26.	Overview of the entity's material responsible business conduct issues <i>Please Indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format</i> GSPL management, based on their experience and the industry knowledge, has identified the material issues. Currently, the Company is in the process to give ESG (Environment, Social and Governance) commitment a systematic structure in the form of sustainable practices, policies and targets. GSPL is planning to develop a system to regularly review the material issues in the event of significant changes to the internal or external environment that may have an impact on long-term, sustainable growth.				
Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Occupational health, Safety and wellbeing	Risk	Employees are an important resource at GSPL. Because of the nature of the operations, staff health and safety are critical. Health, safety and wellbeing is ensured by means of evaluation and oversight of health and safety risks throughout the operations.	GSPL has a comprehensive QHSE policy	Negative
2	Carbon Emissions	Opportunity	In contrast to the burning of coal and oil, natural gas combustion emits significantly fewer pollutants and GHGs per unit of energy. Technologies and regulations are in place to reduce carbon emissions caused by natural gas leaks, allowing for the complete realization of natural gas potential climate benefits. As a result, GSPL has a great chance as it increases operations to provide natural gas, a fuel that is friendly to the environment.	NA	Positive
3	Human Rights	Risk	Human rights have been cited as one of the priorities by our employees, communities, and investors. Our commitment to advancing a fair and equitable culture and respect for human rights throughout the business is a crucial part of realising our strategy and overarching purpose. Any violation of the human rights code will result in disciplinary action. Furthermore, it could impact our image and our capacity to draw talent.	- The Company's commitment to human rights is manifested in all of the Company's views, decisions, and actions. We respect and uphold human rights in all facets of our business processes and value chain. - By abstaining from child labour and forced labour, avoiding human trafficking, and banning harassment and discrimination, we respect the rights of our workers. - We make sure that workers receive pay that is competitive within that job market and meets or exceeds the legal minimum. - We strive to put policies and practices in place to support workplace diversity. - Instruction on the standards for human rights set forth in GSPL's Human Rights Policy.	Negative

4	Product Safety	Risk	The natural gas business is becoming a safer place to work despite a working environment that frequently includes large machinery, pipeline infrastructure, and high-pressure gas. GSPL makes sure that its products are of proper quality and safety in order to avoid any health risks or natural disasters.	The company has deployed innovative technology which are in line with Pipeline Integrity Management System continuous maintenance process to improve the safety of operational circumstances.	Negative
5	Community Development	Opportunity	GSPL has developed its CSR Policy, demonstrating its efforts towards Social Development. GSPL Community Development initiative focuses on Health Care, Environment Sustainability and Conservation of Natural resources. GSPL encourages the communities where it works to become independent and self-sufficient in order to grow responsibly.	NA	Positive
6	Training and Development	Opportunity	By giving GSPL's employees the required technical and behavioural skills, regular trainings help the company improving the quality of services and readiness for advancements in the future.	NA	Positive
7	Energy & Climate Change	Risk	We use energy because of the way in which our business processes, logistics, and transportation methods have been established. Lower operating expenses may be achieved through effective energy management efforts. For this reason, we search for new innovations in renewable energy production. Our revenues may be impacted if this has an impact on the overall market value of the goods in the restricted geographic areas.	Due to the growing risks caused by climate change and resource scarcity, we are on the path to a low carbon economy. Our strategies for mitigating these risks include: • Power generation through wind projects in Gujarat. • The Company has taken various initiatives and will continue these initiatives during FY2025-26 for conservation of energy, same are mentioned below ; - Company has initiated a drive to start paperless communication with its customers & suppliers. - Solar based lighting system is installed at various locations - Implemented water harvesting at few terminals of Gas grid - Procurement of energy efficient equipment and devices in order to reduce energy consumption.	Negative

PRINCIPLE 2: Businesses should provide goods and services in a manner that is sustainable and safe						
<i>The Second Principle is primarily concerned with production & consumption of resources. Manufacturing and consumption of resources are at the center of the second principle. It focuses on safeguarding natural resources by the practice of responsible consumption and producing goods that have a minimal negative impact on the environment and society over their entire life cycles.</i>						
Customers are increasingly preferring responsible brands and organizations. Responsibility and sustainability are incorporated into GSPL's business.						
GSPL is a company which is into the business of transmission of natural gas, natural gas is a fuel that has low environmental implications and emits less carbon than other fuels. GSPL is willing to support local vendors, vulnerable & marginalized groups, and other supply chain partners who can assist in achieving our strategic goals and long-term sustainable aims, doing so would boost the economy as a whole.						
GSPL Plans, designs, constructs, operates and maintains Natural Gas pipeline and associated facilities as per latest codes, standards, applicable regulatory and statutory requirements and follow best design and operating practices in a way that mitigates and minimizes risks and hazards. In addition, promoting natural gas has sustainable environmental advantages over other energy sources due to lower emissions.						
Essential Indicators						
1.	Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	Capex	Nil	Nil	NA		
2.	a. Does the entity have procedures in place for sustainable sourcing? (Yes/No) b. If yes, what percentage of inputs were sourced sustainably? GSPL has a procurement policy/guideline for all its contractors and suppliers intending to engage with the Company. The Company follows an online vendor enlistment process to provide open access to all aspirant vendors. The Company has developed a detailed Standard Operating Procedure (SOP) for vendor selection which sets stringent process and procedures to be followed before onboarding the supplier/vendor. The business encourages its partners to adhere to social and environmental standards like ISO 14001 and ISO 45001. The company has a business responsibility policy for all value chain partners covering aspects of health, safety and human rights for sustainable sourcing. The company has a transparent process of procurement through E- tenders which has resulted in reduction of use of paper along with transparency. The company has sourced directly from within India approx. 99.98% during the FY 2024-25.					
3.	Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste. Product reusing, recycling and disposing at end of life is not relevant for this sector. The company is in the business of transmission of natural gas to demand centers. However, GSPL has a well-established process of waste management which includes identification, collection, segregation & disposal as applicable for waste generated during project & operational activities of the organisation which includes plastic waste, e-waste, hazardous waste etc.					
4.	Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same. Extended Produces Responsibility (EPR) is not applicable to the company because of the nature of its product and service offerings.					
Leadership Indicators						
1.	Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?					
	NIC Code	Name of product/ service	% of total turnover contributed	Boundary for which the life cycle perspective/ assessment was conducted	Whether conducted by an independent external agency (Yes/No)	Results communicated in public domain (Yes/No) if yes provide weblink
	Life cycle assessment for any of the products has not been currently performed by GSPL.					
2.	If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.					
	Name of product/ Service		Description of the risk/ concern		Action Taken	
	Since, Life cycle assessment has not been currently performed by GSPL, there are no significant social or environmental concerns and/or risks arising from production or disposal of products/services have been identified.					

3.	Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).		
	Indicate Input Material	Recycled or re-used input material to total material	
		FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
	Not applicable. Since the company is involved in the transportation of natural gas through pipeline. Natural gas is input from source and no recycled or reused input material can be considered for the company.		

4.	Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:					
	FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year		
	Re- used	Recycled	Safely Disposed	Re- used	Recycled	Safely Disposed
Plastics (including packaging)	-	-	0.630	-	-	0.760

- Oil Barrels	-	-	40 Nos. of Containers	-	-	40 Nos. of Containers
Other Waste	-	-	38 (Metal)	-	-	77 (Metal + Cable)

5.	Reclaimed products and their packaging materials (as percentage of products sold) for each product category.		
<table border="1"> <tr> <th>Indicate Product Category</th><th>Reclaimed products and their packaging materials as % of total products sold in respective category</th></tr> </table>		Indicate Product Category	Reclaimed products and their packaging materials as % of total products sold in respective category
Indicate Product Category	Reclaimed products and their packaging materials as % of total products sold in respective category		
The company is in the business of transmission of natural gas to demand centers. Products and packaging materials cannot be reused, recycled and disposed. Given the nature of the business, the Company has limited scope regarding these criteria, although it is aware that environmentally responsible waste management is urgently needed. The Company encourages reuse and recycling whenever possible and keeps an eye on progress in order to meet these objectives			

PRINCIPLE 3: Businesses should respect and promote the well-being of all employees, including those in their value chains

This principle emphasizes the equality, dignity, and standard of living of both internal employees and external value chain partners. Entities are required to follow all legal and regulatory requirements and to give all employees an equal chance to succeed.

GSPL places emphasis on employee growth and well-being. Company's purpose in safety is driven by deep care for the people and value chain partners, through its QHSE policy.

Employees are an organization's most valuable resource since they not only serve as a link between the business and its customers, but they also make a significant contribution to the business' overall performance. GSPL places a strong emphasis on inclusiveness, diversity, employee and worker health and wellbeing, as well as ongoing learning and development. Concerns can be reported by employees from any part of the organization, and owing to the Company's redressal systems, problems can be resolved promptly.

Leadership Indicators				
1.	Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board. GSPL has established a CSR Committee at board level. This Committee is responsible for implementation of BRSR requirements. Continuous stakeholder engagement, along with an in-depth CSR committee review, assists the organization in aligning its business with ESG, allowing it to better serve its stakeholders. GSPL understands the value of active involvement with its stakeholders in satisfying their requirements and building stakeholder trust. ESG issues are discussed at these sessions, and stakeholders are made aware of sustainability concerns. The Company intends to place a greater emphasis on ESG issues in such meetings.			
2.	Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity. For the purpose of identifying material topics, the company's management has identified the material topics based on their experience and industry practice, and management is thinking about seeking input from other stakeholders in the future to determine material business issues.			
3.	Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups. The concerns of the vulnerable/ marginalized stakeholders' groups are mainly addressed over various parameters during Financial Years 2022-23, 2023-24 & 2024-25 such as: - Promoting Healthcare. - Environment Sustainability & Conservation of Natural Resources. - Eradicating Hunger, Poverty and Malnutrition from society. - Promoting Education Link given below for the Corporate and Social Responsibilities initiatives by the Company. https://gspcgroup.com/GSPL/csr			

	As per guidelines of MoEF&CC, environment clearance is obtained for gas grid set up. As part of procedure of clearance; Public Consultation/Hearing involving various stakeholders is conducted at district level. GSPL ensures engagement with community and all the compliances with relevant legal requirements.										
PRINCIPLE 5: Businesses should respect and promote human rights											
<i>The core belief of this principle is based on the idea that every human being has inherent rights that cannot be compromised in any way for the benefit of business. According to the UN Guiding Principles on Business and Human Rights, businesses are also held accountable for any violations of human rights and must take reasonable measures to prevent such violations from occurring as a result of their operations. Business must ensure that human rights are followed in the same spirit within as well as outside the organisation when engaging with business partners.</i> GSPL strives to preserve and promote human rights in its activities, commercial relationships, and collaborations. The Company has prioritized the following human rights issues and is committed to address them throughout its operations. Discrimination, fair wages, forced labour, harassment, healthy and safe working conditions are the top priorities. GSPL is committed for providing good working conditions where the company operates, as well as protecting the human rights of all of our stakeholders. GSPL is dedicated for continuous improvement and initiatives are taken to properly integrate human rights into its operations.

	Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.			
	No such independent assessment/evaluation/assurance being carried out by an external agency.			
8.	Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.			
	Reduction of Natural Gas emission in Operational & Maintenance Activities:			
	Terminals of GSPL are provided with Gas leak monitoring device. At any unforeseen event of gas leakage, immediate mitigative action can be taken to isolate the leakage source.			
	GSPL strives to lower the emissions of natural gas from its operations, either as part of a planned release or because of an unexpected release.			
	Dial Before Dig Campaign			
	GSPL educates and influences stakeholders such as local municipal authorities, other utilities, their contractors, and their field staff (including heavy machinery like JCB, HDD operators, and so on) who undertake digging and horizontal directional drilling (HDD) activities as part of their laying or construction activity through this campaign. The campaign aims to raise awareness of the safety and environmental risks of natural gas release into the atmosphere as a result of damage to GSPL's natural gas pipeline network during digging and HDD operations. Third parties are urged to contact GSPL to confirm the location before beginning any digging / excavation / HDD activities to avoid causing damage to the natural gas pipeline network.			

9.	Provide details related to waste management by the entity, in the following format:

5.	Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link. A third party appointed by the PNGRB evaluated the GSPL ERDMP. ERDMP is duly accredited by third party agency 'SEVA'. It has been certified in accordance with the specifications of PNGRB Notification GSR 39(E) and the amendments to the ERDMP Regulations from 2010 and 2020. According to the requirements of the regulations, several mock drills are undertaken. ERDMP proposes emergency response strategies that are in line with the best practices widely accepted around the world for managing a variety of predicted emergency scenarios at various points along the pipeline network.																		
6.	Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation adaptation measures have been taken by the entity in this regard. No Significant Adverse Impact have been observed.																		
7.	Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts. GSPL has established SOP on Contractor Performance Assessment. The objective is to monitor the performance of Contractors / Service providers in terms of compliance with all applicable GSPL policies, processes, standards, procedures, guidelines, and other Contractual obligations related to Project/task delivery & HSE.																		
8.	How many green credits have been generated or procured: (a) By the listed entity - Nil (b) By the top ten (in terms of value of purchases and sales, respectively) value chain partners - Not applicable.																		
	PRINCIPLE 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent																		
	This principle states that it is an organization's responsibility to be honest and responsible when advocating for any public policy. As a government company, GSPL participates in public policy advocacy and ensures that its policy advocacy stances encourage fair competition, business growth, and human rights respect.																		
	Essential Indicators																		
1.	a. Number of affiliations with trade and industry chambers/ associations. No formal affiliation with trade and industry chambers/ associations. b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such a body) the entity is a member of/ affiliated to.																		

Sr.No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)			
Not applicable, as GSPL is not associated with any of trade & chambers association. Though as and when opportunity arises, senior management engages in various discussion with these associations and chambers through its programs/ conferences.					
2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities.					
Name of authority		Brief of the case		Corrective action taken

**PRINCIPLE 8: Businesses should promote inclusive growth and equitable development**

This principle urges businesses to focus their efforts on the well-being of disadvantaged, vulnerable, and marginalized communities. GSPL seeks to resolve the imbalance caused by unequal distribution of economic resources in society as a result of fast globalisation and technological innovation, which contributes to economic and social instability.

Essential Indicators**1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.**

Name and brief details of project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes/No)	Relevant Web link
-----------------------------------	----------------------	----------------------	---	--	-------------------

GSPL did not undertake SIA (Social Impact Assessment) in the current financial year as it was not mandated by the law. However, the Company has implemented CSR activities and undertaken Impact Assessment of CSR Projects, information about which is included in the board report and which you can view by visiting the link below.

<https://gspcgroup.com/GSPL/csr>

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following for

Sr.No.	Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R	Amounts paid to PAFs in the FY (In INR)
--------	--	-------	----------	---	--------------------------	---

GSPL is acquiring Right of Use (RoU) on land on temporary basis only and thus not changing any land use pattern. Pipeline laying activities in particular land area will be limited to only few days and the soil will be reinstated near to its original condition after laying of pipeline hence the effected landowners can resume their cultivation activities as before. So, the project impact is temporary in nature and reversible. In addition to that, pipeline alignment is planned away from any village or settlement thus Rehabilitation and Resettlement issues does not arise.

3. Describe the mechanisms to receive and redress grievances of the community.

There is no such grievances received from the community, however if any individual raises the grievance or concern regarding any land/compensation issue then in such cases, grievance or concern is looked upon by the independent body appointed by the State govt., referred as "Competent Authority". Competent Authority redress the grievance received (if any) as per Act & Law.

If a person expresses a complaint or concern about a land or compensation issue, the complaint or concern is then reviewed by the competent authority i.e., an independent body that has been nominated by the state government. The competent authority resolves the complaint (if any) in accordance with the law and the Act.

Consumers are offered a multichannel experience for submitting complaints through Government portals such as Integrated Grievance Redressal Mechanism (INGRAM), Centralized Public Grievance Redress and Monitoring System (CPGRAM), State Wide Attention on Grievances through Application of Technology (SWAGAT).

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
Directly sourced from MSMEs/ small producers	26.52 %	10.82 %
Directly from within India	99.98 %	99.92 %

5. Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non – permanent / on contract basis) in the following locations, as % of total wage cost

Location	FY 2024-25 Current Financial Year	FY 2023-24 Previous Financial Year
Rural	0	0
Semi-urban	9	9
Urban	91	91
Metropolitan	0	0

(Place to be categorized as per RBI Classification System - rural / semi-urban / urban / metropolitan)

Leadership Indicators				
1.	Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):			
	Details of negative social impact identified		Corrective action taken	
	The pipeline route will not have any negative impact in this area, it is 1 to 1.2 meter underground buried pipeline. Instead the proposed activities would enhance employment opportunities through contractors for the local people during construction phase. The project will provide cleaner fuel stock for the industries in region, and is environment friendly fuel. After Pipeline laying activities, soil will be restored near to its original condition. In addition, Natural gas has sustainable environmental advantages over other energy sources due to lower emissions. As mentioned in Essential Indicator Q1, Social Impact Assessment is not undertaken by GSPL, and no such concerns are raised by the community through the means available to them to report their concerns caused due to any CSR activities initiated by the company.			
2.	Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:

**PRINCIPLE 9: Businesses should engage with and provide value to their consumers in a responsible manner**

This Principle refers to the idea that the fundamental goal of an organization is to attract the customers by supplying high-quality services to customers and keeping them satisfied.

GSPL is aware of its commitment to meet the needs of customers through providing services that are of the highest quality. The GSPL has a mechanism in place for engaging with clients / customers so they can raise their problems or provide recommendations.

Essential Indicators

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

- GSPL Customers and Community of Gujarat State Petronet Limited (GSPL) can register their complaints or log their feedback and suggestions with respect to services provided by GSPL in its areas of operations using various modes of communication. Response and resolution to the same is provided in accordance with SoPs/ Guidelines established by the company. The weblink is provided below.
https://gspcgroup.com/documents/pagecontent/Customer_Care_and_Consumer_Grievance_Mechanism.pdf

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

	As a percentage to total turnover
Environmental and social parameters relevant to the product	NA
Safe and responsible usage	NA
Recycling and/or safe disposal	NA

GSPL deals primarily with Natural gas transportation through pipelines, hence product information & labelling is not applicable to its service portfolio. However, GSPL complies with all laws applicable to product (gas) transmission as stipulated by Petroleum & Natural Gas Regulatory Board (PNGRB).

GSPL educates its customers on environmental parameters and for safe and responsible usage of gas.

Information related to Environmental impact, safe and responsible usage of service [in our case, product i.e. Natural Gas for which transportation services are provided] is displayed on GSPL's Natural Gas Pipeline network/facilities. This information is in line with international & national regulations/ guidelines (ASME, OISD, PNGRB etc.). Hence the turnover percentage is hundred percent.

3. Number of consumer complaints in respect of the following:

	FY 2024-25 Current Financial Year			FY 2023-24 Previous Financial Year		
	Received during the year	Pending resolution at end of year	Remarks	Received during the year	Pending resolution at end of year	Remarks
Data privacy	NIL	NIL	NA	NIL	NIL	NA
Advertising	NIL	NIL	NA	NIL	NIL	NA
Cyber-security	NIL	NIL	NA	NIL	NIL	NA
Delivery of essential services	NIL	NIL	NA	NIL	NIL	NA
Restrictive Trade Practices	NIL	NIL	NA	NIL	NIL	NA
Unfair Trade Practices	NIL	NIL	NA	NIL	NIL	NA
Other (Consumer Complaints)	13	NIL	NA	16	NIL	NA

Operational/Technical complaints are recorded manually in the complaint book (Log book) of Master Control Room. Sixteen Complaint in other category was filed and timely resolved in FY 2023-24. In FY 2024-25, Thirteen (13) complaints have been received and timely resolved.

4.	Details of instances of product recalls on account of safety issues:		
		Number	Reasons for recall
	Voluntary recalls	Natural Gas is transmitted by GSPL via pipelines; the gas is either used by the end customer or remains in the pipeline until it is consumed. Owing to nature of the commodity i.e. natural gas it is not possible to recall the product.	
	Forced recalls		
5.	Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.		
	Yes, an information security policy has been put into place for providing assistance in managing the information security of the data that is shared with GSPL network. It specifies the suitable steps the Company will take to enable a secure and dependable flow of information, both internally and externally.		
	Refer Link:		
	Data Privacy and Cyber Security Policy:		
	https://gspcgroup.com/documents/pagecontent/Data_Privacy_and_Cyber_Security_Policy.pdf		
6.	Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.		
	In order to ensure the delivery of essential services, GSPL conducted its business activities responsibly. Throughout the year, no non-compliance regarding product safety was observed. In order to prevent the risk of cyberattacks, data breaches, and other digital threats, GSPL kept an emphasis on cyber security & data privacy of consumers.		
7.	Provide the following information relating to data breaches:		
	a. Number of instances of data breaches		
	The company has not recorded any known incidents of security that caused data breaches affecting interest of any of the stakeholders. Robust information security and data privacy policies are in place. At every level of business operations, GSPL considers concerns regarding data security.		
	b. Percentage of data breaches involving personally identifiable information of customers		
	GSPL manages customers personal information with the utmost security and care and ensures that data is used only for legitimate business purpose and No such instances of data breach are identified during the year.		
	c. Impact, if any, of the data breaches		
	No data breach for the current year.		

Leadership Indicators	
1.	Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available). GSPL's Corporate Website: https://gspcgroup.com/GSPL
2.	Steps taken to inform and educate consumers about safe and responsible usage of products and/or services. GSPL is into the business of natural gas transmission through pipelines. The pipeline grid has been designed as per the highest international standards which are complying with the safety requirements. The Company has deployed new technologies which are in line with Pipeline Integrity Management Systems. Since the Company's products are directly supplied through its transmission network to the aforementioned customers, who either distribute the products to other customers or use them themselves, GSPL has limited possibilities to inform and educate the end user about the safe and responsible usage of its products. The Contract with customers has specific Information with regards to safe & responsible usage of products. Customers are educated by GSPL on how to use natural gas safely and responsibly at the time of commissioning of the project. Information about environmental effect, safe, and responsible service use is displayed on the GSPL Natural Gas Pipeline network and facilities.
3.	Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services. The contract with customers contains clauses which abide GSPL to intimate the customers in advance in case of any interruptions/disruption or discontinuations of the services. The Company also has an Emergency Response and Disaster Management Plan (ERDMP) in place to deal with emergencies that could disrupt or stop providing key services, such as natural gas transmission. The Company's ERDMP is in line with PNGRB (Petroleum & Natural Gas Regulatory Board)) Regulations which are specifically laid down for, inter alia, - The identification of emergencies - The mitigating measures that aim to lessen and eliminate the risk of disaster; - The preparedness that to develop plans for actions when disaster or emergencies occur. - The responses that mobilize the necessary emergency services including responders (primary, secondary and tertiary) like fire service, police service, medical service including ambulance, government as well as non-governmental agencies. - The post-disaster recovery with aim to restore the affected area to its original conditions. The Quarterly incident reports is submitted to PNGRB on regular basis.
4.	Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No) Yes, the company carries out survey related to consumer satisfaction & the same is reiterated below: - ▶ GSPL promises to its stakeholders and business associates for a sustainable business approach and in this regard, it has developed a "Responsible Business Policy" which is shared to all our stakeholders and business associates. This document mentions about a Feedback mechanism for customers with a stringent process in case of any grievance. The weblink is herewith: https://gspcgroup.com/documents/pagecontent/Policy_on_Responsible_Busines_GSPL.pdf ▶ GSPL has a Standard Operating Procedure (SOP) on handling customer complaints. Customers evaluate performance of GSPL on various parameters on annual basis. Customer can also give any suggestion / recommendation / complaints related to any matters within or outside the survey parameters. Customer views are reviewed internally and further action is implemented. ▶ GSPL cares for its customers and always takes feedback from them to improve its services and systems. The Company provides its customers with feedback form to assess customer satisfaction on technical and operational aspects.
