26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, the rationale for identifying the same, approach to adapt or mitigate the risk along with its financial implications, as per the following format

S. No.	Material Issue Identified	Indicate whether Risk / Opportunity (R/O)	Rational for identifying risk or opportunity	In case of risk, approach to adapt or mitigate	Financial implication of risk or opportunity (Indicate positive or negative implications)
1.	Affordable Housing	Opportunity & Risk	The underlying demand for housing in rural and semi-urban regions are poised for significant growth, driven by increasing urbanization, rising income levels and favourable government initiatives. However, it is coupled with the challenge of dealing with informal segment of customers, who are new to credit and do not have formal income proofs with lesser stability.	We assess their income through various methods and conduct a cash flow assessment of their income to determine their ability to repay loans. By understanding their specific requirements and challenges, we tailor our loan offerings and services to provide accessible and affordable financing options.	Positive: Essential for maintaining market share and sustainable profitability. Negative: Moderate cost implications for technology upgrades and marketing.
2.	Climate Risk	Risk	Natural disasters and climate change impacts could affect property values, insurance costs, and loan collateral quality, posing risks to Housing Finance Company's asset portfolios.	We maintain a policy of not financing housing in environmentally sensitive and high-risk areas, such as landslide or flood prone zones, Coastal Regulation Zones and occupations inherently susceptible to climate volatility.	Negative: May affect the value of the collateral and thus increases Loan-to-Value (LTV) ratios, weakening the security for loans already disbursed.
3.	Digitalization and Data Privacy	Opportunity & Risk	Increased digital transactions raise cybersecurity and privacy concerns. However, digital transformation improves customer access and service delivery.	Robust IT systems, compliance with data protection laws, regular and cybersecurity audits	Positive: Improved operational efficiency and reduced fraud risk. Negative: Increased investment cost in cybersecurity infrastructure and training.
4.	Regulatory Compliance and Evolving Policy Landscape	Risk	Frequent changes in regulations by regulatory bodies such as the RBI, NHB, and SEBI, including those related to capital adequacy, fair lending practices, data privacy, and ESG disclosures, pose a compliance risk if not anticipated and addressed promptly.	Establishing a robust internal compliance framework, supported by legal and regulatory advisory functions.	Positive: Compliance and risk mitigation tools help avoid financial penalties, litigation, and reputational loss, while also improving long-term stakeholder confidence. Negative: Compliance-related investments include legal support, system upgrades, and employee training.

2. Sustainable Sourcing

- a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

As a housing finance company, our operations are inherently service-oriented, centered around the provision of financial solutions rather than the use of physical raw materials. Unlike manufacturing or resource-intensive industries, our business does not involve procurement of goods or natural resources that would typically warrant sustainable sourcing practices. However, we remain committed to sustainability through responsible lending, and integrating environmental and social considerations into our credit assessment and decision-making processes.

- b. If yes, what percentage of inputs were sourced sustainably? Not Applicable

3. Describe the processes in place to safely reclaim products for reusing, recycling, and disposing at the end of life for

- Plastics (Including Packaging)
- E-Waste
- Hazardous waste
- other waste

As a housing finance company, the primary waste generated consists of e-waste and paper waste. To address this, the Company has established an environmentally responsible system for managing both e-waste and paper waste. Furthermore, the Company introduced a mobile first fully integrated digital LOS for customer on boarding, towards achieving a 100% paperless office. In addition, we have partnered with a certified e-waste management service to ensure the responsible disposal of 1086 kgs of electronic waste during the year.

4. Extended Producer Responsibility (EPR)

Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, steps taken to address the same.

Boundary for which the Life Cycle Perspective/Assessment was conducted:

Customer Acquisition & Lead Generation	The company focuses on 100% in-house customer acquisition through the Customer App, Bandhu App, social media, and its 300 branches. No leads are sourced from DSAs or builders, ensuring better control over lead quality and customer engagement.
Digital Onboarding & KYC Processing	The company follows a mobile-first, fully integrated digital Loan Origination System (LOS) for seamless digital onboarding and KYC. Real-time APIs, OCR technology, and Account Aggregator integration enable faster response times and efficient processing. Minimal data entry and concurrent handling of credit, technical, and legal checks ensure a smooth and efficient onboarding experience.
Cash Flow Assessment & Centralized Underwriting	The company conducts thorough cash flow assessment both pre- and post-disbursement to ensure creditworthiness and repayment capacity. A centralized underwriting approach is followed to maintain consistency, control, and speed in credit decisions across all applications.
Robust Collection & Default Management	The company has a robust collection management system focused on proactive monitoring and resolution. It tracks accounts for up to 18 months, identifying early signs of default and taking timely action. For accounts reaching 90+ DPD (Days Past Due), legal proceedings including SARFAESI actions are initiated to ensure recovery and risk mitigation.

2. If there are any significant social or environmental concerns and/or risks arising from the production or disposal of your products/services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

Yes, the company engages with stakeholders through regular meetings, surveys, and feedback channels on operational, environmental, and social matters. Inputs gathered from these interactions are reviewed by relevant committees and incorporated into policies and activities.

This ensures the company's initiatives align with stakeholder expectations and support sustainable and responsible outcomes.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

Financial Services Inclusion:

The Company adopts a targeted approach to ensure access to affordable housing finance for individuals in low and middle income segments, many of whom reside in semi-urban and rural areas. The Company ensures simplified loan processes, minimal documentation, and doorstep services to reduce entry barriers. Special attention is given to first-time borrowers and informal sector workers who typically lack access to traditional credit channels. Furthermore, women borrowers and self-employed individuals are encouraged and supported.

Customer Education and Digitization:

Recognizing the digital divide among underserved communities, the Company invests in customer awareness and education programs. Customers are educated on using the Company's mobile apps (Customer App and Bandhu App) and other digital tools, helping them independently manage their loan accounts, make EMI payments, and raise service requests. The Company's field officers provide hands-on support to digitally inexperienced customers, ensuring inclusive adoption. These initiatives not only promote financial literacy but also empower customers with the confidence to participate in the formal financial ecosystem.

Corporate Social Responsibility:

The company prioritizes outreach to vulnerable and marginalized groups by maintaining open channels of communication to identify their unique challenges. Through its Corporate Social Responsibility (CSR) initiatives, it designs and implements focused programs that enhance access to essential services such as healthcare and education, while promoting overall social welfare. These efforts are continuously monitored and refined based on stakeholder feedback to ensure they effectively address community needs and support sustainable development.
