INDEPENDENT ASSURANCE ON VERIFICATION OF SUSTAINABILITY INFORMATION

Growlity/AR/2425-74

Reporting Period - April 01, 2024 to March 31, 2025

The Management and Board of Directors

Harsha Engineers International Limited.

Sarkhej-Bavla Road, P.O. Changodar, Ahmedabad – 382213

Independent Assurance Report

Growlity, Inc. (hereinafter referred to as "The Service Provider" or "Growlity") have been engaged by Harsha Engineers International Limited. (hereinafter referred to as "The Company") to conduct a limited assurance engagement on the sustainability information presented in the Company's Annual Sustainability Report (hereinafter referred to as "ASR") for the specified reporting period. This critical task involved a thorough examination to verify the accuracy and reliability of the sustainability data disclosed in the report. The sustainability information provided within the report adheres to the comprehensive guidelines set forth by the Global Reporting Initiative's (hereinafter referred to as "GRI") Universal Standards 2021, ensuring that the reported data aligns with globally recognized sustainability reporting frameworks. This engagement by Growlity underscores the Company's commitment to transparency and accountability in its sustainability practices, highlighting its dedication to adhering to international principles for reporting on its Environmental, Social, and Governance (hereinafter referred to as "ESG") initiatives.

Assurance Standard

The verification engagement has been planned and performed in accordance with the verification methodology developed by Growlity, which is based upon the **"AA1000 Assurance Standard (AA1000AS v3)"**.

Scope of Assurance and Methodology

The verification was conducted to provide limited assurance conclusion on select non-financial sustainability disclosures whether the sustainability information the mentioned reporting period and to verify its alignment with reference to GRI Universal Standards 2021. We conducted, on a sample basis, review and verification of data collection / calculation methodology and general review of the logic on inclusion / omission of necessary relevant information / data and this was limited to:

- Onsite and remote verification of data, on a selective test basis, for the following units / locations, through consultations with the site team and ESG committee members of the company:
 1. Changodar Unit 1 (Ahmedabad, Gujarat, India)
 2. Moraiya Unit 2 (Ahmedabad, Gujarat, India)
- Execution of audit trail of claims and data streams, on a selective test basis, to determine the level of accuracy in collection, transcription and aggregation processes followed;
- Review of company's plans, policies and practices, pertaining to their Environmental, Social & Governance Strategy, so as to be able to make comments on the fairness of sustainability reporting or disclosures.
- Review of company's approach towards materiality assessment disclosed in the report to identify relevant issues.
- Review of company's disclosures related to Business Responsibility & Sustainability Reporting (BRSR) Disclosures to SEBI, India for FY 2024-25.

Company's Accountability

The ESG Committee Representative at the company is responsible for preparing the ASR that is free from material misstatement in reference with the GRI and for the information contained therein. This entails specifically choosing and applying suitable methodologies for sustainability reporting, gathering and organizing data, and making well-founded assumptions or estimates as needed. Additionally, these representatives must ensure the implementation of adequate internal controls to facilitate the development of a sustainability report devoid of any significant errors, whether deliberate or accidental. The ESG Committee Representatives at the company are also responsible for preparing the designed report using graphics and relevant and responsible content.

Our Observations

The Company has demonstrated its commitment to sustainable development by reporting its performance on various material topics for FY 2024-2025. The Company has prepared report having sustainability information with reference to GRI Universal

INDEPENDENT ASSURANCE ON VERIFICATION OF SUSTAINABILITY INFORMATION (CONTD.)

Standards 2021. The ASR includes a description of the Company's stakeholder engagement process, materiality assessment and relevant performance disclosures on the identified material topics. There is further scope to strengthen data/information management system to ensure uniform and accurate reporting or disclosures. Areas of further improvement wherever identified have been brought before the attention of the management & ESG Committee representatives of the company. These observations do not affect our conclusion presented in this statement.

Guidelines for Utilization of This Statement

The Company is obligated to replicate the Growlity's Independent Assurance statement along with any attachments in their entirety, ensuring no alterations, deletions, or supplements are made.

This statement is specifically designed to convey the outcomes of the commissioned evaluation to the Company, defining the boundaries of the engagement. It is important to note that Growlity has not taken into account the potential interests of any third parties regarding the chosen sustainability information, this assurance report, or the conclusions drawn by Growlity. Consequently, nothing within the scope of this engagement or statement grants any third-party entities any form of rights or entitlements.

Limitations

The assurance engagement outlined herein does not encompass the following areas:

1. Our assurance does not cover any data or information pertaining to the financial performance of the Company.
2. Our role is strictly limited to providing assurance services as detailed in this letter. We will not undertake any management functions or make decisions on behalf of the Company. It is the responsibility of the Company's management to make all decisions, including those related to the acceptance and implementation of our services.
3. Any data or information that falls outside the specified reporting period is not covered by our assurance scope.
4. Our assurance is limited to the operations and locations explicitly mentioned within the defined Assurance Boundary. Any data or information pertaining to operations outside of this boundary is excluded, unless specifically stated otherwise in this report.
5. The Company's statements expressing opinions, beliefs, aspirations, expectations, or future intentions, as well as assertions related to Intellectual Property rights and competitive matters, are beyond the scope of our assurance.
6. We do not cover the Company's strategy and any related disclosures expressed in the report.
7. Our assurance does not extend to the mapping of the report with any reporting frameworks other than those specified above.

Our Assurance Team and independence:

Our assurance team, comprising of multidisciplinary professionals, has been drawn from our climate change and sustainability network and undertakes similar engagements with a number of significant Indian and international businesses. As an assurance provider, Growlity is required to comply with the independence requirements set out in "**AA1000 Assurance Standard (AA1000AS v3)**". Growlity's independence policies and procedures ensure compliance with this standard.

Conclusion

On the basis of our procedure for this limited assurance, nothing has come to our attention that causes us not to believe that the company has reported on material sustainability issues relevant to its business.
