Temperature Controlled Warehouse Services.	
	(ii) Nature of operations					
	(iii) Water withdrawal, consumption and discharge in the following format:					
	Parameter				FY 2024-25	FY 2023-24
	Water withdrawal by source (in kilolitres)					
	(i) Surface water				-	-
	(ii) Groundwater				-	-
	(iii) Third party water				-	-
	(iv) Seawater / desalinated water				-	-
	(v) Others				-	-
	Total volume of water withdrawal (in kilolitres)				-	-
	Total volume of water consumption (in kilolitres)				-	-
	Water intensity per rupee of turnover (Water consumed / turnover)				-	-
	Water intensity (optional) – the relevant metric may be selected by the entity				-	-
	Water discharge by destination and level of treatment (in kilolitres)					
	(i) Into Surface water				-	
	---No treatment				-	-
	---With treatment – please specify level of treatment				-	-
	(ii) Into Groundwater				-	-
	---No treatment				-	-
	---With treatment – please specify level of treatment				-	-
	(iii) Into Seawater				-	-
	---No treatment				-	-
	---With treatment – please specify level of treatment				-	-
	(iv) Sent to third-parties				-	-
	---No treatment				-	-
	---With treatment – please specify level of treatment				-	-
	(v) Others				-	-
	---No treatment				-	-
	---With treatment – please specify level of treatment				-	-
	Total water discharged (in kilolitres)				-	-
	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency					

Business Responsibility and Sustainability Reporting by listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021					
SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE					
PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment					
2	Please provide details of total Scope 3 emissions & its intensity, in the following format:				
	Parameter		Unit FY 2024-25	FY 2023-24	
	Total Scope 3 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)		-	Not Applicable	
	Total Scope 3 emissions per rupee of turnover		-		
	Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity		-		
	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency		No		
3	With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.		Not Applicable		
4	If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:				
	Sl. No.	Initiative undertaken		Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
	1	SBU- Industrial Packaging	ZLD Plant	Setup of ZLDP (ETP) plant in FY 2018-2019	Treated water can be used in manufacturing process
			Solvent recovery	Equipment installation at unit	Extraction of 80% thinner from the paint sludge
			The unit is equipped with Zero Liquid discharge facility	The unit is using Dry Steel (DOS A) as a Major raw material thereby reducing carbon emission significantly	Zero water requirement for the manufacturing process
			300kWp solar system installed	Solar power generation	Reduction in MSEB power
			Centralised capacitor hybrid panel installed	Improving power factor in the plant	Reduction in MSEB power
			Installation of STP and ETP	-	The treated water is re-used for flushing and gardening purposes
			Oil skimmer	-	The oil content in chemical mixed during process of degreasing will be filtered out and disposed through proper authorised channel partner GEPIL, Gujrat
			Reduction in Degreasing Effluent Generation	NA	Water consumption per barrel has been reduced from 5 litres to 2.5 litres, resulting in a monthly reduction of approximately 15 kilolitres in effluent water generation
			Burner Conversion in Ovens (LDO to LPG)	NA	Achieved significant reduction in SOx and NOx emissions through cleaner fuel adoption and process improvements
		Solar street lights	Install solar street light in the premises	Reduction in consumption of Electrical energy.	

Business Responsibility and Sustainability Reporting by listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021				
SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE				
PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment				
4	2	SBU- Greases & Lubricants: Re-use of ETP treated water	ETP treated water used in cooling, fire hydrant system & cleaning purpose	Reduction of freshwater consumption
	3	SBU- Logistics Infrastructure: Solar power plant has been installed at the Mumbai location to promote renewable energy usage. A similar project is in progress at the Chennai location. These initiatives aim to reduce reliance on conventional electricity sources and improve energy efficiency.	Solar plant (Capacity 270 kWp) installation done. AC occupancy sensor has been installed at conference room (Main Admin building); Occupancy sensors have been installed at the admin building lobby and customs office. 145 nos. conventional halogen lights of high mast towers have been replaced with LED lights.	Electricity consumption from the state electricity board has been reduced by approximately 15–20% at the Mumbai facility. The Chennai plant is expected to yield similar benefits upon commissioning.
	4	SBU – Chemicals: Series Reactions	By connecting the reactors in series, the vent gas out is being now utilised	The series reaction and introduction of Sodium Dichromate scrubbing system for has resulted in elimination of 75KL per month generation of High TDS water. This in turn has reduced the generation of salt from ZLD.
5	Does the entity have a business continuity and disaster management plan? Give details in 100 words / web link.	Yes, our Emergency Response and Disaster Management Plan (ERDMP), Incident Reporting System (IRS), and Evacuation Standard Operating Procedure collectively ensure effective preparedness and management of any emergency or disaster situation. To reinforce this preparedness, both onsite and offsite mock drills are conducted regularly to enhance awareness and readiness for appropriate response actions during incidents. At Balmer Lawrie, each plant and unit is equipped with a dedicated Emergency Response Team (ERT), comprising trained personnel responsible for managing and responding to emergency situations efficiently.		
6	Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?		SBU Chemicals: Fat liquors are produced from Paraffin wax, which is a derivative of Fossil Fuel. Now we have replaced close to 15% of Paraffin wax with Renewable Vegetable sources in production of High-Performance Fat liquors. These Fat liquors are more Biodegradable, leading less load to the effluent generated at the Tanneries. SBU IP: - Value chain emissions, also known as Scope 3 emissions, refer to the greenhouse gas (GHG) emissions. We also improved our transportation utilising Green Fuel Trucks i.e CNG. - By changing the lacquer application process, consumption of fuel was reduced which in turn reduced the Carbin Dioxide emission. In FY 24-25 about 34 MT of carbon dioxide emission was reduced.	
7	Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.		Currently value chain partners have not been assessed for environmental impacts. The same will be considered in coming FY.	
8	How many Green Credits have been generated or procured:			
	a. By the listed entity		Nil	
	b. By the top ten (in terms of value of purchases and sales, respectively) value chain partners		Nil	

Business Responsibility and Sustainability Reporting by listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021						
SECTION C : PRINCIPLE WISE PERFORMANCE DISCLOSURE						
PRINCIPLE 7 Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent						
Essential Indicators						
1	a.	Number of affiliations with trade and industry chambers/ associations.			10	
	b.	List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.				
		Sl. No	Name of the trade and industry chambers/ associations		Reach of trade and industry chambers/ associations (State / National)	
		1	The Bengal Chamber of Commerce & Industry		State (West Bengal)	
		2	Confederation of Indian Industry (CII)		National	
		3	Standing Conference of Public Enterprise		National	
		4	Indian Chemical Council		National	
		5	Global Compact Network India		National	
		6	All India Management Association		National	
		7	Petroleum Sports Promotion Board		National	
		8	Employers' Federation of India		National	
		9	Indian Society for Training & Development		National	
		10	Indian Institute of Chemical Engineers		National	
2	Provide details of corrective action taken or underway on any issues related to anticompetitive conduct by the entity, based on adverse orders from regulatory authorities.					
	Name of authority		Brief of the case		Corrective action taken	
	Since no issue related to anti-competitive conduct has been observed by the entity, hence no corrective action is required.					
Leadership Indicators						
1	Details of public policy positions advocated by the entity:					
	Public policy advocated	Method resorted for such advocacy	Whether information available in public domain? (Yes/No)	Frequency of Review by Board (Annually / Half yearly / Quarterly / Others – please specify)	Web Link, if available	
	Currently there are no policy positions advocated by the entity					

Business Responsibility and Sustainability Reporting by listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021						
SECTION C : PRINCIPLE WISE PERFORMANCE DISCLOSURE						
PRINCIPLE 8 Businesses should promote inclusive growth and equitable development						
Essential Indicators						
1	Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.					
	Name and brief details of project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
Nil						
2	Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:					
	Sl. No	Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R
Nil						
3	Describe the mechanisms to receive and redress grievances of the community.		Given the nature of our business, this has limited applicability. However, we recognize our responsibility to contribute meaningfully toward addressing broader social challenges. In line with this commitment, we implement our Corporate Social Responsibility (CSR) initiatives through a network of NGOs and dedicated implementation partners. These partners work in close coordination with our CSR team to execute projects at the grassroots level, engage directly with beneficiaries, gather feedback, and ensure the initiatives are impactful and aligned with community needs.			
4	Percentage of input material (inputs to total inputs by value) sourced from suppliers:					
	Parameter			FY 2024-25		FY 2023-24
	Directly sourced from MSMEs/ small producers			14.4%		12.28%
	Directly sourced within India			86%		88%*
*Note: Last year's figure has been updated based on revised methodology						
5	Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent / on contract basis) in the following locations, as % of total wage cost					
	Location		FY 2024-25 (Current Financial Year)		FY 2023-24 (Previous Financial Year)	
	Rural		1.4%		1.1%	
	Semi-urban		5.7%		5.1%	
	Urban		0.4%		0.3%	
Metropolitan		92.5%		93.5%		
(Place categorized as per RBI Classification System - rural / semi-urban / urban / metropolitan)						
Leadership Indicators						
1	Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):					
	Details of negative social impact identified			Corrective action taken		
Not Applicable						
2	Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:					
	Sl. No	State	Aspirational District		Amount spent (In Rs.)	
CSR Projects not undertaken in aspirational districts						

Business Responsibility and Sustainability Reporting by listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021					
SECTION C : PRINCIPLE WISE PERFORMANCE DISCLOSURE					
PRINCIPLE 8 Businesses should promote inclusive growth and equitable development					
3	(a)	Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No)	We promote the procurement of products & services rendered by MSEs by extending all benefits, including price preference mandated under Public Procurement Policy. Purchase Preference as mandated in Public Procurement Policy for MSE, Schedules Caste, Scheduled Tribe and Women Entrepreneur vendor is also applicable for our Tenders.		
	(b)	From which marginalized / vulnerable groups do you procure?	MSEs owned by SC / ST and Women Entrepreneurs as per Public Procurement Policy.		
	(c)	What percentage of total procurement (by value) does it constitute?	0.4%		
4	Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge:				
	Sl. No.	Intellectual Property based on traditional knowledge	Owned/ Acquired (Yes/No)	Benefit shared (Yes / No)	Basis of calculating benefit share
	Currently no intellectual properties are owned or acquired by Balmer Lawrie & Co. Ltd. based on the traditional knowledge.				
5	Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.				
	Name of authority		Brief of the Case	Corrective action taken	
	Nil				
6	Details of beneficiaries of CSR Projects:				
Sl. No	Project Title			No. of persons benefitted from CSR Projects	% of beneficiaries from vulnerable and marginalised groups
1	Set-Off [Procurement of 5 Oxygen Plants for Govt. Hospitals]			0	Community at large
2	OPEX/CAPEX Fund for the Skill Development Institutes			2400	
3	Swachh Bharat Abhiyan (SBA)			2000	
4	Cancer Detection Camp in New Delhi			450	
5	Health Awareness session and doorstep health camp for rural community in Silvassa			2500	
6	Medical equipment support to Zonal Health Office in Chennai			10000	
7	Distribution of nutritional food kit to needy rural women and nutrition awareness session in Bhubaneswar			50	
8	Health camps for women and children in North 24 Parganas.			1200	
9	Cancer Detection Camp in Bijnor , UP			300	
10	Distribution of reusable sanitary pads & supplementary nutritional food and awareness session for adolescent girls in tribal school in Taloja Maharashtra			150	
11	Medical equipment support & health camp in Hooghly and Kolkata , WB			500	
12	Impact Study			-	
13	Establishment of Smart Classes in three rural Govt schools in Raigad, Maharashtra			180	
14	Miscellaneous Activities (Tree Plantation, development of a butterfly garden in Barasat ,installation of AC in training hall supported by Red cross society in Kolkata , sport event for specially able children in Mumbai etc.			-	

Business Responsibility and Sustainability Reporting by listed entities SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated 10/05/2021							
SECTION C : PRINCIPLE WISE PERFORMANCE DISCLOSURE							
PRINCIPLE 9 Businesses should engage with and provide value to their consumers in a responsible manner							
Essential Indicators							
1	Describe the mechanisms in place to receive and respond to consumer complaints and feedback.						
	There are multiple mechanisms for separate SBUs for receiving and responding to consumer complaints. The same are listed below.						
	SBU - Chemicals: On receipt of complaint at Sales Office, if any, same is recorded in SAP. Customer site is visited to collect sample. Sample is sent to QC for analysis against counter sample of same batch. If any quality deviation is found, correction will be done at customer site itself, if possible. Otherwise, the material will be collected back for reprocessing and re-use. Also, corrective action will be taken to avoid recurrence.						
	SBU - G&L: On receipt of complaints at Sales Office, the same is recorded in SAP. A visit to customer site is made if found necessary otherwise the personnel speaks over phone with the customer to understand the problem. Sample is collected for evaluation in our QA laboratory or R&D centre and is compared with counter sample. We do elemental analysis of greases and lubricants with sophisticated instruments, if found necessary, to find contamination if occurred at customer end. In case we find that customer is not following correct procedure to maintain the lubricants or failure of mechanical components, we guide them to rectify the same. In some cases, we send additives to correct the products during usage as rectification, if possible, at site. If any other kind of defect in products is observed, we replace the material at the earliest. We communicate the laboratory report to the sales team to forward the same to the customers.						
	SBU - IP: Customer complaints received by Marketing / Field Officer / Sales Admin, are recorded in specified format. Joint inspection by Field Officer and Quality Representative at Customer site is done within 48 hours. If any quality deviation is found, efforts are made to correct at customer premises itself, otherwise, the material is returned for further corrections. RCA & CAPA are carried out and submitted to customer to avoid recurrence.						
2	SBU-CC: Escalation matrix provided to customers.						
	SBU - LI: On receipt of any customer complaint pertaining to any of the 3 Container Freight Stations on email, the same is attended immediately by the Department concerned (Accounts or Sales or Operations) as the case may be. The medium of receipt of complaints as well as the responses from our end is over email only. As per our SOP, we are supposed to resolve all our customer complaints across all locations within 3 working days and the same has also been made a part of the KPTs of employees concerned for timely compliance.						
	SBU- Travel & Vacations: For any kind of customer feedback/complaint, BL has dedicated email id (also available in BL Website), where the customer can give the feedback/ complaints. Even the customer may complain directly in concerned Branch Manager email id. BL take necessary action to resolve the issues within 48 hrs after receipt of the same.						
	Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:						
				As a percentage to total turnover			
3	Environmental and social parameters relevant to the product			100% (SBU Chemicals and G&L)			
	Safe and responsible usage			100% (SBU Chemicals and G&L)			
	Recycling and/or safe disposal			100% (SBU Chemicals and G&L)			
	Number of consumer complaints in respect of the following:						
		FY 2024-25		Remarks	FY 2023-24		Remarks
	Received during the year	Pending resolution at end of year	Received during the year		Pending resolution at end of year
