At Aurionpro, we believe in unifying technology, innovation, and talent. As we continue to scale new heights, we remain focused on creating sustainable impact, and will present our Business Responsibility and Sustainability Report (BRSR) for FY 2024-25.

In line with our core values and dedication to responsible business conduct, Aurionpro Solutions Limited is pleased to present its Business Responsibility and Sustainability Report (BRSR) for the financial year 2024-25. This report has been prepared on consolidated basis, i.e., including its global subsidiaries, following the framework outlined in the SEBI (Listing obligations and Disclosure Requirements) Regulations, 2015, and incorporates the latest changes as per SEBI Circular No. SEBI/HO/CFD/CFD-PoD-1/P/CIR/2025/42 dated March 28, 2025.

The numbers mentioned in the Report have been rationalized wherever required.

In this report, the words - 'The Company', refers to the standalone entity - Aurionpro Solutions Limited and its Indian Entities, and 'Our', 'We', 'The Company and its subsidiaries' are used to denote 'the Company' including its global subsidiaries.

BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORTING FY 2024-2025

Business Responsibility and Sustainability Reporting (BRSR) is a mandatory reporting requirement by the Securities & Exchange Board of India (SEBI) for top 1000 listed companies by market capitalization.

The BRSR principles, based on the National Guidelines on Responsible Business Conduct (NGRBC - set of guidelines introduced by India's Ministry of Corporate Affairs on March 15, 2019, steering Companies towards responsible business practices) advocate for listed companies to embrace sustainable business methods and divulge information on their environmental, social and governance (ESG) performance.

The Company and its subsidiaries aim to progress in its ESG journey to further its objectives of becoming a sustainable and responsible corporate and hereby presents the consolidated BRSR for the financial year 2024-25, pursuant to Regulation 34(2)(f) of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

1	Data Security	Risk	With the continued growth of the Company and its subsidiaries in delivering products and services through digital platforms, managing the dual priorities of data-driven innovation and customer privacy has become increasingly complex. The reliance on various forms of user data including personal, demographic, behavioural, and content-related information to tailor experiences and support business growth may lead to heightened oversight from global regulatory bodies. Furthermore, offering cloud-based solutions and IT	In response to these challenges, the Company and its subsidiaries are committed to adopting comprehensive data governance frameworks that emphasize regulatory compliance and the safeguarding of user privacy. Proactive oversight in this domain is essential to preserving stakeholder confidence and supporting long-term business resilience. ² Material issues identified are referred from the Sustainability Accounting Standards Board (SASB) 2023-24 version. SASB Standards are maintained and enhanced by the International Sustainability Standards Board (ISSB). This follows the SASB's merger with the International Integrated Reporting Council (IIRC) into the Value Reporting Foundation (VRF) and subsequent consolidation into the IFRS® Foundation in 2022. The latest standards have been accessed at <https://sasb.ifrs.org/> on 24nd April, 2025 at 14:59 IST.

			infrastructure introduces additional concerns, particularly around the possibility of government entities accessing user data, potentially leading to infringements of individual freedom and privacy rights.		
2	Intellectual Property Protection & Competitive Behaviour	Risk	The Company and its subsidiaries have strategically invested in safeguarding their intellectual assets, including securing trademarks, copyrights, and other key forms of IP that underpin innovation and competitive advantage. Our ability to operate effectively depends on leveraging proprietary technologies while avoiding infringement on third-party rights. Nonetheless, there remains a risk of legal disputes arising from alleged violations of intellectual property or copyright laws. Unfavourable outcomes in such matters whether regulatory or judicial could lead to extended legal proceedings, substantial financial liabilities, and erosion of market influence. Should the core technologies or market leadership be legally contested, the resulting impact on revenue	Recognizing the importance of mitigating intellectual property risks, the Company and its subsidiaries have instituted a robust framework to safeguard proprietary innovations. This includes well-defined protocols for handling confidential and sensitive information related to intellectual assets. When acquiring intellectual property, we undertake rigorous due diligence and, where appropriate, secure indemnification from third-party developers. The agreements with employees, workers and external developers are carefully structured to ensure the assignment of rights for all IP created in the course of engagement, operating under a work-for-hire model. Additionally, the contractual arrangements	Negative * There was no negative financial impact in the reporting year 2024-25.

3	Managing Systemic Risks from Technology Disruptions	Risk	The Company and its subsidiaries understand the importance of proactively addressing systemic risks linked to technological disruption, especially in an industry heavily dependent on digital systems. Accelerating innovation, escalating cybersecurity threats, and the possibility of technical failures present tangible risks, including operational interruptions, compromised data integrity, and financial losses. Given our role in delivering cybersecurity, digital transformation, and enterprise solutions, any significant disruption in our technology ecosystem could trigger downstream effects - impacting business continuity not only internally but also across our client network and stakeholder community.	To mitigate the impact of potential technology disruptions, the Company and its subsidiaries have established a multi-layered approach on resilience and preparedness. This includes the deployment of advanced cybersecurity measures, real-time infrastructure monitoring, and frequent upgrades to address emerging threats. A detailed business continuity framework ensures rapid response and recovery in the face of unforeseen incidents. In addition, ongoing risk evaluations and scenario planning exercises enable the organization to anticipate challenges and maintain consistent service delivery, reinforcing trust among clients and stakeholders. 4	Customer Welfare	Opportunity	Placing customer welfare at the forefront presents a strategic opportunity for the Company and its subsidiaries to strengthen market differentiation and cultivate enduring client relationships. By embedding client satisfaction into the core of solution development, the company and its subsidiaries strive to deliver experiences that consistently surpass expectations. This customer-centric focus not only reinforces loyalty but also aligns with a broader global shift toward ethical, transparent, and user-first business models. In turn, this approach enhances brand credibility, supports sustainable growth and contributes meaningfully to long-term revenue generation.	Not Applicable	Positive

The Company has implemented a structured Performance and Career Development Review process applicable across all Aurionpro entities. Conducted annually, this process involves a comprehensive evaluation between employees and their reporting managers, covering achievements against set targets, areas for improvement, and future development goals. Through the Company's HRMS platform, employees self-assess their performance on defined parameters, after which reporting managers provide their feedback and recommendations. These inputs are then reviewed by the HR department for final assessment, ensuring a consistent, transparent, and growth-oriented approach to performance management across the organisation.

10. Health and safety management system:

- a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?**

The Company is firmly committed to fostering a safe, healthy, and secure work environment for all employees. While a formal Occupational Health and Safety Management System is yet to be established, employee well-being remains a priority. This commitment is reflected in the provisions set out in our Code of Conduct, accessible via the Company's Intranet. All employees are expected to adhere to established safety protocols and promptly report any unsafe conditions to their manager or HR to ensure swift and appropriate action. The workers of the Company are also eligible for health and safety under ESIC, while employees and other personnel are covered under the company's Mediclaim Insurance Scheme showcasing commitment towards such a system.

- b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?**

The Company is committed to maintaining a safe and healthy work environment for all employees. While the nature of our operations presents minimal exposure to significant hazards, it adheres to established standard operational protocols to ensure workplace safety. Although formalized processes for routine hazard identification and risk assessment are not currently in place, any potential risks that arise are promptly addressed to safeguard the well-being of the workforce.

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)

The Company is committed to fostering a safe and healthy work environment. Currently, there is no formal documented mechanism addressing work-related hazards. In line with our commitment, a structured system shall be established to proactively identify work-related hazards and assess associated risks for both routine and non-routine tasks. Under this proposed framework, process owners will be tasked with conducting thorough risk assessments in consultation with safety experts, ensuring the implementation of effective controls to eliminate or mitigate Occupational Health and Safety (OHS) risks.

d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No)

Yes, a doctor visits the Head Office weekly to provide free consultations and medications to employees. The Company also conducts periodic health camps offering basic health check-ups and services. These initiatives highlight the Company's commitment to promoting employee well-being beyond occupational health.

PRINCIPLE 4

Businesses should respect the interests of and be responsive to all its stakeholders

¹³ The data in Principle 4 is for the following entities of Aurionpro –

- Listed standalone entity
- The Indian entities in Mumbai (Aurionpro Solutions Limited, Lithasa Technologies Limited and Aurionpro Payment Solution Private Limited) and Ghaziabad (Aurionpro Toshi Automatic System Private Limited).
- Global entities in Thailand, France, Malaysia, Philippines, Singapore and Vietnam.

Aurionpro is in its endeavor to extend BRSR Principles across its global entities in a phased manner.

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

Businesses must proactively identify and address the needs of all the stakeholders, as it is essential for long term success. They should encourage open communication and be responsive, to build trust and ensure sustainable growth.

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

The stakeholder identification process of the Company and its subsidiaries is structured around evaluating and rating stakeholders against five critical parameters. These include individuals or entities who:

- Have the ability to grant or withdraw our social license to operate,
- Influence other internal stakeholders,
- Possess direct financial dependence,
- Exhibit indirect financial dependence,
- Are affected by non-financial risks or impairments stemming from our operations.

To ensure a comprehensive assessment, Department Heads and members of the leadership are tasked with rating these groups based on their level of influence and dependence on our business.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes/No)	Channels of Communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community, Meetings, Notice Board, Website, Other)	Frequency of engagement (Annually/ Half yearly/ Quarterly/ others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement

Leadership Indicators

- 1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

The Company and its subsidiaries are committed to fostering transparent and inclusive stakeholder engagement as part of its evolving ESG journey. While formal mechanisms for direct consultations between stakeholders and the Board on ESG - related matters are currently not yet in place, it acknowledges the importance of such engagement and is actively working towards establishing structured consultation processes. As this marks its initial years of BRSR reporting, there is a clear strategic focus on building frameworks to enable meaningful dialogue. Once implemented, feedback from these stakeholder interactions will be systematically gathered and communicated to the Board to support informed and responsible decision-making.

- 2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.**

The Company and its subsidiaries recognize the importance of stakeholder engagement in shaping effective ESG strategies. While formal consultation processes are not yet in place, reflecting the early stage of our ESG journey, it is committed to developing a structured engagement framework. This will ensure the integration of diverse stakeholder perspectives into the Board's decisions on key environmental, social, and economic matters, and guide us in identifying and addressing material issues in the future.

- 3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.**

There were no such instances recorded during the reporting period. However, the Company's CSR initiatives are designed to support disadvantaged and marginalized communities. These initiatives are carefully aligned with the Company's CSR Policy, ensuring that projects address the needs of vulnerable groups.

¹⁵ The above calculations are in accordance with Part B, Attribute 6 of the Industry Standards Note (December 2024) on the Business Responsibility and Sustainability Report (BRSR) Core, jointly issued by ASSOCHAM, CII, and FICCI, pursuant to Regulation 34(2) of the SEBI (LODR) Regulations, 2015, and as per SEBI Circular No. SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122.

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

The Company and its subsidiaries recognize the importance of Human Rights. We have the Policy on POSH, certain provisions in our Code of Conduct, and have established Grievance Redressal mechanisms and Whistle Blower Policy (<https://www.aurionpro.com/archive/wp-content/uploads/2025/08/whistle-blower-vigil-mechanism-policy.pdf>) to maintain a positive and safe work environment. It has also adopted an Open Door Communication mechanism, to encourage employees to effectively raise their concerns. It affirms its support for fundamental human rights and does not permit child labour, forced labour, servitude, or human trafficking. It neither employs children directly or indirectly nor encourages such practices by others. Any violation of human rights is condemned and is to be reported without hesitation to the HR Managers or Employee Grievance Cell.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues

The Company and its subsidiaries have an internal system for its workforce to raise grievances, with HR Managers empowered to address and report those related to human rights. This mechanism aligns with its commitment to fostering a healthy, fair, and inclusive work culture. It ensures that employees feel acknowledged and enables efficient and effective resolution of concerns. An Employee Grievance Cell has been established and concerns can be raised at grievance@aurionpro.com or the members of the cell can be reached out to as provided in Aurionpro HR Policy Manual which is available on the Company's Intranet.

Further the POSH Policy (Intranet) and Whistle Blower Policy (<https://www.aurionpro.com/archive/wp-content/uploads/2025/08/whistle-blower-vigil-mechanism-policy.pdf>) also provide adequate mechanisms for redressal to the aggrieved employee. Individuals may report violations of the Code of Conduct by emailing conduct_ethics@aurionpro.com or submitting a written complaint to the Chairman of the Conduct & Ethics Committee. Anonymous complaints are also accepted and handled with strict confidentiality and care.

6. Number of Complaints on the following made by employees and workers:

Complaints on POSH upheld		

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

The Company and its subsidiaries have fostered a corporate culture rooted in diversity and inclusion. We are committed to ensuring that no one faces discrimination based on gender, race, socio-economic status, religion, disability - physical or mental or any other grounds. POSH (Prevention of Sexual Harassment) awareness sessions are conducted biannually, and committee member details are displayed across locations. The provision regarding POSH Policy is specified in the HR Policy Manual which established the procedures to be undertaken to file and resolve the complaint. It values gender-inclusive practices and has taken active steps to build an inclusive work environment. The Code of Conduct (Intranet) provides that the company and its subsidiaries work towards creating a conducive work environment where all employees are treated with dignity and respect. It has zero tolerance towards discrimination and harassment of any kind including that of a sexual nature.

9. Do human rights requirements form part of your business agreements and contracts?

Yes, the Code of Conduct embeds Human Rights principles, which are also clearly reflected in all Business Agreements and Contracts of the Company and its subsidiaries. This reinforces the expectation that all stakeholders adhere to strong Human Rights standards. Internal mechanisms are in place for continuous monitoring, ensuring compliance with these values and reaffirming the commitment to upholding Human Rights.

10. Assessments for the year:

	% of your plants and Offices that were assessed (by entity or statutory authorities or third parties)

*For FY 23-24, Scope 1 emissions have been reported based on fuel used in operations at Sigma and Synergia. In FY 24-25, Scope 1 emissions include fuel consumption from Sigma, Synergia and Noida, as well as fire suppression emissions from AuroToshi and fugitive emissions from refrigerants at Synergia.

**For Scope 2 emissions, only electricity consumption has been considered. *Please refer to the “Total Energy Consumption from Electricity (Essential Indicator 1)” for the list of units/locations included in the calculation.*

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No external review or independent analysis has been conducted to evaluate our operations, performance, or compliance with applicable standards and regulations.

8. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

Currently, the Company does not have any standalone projects focused exclusively on reducing greenhouse gas (GHG) emissions, as we are in the early phase of our ESG disclosures. Nonetheless, measures have been adopted to enhance energy efficiency and sustainability, including LED lighting across all facilities, use of high-efficiency air conditioning systems, and encouragement of e-bike usage among employees to lower emissions. Over the next 3–4 years, the Company intends to introduce additional initiatives, such as rooftop solar installations and other energy-saving measures, to further reduce its carbon footprint and strengthen environmental performance.

9. Provide details related to waste management by the entity, in the following format: ²⁷

^For FY 23-24, municipal solid waste has been reported from Sigma and Synergia. In FY 24-25, the reporting has been expanded to include Sigma, Synergia, Trivandrum, Noida and Chennai. Hence, there is an increase in total waste quantity generated.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No external review or independent analysis has been conducted to evaluate our operations, performance, or compliance with applicable standards and regulations.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The Company primarily generates Municipal Solid Waste at its establishments and is exploring initiatives to implement more sustainable waste management practices. Since it does not currently produce or handle hazardous or toxic chemicals, specialized waste management measures are not required; however, the Company remains committed to monitoring its processes to minimize any potential use of such materials and will adopt appropriate measures if they are introduced in the future.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

S. No.	Location of operations/offices	Types of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
Not applicable, as none of the Company's operations are located near ecologically sensitive areas.			

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
No Environmental Impact Assessment (EIA), in accordance with the Ministry of Environment, Forest and Climate Change (MoEFCC) guidelines, was conducted by the Company during the reporting year.					

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, and Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

Serial Number	Specify the law / regulation / guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective taken, if any action
Yes, there were no material non-compliances reported in the financial year. The Company confirms compliance with all applicable laws and regulations.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No external review or independent assessment has been undertaken to evaluate various facets of our operations, performance, or adherence to applicable standards and regulatory requirements.

2. Please provide details of total Scope 3 emissions & its intensity, in the following format:*

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 3 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tonnes of CO2 equivalent	128.22	81.65
Total Scope 3 emissions per rupee of turnover	Metric tonnes of CO2 equivalent/Rupee	0.000000011	0.0000000092
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity	Metric tonnes of CO2 equivalent/Employee	0.048	0.039

*For Scope 3 emissions, only waste generated and disposed in operations has been considered. Please refer to the "Quantity of Municipal Solid Waste Generated (Essential Indicator 9)" for the locations/units included in the Scope 3 calculations.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No external review or independent assessment has been undertaken to evaluate various facets of our operations, performance, or adherence to applicable standards and regulatory requirements.

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Not Applicable

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No.	Initiative undertaken	Details of the initiative (<i>Web-link, if any, may be provided along-with summary</i>)	Outcome of the initiative
		The Company is continuously evaluating opportunities to enhance resource efficiency and minimize environmental impact. Over the next 3–4 years, it plans to explore and implement innovative technologies and sustainable practices aimed at reducing emissions, effluent discharge, and waste generation across its operations. These initiatives are expected to strengthen operational efficiency, lower the Company's environmental footprint, and contribute to long-term sustainability goals.	

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes, The Company and its subsidiaries have in place a comprehensive Business Continuity Plan (BCP) designed to ensure uninterrupted operations and safeguard stakeholder interests. The BCP addresses risk mitigation strategies, protocols for secure data handling and storage, back-up and recovery systems in the event of IT disruptions, and measures for timely restoration of critical business functions.

6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

The Company has not identified any significant adverse environmental impacts within its value chain so far.

7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

The Company has not undertaken a formal assessment of environmental impacts across its value chain partners.

8. How many Green Credits have been generated or procured?³⁰

a. By the listed entity

NIL

b. By the top ten (in terms of value of purchases and sales, respectively) value chain partners

NIL

Note: The above is applicable to Aurionpro Solutions limited (Standalone Entity).

³⁰ The above disclosure is made as per the SEBI circular SEBI/HO/CFD/CFD-PoD-1/P/CIR/2025/42 dt. 28th March 2025.

PRINCIPLE 7

Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

³¹ The data in Principle 7 is for the following entities of Aurionpro –

- Listed standalone entity
- The Indian entities in Mumbai (Aurionpro Solutions Limited, Lithasa Technologies Limited and Aurionpro Payment Solution Private Limited) and Ghaziabad (Aurionpro Toshi Automatic System Private Limited).

PRINCIPLE 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

Businesses must act responsibly and transparently when engaging to influence public and regulatory policy. Further to ensure fair representation of interests, fostering public trust and promote democratic governance, highest ethical standards must be maintained.

Essential Indicators

1.

a) Number of affiliations with trade and industry chambers/ associations.

The Company has affiliated with one state chamber and one national association.

b) List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.

S. No	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)
1.	Bombay Chamber of Commerce	State
2.	NASSCOM	National

2. Provide details of corrective action taken or underway on any issues related to anticompetitive conduct by the entity, based on adverse orders from regulatory authorities

Name of authority	Brief of the case	Corrective active taken
No issues related to anti-competitive conduct have occurred, and therefore, no corrective actions were required.		

Leadership Indicators

1. Details of public policy positions advocated by the entity:

Sr. No	Public policy advocated	Method resorted for such advocacy	Whether information available in public domain? (Yes/No)	Frequency of Review by Board (Annually/ Half yearly/ Quarterly / Others – please specify)	Web Link, If available
The Company does not currently have a public advocacy policy. However, it engages with industry bodies and associations on matters that support sectoral progress and public interest. Such participation is guided by the Company's Code of Conduct (Intranet), which sets the framework for ethical engagement and responsible representation. Through these channels, the Company contributes to policy discussions and initiatives aligned with its business values, while ensuring transparency, compliance, and integrity in all external interactions.

PRINCIPLE 8

Businesses should promote inclusive growth and equitable development

³² The data in Principle 8 is for the following entities of Aurionpro –

- Listed standalone entity
- The Indian entities in Mumbai (Aurionpro Solutions Limited, Lithasa Technologies Limited and Aurionpro Payment Solution Private Limited) and Ghaziabad (Aurionpro Toshi Automatic System Private Limited).

PRINCIPLE 8: Businesses should promote inclusive growth and equitable development

Businesses are crucial for advancing inclusive growth and equitable development. By actively supporting local communities, prioritizing fair development activities and encouraging diversity, companies help achieve shared prosperity. Adopting an inclusive approach guarantees that the advantages of economic advancement are available to all, ultimately creating a more just and sustainable society.

Essential Indicators

- Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.**

Name and Brief details of project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/No)	Relevant Web Link
The Company has not conducted any Social Impact Assessments during the current financial year.					

- Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:**

S. No	Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	No. of PAFs covered by R&R	Amounts paid to PAFs in the FY (in INR)
Not Applicable						

- Describe the mechanisms to receive and redress grievances of the community.**

The Company actively engages with diverse communities and social groups through one-on-one interactions, group discussions, and participation in various local forums in its areas of operation. While there is no dedicated formal mechanism for receiving and addressing community grievances, the Company leverages its Corporate Social Responsibility (CSR) initiatives as an effective channel to understand community needs, address concerns, and contribute to their overall well-being. Additionally, a designated email address (info@aurionpro.com) is available for general communication and for addressing any community grievances that may arise.
