Business Responsibility & Sustainability Reporting (BRSR)

SECTION A: GENERAL DISCLOSURES

I. Details of the listed entity

1. Corporate Identity Number (CIN) of the Listed Entity	L51909KA1981PLC004198
2. Name of the Listed Entity	Automotive Axles Limited
3. Year of incorporation	1981
4. Registered office address	Hootagalli Industrial Area, Off. Hunsur Road, Mysore, Karnataka - 570018
5. Corporate address	Hootagalli Industrial Area, Off. Hunsur Road, Mysore, Karnataka - 570018
6. E-mail	sec@autoaxle.com
7. Telephone	+91 821 - 7197500
8. Website	www.autoaxle.com
9. Financial year for which reporting is being done:	2024-25
10. Name of the Stock Exchange(s) where shares are listed	National Stock Exchange of India Limited (NSE) and Bombay Stock Exchange Limited (BSE)
11. Paid-up Capital	151.12 Million
12. Name and contact details (telephone, email address) of the person who may be contacted in case of any queries on the BRSR report	Mr. Nagaraja Gargeshwari President & Wholetime Director +91 821 - 7197500 Email : Nagaraja.Gargeshwari@autoaxle.com
13. Reporting boundary Are the disclosures under this report made on a standalone basis (i.e. only for the entity) or on a consolidated basis (i.e. for the entity and all the entities which form a part of its consolidated financial statements, taken together).	Standalone Basis - The Company does not have any subsidiary or a joint venture company, the disclosures made in this report pertain only to Automotive Axles Limited.
14. Name of assessment or Assurance Provider	Not Applicable
15. Type of assessment or assurance obtained	Not Applicable

II. Products/services

16. Details of business activities (accounting for 90% of the turnover):

S. No.	Description of main activity	Description of business activity	% of turnover of the entity (FY25)
1	Manufacturing	Manufacturer of Axles and Brakes	100

17. Products/Services sold by the entity (accounting for 90% of the entity's Turnover):

S. No.	Product/Service	NIC Code	% of total turnover contributed
1	Rear And Front Axles	29301	57.08
2	Brakes	29301	22.14
3	Others including Suspension	29301	20.78

III. Operations

18. Number of locations where plants and/or operations/offices of the entity are situated:

Location	Number of plants	Number of offices	Total
National	3	1	4
International	-	-	-

Plant Locations: 1. Mysore, Karnataka 2. Jamshedpur, Jharkhand 3. Rudrapur, Uttarakhand

19. Markets served by the entity:**a. Number of locations**

Locations	Number
National (No. of States)	5
International (No. of Countries)	NA

b. What is the contribution of exports as a percentage of the total turnover of the entity?

- Revenue - Outside India - Nil
- Exports a percentage of the total turnover - Nil

c. A brief on types of customers

Energy Management: For energy conservation, we replaced induction motors with energy-efficient motors and Variable Frequency Drive (VFD) for significant energy use, saving 20% energy. We have initiated to contain carbon emissions by adopting solar energy.								

Governance, leadership and oversight

7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)

Our Company is striving to create positive difference on the socio-economic development of key stakeholders by being a responsible business. Communities are a top priority and the company's CSR activities in the areas of Skill Development & Education, Health and Hygiene, Environment, are aimed at addressing concerns and challenges that affect the surrounding communities including underprivileged groups within the community.

The Company takes efforts towards the enhancement of communities around its operations. Therefore, specific efforts are taken to partner with small and local producers. Our Company also invests in supplier development through measures such as supplier quality improvement contests, conferences and educating them on best practices that can lead to an improvement in operational and logistical efficiency. Furthermore, new suppliers are assessed on social and environmental criteria during the year under review.

Specific steps on environment include:

- Actively using renewable energy since 2018 and progressing towards our aspiration of achieving 100%.
- Substantial reduction in usage of wooden and plastic packaging materials which is replace with environment friendly materials.
- Working towards paperless office and reduction of usage of papers.

We continue to adopt various initiatives in line with emerging ESG regulatory norms.

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE

This section is aimed at helping entities demonstrate their performance in integrating the Principles and Core Elements with key processes and decisions. The information sought is categorized as “Essential” and “Leadership”. While the essential indicators are expected to be disclosed by every entity that is mandated to file this report, the leadership indicators may be voluntarily disclosed by entities which aspire to progress to a higher level in their quest to be socially, environmentally and ethically responsible.

Principle 1: Businesses should conduct and govern themselves with integrity, and in a manner that is Ethical, Transparent and Accountable.

Essential Indicators

1. Percentage coverage by training and awareness programmes on any of the Principles during the financial year:

Employee training and development play a crucial role in enhancing our workforce's capabilities and fostering a culture of continuous improvement within the organization.

At AAL, we prioritize "Training" as a means to sharpen specific job-related competencies, while "Development" empowers employees through a broader, long-term approach that nurtures their overall growth and potential. This dual focus is designed to cultivate motivation and drive better job performance across the board.

In FY 24-25, we successfully facilitated nearly 138 training sessions, accumulating a total of 10203 hours of training. These sessions encompassed a diverse range of offerings, including technical skill development aimed at equipping employees with the necessary tools to thrive in emerging technologies, as well as awareness and soft skills training to enhance efficiency and competitiveness within our teams.

For our workmen, we placed significant emphasis on the implementation of innovative systems such as Total Productive Maintenance (TPM), Skill Specific Training such as MPI Level II Certification, General Metallurgy were conducted. Keeping mental & physical health in mind, 2 programs, Saamarasya and NLP based positive thinking program and Soukhya, physical wellness programs were implemented. These programs were well received by participants and many expressed positive changes in their life. By executing comprehensive training programs for all workmen, we achieved an impressive total of 15,698 training hours, reinforcing our commitment to their development and ensuring a safer, more productive work environment.

Segment	Total number of training and awareness programmes held	Topics / principles covered under the training and its impact	%age of persons in respective category covered by the awareness programmes

	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
Number of days of accounts payables	75	65

9. Open-ness of business

Provide details of concentration of purchases and sales with trading houses, dealers, and related parties along with loans and advances & investments, with related parties, in the following format.

Parameter	Metrics	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
Concentration of Purchases	a. Purchases from trading houses as % of total purchases	0	0
	b. Number of trading houses where purchases are made from	0	0
	c. Purchases from top 10 trading houses as % of total purchases from trading houses	0	0
Concentration of Sales	a. Sales to dealer / distributors as % of total sales	0	0
	b. Number of dealers / distributors to whom sales are made	0	0
	c. Sales to top 10 dealers / distributors as % of total sales to dealer / distributors	0	0
Share of RPTs in	a. Purchases (Purchases with related parties as % of Total Purchases)	2.00	1.81
	b. Sales (Sales to related parties as % of Total Sales)	82.02	80.36
	c. Loans & advances (Loans & advances given to related parties / Total loans & advances)	0	0
	d. Investments in related parties as % of Total Investments made	2.17	1.12

Leadership Indicators

1. Awareness programmes conducted for value chain partners on any of the Principles during the financial year:

Total number of awareness programmes held	Topics / principles covered under the training	%age of value chain partners covered (by value of business done with such partners) under the awareness programmes
1	Business Ethics and Sustainability	60

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/ No) If Yes, provide details of the same.

Yes, the Company has processes in place to avoid/manage conflict of interests involving members of the Board and it is as per the Terms of Appointment of Directors to Board. The Company's Code of Conduct states that the Board members and Senior Management of the Company are needed to abstain themselves from discussion, voting, or otherwise influencing a decision on any matter in which they have or may have a conflict of interest; restrict themselves from serving as a Director of any Company that is in direct competition with the Company or must take prior approval from the Company's Board of Directors before accepting such position.

The Company has also formulated the policy on related party transactions for providing guidelines in relation to identification of related parties.

Principle 2: Businesses should provide goods and services in a manner that is sustainable and safe

Essential Indicators

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year	Details of improvements in environmental and social impacts
R&D	0	0	
Capex	15.56	4.15	- Eliminating LPG as a heating source and transitioning entirely to 100% green energy alternatives - ensures 100% hygiene by eliminating manual handling, improving operational efficiency and significantly boosts staff morale by reducing their physical workload and promoting a cleaner, safer work environment

2. A. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

B. If yes, what percentage of inputs were sourced sustainably?

Yes, the Company's vision has always been to source the materials through sustainable and quality procurement practices. In line with its commitment, the Company has developed the Code of Conduct for Suppliers and Service Providers, which is an extension of its values and is applicable to all its suppliers. The Company expects its suppliers and Service providers to comply with all rules and regulations in force and operate in accordance with the principles as outlined in the policy. The Company is continually engaged with its vendor base to build robust procedures and systems thereby ensuring sustainable sourcing from time to time.

AAL has developed an intelligent and environmentally sustainable Logistics system.

- The wooden pallets used for packing Finished Goods are replaced with metal-based reusable & returnable pallets.
- Rail transport-long chassis trucks & CNG powered vehicles are always given preference for transporting finished goods, which is technically and economically feasible.
- Ensuring truck maximum capacity in all areas of supply chain management.

Percentage of inputs were sourced sustainably – 38%

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

Not Applicable, Since the product is directly supplied to the Original Equipment Manufacturers (OEM's), the Company has limited scope for reclaiming it at the end of its life cycle.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

No, Extended Producer Responsibility is not applicable to the Company.

Leadership Indicators

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

NIC Code	Name of Product/Service	% Of total Turnover contributed	Boundary for which the life Cycle Perspective/ Assessment was conducted	Whether conducted by independent external agency (Yes/No)	Results Communicated in Public domain (Yes/No) If yes, Provide the web-link
No, the company has not conducted LCA for its products/services.					

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

Name of Product/Service	Description of the risk/concern	Action Taken
Not Applicable		

3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

Indicate Input Material	Recycled or re-used input material to total material	
	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
Not Applicable		

4. Of the products and packaging reclaimed at end of life of products, amount (in metric tons) reused, recycled, and safely disposed of.

	FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year		
	Re-used	Recycled	Safely Disposed	Re-used	Recycled	Safely Disposed
Plastics (Including Packing)						
E-Waste						
Hazardous waste						
Other Waste						
Not Applicable						

5. Reclaimed products and their packaging materials (as percentage of products sold) for each product category.

Indicate Product category	Reclaimed Products and their packing materials as % of total products sold in respective category
Since the product is directly supplied to the Original Equipment Manufacturers (OEM's), the Company has limited scope for reclaiming it at the end of its life cycle.	

Principle 3: Businesses should respect and promote the well-being of all employees, including those in their value chains

Essential Indicators

1. a. Details of measures for the well-being of employees.

At AAL, we place a strong emphasis on the health, safety, and overall well-being of our employees through a comprehensive range of healthcare, wellness, and safety initiatives. Recently, we have launched two innovative wellness programs designed to enhance the quality of life for our workforce.

Saamarasya, utilizes Natural Language Processing (NLP) techniques to foster a positive mindset and encourage solution-oriented thinking among participants. This program has successfully engaged over 454 employees, empowering them with tools to cultivate a constructive outlook in both their professional and personal lives.

In addition to these initiatives, we conduct annual medical examinations in accordance with established health standards for all employees. This process is vital in monitoring their health status and ensuring prompt identification of any potential issues.

Our Occupational Health Centre (OHC) is equipped with a team of qualified medical professionals, including Doctors and paramedical staff, along with essential emergency medical equipment to address industry-specific health and safety concerns. To further support our workforce, our medical team hosts monthly health education programs that inform employees about work-related health risks and strategies for achieving a healthy work-life balance. These efforts reflect our commitment to safeguarding the well-being of our people and fostering a thriving workplace environment.

b. Details of measures for the well-being of workers:

- 1) Fostering a culture of safety and sustainability, we ensure that all employees consistently adhere to our comprehensive Environmental, Occupational Health & Safety (EOHS) policies and procedures, creating a secure and environmentally conscious workplace.
- 2) Our on-site Occupational Health Centre is a state-of-the-art facility, staffed with qualified medical officer and trained paramedical staff. Equipped with cutting-edge multi-speciality medical equipment, it stands ready to address the diverse health needs of our workforce. In addition this, AAL has tie up with leading private hospitals which addresses emergency health situation of our employees.
- 3) To promote the wellness of our employees, we conduct thorough pre-employment and annual medical examinations in accordance with established guidelines. These routine check-ups are designed to safeguard the health and well-being of our team members proactively.
- 4) We prioritise the welfare of our workforce by providing comprehensive Health and Accidental insurance, ensuring that all workers have the protection they need in the face of unforeseen circumstances.

3. Accessibility of workplaces

Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.

Yes – All premises/ offices are accessible to differently abled employees and workers. The Company is further deploying amenities for the differently abled employees at Plant and other work locations to improve accessibility.

4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy.

Yes, the company is dedicated to fostering an inclusive environment through our robust equal opportunity policy for Persons with Disabilities. We recognise the importance of equality and strive to eliminate discrimination and harassment from our workplace. In all areas of employment—including recruitment, compensation and benefits, training, promotion, transfer, and termination—we are committed to treating individuals fairly and assessing them based on their ability to meet the requirements of their roles.

At AAL, we are focused on building a supportive workplace that benefits all employees, regardless of caste, creed, gender, or background. Our equal opportunity policy actively encourages individuals to contribute their best, utilising their unique abilities and qualifications.

We are committed to ensuring that no person with a disability is denied employment opportunities due to their circumstances. Our hiring process is designed to select candidates based on their competence, adaptability, and overall suitability for the job, ensuring that we fill all positions with the best talent available.

8. Details of training given to employees and workers:

We have been actively identifying and cultivating key talents by implementing comprehensive training and development programs tailored to different career stages. Our offerings range from Campus to Corporate training, designed to smoothly transition fresh graduates into the professional world, to Supervisory Development programs that equip new supervisors with essential management skills. We also provide specialised Managerial Development courses that focus on strategic thinking and operational efficiency, and robust Leadership Development initiatives aimed at shaping the next generation of visionary leaders. Each of these training courses is meticulously crafted to foster the growth and potential of individuals, ensuring they are well-prepared to navigate future challenges and lead with confidence.

Note: We conduct multiple training sessions across health, safety, and skill upgradation for all our employees and workers, including non-permanent workers on the company's payroll. While a large portion of our non-permanent workforce is engaged through third-party payrolls, we ensure that they are regularly provided with necessary safety-related information and protocols. Ensuring their well-being and safety remains a core focus of our operations.

- During the onboarding process for new recruiters, we emphasise the importance of Health & Safety by conducting comprehensive training sessions. This mandatory program ensures that all new team members are well-equipped to foster a safe and healthy workplace environment, underscoring our commitment to employee well-being from the very start.
- As part of our ongoing commitment to professional development, we provide our employees with a series of dynamic technical training sessions tailored to their specific job roles. These programs are designed to deepen their expertise and sharpen their skills in critical areas such as the Internet of Things (IoT), Industry 4.0 advancements, Geometric Dimensioning and Tolerancing (GD&T), Process Failure Mode and Effects Analysis (PFMEA), and essential Core Tools. Additionally, we cover Total Productive Maintenance (TPM), Programmable Logic Controllers (PLC), Lock Out Tag Out (LOTO) practices, Materials Management techniques, and GST Certification training, all aimed at empowering our workforce for greater success in their careers.

9. Details of performance and career development reviews of employees and worker:

Performance management is an ongoing process that is essential for inspiring and developing our talented workforce. Its purpose is to enhance organisational outcomes by aligning individual performance with the broader organisational strategy and culture.

As part of our commitment to continuously improving the Performance Management System (PMS), we have implemented several key changes. We have restructured the salary grades of the employees to effectively manage the spans and layers of the organization. This reduction has helped us evaluate and assign grades that are specific to the roles and responsibilities outlined in the Global Positioning Profile. Additionally, appropriate market corrections have been made.

Our promotion policy is no longer limited to just one time each year. Any employee who takes on additional responsibilities or expanded roles will be recognized by grade adjustments through promotions specific to those roles.

In the FY25 performance management system, we emphasise the importance of continuous dialogue and feedback, fostering meaningful conversations between employees and their managers. Additionally, we integrate feedback from various stakeholders to ensure a well-rounded assessment of performance.

We take pride in having a highly skilled, experienced, and passionate team. To cultivate an engaging and supportive work environment, we are dedicated to maintaining a transparent, conducive, and inclusive atmosphere. We prioritise

continuous training and offer numerous opportunities for professional growth and career advancement. Our company actively engages with our employees through a variety of initiatives, including specialised functional training programs and employee recognition schemes that celebrate achievements and contributions, reinforcing our commitment to their ongoing development and success.

We have carried the same philosophy of performance-based promotion for workers.

It is important to note that a significant portion of our non-permanent workforce is engaged through third-party payrolls and, therefore, does not fall within the scope of our internal career development framework. Nonetheless, we ensure they receive necessary safety-related information and are supported in maintaining a safe and respectful work environment.

10. Health and safety management system:

- a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/No). If yes, what is the coverage of such a system?

Yes. Automotive Axle Limited has implemented occupational health & safety management system.

We are certified with ISO-45001:2018 Occupational Health & Safety Management System.

To ensure a healthy and safe work environment for our employees, we strive to create 'Safety First Priority' across the organization at all levels through EOHS induction trainings, refresher safety sessions stand-down communication by leadership teams and customized safety workshops, we educate our workforce on the prevention of any accidents.

This safety management framework extends to cover our entire workforce, including non-permanent workers, thus, ensuring 100% inclusion in all health and safety-related measures.

- b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

- HIRA (Hazard Identification & Risk Assessment) is carried out regularly under ISO-45001:2018 Occupational Health & Safety Management System.
- Theme based audits are conducted regularly to identify Unsafe Conditions (USC), implementing Corrective and Preventive Actions (CAPA).
- Under TPM Jishu Hozen (JH) Implementation to identify USC & implement corrective & preventive actions.
- Safety audits are conducted by external agency on material handling equipment's, electrical chain hoists, Electric overhead travelling (EOT) cranes, pressure vessels, chemicals storage bullets, electrical major installations etc.,
- Periodical inspection of Pressure vessels, Electric overhead travelling (EOT) Crane, lifting Tools and Tackles by competent authority.
- Process wise Job Safety Analysis is carried out to understand & identify hazards at all stages to make provision of control & preventive measures.
- In case of oil and coolant accidental spillage or leakage, a cotton based reusable sorbent was introduced to eliminate any potential fire hazard.
- Conductance of EOHS aspect/element/area/operation/process specific checklist based periodical audits.

- c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Yes/ No).

Yes. We engage our workforce in different safety training programs to create awareness of total safety standards and further encourage them to develop ideas to continuously improve safety standards and identify/eliminate work hazards through Kaizen Program. We organize various competitions to promote Safety first and 5S culture and part of motivation recognition and reward is given on continual basis. The Central Safety Committee has been constituted with workers representatives & monthly meetings are conducted to develop policies, promote and guide on workplace safety.

- d. Do the employees/ workers of the entity have access to non-occupational medical and healthcare services? (Yes/ No).

Yes. Automotive Axles Limited have a tie-up with external M/s Apollo hospital, Kamakshi hospital and Clearmedi Healthcare Private Limited for major and critical medical care/treatment.

Further we have our inhouse occupational health center (OHC) equipped with qualified doctors, paramedical staff and emergency medical equipment to deal with industry specific health and safety issues among our employees. The doctors undertake monthly health programs for all our employees, to educate them on employment-related health hazards and work-life balance. Based on the severity of the issues they are referred to these external non-occupational medical & healthcare services.

Every year, we organize regular annual and bi-annual medical check-ups (vision and color vision tests, audiometry, skin tests and ENT examination) for different personnel.

At regular intervals the external expert medical practitioners are invited to give a awareness lecture on good health practices to all the levels of employees.

11. Details of safety related incidents, in the following format:

*Employees (Staff)

Safety Incident/Number	Category *	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked)	Employees	0	0
	Workers	0.55	0.62
Total recordable work-related injuries	Employees	0	0
	Workers	4	5
No. of fatalities	Employees	0	0
	Workers	0	0
High consequence work-related injury or ill-health (excluding fatalities)	Employees	0	0
	Workers	1	0

*Workers (Workman plus Flexi Labor)

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

Safety Management:

To ensure a healthy and safe work environment for our employees, we strive to create 'Safety First Priority' across the organization at all levels. We have been systematically training all our employees and contractors through our safety induction trainings, refresher safety sessions and workshops. To further safety, health and environmental standards, the Company has enhanced its environmental management system by adopting EMS ISO 14001:2015 and OH & S ISO 45001:2018.

We incorporated various visual displays on all the machinery on operational hazards and defined and displayed various safety protocols within the factory's premises to promote 'Safety'. Every year, we observe National Safety Day and Chemical Disaster Prevention Day to create awareness among employees on the importance of safety and safe chemical management.

Under the accident prevention program, the safety levels at source are improved through various hazard mitigation initiatives by conducting 4M analysis (Man, Machine, Method & Material). To reduce operator fatigue, we practice Rapid Upper Limb Assessment (RULA) and Rapid Entire Body Assessment (REBA) for studying employee posture at the workplace.

- 1) Regular awareness and training given to all the employees to follow safety precautions and use of PPEs at workplace, also operations/process/machine wise PPEs requirement mapped and visual displayed on machines.
- 2) Fire Hydrant Points & sprinklers provided at highly fire prone, sensitive & potential Hazard area/process. Fire Emergency Rescue Plan (FERP) Installed & Displayed across all the office block areas.
- 3) Early warning, gas, smoke and flame detection, CO2 flooding system provision in High Tension/Low Tension Substation and fire risk zones.
- 4) Lock Out and Tag Out (LOTO) provision for all kinds of major utility supply locking during major maintenance work.
- 5) Based on Zonal classification & safety sensitive area, checklist-based audit is conducted on regular basis.

Health Management:

We conduct several healthcare practices for employees at all levels to ensure good health. We organize several annual and bi-annual medical check-ups (vision & color vision tests, audiometry, skin tests and ENT examination),

Onsite fully equipped Occupational Health Centre with qualified medical practitioners is made available for employees 24/7.

Periodical white washing, disinfectant, fumigation has been carried out and total plant hygiene audits are being conducted regularly.

13. Number of complaints on the following made by employees and workers

	FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Working Conditions	0	0	NA	0	0	NA
Health & Safety	0	0	NA	0	0	NA

14. Assessments for the year

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Health and safety practices	Internal Safety Audit – 100%
Working Conditions	

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

- 1) Procurement and Distribution of Safety Power googles to all the Employees.
- 2) Improvement Total plant safety by identification of project related to Machine guarding, Safety Curtains, Safety electronic poka-yoke, two hand operation and Power switch replacement for LOTO application.
- 3) As per the scientific PPE mapping for specific operation / process / machine carried out & PPEs logo non-breakable displays made on all the machines / equipment across the plant.
- 4) Safety violation ticketing machine is introduced to record and monitor safety violations across the plant.
- 5) Front Cage guard, two hand operation, electric light curtain guard provision for machineries to prevent human body parts exposure to point of operation towards safety untoward incident prevention
- 6) All the welding machines are provided with Fume killer, dust extraction system for grinding & blasting machines and Oil mist collector for Gear cutting machines to ensure safe & healthy work environment.

Leadership Indicators

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N).

Yes, Company has covered its employees, workmen and trainees under Group Personal Accident Policy for accidental death and Group Term Life policy for workmen to cover any kind of death.

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

The Company takes great care to ensure that the statutory dues applicable are deducted and deposited by the value chain partners.

The details are outlined in the Automotive Axles Limited Supplier Code of Conduct. All supply chain partners must adhere to it in order to support business responsibility principles and ideals of transparency and accountability.

3. Provide the number of employees / workers having suffered high consequence work related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:

	Total no. of affected employees/ workers		No. of employees/workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment	
	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
Employees	0	0	0	0
Workers	1	0	Accident investigation and root cause analysis was carried out and Corrective Action and Preventive Action (CAPA) implemented to prevent repetition of same such accident	0

4. Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No)

No

5. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed
Health and safety conditions	100% Health & Safety conditions are assessed in periodic audits conducted by the company for strategic suppliers.
Working conditions	

6. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners.

In compliance with Automotive Axles Supplier Code of Conduct, suppliers are periodically audited. The suppliers & service providers as expected to comply with relevant legal regulations for health and safety in the workplace.

No corrective action plan has been necessitated towards the above-mentioned parameters.

Principle 4: Businesses should respect the interests of and be responsive to all its stakeholders

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

The company has mapped its internal and external stakeholders, its principal stakeholders are its employees, shareholders, suppliers, customers, vendors, JV partners, government and regulatory authorities, trade union, general public etc. These stakeholders are mapped in a structured manner through systematic communication platforms which helps us to understand the customer needs and the improvement opportunities for the Company in all prospects.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes/No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other	Frequency of engagement (Annually/ Half yearly/ Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Employees	No	Conferences, workshops, online portals, employee surveys, One-on-one interactions	Periodically/Annually	Inform about important advances in the Company. Help the employees expand their knowledge in the industry. Getting employee feedback and resolving their issues.
Investors	No	Annual report, news paper publication, Investor Call & presentations Company website Quarterly & Annual results Company website	Annually/Periodically/Quarterly	Investors prefer to invest in the organizations that are transparent in their activities and performance. We inform the current performance of the Company and its future plans regularly to Investors
Customers	No	Personal visits & plant visits, communication through email Conducting training and field trials at customer site Online & face to face meeting and discussion	Periodically	To cater to needs of customers Updating customers on new product launches

Regulatory Bodies	No	Official communication channels Regulatory audits/ inspections Environmental compliance Good governance	Periodically	They help and guide in terms of connecting with Govt. Schemes & effective governance
Communities	Yes	Corporate Social Responsibility engagements, Meeting with community representative, Company website	Frequent and as need based	Please refer to the following link for information about the Company's community work: autoaxle.com/Corporate_Social_Responsibility.aspx

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

Management is responsible for keeping the board informed about various developments and seeking inputs from the Directors. Continuous stakeholder engagement, combined with an in-depth assessment by the management, aids the organisation in aligning its business with ESG, allowing it to better serve its stakeholders.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes, the company has always maintained a regular and proactive engagement with the Company's key stakeholders, allowing it to effectively work on its ESG strategies and be transparent about the outcomes. In response to current regulations and interactions with stakeholders, the Company performs periodic evaluations to update and reissue policies as needed.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/marginalized stakeholder groups.

Several initiatives have been taken by the Company to engage with the disadvantaged, vulnerable and marginalised stakeholders through our CSR initiatives like by partnering with various organisation like (a) PAN IIT Alumni Reach For India (PARFI) Foundation for training of underprivileged candidate in manufacturing skill and (b) Vishwakshema Trust & Sri Jana Jagarana Trust for providing educational support to the underprivileged students (c) Integral Yoga Satsanga for providing infrastructure facilities for health care, (d) Mysore Pinjarapole Society and Indian Institute of Animal Welfare for animal welfare (e) We also provide mid-day meals to the inmates of the nearby house for destitute and ensure their basic needs are met with.

Principle 5: Businesses should respect and promote human rights

Essential Indicators

1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:

The Company has a Human Rights Policy dedicated to respecting human rights and preventing violations. To achieve this, we have implemented due diligence procedures and established appropriate grievance redressal systems for all stakeholders.

We strive to foster a culture of mutual respect, valuing individual rights and recognising the differences of others. Our goal is to create an environment free from discrimination and bias. The Company strictly prohibits all forms of forced labour, including bonded labour, modern slavery, and any form of human trafficking.

Female	76	0	0	76	100	42	0	0	42	100

3. Details of remuneration/salary/wages, in the following format:

a. Median Remuneration/wages

	Male		Female	
	Number	Median remuneration/salary/ wages of respective category	Number	Median remuneration/salary/ wages of respective category
Board of Directors (BoD)	6	-	1	0
Key Managerial Personnel	3	1,16,91,889	0	0
Employees other than BoD and KMP	302	8,16,792	46	5,95,000
Workers	580	8,04,109	0	0

Note: 1) BoD excluding Whole Time Director (WTD) receives only sitting fee and commission, hence median is not calculated.

2) KMP includes Whole Time Director (WTD)

b. Gross wages paid to females as % of total wages paid by the entity, in the following format:

	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
Gross wages paid to females (Gross wages paid to females as % of total wages)	4	3

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes, the Company has formulated a Human Rights Policy which states that the employees can address their complaints or grievances to the Human Resource department or to the Senior Management as per the process mentioned in the Policy of Standards of Business Conduct. No reprisal or retaliatory action will be taken against any employee/ affiliate for raising concerns under this policy. The Investigation Committee formed under Whistle Blower Policy, investigates the reported violations.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

The mechanism works by following the instructions outlined below:

1. The employees/ affiliates address their complaints or grievances or report instances to the Human Resource department/ Senior Management as per the process mentioned in the Policy of Standards of Business Conduct.
2. Investigation Committee formed under Whistle Blower Policy, shall investigate the reported violations. The Committee shall evaluate the violations reported and ensure that the same is addressed and resolved. The Committee may also, in consultation with the Senior Management, provide a suitable remedy.
3. The Company periodically undertakes human rights due diligence process for management and oversight/ monitoring of the policy and identify any shortcomings.

6. Number of Complaints on the following made by employees and workers:

	FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year		
	Filed during the year	Pending Resolution at the end of year	Remarks	Filed during the year	Pending Resolution at the end of year	Remarks
Sexual Harassment	0	0	NA	0	0	NA
Discrimination at workplace	0	0	NA	0	0	NA
Child Labour	0	0	NA	0	0	NA
Forced Labour/Involuntary Labour	0	0	NA	0	0	NA
Wages	0	0	NA	0	0	NA
Other human rights related issues	0	0	NA	0	0	NA

7. Complaints filed under the sexual harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013, in the following format:

	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
i) Total Complaints reported under Sexual Harassment on of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH)	0	0
ii) Complaints on POSH as % of female employees/ workers	0	0
iii) Complaints on POSH upheld	0	0

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

In handling complaints through our grievance redressal mechanism, the company prioritises conducting inquiries peacefully and confidentially to avoid creating any stressful situations. We have established a Grievance Redressal Policy, which includes our Whistleblower Policy, Policy for the Prevention, Prohibition, and Redressal of Sexual Harassment in the Workplace, and Human Rights Policy. This policy mandates that all members of the Grievance Committee, as well as anyone involved in record-keeping and any staff member questioned during the process, must maintain confidentiality at all times. They are required to keep all documentation and information exchanged throughout the process confidential.

We do not tolerate any harsh or insulting behaviour from anyone involved in or conducting grievance proceedings. Such behaviour will be considered misconduct under the organisation's disciplinary policies, and strict actions will be taken against any unethical actions.

9. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes, human rights requirements form part of company's Code of Conduct for Suppliers and Service Providers.

10. Assessments of the year

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	100
Forced/involuntary labour	100
Sexual harassment	100
Discrimination at workplace	100
Wages	100
Others – please specify	100

11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 10 above.

None

Leadership Indicators

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/ complaints.

None

2. Details of the scope and coverage of any Human rights due diligence conducted

Exclusive Human rights due diligence is yet to be conducted. We are planning to take it up in the coming years.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes

4. Details on assessment of value chain partners*:

	% of value chain partners (by value of business done with such partners) that were assessed
Sexual harassment	
Discrimination at workplace	
Child labour	
Forced/involuntary labour	80% of Strategic Suppliers
Wages	
Others – please specify	

*Health & Safety conditions are assessed in periodic audit conducted at supplier's place

5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.

In compliance with Company's Code of Conduct for Suppliers and Service Providers, suppliers are audited and monitored on a variety of sustainability topics. Health and safety topics are given high priority in this operation. The Company has offered its assistance/advise in developing such policies for suppliers who do not have them.

Principle 6: Businesses should respect and make efforts to protect and restore the environment**Essential Indicators****1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:**

Parameter	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
From renewable sources		
Total electricity consumption (A)	92704.885	74548.800
Total fuel consumption (B)	0	0
Energy consumption through other sources (C)	0	0
Total energy consumption (A+B+C)	92704.885	74548.800
From non-renewables sources		
Total electricity consumption (D)	9202.381	31267.501
Total fuel consumption (E)	74884.120	102309.100
Energy consumption through other sources (F)	1069.855	1155.344
Total energy consumption from non-renewables sources (D+E+F)	85156.356	134731.946
Total energy consumption (A+B+C+D+E+F)	177861.250	209280.750
Energy intensity per rupee of turnover in GJ / Crore (Total energy consumed/Revenue from operations)	87.390	93.883
Energy intensity per rupee of adjusted for Purchasing Power Parity (PPP) in GJ / Crore USD (Total energy consumed/Revenue from operation adjusted for PPP)	1805.478	1939.616
Energy intensity in terms of physical output in GJ/Unit*	0.496	0.428
Energy Intensity (Optional)- the relevant metric may be selected by the entity.	-	-

*The physical output intensity has been computed based on the total number of axle and brake units produced during the reporting period

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?

(Y/N) If yes, name of the external agency.

No

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

No.

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
Water withdrawal by source (in kilolitres)		
i) Surface water (Concrete floor & Roof rainwater)	12834	13854
ii) Ground water (Borewell)	95923	45935
(iii) Third party water (AAL Mysore - KIADB)	1741	3990
(iv) Seawater / desalinated water	0	0
(v) Others	0	0
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	110498	63778
Total volume of water consumption (in kilolitres)	171685	120289
Water intensity per rupee of turnover (Total water consumption/Revenue from operations)	84.355	53.961
Water intensity per rupee of turnover adjusted for Purchasing power parity (PPP) (Total water consumption/ Revenue from operations adjusted for PPP)	1742.783	1114.840
Water intensity in terms of Physical output*	0.478	0.246
Water intensity (optional)- the relevant metric may be selected by the entity.		

*The physical output intensity has been computed based on the total number of axle and brake units produced during the reporting period

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?
(Y/N) If yes, name of the external agency.

Yes,

- Ganesh Consultancy & Analytical Services (Ministry of Ecology & Forest Recognised, FSSAI Notified), Aditi R&D Services and Scientific Research laboratory.

- Every three months, KSPCB regional office collects the STP & ETP treated samples for laboratory analysis & confirm.

4. Provide the following details related to water discharged

Parameter	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
Water discharge by destination and level of treatment (in kiloliters)		
(i) To Surface Water	0	0
No Treatment		
With Treatment – please specify level of treatment		
(ii) To Ground water	0	0
No Treatment		
With Treatment – please specify level of treatment		
(iii) To Sea Water	0	0
No Treatment		
With Treatment – please specify level of treatment		
(iv) Sent to third-parties	0	0
No Treatment		
With Treatment – please specify level of treatment		
(v) Others		
No Treatment	-	-
With Treatment – please specify level of treatment*	61185	54622
Total water discharged (in kiloliters)	61185	54622

*After treated water confirming to quality norms, the treated water is used for inhouse gardening as per our Consent For Operation (CFO) terms and Conditions (Primary & Secondary ETP & STP)

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?
(Y/N) If yes, name of the external agency

Yes, the Water Audit is carried out by external authorized competent geology consultant

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Currently with ETP and STP all kinds of effluent and sewage is being treated and reused for onsite gardening.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
NOx	ppm	2047	2959
SOx	ppm	589	704
Particulate matter (PM10)	mg/Nm3	2075	3130
Persistent organic pollutants (POP)	ppm	0	0
Volatile organic compounds (VOC)	mg/Nm3	20	51
Hazardous air pollutants (HAP)	ppm	0	0
Others – please specify (Phosphating - Acid mist)	mg/Nm3	7	9

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?
(Y/N) If yes, name of the external agency.

Yes, only monitoring & analysis is done for the air emissions. i.e. flue gas.

Mysore Location - Ganesh Consultancy & Analytical Services (MoEF Recognized, FSSAI Notified).

Jamshedpur Location - Jharkhand Pollution Control Board Authorised Agency and Biocrat Environmental.

Pantnagar Location – Eko Pro Engineers Pvt. Ltd.

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
Total Scope 1 emissions (Break-up of the GHG into CO₂, CH₄, N₂O, HFCs, PFCs, SF₆, NF₃, if available)	Metric tons of CO ₂ equivalent	4841.998	6595.916
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tons of CO ₂ equivalent	2025.913	6394.506
Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions /Revenue from operations)	Metric tons of CO ₂ equivalent per crore	3.374	5.827
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions /Revenue from operations adjusted for PPP)	Metric tons of CO ₂ equivalent per rupees adjusted for PPP (MT/crore)	69.717	120.395
Total Scope 1 and Scope 2 emission intensity in terms of physical output*	Metric tons of CO ₂ equivalent per unit produced	0.019	0.027
Total Scope 1 and Scope 2 emission intensity (optional)- the relevant metric may be selected by the entity.			

* The physical output intensity has been computed based on the total number of axle and brake units produced during the reporting period

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?
(Y/N) If yes, name of the external agency.
No

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Yes, [Sustainability Key Initiatives](#) to contribute towards reducing carbon footprint and ensuring incorporation of sustainability across all operations, the Company focuses on various initiatives - using Solar Power, modern regenerative combustion technology for all furnaces, recycled water usage for gardening, reduced hazardous waste generation with recycle & recovery & adoption of ecofriendly waste disposal, implementation of scientific tree plantation to reduce atmospheric pollution etc. in its manufacturing operations.

1. Conventional method for CO₂ Emission reduction through Renewable energy usage-Sources of Energy (Solar, Hydel, Wind)
2. Construction of new additional Rainwater Harvesting Storage Pond of capacity 1000 KL to increase in harvested rainwater capacity & reduces freshwater consumption for Achieving & sustaining 60% water positive.
3. Installation of Roof Top wind driven Turbo Ventilators across the plant to ensure adequate general ventilation under the renewal energy use initiative.
4. Year on year trees plantation internally & externally towards greenery enhancement.
5. Pipeline project – Installation of 20KLD capacity ETP with Zero Liquid Discharge (ZLD).
6. Implementation of digital application tool platform for effective monitoring and measurement of overall management of Environmental, Social, and Governance parameters.

9. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
Total Waste generated (in metric tons)		
Plastic waste (A)*	289	327
E-waste (B)	5.0	4.8
Bio-medical waste (C)	0.04	0.02
Construction and demolition waste (D)	0	0
Battery waste (E)	0.54	0
Radioactive waste (F)	0	0
Other Hazardous waste. Haz. Waste from process + Haz. Waste from pollution control equipment's, + Filter bed sand+ Filter bags etc. (G)	Grinding muck, ETP sludge, Paint waste, Phosphating sludge - 344 Used Oil – 3.4 Oily Cotton – 14	Grinding muck, ETP sludge, Paint waste, Phosphating sludge - 252 Used Oil – 1 Oily Cotton – 13
Other Non-hazardous waste generated (H). MS Scrap + Aluminum scrap (Break-up by composition i.e. by materials relevant to the sector)	Liner grinding dust - 110 Cardboard waste - 263 Paper waste – 89 Wood pallets/wood waste- 979 Scrap Metal – 12610	Liner grinding dust - 261 Cardboard waste - 289 Paper waste – 88 Wood pallets/wood waste- 867 Scrap Metal – 12433
Total (A+B + C + D + E + F + G + H)	14707	14536

Parameter	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
Waste intensity per rupee of turnover (Total water consumption/Revenue from operations) (MT/Crores)	7.2261	6.5208
Waste intensity per rupee of turnover adjusted for Purchasing power parity (PPP) (Total water consumption/ Revenue from operations adjusted for PPP) (MT/Crores)	149.2915	134.7198
Waste intensity in terms of Physical output	0.0410	0.030
Waste intensity (optional)- the relevant metric may be selected by the entity.		

For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tons)

Category of waste		
(i) Recycled**	13456	8306
(ii) Re-used**	1581	1705
(iii) Other recovery operations**	1581	1705
Total	16618	11716

For each category of waste generated, total waste disposed by nature of disposal method (in metric tons)

Category of waste^		
(i) Incineration	355	265
(ii) Landfilling	0	0
(iii) Other disposal operations	191	261
Total	546	526

* Cumulative data provided Generation per month

**Recycled- Coolant & Neat Cutting oil (Inhouse reuse), Cardboard, paper, Wood pallets & Scrap Metal (Disposed to external authorized recyclers)

Reused – Coolant & Neat Cutting Oil (Inhouse reused)

Other recovery – Coolant & Neat Cutting Oil (Inhouse recovery)

^ 100% of hazardous waste sent to Pollution Control Board authorized recyclers/agencies.

• Hazardous Wastes (ETP sludge, Phosphate sludge, paint sludge & grinding muck) - Incinerated

• Other Waste (Special waste/Liner dust)- Co-processing

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?

(Y/N) If yes, name of the external agency.

No

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

- Educating & creating Awareness on understanding the standard procedures on transport, storage & disposal of waste.
- Scientific Segregation & collection of waste at generation source with color coded bins.
- Separate storage compartments provision made for different types of hazardous waste generated.
- Hazardous waste is stored in leak proof area as per the standard guidelines and disposed to Pollution Control Board authorized recyclers/agencies.
- All types of other waste is segregated and stored in concreted scrap yard rooved area which is disposed to Pollution Control Board authorized recyclers as per the standard guidelines.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc) where environmental approvals / clearances are required, please specify details in the following format:

S. No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
Not Applicable			

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Not applicable

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

Yes, the Company complies with all applicable environmental laws except as below:

S. No.	Specify the law / regulation / guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any
1	Air (Prevention and Control of Pollution) Act, 1981	Non-compliance with emission control requirements.	NIL	The Company will ensure compliance with the prescribed emission control measures within the stipulated timeframe.

Leadership Indicators

1. Water withdrawal, consumption and discharge in areas of water stress (in kilo liters):

For each facility / plant located in areas of water stress, provide the following information:

- Name of the area - Not applicable
- Nature of operations
- Water withdrawal, consumption and discharge in the following format:

Parameter	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
Water withdrawal by source (in kiloliters)		
(i) Surface water	0	0
(ii) Groundwater	0	0
(iii) Third party water	0	0
(iv) Sent to third-parties	0	0
(v) Others	0	0
Total Volume of water withdrawal (in kiloliters)	0	0
Total Volume of water Consumption (in kiloliters)	0	0

Parameter	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
Water intensity per rupee turnover (water consumed/turnover)	0	0
Water discharge by destination and level of treatment (in kiloliters)		
(i) Into Surface water	0	0
- No Treatment		
- With Treatment – please specify level of treatment		
(ii) Into Groundwater	0	0
- No Treatment		
- With Treatment – please specify level of treatment		
(iii) Into Seawater	0	0
- No Treatment		
- With Treatment – please specify level of treatment		
(iv) Sent to third-parties	0	0
- No Treatment		
- With Treatment – please specify level of treatment		
(v) Others	0	0
- No Treatment		
- With Treatment – please specify level of treatment		
Total Water discharged (in kiloliters)	0	0

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency - Not applicable

2. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2024-25 (Current Financial Year)	FY 2023-24 (Previous Financial Year)
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	*2838	*4450
Total Scope 3 emissions per Rupee of turnover	Metric tonnes of CO ₂ equivalent	0.14	0.19
Total Scope 3 emission intensity (optional)- the relevant metric may be selected by the entity	Metric tonnes of CO ₂ equivalent/ Unit produced	0.008	0.009

*Scope 3 CO₂ emissions from Supply Chain & Employee vehicles

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No

3. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Nil

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

S. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1.	Installation of Dual Media Filter (DMF)	Installed DMF to reuse rainwater for Handwashing purpose at Canteen.	Fresh raw water consumption reduction & Natural resource conservation
2.	Finished Goods packaging – wood packaging eliminated with reusable metal based stillages & pallets	Returnable, Reusable & rigid asset Safe & scientific handling of materials & around 80% of wood consumption reduction for dispatch	- Natural Resource consumption reduction & solid waste generation reduction. 80% elimination of Wooden Pallets Packaging and also improving the transportation quality

S. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
3.	Digitalization	Replacement of Conventional Water Meters to Digital Water meters for all Major Water Consumption sources across the plant.	Process Improvisation
4.	Construction of 1000 KL Rainwater harvesting pond	Construction of Additional 1000 KL Rainwater Harvesting collection and Storage pond.	Fresh raw water consumption reduction & Natural resource conservation
