## **BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORT**

Artemis Medicare Services Limited (“Artemis” / “the Company”) is proud to present its Business Responsibility and Sustainability Report for the financial year ended March 31, 2025. As a healthcare service provider, we continue to uphold our commitment to delivering our services while aligning with comprehensive Environmental, Social and Governance (ESG) and sustainability frameworks.

Our approach to sustainability is rooted in our values of care, ethics and long-term thinking. We are committed to reducing our environmental footprint, ensuring responsible resource use, and aligning with global best practices in ESG standards. From energy-efficient infrastructure to equitable employment practices, sustainability is integrated into our strategic decisions.

As a trusted healthcare provider, we recognise the vital role we play in addressing both medical and social determinants of health. In this ever-evolving landscape, we remain committed to delivering accessible, efficient and high-impact healthcare services that contribute meaningfully to societal well-being and off-set our impact on the environment. We aim to build long-term, trust-based relationships with our stakeholders, promote inclusive community engagement, advance environmental stewardship through innovation and support climate resilient economic growth.

This report is a reflection of our ongoing journey toward creating a more resilient, inclusive and sustainable healthcare ecosystem. It provides a balanced representation of both qualitative insights and quantitative ESG metrics, reflecting our progress and accountability. The report also highlights our efforts to incorporate sustainability into our daily operations while offering a comprehensive overview of our ESG performance.

As we make these disclosures, we reaffirm our commitment to responsible business practices and offer a detailed account of our efforts across various ESG dimensions. As healthcare institutions play a significant role in shaping society, we outline how sustainability is integrated into our operations and demonstrate our alignment with the nine principles of the National Guidelines on Responsible Business Conduct (NGRBC).

\*(If Yes, then provide web-link for grievance redress policy).

<sup>@</sup>Community members can raise their grievances through an e-mail to [info@artemishospitals.com](mailto:info@artemishospitals.com).

<sup>#</sup>Compulsorily Convertible Debenture Holder has been considered as Investor (other than shareholders).

<sup>^</sup>The Company has a designated email address [investor@artemishospitals.com](mailto:investor@artemishospitals.com) for investors/shareholders to submit their grievances.

If the shareholder is not satisfied with the resolution, he/she may escalate the matter by filing a complaint on the SEBI SCORES platform. If these options are exhausted and the issue remains unresolved, shareholder may initiate dispute resolution through the Online Dispute Resolution (ODR) Portal at <https://smartodr.in/login>.

<sup>8</sup>Employees can raise their grievances through an email to [hr.artemis@artemishospitals.com](mailto:hr.artemis@artemishospitals.com).

<sup>6</sup>For detailed grievance redress mechanism for customers please refer to the response provided under Principle 9 Question 1.

<sup>6</sup>Based on the patient's experience at the hospital.

<sup>5</sup>Value chain partners may raise grievances through an email to [purchase@artemishospitals.com](mailto:purchase@artemishospitals.com).

## 26. Overview of the entity's material responsible business conduct issues:

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format.

| S. No. | Material issues identified                                                                                                                                                                                                                                                                                                                   | Indicate whether risk or opportunity (R/O) | Rationale for identifying the risk/opportunity                                                                                                                                                                                                                                                                                                                                                                                  | In case of risk, approach to adapt or mitigate                                                                                                                                                                                                                                                                                                                                                                                       | Financial implications of the risk or opportunity (Indicate positive or negative implications)                                                                                                                                              |
|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.     | <b>Regulatory Risks</b><br><br>Any change in Government norms with respect to emissions, waste disposal, green energy use, water use, social obligations such as EWS regulations, data privacy, etc. which will lead to increase in costs or decrease in revenue are potential risks to the business.                                        | Risk                                       | Healthcare is a highly regulated industry which is under continuous scrutiny of multiple stakeholders. Any modifications in government policies such as stricter emission controls, enhanced biomedical waste disposal norms, mandated renewable energy adoption, compliance with data protection laws, or obligations towards economically weaker sections (EWS) could lead to increased operational costs or loss of revenue. | The Company complies with industry guidelines and occasionally collaborates with regulatory authorities to shape healthcare policies. Further, we focus on reducing waste, optimising costs and increasing operational efficiency to balance out the mentioned risks.                                                                                                                                                                | Negative<br><br>This will directly result in increased costs for the Company or sometimes impact the Company's topline.                                                                                                                     |
| 2.     | <b>Availability of Skilled Clinical Talent</b><br><br>The availability of skilled clinical manpower is a continuous challenge due to the specialized nature of the operations of the Company. This challenge is compounded by the continued brain drain, especially among nurses, as many of them seek better career opportunities overseas. | Risk                                       | The Company operates in a highly specialised industry, the foundation for which is skilled clinical manpower. Also, in a growing industry, increasing demand for skilled talent and attrition pose business risks such as cost inflation and break in continuity of care.                                                                                                                                                       | The Company offers specialised training programs and certifications to its nurses and paramedical staff and rewards them as per best industry practices.<br><br>We offer competitive compensation to our medical workforce with additional performance linked incentives. We continue to diversify our recruitment sources and with the addition of more medical colleges, the increased talent pool will help us mitigate the risk. | Negative<br><br>The competitive remuneration to the medical staff, and training and upskilling programs for the medical support staff increase the costs to the company. Also, some additional recruitment related costs add to the burden. |

| 3.     | <b>Natural and Man-made disasters</b><br><br>Emergencies, disasters, and catastrophic events, natural or man-made such as pandemics, natural calamities, cyberattacks, or mass casualty incidents can disrupt operations, both qualitatively and quantitatively.                    | Risk                                       | Such disasters can lead to disruption of services impacting patient care. These can also lead to financial losses due to unplanned expenditure and damage reputation in case of poor crisis management, further affecting stakeholder confidence. These events can also impact the availability and access to resources such as medical drugs and other supplies, which can further worsen the situation.                                      | The Company conducts risk assessments, implements disaster management plans, and ensures disaster preparedness including backup facilities, emergency supplies, and alternative communication systems. A structured crisis communication strategy keeps stakeholders informed, while regular staff training, mock drills, and collaboration with disaster agencies enhances resilience against natural and man-made disruption.                                                                                                                                                                                                                                              | Negative<br><br>As service disruptions will impact patient care leading to reputational and financial loss.                                                        |
| 4.     | <b>Energy and emissions management</b><br><br>Responsible energy usage and emission management are critical for a hospital's sustainable operations. This involves managing energy consumption and emissions through a gradual shift from fossil fuels to renewable energy sources. | Opportunity                                | Over-dependence on fossil fuel, which is a non-renewable resource, can impact the supply in case of scarcity due to natural disruption or geopolitical changes. It also raises concerns about our carbon footprint and its environmental impact.<br><br>We see this as an opportunity to implement energy efficient practices and introduce more renewable energy solutions, which will also help the Company align with evolving regulations. | The Company regularly monitors greenhouse gas emissions and has implemented a system to measure Scope 1 & 2 (GHG) emissions.<br><br>The measures taken to reduce emission include implementation of AGSS (Anaesthetic Gas Scavenging System) in the OT for medical gases, installing retrofit emission control devices.<br><br>The Company intends to increase the use of renewable resources such as Solar grid power plant, and use of harvested rain water.<br><br>Energy conservation measures, reduction of GHG emissions and continuous community engagement are a testament to our environmental stewardship and commitment towards a greener and sustainable future. | Positive<br><br>Energy efficient practices reduce long-term expenses and opting for renewable resources reduces the risk of dependence on non-renewable resources. |

|--------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 5.     | <p><b>Data privacy and cybersecurity</b></p> <p>Data theft and privacy are global issues, and they pose a threat to the healthcare industry as hospitals have access to sensitive and private patient data. Further, a majority of hospital operations are dependent on technology which is vulnerable to cyber-attacks.</p>         | Risk                                       | Digitisation of healthcare data is gaining prevalence across the globe, making most hospitals reliant on electronic health records (EHRs). There is increased adoption of telemedicine and connected medical devices (IoT) across hospital segments. Additionally, hospital operations including supply chain, finance, administration etc. are dependent on tech-based systems leaving hospitals vulnerable to cyber-attacks and data theft more than ever before. | <p>The data is collected, stored and processed in compliance with legal and regulatory requirements.</p> <p>A number of firewalls and safeguards are in place to protect both patient and enterprise data.</p> <p>There are robust user authentication and access control systems in place to prevent unauthorised access and data leakage.</p> | <p>Negative</p> <p>Failure to comply with data privacy and cybersecurity norms will result in financial penalties. The collateral risks include financial and reputational damage and the risk of disruptions in operations, which would negatively impact the Company's financials.</p> |
| 6.     | <p><b>Artificial Intelligence (AI)</b></p> <p>There is increasing adoption of AI globally across industries. It has been helpful in processing data more quickly and efficiently.</p> <p>AI can transform the healthcare sector through enhanced diagnostics, treatment planning, operational efficiency and patient engagement.</p> | Opportunity                                | Careful and responsible implementation of AI will improve operational efficiency, services and patient care. It may aid in clinical decision making, telemedicine and preparation of tailored treatment plans.                                                                                                                                                                                                                                                      | The company is evaluating various AI driven technology solutions and is planning to adopt some of them based on the results of initial pilots in the healthcare industry.                                                                                                                                                                       | <p>Positive</p> <p>Effective and responsible implementation of AI may enhance patient care, leading to improved treatment outcomes and higher patient satisfaction. This will in turn strengthen the hospital's reputation, foster goodwill and drive revenue growth.</p>                |

## Section B: Management and Process Disclosures

This section is aimed at helping businesses demonstrate the structures, policies and processes put in place towards adopting the NGRBC Principles and Core Elements.

Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |  |  |  |                                                                                                  |    |    |    |    |    |                                                                                                                                                                                                                                                                                                                                    |     |     |                                                                          |     |    |    |     |     |    |
| At Artemis, sustainability is at the core of our business strategy. Our growth is guided by a deep-rooted commitment to Environmental, Social and Governance (ESG) principles, integrated across every layer of our operations. Our focus on environmental sustainability is reflected in the design and functionality of our modern, patient-centric infrastructure. We have adopted a proactive approach to energy management, reduction of greenhouse gas (GHG) emissions, water conservation, and waste management.                                                                                                                                                                                                                             |  |  |  |                                                                                                  |    |    |    |    |    |                                                                                                                                                                                                                                                                                                                                    |     |     |                                                                          |     |    |    |     |     |    |
| We actively track and improve our Energy Performance Index and are transitioning towards renewable energy sources. Our infrastructure is being enhanced with the goal of securing IGBC Green Building Certification through initiatives such as solar power plant installation, heat pumps and water aerators, additional rainwater harvesting pits, retrofit emission control devices, organic waste composting systems and water conservation measures. Our commitment to patient-centric care drives us to expand access, especially to underserved communities, while maintaining the highest standards of safety and transparency. We remain focused on stakeholder engagement and delivering healthcare that is both inclusive and equitable. |  |  |  |                                                                                                  |    |    |    |    |    |                                                                                                                                                                                                                                                                                                                                    |     |     |                                                                          |     |    |    |     |     |    |
| Within our workforce and governance ecosystem, we foster diversity, uphold legal and ethical standards, and continually reinforce governance mechanisms that support accountability and long-term value. Beyond hospital walls, Artemis actively promotes community well-being through health education, awareness programs, and access to essential healthcare services. As we move forward, sustainability remains a strategic priority deeply embedded in our mission to deliver trusted healthcare while safeguarding our environment and empowering our communities.                                                                                                                                                                           |  |  |  |                                                                                                  |    |    |    |    |    |                                                                                                                                                                                                                                                                                                                                    |     |     |                                                                          |     |    |    |     |     |    |
| 8. Details of the highest authority responsible for implementation and oversight of the Business Responsibility policy(ies).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |  |  |  |                                                                                                  |    |    |    |    |    | Dr. Devlina Chakravarty<br>Managing Director<br>DIN: 07107875                                                                                                                                                                                                                                                                      |     |     |                                                                          |     |    |    |     |     |    |
| 9. Does the entity have a specified Committee of the Board/ Director responsible for decision making on sustainability related issues? (Yes / No). If yes, provide details.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |  |  |  |                                                                                                  |    |    |    |    |    | Yes, the Business Responsibility and Sustainability Committee, a committee of the Board, is responsible for making decisions on sustainability related issues. \*A total of 64 training/awareness sessions were conducted, which were attended by both employees and workers.

#### 2. Details of fines / penalties /punishment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators/ law enforcement agencies/ judicial institutions, in the financial year, in the following format (Note: the entity shall make disclosures on the basis of materiality as specified in Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and as disclosed on the entity's website).

There are no instances of fines/ penalties/ punishment/ imprisonment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors/ KMPs) with regulators/ law enforcement agencies/ judicial institutions, in the financial year 2024-25.

#### 3. Of the instances disclosed in Question 2 above, details of the Appeal/ Revision preferred in cases where monetary or non-monetary action has been appealed.

Since there are no fines/ penalties/ punishment/ imprisonment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors/ KMPs) with regulators/ law enforcement agencies/ judicial institutions, in the financial year 2024-25, this question is not applicable.

#### 4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy.

The entity has an "Anti-Bribery Fraud and Corruption Policy".

As per the Policy, the Company is committed to upholding honesty and integrity in all its activities. It also remains dedicated to preventing fraud, bribery and corruption and ensures that all reported allegations are thoroughly investigated. Weblink for the policy is <https://www.artemishospitals.com/blog/public-information/anti-bribery-fraud-and-corruption-policy>.

**5. Number of Directors/KMPs/employees/workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption:**

|           | FY 2024-25 | FY 2023-24 |
|-----------|------------|------------|
| Directors | Nil        | Nil        |
| KMPs      | Nil        | Nil        |
| Employees | Nil        | Nil        |
| Workers   | Nil        | Nil        |

**6. Details of complaints with regard to conflict of interest:**

| Particulars                                                                                  | FY 2024-25 |         | FY 2023-24 |         |
|----------------------------------------------------------------------------------------------|------------|---------|------------|---------|
|                                                                                              | Number     | Remarks | Number     | Remarks |
| Number of complaints received in relation to issues of Conflict of Interest of the Directors | Nil        | -       | Nil        | -       |
| Number of complaints received in relation to issues of Conflict of Interest of the KMPs      | Nil        | -       | Nil        | -       |

**7. Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest.**

Since there are no cases of corruption and conflicts of interest, this question is not applicable.

**8. Number of days of accounts payables ((Accounts payable \*365)/ Cost of goods/services procured) in the following format:**

|                                     | FY 2024-25 | FY 2023-24 |
|-------------------------------------|------------|------------|
| Number of days of accounts payables | 57         | 56         |

**9. Open-ness of business:**

**Provide details of concentration of purchases and sales with trading houses, dealers, and related parties along-with loans and advances & investments, with related parties, in the following format:**

| Parameter                  | Metrics                                                                                              | FY 2024-25 | FY 2023-24 |
|----------------------------|------------------------------------------------------------------------------------------------------|------------|------------|
| Concentration of Purchases | a. Purchases from trading houses as % of total purchases <sup>#</sup>                                | 30.68%     | 27.67%     |
|                            | b. Number of trading houses where purchases were made from <sup>#</sup>                              | 366        | 359        |
|                            | c. Purchases from top 10 trading houses as % of total purchases from trading houses <sup>#</sup>     | 49.39%     | 50.82%     |
| Concentration of Sales     | a. Sales to dealers/ distributors as % of total sales                                                | NA*        | NA*        |
|                            | b. Number of dealers/ distributors to whom sales are made                                            | NA*        | NA*        |
|                            | c. Sales to top 10 dealers/ distributors to whom sales are made                                      | NA*        | NA*        |
| Share of RPTs in           | a. Purchases (Purchases with related parties/ Total purchases)                                       | 1.74%      | 2.41%      |
|                            | b. Sales (Sales to related parties/ Total Sales)                                                     | 0.49%      | 0.38%      |
|                            | c. Loans & advances (Loans & advances given to related parties/ Total loans & advances) <sup>§</sup> | 0%         | 0%         |
|                            | d. Investments (Investments in related parties/ Total investments made) <sup>§</sup>                 | 100%       | 100%       |

<sup>#</sup>The Company is making this disclosure based on the updated definition of Trading Houses.

\*Not applicable as the Company directly provides services to the end customer.

<sup>§</sup>For loans and advances and investments, closing balances disclosed in the Audited Standalone Financial statements for the year ended March 31, 2025 have been considered.

### Leadership Indicators

**1. Awareness programmes conducted for value chain partners on any of the principles during the financial year:**

Awareness programmes have not been conducted for value chain partners on any of the principles during the financial year.

**2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No). If Yes, provide details of the same:**

Yes. The Company has processes in place to avoid/ manage conflict of interests involving members of the Board. All the Directors are expected to adhere to the Company's 'Code of Conduct for Board & Senior Management' which, inter-alia, provides for avoidance of conflict of interest. Further, all the Board members and Senior Management personnel have affirmed compliance with the Code during the year ended March 31, 2025. A declaration to this effect signed by the Managing Director is provided in the Corporate Governance Report forming part of the Annual Report.

In accordance with the provisions of Section 184 of the Companies Act, 2013 read with the relevant rules, every Director at the first meeting of the Board in which he/ she participates as a Director and thereafter, at the first meeting of the Board in every financial year or whenever there is any change in the disclosures already made, then at the first Board meeting held after such change, discloses his/her concern or interest in Form MBP-1 in any company or companies or bodies corporate, firms, or other association of individuals which shall include the shareholding. Any Director, if interested or concerned in any agenda item, abstains from participating and voting on that particular item to prevent conflict of interest.

**PRINCIPLE 2: Businesses should provide goods and services in a manner that is sustainable and safe.**

### Essential Indicators

**1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.**

| Particulars | FY<br>2024-25 | FY<br>2023-24 | Details of improvements in environmental and social impacts                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
|-------------|---------------|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| R&D         | 100%          | 100%          | <ul style="list-style-type: none"> <li>• <b>Diagnostic Test Improvement:</b> We strive to enhance current diagnostic tests and develop new, cost effective ones so the scope of in-house tests may be increased. Our goal is to identify new biomarkers for early disease detection and understand pathogen pathophysiology to aid clinicians in devising effective treatment plans.</li> <li>• <b>Infectious Diseases &amp; Antimicrobial Resistance (AMR):</b> Our research delves into the molecular characterization of antibiotic resistance in key pathogens and understanding host-pathogen interaction. We aim to understand transmission dynamics within healthcare settings, informing antimicrobial stewardship programs and infection control policies. We also evaluate the virulence potential of bacteria associated with biofilm formation and early identification of contaminated water resources.</li> <li>• <b>Gut Microbiome:</b> Recognizing the significant role of environment, age, diet and lifestyle in shaping the gut microbiome, we focus on diagnosing dysbiosis. This aids gastroenterologists in tailoring treatments and improving quality of life for patients.</li> <li>• <b>Lifestyle Disorders:</b> Our research on conditions like PCOS, obesity and Diabetes aims to uncover their exact causes, thus improving patient quality of life.</li> <li>• <b>Virology:</b> The programme focuses on studying virus-host interactions in viral infection and pathogenesis. It applies derived knowledge from understanding viral replication and pathogenesis for the development of broad-spectrum antiviral interventions to combat emerging virus infections including Chandipura virus, Chikungunya virus and SARSCoV- 2 and Dengue.</li> <li>• <b>Stem cell and Regenerative Medicine:</b> Our research focuses on isolation of clinical grade mesenchyme stem cells from human umbilical cord, with a goal of understanding the biology of stem cells and how they may be used in cellular therapies.</li> <li>• <b>Educational Impact and Employment Opportunities:</b> Beyond patient care, our research enhances education through innovative learning technologies. Additionally, it creates numerous employment opportunities, contributing to societal growth.</li> </ul> |
| Capex       | 1.13%         | 11.32%        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

| Particulars | FY<br>2024-25 | FY<br>2023-24 | Details of improvements in environmental and social impacts                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|-------------|---------------|---------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|             |               |               | <ul style="list-style-type: none"> <li><b>Sustainable Infrastructure and Environmental Efficiency:</b> As part of our commitment to sustainable operations and minimising environmental impact, the Company has implemented a range of initiatives focused on energy efficiency, water conservation and cleaner technologies. Energy-efficient EC fans have been installed in Air Handling Units (AHUs) and rooftop solar panels with capacities of 150 kW and 80 kW have been commissioned at our Sector 51 and Sector 82 facilities in Gurugram, respectively, to promote renewable energy use. To control emissions from diesel generator (DG) sets, Retrofit Emission Control Devices (RECDs) have been installed on exhaust stacks. The HVAC system has been upgraded with high-efficiency chillers. Water conservation measures include the installation of low-flow aerators in taps and the use of drip irrigation systems in landscaped areas. Additionally, the organization has initiated the process for Green Building Rating certification and is actively expanding green belt development to support biodiversity and enhance local air quality.</li> </ul> |

**2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)**

Yes, the Company has procedures in place for sustainable sourcing. All related processes and protocols are in place and governed by management approved SOPs. Approximately 50% of our supplies including medical equipment and pharmaceutical goods are procured from vendors who are certified with social and environmental standards.

**b. If yes, what percentage of inputs were sourced sustainably?**

50% of inputs are sourced sustainably.

**3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.**

Plastics (including packaging waste): Plastic waste is not reused or recycled in the hospital premises. All plastic waste generated in the hospital through delivery of patient services is disposed of through authorised waste management vendors.

E-waste, Hazardous & Other Waste: E-waste, hazardous waste and general waste are also not reused or recycled in the hospital premises. All such waste generated by the Company is disposed using government approved recyclers / vendors.

**4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.**

No, EPR is not applicable to the activities of the Company.

**Leadership Indicators**

**1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format.**

The entity has not undertaken Life Cycle Evaluations for its services.

**2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.**

The entity has not undertaken a Life Cycle Perspective/ Assessment; however, the following social and environmental concerns/ risks have been identified through an internal evaluation of healthcare services provided by the Company:

| Name of Product/ Service | Description of risk/ concern                           | Action Taken                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

**3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).**

As healthcare service providers, we do not recycle or reuse any input material therefore this question is not applicable.

**4. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format.**

As the Company provides healthcare services, there is no scope of products or packaging being reclaimed at the end of life, therefore this question is not applicable.

**5. Reclaimed products and their packaging materials (as percentage of products sold) for each product category.**

Please refer response to Q4 above.

**PRINCIPLE 3: Businesses should respect and promote the well-being of all employees, including those in their value chains.**

**Essential Indicators**

**1. a. Details of measures for the well-being of employees:**

| Category                       | % of Employees covered by |                  |            |                    |            |                    |            |                    |            |                     |            |
|--------------------------------|---------------------------|------------------|------------|--------------------|------------|--------------------|------------|--------------------|------------|---------------------|------------|

**c. Spending on measures towards well-being of employees and workers (including permanent and other than permanent) in the following format:**

|                                                                             | FY 2024-25 | FY 2023-24 |
|-----------------------------------------------------------------------------|------------|------------|
| Cost incurred on well-being measures as a % of total revenue of the company | 0.47%      | 0.48%      |

These expenses include staff welfare expenses incurred by the Company towards training and development, annual functions, festival expenses, gifts, entertainment, food and beverages, etc. which cannot be split by gender as these expenses are applicable to all employees irrespective of gender. Therefore, the employee break-up of these well-being measures have not been mentioned in P3-Q1(a) and P3-Q1(b).

**2. Details of retirement benefits, for Current FY and Previous Financial Year:**

| Benefits               | FY 2024-25                                         |                                                |                                                      | FY 2023-24                                         |                                                |                                                      |

**3. Accessibility of workplaces**

**Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard?**

Yes, the premises/ offices of Artemis are accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016.

The premises/ offices have wheelchairs and wheelchair friendly elevators which can be accessed from the parking lot, thus making access friendly to our differently abled employees and workers.

**4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy.**

Yes, the Company has an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016. The link to the policy is <https://www.artemishospitals.com/BackEndImages/PublicInformationPdf/EO%20Policy.pdf>.

**5. Return to work and Retention rates of permanent employees and workers that took parental leave:**

| Gender       | Permanent Employees |                | Permanent Workers   |                |
|--------------|---------------------|----------------|---------------------|----------------|
|              | Return to work rate | Retention rate | Return to work rate | Retention rate |

All employees are subject to annual performance and career development reviews on completion of at least six months of service in the Company.

**10. Health and safety management system:**

**a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage of such system?**

Yes, the Company has implemented a robust Occupational Health and Safety Management System.

At Artemis, safety is a top priority. The Safety Management Plan outlines the policies and procedures aimed at minimizing risks to patients, staff and visitors through a structured hazard surveillance program and data-driven analysis. The primary objectives of this system are to:

- Protect staff from occupational injuries and illnesses
- Prevent accidents, including fires
- Ensure preparedness for emergencies
- Identify and mitigate physical, chemical and biological hazards
- Communicate potential risks to employees
- Maintain a consistently safe and healthy environment

The system ensures 100% coverage, encompassing all patients, visitors and staff within the organisation.

Key areas of Occupational Health and Safety include:

- Needle stick injuries
- Hospital-acquired infections (HAIs) and exposure to blood and body fluids
- Radiation safety
- Staff injuries
- Vaccination and pre-/post-exposure prophylaxis
- Management of spillages
- Environmental hazards
- Fire safety
- Equipment-related risks

**b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?**

The Safety Management Plan incorporates a comprehensive set of processes to routinely and proactively identify work-related hazards and assess associated risks in both routine and non-routine scenarios. These include:

- **Hazard and Risk Vulnerability Assessment (HRVA):** Forms the foundation for emergency preparedness and planning activities.

- **Risk Identification and Analysis:** Conducted for each Facility Management Program, followed by the implementation of appropriate mitigation strategies.
- **Performance Monitoring:** Regular tracking and evaluation of Key Performance Indicators (KPIs) for all Facility Management Programs.
- **Monthly Facility and Safety Rounds:** Conducted by a multidisciplinary team to identify and address facility-related risks and physical hazards.
- **Hazard Identification and Risk Analysis (HIRA):** Performed area-wise to detect and mitigate specific workplace hazards.
- **Evaluation of Emergency Preparedness:** Periodic review of mock drills and assessment of safety training requirements.
- **Annual Culture of Safety Survey:** Gathers staff feedback on patient safety concerns and shares findings with hospital leadership for action.
- **Fire Detection and Protection System Oversight:** Ensures the effectiveness and maintenance of fire safety infrastructure.
- **Incident Reporting System:** Facilitates reporting and analysis of errors, near-misses and safety events to promote a learning environment.
- **Third-Party Audits:** External assessments of critical areas such as fire safety systems and electrical safety.

**c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)**

Yes, Artemis has a well-established incident reporting system that applies to both routine and non-routine tasks, ensuring prompt response to adverse events. In addition, regular safety-related and in-service training sessions are provided to staff to enhance awareness and preparedness.

**Incident Reporting Procedure:**

- **Immediate Notification:** Upon occurrence of an incident, the concerned staff member must notify their immediate supervisor. An incident report form is to be completed within 2 hours and submitted to the Supervisor.
- **Departmental Review:** The report is forwarded to the concerned Head of Department (HOD) within 24 hours for further evaluation.
- **Root Cause Analysis (RCA):** The HOD must conduct a Root Cause Analysis and submit the completed RCA to the Medical Superintendent (MS) within 48 hours. A robust RCA involves identifying systemic contributing factors and engaging all key stakeholders patients, families and involved staff to understand the full context of the event and identify areas for improvement.
- **Review and Feedback:** If any discrepancies are noted, the MS may return the RCA to the HOD for revision.
- **Final Verification:** The MS reviews and comments on the RCA within 72 hours, then forwards the final report to the Quality Department.
- **Committee Review:** The Quality Department compiles and reviews all incident reports, which are subsequently discussed during Safety Committee meetings for appropriate action and learning.

**Ongoing Safety Measures:**

- **Monthly Risk Assessment Rounds:** Conducted organization-wide to proactively identify and address potential safety hazards.
- **Scheduled Departmental Risk Assessments:** Each department conducts risk assessments as per a defined schedule.
- **Occupational Safety Training:** Regular training is provided on occupational hazards, including the safe use of personal protective equipment (PPE), to ensure the safety and wellbeing of all staff.

**d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No)**

Yes, all the healthcare workers have access to non-occupational medical and healthcare services being provided in the hospital. Employees and workers may avail discounted medical services and are also provided an insurance cover by the Company.

# 11. Details of safety related incidents, in the following format:

| Safety Incident                                                               | Category  | FY2024-25 | FY2023-24 |
|-------------------------------------------------------------------------------|-----------|-----------|-----------|
| Lost Time Injury Frequency Rate (LTIFR) (per one million person hours worked) | Employees | 0         | 0         |
|                                                                               | Workers   | 0         | 0         |
| Total recordable work-related injuries                                        | Employees | 0         | 0         |
|                                                                               | Workers   | 0         | 0         |
| Number of fatalities                                                          | Employees | 0         | 0         |
|                                                                               | Workers   | 0         | 0         |
| High consequence work-related injury or ill-health (excluding fatalities)     | Employees | 0         | 0         |
|                                                                               | Workers   | 0         | 0         |

# 12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

Artemis is committed to maintaining a safe and healthy work environment through a comprehensive and proactive approach. Key measures implemented by the Company include:

- **Regular Monitoring of the Hazard Surveillance Program:** Involvement of relevant departmental stakeholders to identify and mitigate potential risks.
- **Ongoing Risk Management:** Systematic risk assessments, analysis and implementation of targeted mitigation strategies to control identified hazards.
- **Comprehensive Safety Training:** Staff receive regular training on the Hazard Communication Program, interpretation of Safety Data Sheets (SDS), spill management protocols, emergency and disaster preparedness, emergency codes and the correct usage of personal protective equipment (PPE), including safety glasses, TLD badges, radiation aprons, etc.
- **Monthly Facility and Safety Inspections: Conducted** to identify and rectify physical and operational hazards across the facility.
- **Scheduled Mock Drills:** Carried out at defined intervals to assess emergency response readiness and improve team coordination.
- **Third-Party Audits:** Independent audits for critical utility services such as fire safety systems and electrical infrastructure.

# 13. Number of Complaints on the following made by employees and workers:

| Category           | FY2024-25             |                                       |         | FY2023-24             |                                       |         |
|--------------------|-----------------------|---------------------------------------|---------|-----------------------|---------------------------------------|---------|
|                    | Filed during the year | Pending resolution at the end of year | Remarks | Filed during the year | Pending resolution at the end of year | Remarks |
| Working Conditions | Nil                   | Nil                                   | -       | Nil                   | Nil                                   | -       |
| Health & Safety    | Nil                   | Nil                                   | -       | Nil                   | Nil                                   | -       |

# 14. Assessments for the year:

| Category                    | % of your plants and offices that were assessed (by entity or statutory authorities or third parties) |
|-----------------------------|-------------------------------------------------------------------------------------------------------|
| Health and safety practices | 100%                                                                                                  |
| Working Conditions          | 100%                                                                                                  |

# 15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

No significant risks/ concerns related to health and safety related incidents or working conditions were identified or reported during the year, hence this question is not applicable.

### Leadership Indicators

**1. Does the entity extend any life insurance or any compensatory package in the event of death of:**

- Employees (Y/N) – No
- Workers (Y/N) – Yes, the entity has a Workmen Compensation Policy in place to compensate workers fairly in the event of death due to a work-related hazard.

**2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.**

The following measures are undertaken by the Company to ensure that statutory dues have been deducted and deposited by value chain partners:

- The invoices of contractors are only processed on the submission of required documentary evidence such as proof of ESI contribution, PF contributions or any other statutory payments / deposits.
- The Company conducts random audits to ensure that all statutory dues are correctly deducted and deposited on time.

**3. Provide the number of employees / workers having suffered high consequence work-related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:**

|           | Total no. of affected employees/ workers |           | No. of employees/workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment |           |
|-----------|------------------------------------------|-----------|---------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
|           | FY2024-25                                | FY2023-24 | FY2024-25                                                                                                                                         | FY2023-24 |
| Employees | Nil                                      | Nil       | Nil                                                                                                                                               | Nil       |
| Workers   | Nil                                      | Nil       | Nil                                                                                                                                               | Nil       |

**4. Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No)**

Yes, professional services may be continued based on business requirement even after superannuation or retirement, subject to the individual's medical fitness.

**5. Details on assessment of value chain partners:**

|                           | % of value chain partners (by value of business done with such partners) that were assessed |
|---------------------------|---------------------------------------------------------------------------------------------|
| Health & Safety Practices | Nil                                                                                         |
| Working Conditions        | Nil                                                                                         |

**6. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners.**

Not Applicable.

**PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders.**

### Essential Indicators

**1. Describe the processes for identifying key stakeholder groups of the entity.**

Identifying key stakeholder groups of the Company involves recognising the individual groups or organisations that are either directly impacted by or have an influence on the Company's operations. The process typically begins by categorising stakeholders into primary groups - such as Patients and their Families, Healthcare Professionals, Employees and Suppliers - based on their direct engagement with the Company. Other stakeholders, including Government Agencies, Regulatory Bodies, Industry Associations, and Communities, are also considered due to their indirect influence. The next step is to assess each group's needs, concerns and level of interest through consultations and analysis.

This process ensures that all relevant stakeholders are identified and effectively managed to align with the Company's objectives.

**2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.**

| Stakeholder Group                                   | Whether identified as Vulnerable & Marginalized Group (Yes/No) | Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other | Frequency of engagement (Annually/ Half yearly/ Quarterly/ others – please specify)    | Purpose and scope of engagement including key topics and concerns raised during such engagement                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|-----------------------------------------------------|----------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Patients                                            | No                                                             | Other – Website, Newspapers, SMS, Email, Phone Calls, Newsletters, Pamphlets, Awareness Programs, Camps, Helpline Desk        | Other – Ongoing                                                                        | <ul style="list-style-type: none"> <li>The purpose is to keep the patients informed about their healthcare needs and to address their concerns.</li> <li>Patients are educated on alternative methods of treatment, risks and benefits of recommended procedures, medication management, new doctors onboarded, best dietary plans, etc.</li> </ul>                                                                                                                                                                                                                                                 |
| Doctors, Nurses, Other Employees, Consultants, etc. | No                                                             | Other - E-mail, SMS, Website, Intranet, Meetings                                                                              | Other – Ongoing                                                                        | <ul style="list-style-type: none"> <li>To provide continuous education and training on the latest procedures and technologies.</li> <li>To provide updates on the Company's policies and procedures.</li> <li>To sensitise and apprise the staff about quality standards and service excellence.</li> <li>For career development, growth opportunities, etc.</li> <li>Creating a workplace environment that prioritises the safety, inclusivity and empowerment of employees. ### Leadership Indicators

- 1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

The Company has established a structured process for engaging with stakeholders on economic, environmental and social topics. The Management of the Company engage with a diverse range of stakeholders on an ongoing basis - including investors, employees, patients and suppliers. These interactions allow the Company to gather valuable feedback on these key areas.

Feedback from consultations is assigned to the relevant committee. The feedback gathered is thoroughly reviewed and compiled by the committee. Any critical issues or insights identified by the committee are communicated to the Board through various channels, ensuring that stakeholder concerns and ideas are fully considered. This ensures that the Board is well-informed and able to make decisions that align with both stakeholder expectations and the Company's strategic goals related to sustainability and social responsibility.

- 2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.**

Yes, stakeholder consultation is actively used to support the identification and management of environmental and social topics within the Company. The Company has implemented systems and procedures to continuously engage with stakeholders, ensuring that their inputs are considered in the decision-making process.

For instance, feedback from stakeholders played a significant role in the adoption of the tuberculosis elimination programme, which currently also aligns with national priorities. This initiative was implemented as a Corporate Social Responsibility (CSR) project under the advisement of the Ministry of Health and Family Welfare of the Government of India, a key stakeholder of the Company.

Further, following an assessment conducted in the Gurugram region, the Central Ground Water Authority (CGWA) raised concerns about the alarming depletion of groundwater levels. In response, the Company launched 'BOONDH,' a CSR initiative focused on restoring groundwater through rainwater harvesting.

- 3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.**

The Company is dedicated to ensuring that quality healthcare is accessible to everyone, particularly those in need. As a responsible healthcare provider, the Company embraces its social responsibility to enhance patient care and promote community well-being. The Company's CSR initiatives prioritise support for disadvantaged, vulnerable and marginalised segments of the society.

One such initiative, is aimed at eliminating tuberculosis. It involves educating beneficiaries about necessary precautions, offering nutritional support to economically weaker sections of the society, encouraging regular medication adherence and establishing a community task force to ensure long-term success. This approach demonstrates the Company's strong commitment to delivering fair and equitable healthcare to all parts of the society.

### **PRINCIPLE 5: Businesses should respect and promote human rights**

#### Essential Indicators

- 1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:**

| Category               | FY 2024-25   |                                       |               | FY 2023-24   |                                       |               |
|------------------------|--------------|---------------------------------------|---------------|--------------|---------------------------------------|---------------|

**3. Details of remuneration/salary/wages**

a. Median remuneration / wages:

|                                  | Male   |                                                           | Female |                                                           |
|----------------------------------|--------|-----------------------------------------------------------|--------|-----------------------------------------------------------|
|                                  | Number | Median remuneration/ salary/ wages of respective category | Number | Median remuneration/ salary/ wages of respective category |
| Board of Directors (BoD)         | 1      | Rs. 24 lacs*                                              | 1      | Rs. 3,693.71 lacs <sup>#</sup>                            |
| Key Managerial Personnel         | 1      | Rs. 107.52 lacs                                           | 1      | Rs. 62.62 lacs                                            |
| Employees other than BoD and KMP | 280    | Rs. 10.20 lacs                                            | 88     | Rs. 9.37 lacs                                             |
| Workers                          | 754    | Rs. 3.97 lacs                                             | 974    | Rs. 3.36 lacs                                             |

\*Dr. Nirmal Kumar Ganguly, Non-Executive Director of the Company, has been paid Consultancy fees of Rs. 24 lacs during FY 2024-25 for services rendered by him.

<sup>#</sup> Remuneration paid to Dr. Devlina Chakravarty includes ESOP Perquisite of Rs. 3,013.25 lacs.

b. Gross wages paid to females as % of total wages paid by the entity, in the following format:

|                                                 | FY 2024-25 | FY 2023-24 |
|-------------------------------------------------|------------|------------|
| Gross wages paid to females as % of total wages | 40.82%     | 40.04%     |

**4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)**

Yes, the focal point of contact for addressing human rights impacts or issues is the Company's Chief People Officer.

Issues related to discrimination and harassment are dealt with on the basis of written complaints submitted under the following policies:

- Employee Disciplinary Action Policy
- Anti-Sexual Harassment Policy
- Employee Grievance Policy

Action is taken in accordance with the recommendations of the Committees concerned.

**5. Describe the internal mechanisms in place to redress grievances related to human rights issues.**

The Company has various policies such as “Employee Disciplinary Action Policy”, “Employee Grievance Policy” and “Anti-Sexual Harassment Policy” that address various human rights issues. Written complaints received from aggrieved persons are addressed in accordance with the procedures laid down in these policies.

**6. Number of Complaints on the following made by employees and workers:**

|                                   | FY 2024-25            |                                       |         | FY 2023-24            |                                       |         |
|-----------------------------------|-----------------------|---------------------------------------|---------|-----------------------|---------------------------------------|---------|
|                                   | Filed during the year | Pending resolution at the end of year | Remarks | Filed during the year | Pending resolution at the end of year | Remarks |
| Sexual Harassment                 | Nil                   | Nil                                   | -       | 1                     | Nil                                   | -       |
| Discrimination at workplace       | Nil                   | Nil                                   | -       | Nil                   | Nil                                   | -       |
| Child Labour                      | Nil                   | Nil                                   | -       | Nil                   | Nil                                   | -       |
| Forced Labour/ Involuntary Labour | Nil                   | Nil                                   | -       | Nil                   | Nil                                   | -       |
| Wages                             | Nil                   | Nil                                   | -       | Nil                   | Nil                                   | -       |
| Other human rights related issues | Nil                   | Nil                                   | -       | Nil                   | Nil                                   | -       |

**7. Complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, in the following format:**

|                                                                                                                                     | FY2024-25 | FY2023-24 |
|-------------------------------------------------------------------------------------------------------------------------------------|-----------|-----------|
| Total Complaints reported under Sexual Harassment on of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH) | Nil       | 1         |
| Complaints on POSH as a % of female employees/ workers                                                                              | Nil       | 0.10%     |
| Complaints on POSH upheld                                                                                                           | Nil       | 1         |

**8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.**

- In case an employee raises a concern, the Company protects them against discrimination and adverse consequences of filing the complaint, under the Company’s “Employee Grievance Policy,” especially as the employee discloses his/her identity in good faith.
- The Company does not tolerate attempts of retaliation against the employee who raises a concern in good faith.
- Sexual harassment cases are treated with utmost sensitivity and confidentiality, in line with the provisions of The Sexual Harassment of Women at Work Place (Prevention, Prohibition and Redressal) Act, 2013.

**9. Do human rights requirements form part of your business agreements and contracts? (Yes/No)**

Yes, the Company emphasises the need for compliance with, and includes the core elements of human rights in its business agreements and contracts, particularly with respect to social security benefits, child labour, POSH etc. An undertaking is also obtained from vendors that they do not employ child labour and bonded labour.

**10. Assessments for the year:**

|                             | % of your plants and offices that were assessed (by entity or statutory authorities or third parties) |
|-----------------------------|-------------------------------------------------------------------------------------------------------|
| Child labour                | 100%                                                                                                  |
| Forced/involuntary labour   | 100%                                                                                                  |
| Sexual harassment           | 100%                                                                                                  |
| Discrimination at workplace | 100%                                                                                                  |
| Wages                       | 100%                                                                                                  |
| Others – please specify     | Nil                                                                                                   |

**11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 10 above.**

There were no significant risks/concerns arising from the assessment.

### Leadership Indicators

**1. Details of a business process being modified / introduced as a result of addressing human rights grievances/ complaints.**

Although the organisation undertakes periodic reviews of its business processes to ensure that they are in line with human rights and industry best practices, no processes have been modified or introduced as result of addressing human rights grievances/ complaints.

**2. Details of the scope and coverage of any Human rights due diligence conducted.**

The organisation conducts Internal assessments in this regard on periodical basis.

**3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?**

Yes, the premises/ offices of Artemis are accessible to differently abled visitors as per the requirements of the Rights of Persons with Disabilities Act, 2016.

The premises/ offices have wheelchairs and wheelchair friendly elevators which can be accessed from the parking lot, thus making access friendly to our differently abled visitors.

**4. Details on assessment of value chain partners:**

|                                  | % of value chain partners (by value of business done with such partners) that were assessed |
|----------------------------------|---------------------------------------------------------------------------------------------|
| Sexual Harassment                | No assessments of value chain partners have been undertaken for any of these matters.       |
| Discrimination at workplace      |                                                                                             |
| Child Labour*                    |                                                                                             |
| Forced Labour/Involuntary Labour |                                                                                             |
| Wages                            |                                                                                             |
| Others – please specify          |                                                                                             |

\* The Company requires its value chain partners to provide an undertaking stating that they do not employ child labour.

**5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.**

No such assessments have been done hence this question is not applicable.

### **PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment.**

#### Essential Indicators

**1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:**

| Parameter                                                                                                                                                        | FY 2024-25    | FY 2023-24    |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|---------------|
| <b>From renewable sources</b>                                                                                                                                    |               |               |
| Total electricity consumption (A)                                                                                                                                | 406           | Nil           |
| Total fuel consumption (B)                                                                                                                                       | Nil           | Nil           |
| Energy consumption through other sources (C)                                                                                                                     | Nil           | Nil           |
| <b>Total energy consumed from renewable sources (A+B+C)</b>                                                                                                      | <b>406</b>    | <b>Nil</b>    |
| <b>From non-renewable sources</b>                                                                                                                                |               |               |
| Total electricity consumption (D)                                                                                                                                | 57,306        | 52,917        |
| Total fuel consumption (E)                                                                                                                                       | 10,937        | 8,488         |
| Energy consumption through other sources (F)                                                                                                                     | Nil           | Nil           |
| <b>Total energy consumed from non-renewable sources (D+E+F)</b>                                                                                                  | <b>68,243</b> | <b>61,405</b> |
| <b>Total energy consumed (A+B+C+D+E+F)</b>                                                                                                                       | <b>68,649</b> | <b>61,405</b> |
| <b>Energy intensity per lacs rupee of turnover</b> (Total energy consumption/ revenue from operations)                                                           | <b>0.752</b>  | <b>0.726</b>  |
| <b>Energy intensity per lacs rupee turnover adjusted for Purchasing Power Parity (PPP)</b> (Total energy consumption/ revenue from operations adjusted for PPP)* | <b>15.529</b> | <b>16.622</b> |
| <b>Energy intensity in terms of physical output</b> (Total energy consumption/ Full time equivalent)*                                                            | <b>35.90</b>  | <b>32.42</b>  |
| <b>Energy intensity per m<sup>2</sup> floor space</b>                                                                                                            | <b>0.97</b>   | <b>1.08</b>   |

\*The revenue from operations has been adjusted for PPP based on the latest PPP conversion factor published for the year 2024-25 for India by The International Monetary Fund (IMF) which is 20.66 (previous year conversion rate was 22.88 as per World Bank).

<sup>@</sup>In the current year as per the Industry Standards Note on Business Responsibility and Sustainability Report (BRSR) Core issued by SEBI vide circular SEBI/HO/CFD/CFD-PoD-1/P/CIR/2024/177 dated December 20, 2024, intensity in terms of physical output is being measured based on Full Time Equivalent, accordingly previous year numbers have been recalculated and reported.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Energy meter consumption is monitored by Dakshin Haryana Bijli Vitran Nigam (DHBVN). A detailed energy, electrical safety and thermography audit of the utility system was carried out by M/s. Singh ISOtech Pvt. Ltd. in September, 2024. They provided a report with observations and suggestions.

An energy audit is an effective means of establishing present levels of efficiency and identifying potential areas of improvement and reduction of energy consumption.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

No, the entity does not have any sites/ facilities identified as designated consumers under the Performance, Achieve and Trade (PAT) Scheme of the Government of India.

3. Provide details of the following disclosures related to water, in the following format:

| Parameter                                                                                                                                                                      | FY 2024-25     | FY 2023-24     |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|----------------|
| <b>Water withdrawal by source (in kilolitres)</b>                                                                                                                              |                |                |
| (i) Surface water                                                                                                                                                              | Nil            | Nil            |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No independent assessment/ evaluation/ assurance has been carried out by an external agency in FY 2024-25.

**5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.**

No, the entity has not implemented a mechanism for Zero Liquid Discharge.

**6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:**

| Parameter                           | Please specify unit | FY 2024-25 | FY 2023-24 |
|-------------------------------------|---------------------|------------|------------|
| NO <sub>x</sub>                     | Metric tonnes       | 0.53       | 0.57       |
| SO <sub>x</sub>                     | Metric tonnes       | 0.80       | 0.80       |
| Particulate matter (PM)             | Metric tonnes       | 0.12       | 0.13       |
| Persistent organic pollutants (POP) | NA                  | -          | -          |
| Volatile organic compounds (VOC)    | NA                  | -          | -          |
| Hazardous air pollutants (HAP)      | NA                  | -          | -          |
| Others – please specify             | NA                  | -          | -          |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, an independent assessment/ evaluation/assurance has been carried out by Perfact Researchers Private Limited.

**7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:**

| Parameter                                                                                                                                                                                                           | Unit                                                       | FY 2024-25   | FY 2023-24*  |

| <b>Total Scope 1 and Scope 2 emission intensity per lacs rupee of turnover adjusted for Purchasing Power Parity (PPP)</b><br>(Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP) # | Metric tonnes of CO <sub>2</sub> equivalent per lacs rupee | <b>3.52</b>  | <b>4.26</b>  |

| Parameter                                                                                                                                                       | Unit                                                                 | FY 2024-25  | FY 2023-24* |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------|-------------|-------------|
| <b>Total Scope 1 and Scope 2 emission intensity in terms of physical output</b><br>(Total Scope 1 and Scope 2 GHG emissions/ Full time equivalent) <sup>@</sup> | Metric tonnes of CO <sub>2</sub> equivalent per full time equivalent | <b>8.13</b> | <b>8.32</b> |
| <b>Total Scope 1 and Scope 2 emission intensity per m<sup>2</sup> floor space</b>                                                                               | Metric tonnes of CO <sub>2</sub> equivalent per m <sup>2</sup>       | <b>0.22</b> | <b>0.28</b> |

\*For FY 2024-25, Scope 2 GHG emissions were calculated using emission factors provided by the Central Electricity Authority's CO<sub>2</sub> Baseline Database (Version 20). For Scope 1 emissions, the calculation was carried out with reference to 2006 IPCC Guidelines for National Greenhouse Gas Inventories. Accordingly, the previously reported figures have been revised.

<sup>#</sup>The revenue from operations has been adjusted for PPP based on the latest PPP conversion factor published for the year 2024-25 for India by The International Monetary Fund (IMF) which is 20.66 (previous year conversion rate was 22.88 as per World Bank.)

<sup>@</sup>In the current year as per the Industry Standards Note on Business Responsibility and Sustainability Report (BRSR) Core issued by SEBI vide circular SEBI/HO/CFD/CFD-PoD-1/P/CIR/2024/177 dated December 20, 2024, intensity in terms of physical output is being measured based on Full Time Equivalent, accordingly previous year numbers have been recalculated and reported.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No independent assessment/ evaluation/assurance has been carried out by an external agency

**8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.**

To reduce green house gas emissions the Company has taken the following measures:

- Installed roof top solar power plants of 150KW and 60KW at Artemis Sector 51 and Sector 82 respectively.
- Installed heat pumps of 100W and 110W for plumbing and HVAC systems respectively.
- LPG in the kitchen has been replaced with PNG making it green.

**9. Provide details related to waste management by the entity, in the following format:**

| Parameter                                                                                                                                                                       | FY 2024-25    | FY 2023-24                     |

\* Previous year figures have been adjusted to reflect better measurement metrics applied to the current reporting period. Hence, numbers for intensity by turnover, physical output and floor space for the previous year have changed.

§ Previous year reported disclosures of lube oil generated (in volume terms) has been recalculated based on current year calculations (reflecting weight of lube oil generated).

\*The revenue from operations has been adjusted for PPP based on the latest PPP conversion factor published for the year 2024-25 for India by The International Monetary Fund (IMF) which is 20.66 (previous year conversion rate was 22.88 as per World Bank.)

@In the current year as per the Industry Standards Note on Business Responsibility and Sustainability Report (BRSR) Core issued by SEBI vide circular SEBI/HO/CFD/CFD-PoD-1/P/CIR/2024/177 dated December 20, 2024, intensity in terms of physical output is being measured based on Full Time Equivalent, accordingly previous year numbers have been recalculated and reported.

\*The Company engages an authorised vendor for waste disposal. The vendor provides the segregated waste data as indicated. Artemis does not perform waste incineration or landfilling operations.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

No independent assessment/ evaluation/assurance has been carried out by an external agency.

**10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.**

All waste is segregated as per the guidelines established by the Haryana State Pollution Control Board (HSPCB). Bio medical waste, e-waste, battery waste and hazardous waste are disposed as per these guidelines through government approved authorised collectors.

Policies are in place for each type of waste and complied with strictly. Authorization certificates of the collector entity are maintained in our records. Our team visits the bio-medical waste centre quarterly to ensure that disposal processes and safety measures are being followed. A report of the visit is prepared and documented for records.

The departments concerned are informed about the need to maintain stocks as per their daily usage and ensure that they do not exceed the defined limit. These departments have to comply with the Hospital Hazmat Program. Periodic audits are conducted by Quality department on hazmat handling and storage processes, Spill kit audits are conducted every month by Housekeeping Department. Eye wash station audits are also conducted every month by General Engineering. Hazmat mock drills are conducted routinely to ensure staff preparedness. A Risk Assessment exercise is also conducted annually on hazmat materials and waste and a report is shared with Top Management in the Safety Committee meeting.

Artemis has a robust process in place to reduce the usage of hazardous and toxic chemicals in the products and processes for protecting the health of patients, staff and the environment. It also supports sustainability and regulatory compliance. Some of the steps taken by the hospital are as under:

- 1. Usage of Approved Chemicals:** The hospital infection control committee approves all the chemicals that are used in the hospital.
- 2. Chemical Inventory:** The hospital maintains a detailed inventory of all the chemicals used and replaces toxic chemicals with safer substitutes whenever feasible.
- 3. Proper Disposal of Hazardous Waste:** The Hospital has implemented stringent protocols for the safe disposal of hazardous and toxic chemicals. This includes ensuring that all waste (including hazardous waste) is segregated as per the guidelines established by the Haryana State Pollution Control Board (HSPCB). Bio medical waste, e-waste, battery waste and hazardous waste are disposed as per these guidelines through government approved authorised collectors.
- 4. Contract with Licensed Waste Management Services:** The Hospital ensure that all waste, particularly hazardous pharmaceutical and chemical waste, is handled by certified hazardous waste disposal companies. Authorisation certificates of the collector entity are maintained in our records. Our team visits the bio-medical waste centre quarterly to ensure that disposal processes and safety measures are being followed. A report of the visit is prepared and documented for records.

5. **Minimise Chemical Use:** All departments handling hazardous waste make sure that excess quantity of chemicals is not stored or used on-site. The departments concerned are informed about the need to maintain stocks as per their daily usage and ensure that they do not exceed the defined limit.
  6. **Label and Store Properly:** All the chemicals are labelled properly and stored according to their specific requirements. There is a dedicated Hazmat store for storage. This reduces the risk of spills, accidents, and contamination.
  7. **Staff Training:** All the staff handling hazardous chemicals are provided ongoing training on the safe handling, storage and transportation of chemicals to minimise accidents and spills.
  8. **Use Non-Toxic Sterilising Agents:** The Hospital avoids using toxic chemicals like formaldehyde or glutaraldehyde for disinfection and opts for safer alternatives like hydrogen peroxide vapor or peracetic acid.
  9. **Ensure Proper PPE Usage and Training:** While reducing the use of hazardous chemicals is critical, ensuring that healthcare workers are equipped with the appropriate PPE is essential when handling any chemicals. This includes gloves, goggles, respirators and protective clothing to prevent direct exposure to chemicals. Staff is regularly trained on the proper use of PPE and compliance is monitored, especially in areas where toxic chemicals are unavoidable.
  10. **Develop Chemical Use Policies:** The Hospital has a well-established hospital wide Hazmat Policy underlining the appropriate use of chemicals. Departments concerned have to comply with the Hospital Hazmat Program.
  11. **Regular Audits:** Regular audits are conducted to identify opportunities for reducing or eliminating hazardous chemicals. This involves reviewing the types of chemicals in use, their quantities and their associated risks.
  12. **Stakeholder Involvement:** Concerned key stakeholders are involved in discussions on reducing chemical usage and selecting alternatives.
11. **If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:**

| S. No.                                                                                | Location of operations/offices | Type of operations | Whether the conditions of environmental approval / clearance are being complied with? (Y/N). If no, the reasons thereof and corrective action taken, if any. |
|---------------------------------------------------------------------------------------|--------------------------------|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| The entity does not have operations/ offices in/ around ecologically sensitive areas. |                                |                    |                                                                                                                                                              |

12. **Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year.**

No projects requiring environmental impact assessments were undertaken by the entity in the current financial year, hence this question is not applicable.

13. **Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format.**

The company is compliant with all applicable environmental laws/ regulations/ guidelines in India.

### Leadership Indicators

1. **Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):**

For each facility / plant located in areas of water stress, provide the following information:

- i. Name of the area – Not applicable
- ii. Nature of operations - Not applicable
- iii. Water withdrawal, consumption, and discharge in the following format: Not applicable, the entity does not have facilities/ plants in areas of water stress.

**2. Please provide details of total Scope 3 emissions & its intensity, in the following format:**

Scope 3 emissions were not measured in the current or previous financial year.

| Parameter                                                                                                                                                                       | Unit                                                                | FY 2024-25 | FY 2023-24 |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------|------------|------------|
| <b>Total Scope 3 emissions</b><br>(Break-up of the GHG into CO <sub>2</sub> , CH <sub>4</sub> , N <sub>2</sub> O, HFCs, PFCs, SF <sub>6</sub> , NF <sub>3</sub> , if available) | <i>Metric tonnes of CO<sub>2</sub> equivalent</i>                   | -          | -          |
| <b>Total Scope 3 emissions per lacs rupee of turnover</b>                                                                                                                       | <i>Metric tonnes of CO<sub>2</sub> equivalent per lacs rupee</i>    | -          | -          |
| <b>Total Scope 3 emission intensity per m<sup>2</sup> floor space</b>                                                                                                           | <i>Metric tonnes of CO<sub>2</sub> equivalent per m<sup>2</sup></i> | -          | -          |

Note: Indicate if any independent assessment/ evaluation/ assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No independent assessment/ evaluation/ assurance has been carried out by an external agency.

**3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.**

Not applicable

**4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions/ effluent discharge/ waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:**

| Sr. No | Initiative undertaken                               | Details of the initiative ( <i>Web-link, if any, may be provided along-with summary</i> )                                                        | Outcome of the initiative                                                                                      |
|--------|-----------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------|
| 1      | Rooftop Solar Panels                                | Installation of rooftop solar panels of 150KW and 60KW at Artemis Sector 51 and Sector 82, respectively.                                         | Energy conservation and reduction in carbon emissions by approximately 100 tonnes of CO <sub>2</sub> e/Year.   |
| 2      | Retrofit Emission Control Devices (RECD) in DG sets | All the diesel generators are fitted with RECD to reduce NO <sub>x</sub> , SO <sub>x</sub> emissions and PM from the stack.                      | Pollutants emitted due to the DG operations have been reduced by 70%.                                          |
| 3      | Heat Pumps                                          | The plumbing systems of Tower 2 and 3, and HVAC systems of Tower 2 are equipped with heat pumps with a capacity of 110KW and 100KW respectively. | Energy conservation and reduction in carbon footprint by approximately 60-80 tonnes of CO <sub>2</sub> e/Year. |
| 4      | LPG replaced with PNG                               | Piped Natural Gas (PNG) is being used in the kitchen in place of Liquefied Petroleum Gas (LPG).                                                  | Adoption of cleaner energy.                                                                                    |
| 5      | Enhanced rainwater harvesting pit                   | Planned increase in rainwater harvesting capacity at Artemis.                                                                                    | Recharge of ground water.                                                                                      |
| 6      | Green building certification                        | Artemis has applied for registration with IGBC for a Green Building Certification.                                                               | Sustainable infrastructure                                                                                     |

**5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.**

The Company has established a comprehensive business continuity and disaster management plan designed to be activated during any disruptive event.

The key objectives of the plan include:

- Identifying potential different types of emergencies and disasters.
- Ensuring a prompt and effective response with available resources, including disaster inventory and consumables, for ongoing functioning during crises, including epidemics.
- Prevent the loss of lives of people inside the premises during natural calamities and any sudden emergencies.
- Establishing an emergency management team with clearly defined roles and responsibilities.
- A “U-shape” recovery and minimizing risks during post-event.

This plan ensures that the Company maintains business operations while adhering to the required protocols. It outlines thorough strategies to mitigate the impact of various uncertainties, including natural disasters such as earthquakes, floods, cyclones, and artificial incidents like terrorism, fire hazards, infection outbreaks and gas leaks. Different types of emergencies are categorized using color-coded formats.

To maintain preparedness, management plans are regularly tested through drills and exercises conducted monthly, quarterly, half-yearly, and annually.

**6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.**

No such evaluation has been conducted during the reporting period.

**7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.**

No such evaluation has been conducted during the reporting period.

**8. How many Green Credits have been generated or procured:**

a. By the listed entity - zero

b. By the top ten (in terms of value of purchases and sales, respectively) value chain partners - zero

**PRINCIPLE 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent.**

**Essential Indicators**

**1. a. Number of affiliations with trade and industry chambers/ associations.**

The Company is affiliated with Ten (10) trade and industry chambers/ associations.

**b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to:**

| S. No. | Name of the trade and industry chambers/associations               | Reach of trade and industry chambers/associations (State/National) |
|--------|--------------------------------------------------------------------|--------------------------------------------------------------------|
| 1.     | The Associated Chambers of Commerce & Industry of India (ASSOCHAM) | National                                                           |
| 2.     | PHD Chamber of Commerce and Industry (PHDCCI)                      | National                                                           |
| 3.     | Federation of Indian Industry, Haryana (FII)                       | State                                                              |
| 4.     | Federation of Rajasthan Trade & Industry (FORTI)                   | State                                                              |
| 5.     | Gurgaon Industrial Association (GIA)                               | State                                                              |
| 6.     | Industrial Development Association (IDA)                           | State                                                              |
| 7.     | Gurgaon Chamber of Commerce & Industry (GCCII)                     | State                                                              |
| 8.     | Chamber of Commerce & Industry, Jammu                              | State                                                              |
| 9.     | Madhya Pradesh Chamber of Commerce & Industry (MPCCI)              | State                                                              |
| 10.    | Progressive Federation of Trade and Industry                       | State                                                              |

**2. Provide details of corrective action taken or underway on any issues related to anti- competitive conduct by the entity, based on adverse orders from regulatory authorities.**

| Name of authority                                                                                                                                                                    | Brief of the case | Corrective action taken |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------|-------------------------|
| The Company has not received any adverse order from regulatory authorities related to anti-competitive conduct in the current financial year, hence this question is not applicable. |                   |                         |

### Leadership Indicators

#### 1. Details of public policy positions advocated by the entity:

| S. No.                                                                                                                                                                                                                                                                                                                                                                                                                                            | Public Policy Advocated | Method resorted for such advocacy | Whether information available in public domain? (Yes/No) | Frequency of Review by Board (Annually/ Half yearly/ Quarterly / Others – please specify) | Web Link, if available |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------|-----------------------------------|----------------------------------------------------------|-------------------------------------------------------------------------------------------|------------------------|
| Artemis adheres to the guidelines set by various industry institutions and collaborates with required regulatory authorities to articulate its perspectives on diverse public policies impacting the healthcare industry. We actively engage in ongoing discussions with expert panels, industry leaders and regulatory heads to advocate for policies that address industry wide needs and contribute to the well-being of the society at large. |                         |                                   |                                                          |                                                                                           |                        |

#### PRINCIPLE 8: Businesses should promote inclusive growth and equitable development.

### Essential Indicators

#### 1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.

| Name and brief details of project                                                                          | SIA Notification No. | Date of notification | Whether conducted by independent external agency (Yes / No) | Results communicated in public domain (Yes / No) | Relevant Web link |
|------------------------------------------------------------------------------------------------------------|----------------------|----------------------|-------------------------------------------------------------|--------------------------------------------------|-------------------|
| Not applicable as no expansions/projects have been undertaken by the entity in the current financial year. |                      |                      |                                                             |                                                  |                   |

#### 2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:

| S. No.         | Name of Project for which R&R is ongoing | State | District | No. of Project Affected Families (PAFs) | % of PAFs covered by R&R | Amounts paid to PAFs in the FY (In INR) |
|----------------|------------------------------------------|-------|----------|-----------------------------------------|--------------------------|-----------------------------------------|
| Not applicable |                                          |       |          |                                         |                          |                                         |

#### 3. Describe the mechanisms to receive and redress grievances of the community.

Artemis has a policy that recognises its responsibility to listen to the suggestions, complaints, or grievances of the community with which it engages, and attempts to resolve their concerns. This policy is formulated to provide community members with a formal avenue to communicate their grievances directly. It also establishes procedures for an equitable, reciprocal, and timely resolution of these grievances.

Persons with a grievance, can approach the Company's Group Head-Community Outreach Program & Marketing ("COP") at [info@artemishospitals.com](mailto:info@artemishospitals.com) and at +91 9810018095 to submit their complaints.

The Company strives to support all community members in feeling safe and heard. Community members reporting grievances, if any, will be treated with respect and be given prompt and careful attention.

#### 4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

|                                              | FY 2024-25 | FY 2023-24 |
|----------------------------------------------|------------|------------|
| Directly sourced from MSMEs/ small producers | 53.17%     | 36.18%     |
| Directly from within India                   | 99.92%     | 99.42%     |

5. Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent/ on-contract basis) in the following locations, as % of total wage cost:

| Location     | FY 2024-25 | FY 2023-24 |
|--------------|------------|------------|
| Rural        | Nil        | Nil        |
| Semi-urban   | Nil        | Nil        |
| Urban        | 94.77%     | 93.71%     |
| Metropolitan | 5.23%      | 6.29%      |

(Place to be categorized as per RBI Classification System – rural / semi-urban / urban / metropolitan)

#### Leadership Indicators

1. Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above)

| Details of negative social impact identified                             | Corrective action taken |
|--------------------------------------------------------------------------|-------------------------|
| Not applicable, as Question 1 of Essential Indicators is not applicable. |                         |

2. Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies

| S. No.                                                                                                                                     | State | Aspirational District | Amount Spent (in INR) |
|--------------------------------------------------------------------------------------------------------------------------------------------|-------|-----------------------|-----------------------|
| Not applicable as the company has not undertaken any CSR projects in designated aspirational districts as identified by government bodies. |       |                       |                       |

3. (a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No) – No, the Company does not have a preferential procurement policy.

(b) From which marginalized /vulnerable groups do you procure? – Not applicable

(c) What percentage of total procurement (by value) does it constitute? – Not applicable

4. Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge

| S. No.         | Intellectual Property based on traditional knowledge | Owned/ Acquired (Yes/ No) | Benefit shared (Yes / No) | Basis of calculating benefit share |
|----------------|------------------------------------------------------|---------------------------|---------------------------|------------------------------------|
| Not applicable |                                                      |                           |                           |                                    |

In FY 2024-25, no benefits have been derived and shared from the intellectual properties owned or acquired by Artemis, based on traditional knowledge.

5. Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.

| Name of authority | Brief of the case | Corrective action taken |
|-------------------|-------------------|-------------------------|
| Not Applicable    |                   |                         |

## 6. Details of beneficiaries of CSR Projects:

| S. No. | CSR Projects                                          | No. of persons benefitting from CSR Projects | % of beneficiaries from vulnerable and marginalized groups |
|--------|-------------------------------------------------------|----------------------------------------------|------------------------------------------------------------|
| 1.     | Green Belt Initiative                                 | NA                                           | NA                                                         |
| 2.     | Boondh – Rainwater Conservation Programme             | 11,627*                                      | 100%                                                       |
| 3.     | It's a FIGHTback - Tuberculosis Elimination Programme | 40,515*                                      | 100%                                                       |
| 4.     | Conservation of Solar Energy                          | 13,963*                                      | 100%                                                       |

\* Approximate number of people benefitted.

# Includes one-to-one interaction with 40,485 beneficiaries and nutrition support to 30 beneficiaries.

## PRINCIPLE 9: Businesses should engage with and provide value to their consumers in a responsible manner.

### Essential Indicators

#### 1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

- The organisation provides various channels for patients to submit their complaints such as, phone, online feedback, paper forms, etc. Patients may also submit their complaints via e-mail to [feedback@artemishospitals.com](mailto:feedback@artemishospitals.com).
- All patients (OP, IP, Day-care, ER) are encouraged to give feedback through feedback forms and tabs. Feedback forms and drop boxes are also available in all in-patient and out-patient areas.
- The Guest Relations Team (GRT) collects information about the patients being discharged in the morning from the nursing station, on a daily basis. The GRT takes daily rounds to meet patients and receive their complaints / feedback and documents them.
- The patients and/or their families are encouraged to put in their suggestions, positive and negative comments for internal review and improvement of services.
- Patients have the option of sharing feedback either on paper forms or through an online tool. If they opt for paper forms, the GRT collects it from them once final billing is completed.
- All complaints or grievances are addressed immediately and resolved at the earliest.

#### 2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

|                                                             | As a percentage to total turnover |
|-------------------------------------------------------------|-----------------------------------|
| Environmental and social parameters relevant to the product | Not applicable                    |
| Safe and responsible usage                                  |                                   |
| Recycling and/or safe disposal                              |                                   |

#### 3. Number of consumer complaints in respect of the following:

|                                | FY2024-25                |                                       |         | FY2023-24                |                                       |         |
|--------------------------------|--------------------------|---------------------------------------|---------|--------------------------|---------------------------------------|---------|
|                                | Received during the year | Pending resolution at the end of year | Remarks | Received during the year | Pending resolution at the end of year | Remarks |
| Data privacy                   | Nil                      | Nil                                   | -       | Nil                      | Nil                                   | -       |
| Advertising                    | Nil                      | Nil                                   | -       | Nil                      | Nil                                   | -       |
| Cyber security                 | Nil                      | Nil                                   | -       | Nil                      | Nil                                   | -       |
| Delivery of essential services | Nil                      | Nil                                   | -       | Nil                      | Nil                                   | -       |
| Restrictive Trade Practices    | Nil                      | Nil                                   | -       | Nil                      | Nil                                   | -       |
| Unfair Trade Practices         | Nil                      | Nil                                   | -       | Nil                      | Nil                                   | -       |

No issues have been reported during the year.

**7. Provide the following information relating to data breaches:**

**a. Number of instances of data breaches:**

Nil

**b. Percentage of data breaches involving personally identifiable information of customers**

Not Applicable

**c. Impact, if any, of the data breaches**

Not Applicable

**Leadership Indicators**

**1. Channels/ platforms where information on products and services of the entity can be accessed (provide web link, if available).**

Patrons may access information on products and services of the Company using the following channels/ platforms:

- Website: <https://www.artemishospitals.com>
- Mobile App (iOS): <https://apps.apple.com/in/app/artemis-phr/id1129908847>
- Mobile App (Android): <https://play.google.com/store/apps/details?id=com.bionworks.artemis&pli=1>

**2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.**

The following steps are taken to inform and educate consumers about safe and responsible usage of services:

- The Hospital prioritises transparent disclosure of patient rights and responsibilities, prominently displaying this information throughout the facility to empower patients with a clear understanding of the same.
- The Hospital offers pre-and post-treatment counselling to patients, where healthcare professionals emphasise the importance of adhering to prescribed treatment regimens and the correct use of medical products.
- Informed consent is a vital aspect of the patient education process. Clinicians educate patients to facilitate informed decision-making regarding healthcare.
- Patient engagement is promoted through various measures, including comprehensive education at different touchpoints and ensuring bilingual informed consent.
- Patients and families are encouraged to ask questions fostering a culture of engagement and collaboration.

- We leverage digital platforms, such as our website and social media channels to share educational content and engage with patients/ customers offering them direct access to reliable information at their convenience.

These efforts are a part of our commitment to patient safety, ensuring that they are equipped with knowledge needed to make informed decisions about their healthcare.

### 3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

The Company notifies patients in advance before the hospital visits if essential services are disrupted due to natural disasters, technical failures, cyber-attacks or as per government notifications. Patients are informed on the cause of the disruption, the anticipated duration and any measures, if required, to be taken.

The hospital has contingency plans in place to address any potential disruptions of services and to minimize their impact on patient care. These plans include backup electrical power and communication systems, emergency medical supplies and procedures for evacuating patients and staff during emergencies.

Artemis also ensures that patients who are already in the hospital premises waiting to avail services are informed about any delay in services. Appropriate records are maintained by the hospital staff. In case of unplanned IT System downtime, it is ensured that an appropriate notice is displayed at the front desk for patient information.

These measures ensure efficient management of service disruptions and prioritise patient safety and convenience throughout the process.

### 4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/ Not Applicable) If yes, provide details in brief.

Not applicable as the Company deals in healthcare services.

**Did your entity carry out any survey with regard to consumer satisfaction relating to the major products/ services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)**

Yes, Artemis is rendering healthcare services to all patients and has a robust mechanism of '**Patient Feedback Management System**' to address patient concerns or issues if any related to healthcare services. We ensure collection of feedback forms from every patient with respect to different services of hospital like Inpatient services, outpatient services, blood transfusion services or laboratory services etc. All feedback is analysed and shared with the concerned stakeholders for corrective action towards improving patient satisfaction.

**Mechanisms are in place to collect feedback from patients through following channels:**

1. Verbal feedback is collected by the Guest Relations team.
2. Feedback is received via emails ([feedback@artemishospitals.com](mailto:feedback@artemishospitals.com))
3. Drop boxes are placed at defined locations for suggestions from patients
4. Feedback is received from the call centre team and through social media.
