Business Responsibility & Sustainability Report

SECTION A: GENERAL DISCLOSURES

I. Details of the listed entity

1	Corporate Identity Number (CIN) of the Company	L34101PN1961PLC015735
2	Name of the Company	GABRIEL INDIA LIMITED
3	Year of Incorporation	1961
4	Registered office address	29th Milestone, Pune-Nashik Highway, Village Kuruli, Taluka Khed, Pune – 410501
5	Corporate office address	29th Milestone, Pune-Nashik Highway, Village Kuruli, Taluka Khed, Pune – 410501
6	E-mail id	secretarial@gabriel.co.in
7	Telephone	2135670161
8	Website	https://www.anandgroupindia.com/gabrielindia
9	Financial year for which reporting is being done	2024-25
10	Name of the Stock Exchange(s) where shares are listed	National Stock Exchange (NSE) and Bombay Stock Exchange (BSE)
11	Paid-up capital	₹ 14,36,43,940
12	Name and contact details of the person who may be contacted in case of any queries on the BRSR report	Rishi Luharuka Chief Financial Officer 29th Milestone, Pune-Nashik Highway, Taluka Khed, Village Kuruli, Distt. Pune 410 501 Maharashtra India Email: secretarial@gabriel.co.in Contact: 02135-610714
13	Reporting Boundary	Standalone basis
14	Name of assurance provider	Not applicable as Gabriel India does not fall among the top 250 companies as per market capitalisation as of March 31, 2025.
15	Type of assurance obtained	

II. Products/services

16. Details of business activities (accounting for 90% of the turnover):

S. No	Description of main activity	Description of business activity	% of turnover
1	Manufacturing	Manufacture of Shock absorbers, Struts and Front forks	96.81%
2	Trading	Trading of Automobile components	1.41%

17. Products/services sold by the entity (accounting for 90% of the entity's turnover):

S. No.	Product/Service	NIC Code	% of total turnover contributed
1	Shock absorbers, Struts & Front forks	29301	96.81%

Business Responsibility & Sustainability Report (Contd.)

III. Operations

18. Number of locations where plants and/or operations/offices of the entity are situated

Location	Number of plants	Number of offices	Total
National	10	1	11
International	0	1	1

19. Markets served by the entity

a. Number of locations

Locations	Number
National (No. of states)	29
International (No. of countries)	28

b. What is the contribution of exports as a percentage of the total turnover of the entity?

3%

c. A brief on types of customers

Gabriel India has strategically expanded its production capacity and diversified its product range through dedicated Strategic Business Units (SBUs), enhancing its responsiveness to customer demands. With a customer-centric approach, the Company operates four SBUs: Two and Three-wheelers, Passenger Cars, Commercial Vehicles and Railways, and Aftermarket. Each SBU focuses on bespoke product development to meet specific customer needs.

Under the leadership of a committed Chief Operating Officer (COO), Gabriel India promotes responsible manufacturing, collaborative product development, and innovative solutions.

The Company has forged partnerships with numerous Original Equipment Manufacturers (OEMs) across segments such as Two and Three-wheelers, Passenger Cars, Commercial Vehicles, and Railways, mitigating industry risks effectively. Furthermore, Gabriel India is actively expanding its presence in exports and the aftermarket to strengthen its market penetration.

IV. Employees

20. Details as on March 31, 2025

a. Employees and workers (including differently abled)

S. No.	Particulars	Total (A)	Male		Female	
			No. (B)	% (B/A)	No. (C)	% (C/A)
EMPLOYEES						
1	Permanent (D)	747	665	89.02%	82	10.98%
2	Other than Permanent (E)	40	35	87.50%	5	12.50%
3	Total employees (D+E)	787	700	88.95%	87	11.05%
WORKERS						
1	Permanent (F)	2,413	1,972	81.72%	441	18.28%
2	Other than Permanent (G)	1,711	1,630	95.27%	81	4.37%
3	Total workers (F+G)	4,124	3,602	87.34%	522	12.66%

Note: Apprentices included under NAPS have not been considered in the list. Numbers of NAPS as on March 31, 2024 were 256 while on March 31, 2025, the total number under NAPS was 298.

Business Responsibility & Sustainability Report (Contd.)
b. Differently abled employees and workers

S. No.	Particulars	Total (A)	Male		Female	
			No. (B)	% (B/A)	No. (C)	% (C/A)
DIFFERENTLY ABLED EMPLOYEES						
1	Permanent (D)	Nil	Nil	Nil	Nil	Nil
2	Other than Permanent (E)	Nil	Nil	Nil	Nil	Nil
3	Total differently abled employees (D+E)	Nil	Nil	Nil	Nil	Nil
DIFFERENTLY ABLED WORKERS						
1	Permanent (F)	11	9	81.82%	2	18.18%
2	Other than Permanent (G)	5	5	100%	Nil	Nil
3	Total differently abled workers (F+G)	16	14	87.50%	2	12.50%

21. Participation/inclusion/representation of women

	Total (A)	No. and percentage of females	
		No. (B)	% (B/A)
Board of Directors	6	3	50.00%
Key Management Personnel	3	Nil	Nil

22. Turnover rate for permanent employees and workers

	FY 2024-25			FY 2023-24			FY 2022-23		
	Male	Female	Total	Male	Female	Total	Male	Female	Total
Permanent Employees	18.03	20.78	18.32	24.46	26.32	24.66	23.15	22.52	23.08
Permanent Workers	45.21	45.00	45.16	50.15	50.83	50.29	43.55	62.92	47.38

V. Holding, subsidiary and associate companies (including joint ventures)
23. a. Names of holding / subsidiary / associate companies / joint ventures:

S. No.	Name of Holding/ Subsidiary/Associate Companies/Joint Venture (A)	Indicate whether Holding/ Subsidiary/ Associate/Joint Venture	% Of shares held by listed entity	Does the entity indicated in column A, participate in the Business Responsibility initiatives of listed entity? (Yes/No)
1	Asia Investments Private Limited	Holding	52.64%	No
2	Inalfa Gabriel Sunroof Systems Private Limited	Subsidiary	100.00%	No
3	Gabriel Europe Engineering Centre	Subsidiary	100.00%	No

VI. CSR Details
24 i. Whether CSR is applicable as per section 135 of Companies Act, 2013: Yes
ii. Turnover (in ₹) 36,432,897,364

iii. Net worth (in ₹) 11,567,486,912

Business Responsibility & Sustainability Report (Contd.)

VII. Transparency and Disclosures Compliances

25. Complaints/grievances on any of the principles (Principles 1 to 9) under the National Guidelines on Responsible Business Conduct (NGRBC)

Stakeholder group from whom complaint is received	Grievance Redressal Mechanism in Place (Yes/No)	FY 2024-25			FY 2023-24		
		Number of complaints filed during the year	Number of complaints pending resolution at close of the year	Remarks	Number of complaints filed during the year	Number of complaints pending resolution at close of the year	Remarks
Communities	The ESG feedback register is accessible at the facility entrance. Business Responsibility & Sustainability Report (Contd.)

26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk, as per the following format:

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Investment in Clean Technology	Opportunity	Clean technology investments demonstrate Gabriel India's commitment to sustainability and reduction in carbon footprint. They contribute to building a positive reputation and enhancing the brand image. Cleaner technology will lead to improved resource management resulting in enhanced profitability.	Not applicable	Positive
		Risk	Failure to invest in clean technology will increase the carbon footprint of the Company. Additionally, not achieving carbon reduction targets may lead to loss of business as an increasing number of customers are setting sustainability expectations for their suppliers.	The Company evaluates the carbon footprint of new machinery and processes during the procurement phase. This approach prioritises the adoption of energy-efficient technologies and emphasises the sourcing of green energy, wherever feasible. In addition, Gabriel India implements several strategies during the manufacturing process which are specifically designed to invest in clean technology such as reduction of waste, conservation of energy, improvement of resource efficiency etc.	Negative
2	Water Stewardship	Opportunity	Gabriel India's plants are significantly water intensive. Water stewardship is increasingly becoming a focus area for stakeholders, including customers, investors, and communities. Embracing sustainable water practices contributes to achieving global targets related to water security, conservation, and equitable access to water resources.	Not applicable	Positive

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
		Risk	Water is a critical resource in manufacturing; used extensively in product-cooling, cleaning, and processing. Failure to implement water stewardship may result in the depletion of community water resources, potentially causing shortages in operational areas and tarnishing the Company's reputation	The Company is aware of the intensive use of water in manufacturing process. With growing environmental concerns and stricter regulations, conserving water has become not just an ecological responsibility but a business necessity. We understand that reducing water usage can lead to significant cost savings, improved operational efficiency, and a better public image for the Company. Key steps for implementing an effective water stewardship programme that are followed by Gabriel India include: - Setting specific, measurable water reduction goals - Identification and prioritisation of water-saving opportunities. - Implementation of water-efficient technologies and practices such as implementing closed loop systems within the facility and optimising water use in existing processes. - Regular monitoring and reporting on water usage	Negative
3	Waste Management	Opportunity	Waste management presents an opportunity for the Company to improve resource efficiency. The Company is already implementing waste reduction, reuse and recycling practices, which provide Gabriel India with the opportunity for resource conservation and reduce environmental impact. By generating less waste, the associated emissions from waste disposal, including landfill emissions and incineration are being reduced.	Not applicable	Positive

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
		Risk	The absence of waste management through reuse, recycling, and reduction will impact profitability, as it necessitates the use of new virgin materials for each product manufactured.	The Company adopts key strategies that emphasises waste reduction in manufacturing processes and promotes the reuse and recycling of packaging materials. These include: - Efficient Material Usage: Investment in advanced machinery and promotion of recycling to conserve resources, decreasing the need for raw materials, and managing waste effectively such as elimination of corrugated cardboard boxes and plastics. - Leveraging technology and automation to monitor production processes in real time, identification of inefficiencies, and minimisation of waste generation.	Negative
4	Energy and Emissions Management	Opportunity	Managing energy consumption and reducing greenhouse gas emissions is crucial for addressing climate change and is of utmost priority for Gabriel India. Implementing energy-efficient technologies, equipment, and processes can reduce energy consumption and, consequently, Scope 1 emissions. By utilising renewable energy for electricity, the Company directly reduces its Scope 2 emissions.	Not applicable	Positive
		Risk	Inadequate energy management could impact profitability, while failure to manage emissions may result in non-compliance with customers' carbon reduction expectations, potentially leading to business loss.	The Company has an approach of evaluating the energy efficiency & GHG emissions of the new machines/ processes being procured while optimising the energy consumption in the existing processes/ machine along with sourcing of cost-effective green energy. In addition , to mitigate risks that can arise due to Energy and Emission compliance norms, strategies being implemented by Gabriel India include: - Process Optimisation and Automation - Regular Maintenance and Calibration - Improved Lighting and Facility Design. Establishment of proper insulation and ventilation systems have reduced the need for excessive heating and cooling, contributing to overall energy savings.	Negative

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
5	Sustainable Products and Services	Opportunity	Embracing sustainability and offering sustainable products and services enhances a Company's reputation and brand image. Gabriel India's focus on sustainability attracts loyal customers, strengthens brand loyalty, and improves long-term customer relationships. Sustainable product design can incorporate elements that facilitate the disassembly and recycling of products at the end of their life. This includes using materials that are easily recyclable, reducing the use of hazardous substances, and ensuring proper labelling and identification for recycling purposes.	Not applicable	Positive
		Risk	Neglecting to design and deliver sustainable products could result in losing business, as customer expectations increasingly favour products that are recyclable and have minimal environmental impact	The Company proactively aligns its product development strategies with evolving customer expectations by prioritising the use of recyclable and environment friendly materials.	Negative
6	Environmental Risk Management	Risk	As environmental regulations continue to tighten, inadequate environmental risk management could result in non-compliance, leading to legal consequences, financial penalties, and damage to the Company's reputation.	To mitigate environmental risks, the Company has in place a clearly articulated risk management framework, which enables the Company to identify, assess, categorise, address and mitigate all relevant risks through a well-formulated process with defined roles and responsibilities assigned at every stage. It is structured to ensure continuous mapping and categorisation of the risks, regular monitoring, tracking, review and mitigation through a well-laid-out governance and process framework.	Negative
7	Responsible Procurement	Opportunity	By prioritising suppliers that align with ethical, social, and environmental standards, the Company can mitigate supply chain risks, reduce its environmental impact, support sustainable development goals, foster innovation, and meet the expectations of stakeholders. Responsible procurement strengthens the overall sustainability and reputation of the Company.	Not applicable	Positive

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
		Risk	Failing to adhere to sustainable procurement practices will amplify environmental impact and contribute to unethical behaviour within the supply chain. Inability to mitigate environmental impact could result in business losses, as reducing environmental footprint has become a customer expectation. Moreover, complicity in unethical practices could tarnish the Company's reputation	Gabriel India is committed to minimising environmental impact and promoting ethical conduct across its supply chain by implementing strong due diligence practices aligned with ISO 26000 standards.	Negative
8	Biodiversity	Opportunity	Biodiversity conservation can drive innovation and create market opportunities for Gabriel India. By incorporating biodiversity considerations into product development and supply chain management, the Company can identify new ways to reduce its environmental footprint, develop sustainable practices, and create innovative solutions. This can lead to competitive advantages, access to new markets, and potential revenue streams.	Not applicable	Positive
		Risk	Failure to support biodiversity conservation efforts could negatively impact the Company's standing in society. Additionally, not aligning products with biodiversity principles could lead to missed opportunities for innovation and competitiveness.	The Company goes beyond regulatory requirements by actively maintaining and enhancing biodiversity within its premises. Additionally, it is transitioning toward nature-friendly products by eliminating plastic from packaging, adopting reusable packaging solutions, and utilising recyclable raw materials thereby aligning its operations with biodiversity conservation principles.	Negative

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
9	Employee well-being & development	Opportunity	To safeguard the Company's financial resources, it is crucial to address the accumulating expenses related to recruitment, onboarding and training. This can be achieved by prioritising the establishment of an appealing work environment, offering competitive compensation and benefits, and creating opportunities for growth and development. By nurturing a positive company culture, Gabriel India can boost productivity, reduce costs, maintain consistent quality, preserve institutional knowledge and ultimately enhance its competitive edge in the market.	Not applicable	Positive
		Risk	Decreased Productivity & Performance: Disengaged, stressed, or untrained employees are less productive and may not perform at their best. High Employee Turnover: If employees feel undervalued or lack growth opportunities, they are more likely to leave for better opportunities. Increased Absenteeism & Presenteeism: Unhappy or unhealthy employees may miss work more often, and those who come may be physically present but mentally disengaged.	Work-Life Balance Initiatives: Promote healthy work-life balance with flexible work time arrangements. Recognition & Rewards: Recognise and reward employee achievements to boost morale and motivation. Career Development Opportunities: Provide career development programmes, training opportunities, and mentorship programmes to help employees grow within the Company. Competitive Compensation & Benefits: Offer competitive compensation packages and benefits to attract and retain top talent. Positive Work Environment: Provide a positive work environment with strong leadership, open communication, and opportunities for collaboration. Wellbeing Programmes: Implement employee wellbeing programmes that address physical and mental health, stress management, and healthy lifestyle choices. Flexible Work Arrangements: Offer flexible work arrangements to allow employees to manage personal commitments and achieve a better work-life balance.	

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
			Low Morale & Workplace Conflict: Poor working conditions and lack of development can lead to low morale, decreased collaboration, and conflict among employees. Increased Healthcare Costs: Stress and unhealthy lifestyles can lead to higher healthcare costs for both employees and the Company	Healthy Workplace Culture: Promote a culture of health and safety by encouraging physical activity, healthy eating habits, and open communication about employee concerns. Open Communication & Feedback: Encourage open communication and regular feedback loops to address employee concerns and build trust. Health & Wellness Programmes: Offer preventive health screenings, wellness programmes, and access to health resources to promote healthy habits. Employee Assistance Programmes (EAPs): Offer confidential employee assistance programmes to support employees with personal challenges that may impact their work performance or health	Negative
10	Occupational Health and Safety	Risk	Compliance with health and safety regulations is paramount for a Company like Gabriel India. Breaches of health and safety regulations can tarnish the Company's reputation, both internally and externally. Negative publicity surrounding workplace accidents or illnesses can erode trust among stakeholders, including employees, customers and investors. It can also lead to increased cost for the Company including medical expenses, compensation claims and insurance premiums.	The use of heavy machinery, high temperatures, sharp tools and toxic materials in any manufacturing process is inherently hazardous to the workforce. The Company, therefore has implemented the following measures to minimise risks associated with occupational health and safety: - The Company has put in place several safeguards to ensure that the staff are safe on the job. - The Company has built a framework for safety through a methodical manner known as the Gabriel India House of Safety Culture. - All the employees can use an application called 'Myennovation' to report any type of safety hazard, such as near misses, unsafe conduct, or situations. - As required by ISO14001/ISO45001 certification, the Company has provided extensive EHS training to all personnel. - Safety awareness sessions include details on the importance of PPEs, Lock Out Tag Out, firefighting, first aid, industrial safety practices and the Company's safety requirements, amongst others.	Negative

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
11	Diversity, Inclusion & Non-Discrimination	Opportunity	Embracing diversity and promoting an inclusive work environment can positively impact business performance. Employees are more likely to be attracted to and stay with an organisation that promotes a culture of inclusivity and provides equal opportunities for growth and advancement. When employees feel included, they are more likely to contribute their full potential, collaborate effectively and be motivated to achieve Company goals.	Not applicable	Positive
		Risk	Legal Issues: Poorly implemented D&I initiatives can lead to lawsuits alleging discrimination or unfair hiring practices. Unintended Bias: Unconscious bias can still influence hiring & promotion decisions, even with D&I programmes in place. Employee Resistance: Some employees may resist changes aimed at promoting D&I, fearing a loss of status or opportunity. Metrics & Measurement: Measuring the effectiveness of D&I initiatives can be challenging, making it difficult to track progress.	Gender disparity remains a critical issue in the manufacturing workplace. Women often face significant obstacles in entering and advancing in the field, including gender bias, unequal pay, and limited opportunities for career growth. Leadership at Gabriel India is focused on ensuring that women employees do not face any such obstacles and are at par with their male counterparts in all aspects. The Company has adopted the following approach to deal with risks associated with diversity, inclusion and non-discrimination: Legal Issues: Regular Training: Conduct unconscious bias training for all employees, including leadership, to raise awareness & reduce biased decision making. Unintended Bias: Mentorship Programmes: Mentorship programmes to support & guide diverse employees in their career development. Employee Resistance: Focus on Benefits: Highlight the positive impacts of D&I on the Company culture, innovation and overall success. Metrics & Measurement: Track Diversity Data: Monitor key metrics like demographics in hiring, promotions and leadership positions.	Negative

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
12	Human Rights & Labour Relations	Opportunity	Improved Brand & Reputation: Companies with strong human rights & labour practices attract & retain top talent, build customer loyalty, & enhance brand image. Increased Market Access: Consumers are increasingly demanding ethical products & services, making strong human rights practices a key differentiator.	Not applicable	Positive
			Enhanced Innovation & Productivity: A diverse & empowered workforce promoted creativity, leading to better problem-solving & improved productivity. Compliance with Regulations: Strong human rights & labour practices ensure compliance with evolving national & international regulations.		
		Risk	Failure to comply with labour laws not only violates fundamental human rights but also exposes industrial machinery manufacturing companies to significant legal and reputational risks. Instances such as labour disputes, strikes, or other labour-related issues, can attract negative publicity. This negative publicity has the potential to erode customer confidence, diminish sales and inflict long-term damage to the Company's reputation. It is therefore imperative for Gabriel India to uphold labour laws and regulations to protect the rights of workers, mitigate legal risks and safeguard its standing in the market.	To mitigate risks associated with Human Rights and Labour Relations, the Company's strategies include: - A strong human rights due diligence process, supported by an ethics committee and helpline, ensures accountability and transparency in operations and supply chains. - Comprehensive compliance programmes and strict legal adherence safeguard ethical business practices, while regular training fosters awareness. - A strong whistleblower policy protects employees reporting unethical conduct, reinforcing integrity. - Open communication, fair labour practices, and respect for collective bargaining help prevent labour unrest. - Investment in employee well-being, diversity and skill development enhances workplace morale and productivity. By integrating ethics committees, whistleblower policies and legal compliance frameworks, Gabriel India upholds responsible corporate values and mitigate risks effectively.	Negative

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
13	Talent Recruitment & Retention	Opportunity	Access to Top Talent: Effective recruitment strategies attract skilled and qualified individuals, leading to a competitive edge in the marketplace. Enhanced Innovation & Creativity: A diverse and talented workforce fosters a culture of innovation, resulting in better problem-solving and development of creative solutions. Improved Productivity & Performance: The right people in the right roles can significantly boost productivity, efficiency and overall business performance. Reduced Costs: Lower employee turnover translates to reduced costs associated with recruitment, onboarding and lost productivity during training periods. Stronger Employer Brand: A reputation for attracting and retaining top talent enhances the employer brand and attracts a wider pool of qualified candidates in the future.	Not applicable	Positive
		Risk	Gabriel India relies on skilled workforce to operate effectively and maintain its competitive position in the market. Recruitment and retention of talented individuals ensure that the Company has the necessary expertise and capabilities to deliver high-quality products and services to its customers.	Appropriate recruitment and retention of talented individuals ensures that the Company has the necessary expertise and capabilities to deliver high-quality products and services to its customers. To mitigate risks that arise from faulty recruitment and retention process, the strategies adopted by Gabriel India include : - Regular skill gap analyses identify evolving workforce needs, while a structured roadmap supports employee development and growth. - Reskilling and upskilling programmes equip employees for future roles and partnerships with educational institutions attract relevant talent.	Negative

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
				Competitive compensation, employee benefit schemes and a positive work environment enhance retention. Engagement through feedback surveys, while recognition programmes value contributions. Succession planning and fallback strategies ensure continuity and targeted retention efforts for senior employees preserve experience. A holistic approach to development, engagement, and planning strengthens workforce resilience and motivation.	
14	Community Engagement	Opportunity	Gabriel India operates within a specific community and the support and acceptance of that community are crucial for the Company's operations. Engaging with the community helps build trust, foster positive relationships and demonstrates the Company's commitment to being a responsible corporate citizen. By actively listening to community concerns and addressing them in a transparent and responsive manner, the Company can minimise the risk of conflicts, protests, or opposition to its activities. Proactively managing community expectations can prevent reputational damage and costly disruptions to operations.	Not applicable	Positive

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
		Risk	Public Relations Issues: Poorly managed community engagement or lack thereof can lead to negative publicity, protests and damage brand reputation. Regulatory Challenges: Failure to address community concerns can lead to regulatory hurdles and delays in obtaining permits or approvals. Community opposition can hinder ability to operate or expand business in the area. Missed Opportunities: Neglecting community needs can lead to missed opportunities to tap into local talent and market potential.	To build trust, ensure accountability and create long term positive impact, Gabriel India is committed to the following principles in its engagement with the community and other stakeholders: • Maintain open and transparent communication with the community throughout the engagement process. • Establish clear and accessible channels for community members to voice concerns and seek resolution. • Engage with regulatory bodies and community stakeholders early in the planning process to understand and address potential concerns. • Ensure that operations comply with all relevant regulations and environmental standards. • Maintain regular communication with regulatory bodies and keep them informed about the activities and progress. • Demonstrate a commitment to sustainability and responsible environmental practices in the operations. • Prioritise sourcing materials and labour from local businesses, where possible, to support the community economy. • Invest in community development initiatives, such as education programmes or infrastructure projects, to create shared value.	Negative

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
15	Product Quality & Safety	Opportunity	Product quality and safety are closely linked to Gabriel India's brand reputation. A strong reputation for producing safe and reliable products establishes trust among customers, suppliers and other stakeholders. Positive brand reputation can attract new customers, open doors to new markets and differentiate Gabriel India from its competitors.	Not applicable	Positive
		Risk	Defective or unsafe products can lead to product liability lawsuits, costly recalls, and damage brand reputation. In the worst-case scenario, product failures can lead to safety concerns which can erode customer trust and loyalty, negatively impacting sales and brand image. Product quality issues can disrupt production schedules, delay product launches and increase overall operational costs. Failure to comply with safety regulations can lead to fines, production halts and damage to the Company's reputation.	To ensure highest standards of product integrity and consumer protection, Gabriel India is committed to the following quality and safety measures: • Implement a robust Quality Management System with standardised processes for product design, development, testing and manufacturing. • Conduct thorough product testing and inspection throughout the production process to identify and address potential quality issues early. • Maintain a comprehensive traceability system for materials and components to facilitate recalls, if necessary. • Invest in rigorous product safety testing that goes beyond regulatory requirements to anticipate potential hazards. • Conduct regular risk assessments to identify and prioritise potential product safety risks throughout the product lifecycle. • Monitor product performance after launch to identify and address any safety concerns arising after products reach consumers.	Negative

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
16	Economic Performance	Opportunity	Economic performance directly relates to the financial stability and profitability of Gabriel India. The Company's ability to generate consistent and sustainable revenue, manage costs effectively and achieve profitability is critical for its long-term viability. Positive economic performance allows the Company to reinvest in its operations, fund research and development, expand its market presence and create value for its shareholders.	Not applicable	Positive
		Risk	Poor financial management can lead to decreased profits and financial stress. Financial struggles can erode investor confidence, lead to a loss of market share and hinder future growth. Companies experiencing financial difficulties may find it difficult to obtain funding for essential operations or growth initiatives. Financial constraints can limit a Company's ability to invest in research and development, hindering its ability to keep pace with industry advancements. Economic pressures may lead to job cuts, impacting employee morale, productivity and overall Company culture.	Gabriel India is focused on the following strategic priorities to strengthen long-term business resilience and drive sustainable growth: - Continuously identify and implement cost-saving measures and strive for operational efficiency across all departments. - Diversify product offerings & customer base to mitigate risks associated with overdependence on any single market or product. - Focus on delivering exceptional customer value, building strong customer relationships, and staying ahead of competitor offerings. Invest in strategic innovation to develop new products that address emerging market needs. - Explore alternative financing options beyond traditional bank loans. - Allocate resources strategically, prioritising investments in research and development to ensure continuous innovation. - Develop a workforce plan to anticipate future skill needs and invest in reskilling and upskilling programmes for existing employees. - Communicate openly and transparently with employees about economic challenges and any potential workforce adjustments.	Negative

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
17	Ethics & Compliance	Opportunity	Ethical and compliant business practices are essential for building trust with customers, investors, and communities, ultimately contributing to a strong and positive brand reputation. Proactively adhering to laws and regulations helps minimise the risk of legal sanctions, financial penalties and reputational harm. Ethical conduct also strengthens relationships with suppliers and other stakeholders by creating transparency and mutual respect. Within the organisation, employees are more likely to feel engaged and motivated when the Company operates with integrity and fairness. Moreover, a strong ethical foundation can attract and retain top talent, encourage innovation and serve as a key competitive advantage in the marketplace.	Not applicable	Positive
		Risk	Violations of laws or regulations can result in hefty fines, lawsuits and potential criminal charges. Unethical behaviour can lead to negative publicity, loss of customer trust and damage to brand reputation. Companies with ethical lapses may be excluded from business or face boycotts from consumers. Weak ethical culture can increase the risk of internal fraud, corruption and mismanagement of resources. Unethical practices can lead to a decline in employee morale, reduced productivity and a negative work environment.	To nurture a culture of ethics, transparency and accountability, Gabriel India has established the following measures to ensure compliance and responsible business conduct across all areas of operation: • Develop and implement comprehensive compliance programmes that address all relevant laws and regulations across all geographic locations. • Provide ongoing training for employees on ethical conduct and procedures. • Conduct regular risk assessments to identify potential compliance weaknesses and implement corrective actions. • Establish a clear and accessible whistleblower protection policy to encourage employees to report ethical concerns without fear of retaliation.	

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
				- Practice transparency and open communication with stakeholders about commitment to ethics and compliance. - Develop and implement a clear Code of Conduct that outlines Company's ethical principles and expected behaviour for employees. - Implement ethical sourcing practices throughout the supply chain to ensure fair labour standards and responsible environmental management. - Implement a system of internal controls to prevent and detect fraudulent activity. - Develop and enforce anticorruption measures, including gifts and entertainment policies, to mitigate bribery and corruption risks. - Establish a confidential ethics hotline for employees to report concerns about unethical behaviour without fear of reprisal.	Negative
18	R&D & Intellectual Property Management	Opportunity	Investment in R&D leads to the development of innovative new products, boosting a competitive advantage and driving market growth. Successful innovation can lead to increased revenue streams, market share expansion and higher profit margins. A reputation for innovation attracts customers, investors and talent, strengthening brand image. Patents and other IP rights provide a competitive edge by restricting competitors from copying innovations.	Not applicable	Positive

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
		Risk	Breaches in cybersecurity can lead to the unauthorised use or theft of valuable intellectual property, compromising the Company's competitive advantage and reputation. Successfully commercialising R&D outcomes and turning them into profitable products or services is challenging. There is a risk of market rejection, low customer demand, or failure to effectively bring innovations to the market. If proper due diligence and clearance searches are not conducted to identify existing patents, trademarks, or copyrights, outside firms holding the IP rights may take legal action to protect their intellectual property.	Gabriel India has adopted the following practices to safeguard sensitive information and promote a culture of security and innovation: • Data exchange with vendors/ customer via secure IT modes. • Periodic information security audits. • NDA with parties for exchanging information • Latest antivirus software. • Patent filing & patent awareness sessions for employees.	Negative
19	Market Presence & Customer Focus	Opportunity	A customer-focused approach contributes to revenue generation for Gabriel India. By delivering high-quality products and services that align with customer needs, the Company can increase customer satisfaction and loyalty. Establishing a strong market presence and maintaining a customer-focused approach gives Gabriel India a competitive advantage. By understanding the needs and preferences of the target market, the Company can develop products and services that meet customer expectations, differentiate themselves from competitors and capture a larger market share.	Not applicable	Positive

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
		Risk	Ineffective marketing or a weak brand presence can lead to missed sales opportunities and loss of market share to competitors. Failure to meet customer expectations can lead to dissatisfaction and customer churn. Poor customer service and product issues can damage brand reputation and erode customer trust. Without a clear understanding of customer needs, product development efforts may miss the mark, leading to products that do not resonate with the target market. If brand relies heavily on a single market segment or product category, business may be more vulnerable to unforeseen market disruptions or changes in customer preferences.	To enhance customer satisfaction, strengthen brand loyalty and build resilience in a dynamic market environment, Gabriel India is focused on the following initiatives: - Implement a strong CRM system to track customer interactions, personalise communication and address concerns promptly. - Training employees to be responsive, helpful, and proactive in resolving customer issues. - Establish clear and accessible channels for customer feedback, actively listen to their concerns and take action to address them. - Be transparent in communication, especially when addressing product issues or customer complaints. - Integrate corporate social responsibility initiatives into business practices to build a positive brand image and strengthen community relations. - Diversify product portfolio and customer base to reduce reliance on any single market or product segment. - Develop risk management strategies to anticipate potential market disruptions and have contingency plans in place.	Negative
20	Data Privacy & Security	Opportunity	Demonstrating a commitment to data privacy and security builds trust with customers, leading to a positive brand reputation. In an increasingly privacy conscious world, strong data security can become a competitive differentiator. Proactive compliance with data privacy regulations minimises the risk of fines and legal sanctions. Robust data security allows Gabriel India to leverage customer data responsibly for analytics and insights to drive better decision-making. Customers are more likely to be loyal to brands they trust with their personal information.	Not applicable	Positive

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
		Risk	The rise of cyber threats poses a significant risk to Gabriel India's data privacy and security. Malicious actors, such as hackers and cybercriminals, continually seek unauthorised access to sensitive data for various purposes, including financial gain, industrial espionage, or sabotage.	Gabriel India recognises the critical need for strong cybersecurity measures to protect sensitive information, safeguard operations, and ensure safety in all its operations through • Data exchange with vendors/ customer via secure IT modes. • Periodic information security audits. • NDA with parties for exchanging information. • Latest antivirus software	Negative
21	Corporate Governance, Transparency & Disclosures	Opportunity	Good governance, transparency and timely disclosures build trust with investors, attracting capital and lowering the cost of financing. Effective governance structures promote sound decision-making, leading to better risk management and long-term sustainability. Strong governance frameworks ensure accountability of management and effective oversight by the board of directors. A transparent and ethical business culture fosters a positive brand reputation and strengthens stakeholder confidence. Commitment to good governance can become a competitive differentiator, attracting top talent and valuable partnerships.	Not applicable	Positive

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
		Risk	Opacity, poor governance, or accounting scandals can erode investor trust, leading to decreased access to funding. Non-compliance with regulations or disclosure requirements can lead to hefty fines, legal sanctions, and potential criminal charges. Unethical practices or lack of transparency can damage brand reputation, leading to negative publicity and public backlash. Insufficient transparency can lead to distrust among stakeholders, hindering communication and collaboration.	To ensure responsible governance, build stakeholder trust and uphold transparency in all aspects of operations, Gabriel India is committed to the following key practices: • Maintain strong internal controls and adhere to all relevant accounting standards to ensure accurate and transparent financial reporting. • Engage in proactive and regular communication with investors, addressing their concerns and providing timely updates on Company performance. • Maintain a robust internal audit function and implement effective risk management practices to identify and mitigate potential compliance issues. • Integrate corporate social responsibility practices into operations and demonstrate a commitment to environmental, social, and governance (ESG) principles. • Conduct a materiality assessment to identify the most important issues for stakeholders and engage them in a dialogue. • Transparent sustainability reporting practices and disclose relevant ESG metrics that address stakeholder concerns. • Establish clear and accessible grievance mechanisms for stakeholders to voice their concerns and seek resolution.	Negative
22	Resilient Business Model	Opportunity	Gabriel India can navigate uncertainties, by focusing on a resilient business model and seize opportunities to build a sustainable competitive advantage. It enables the Company to proactively respond to market changes, effectively manage risks, deliver value to stakeholders and achieve long-term business success.	Not applicable	Positive

Business Responsibility & Sustainability Report (Contd.)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
		Risk	External factors like economic crises, natural disasters, or supply chain disruptions can severely impact businesses. Inability to adapt to changing market trends or customer preferences can lead to lost sales and declining market share. Poor crisis response can damage brand reputation and erode customer trust. Unforeseen events can disrupt operations, leading to lost productivity and financial losses. Fragile business models may lead to struggle in securing funding during challenging times.	To enhance organisational resilience, ensure business continuity and maintain long term financial stability, Gabriel India implements the following strategic actions: • Implement robust disaster recovery procedures to ensure swift and efficient response to disruptive events. • Build strong customer relationships by focusing on customer satisfaction, loyalty and providing excellent customer service. • Maintain adequate financial reserves to manage through unforeseen disruptions and implement risk management strategies to minimise potential financial losses. • Maintain strong financial performance, as investors are more likely to support companies with a proven track record of success and resilience. • Diversify revenue streams across different products, services, or customer segments can reduce reliance on a single source of income.	Negative

Business Responsibility & Sustainability Report (Contd.)

SECTION B: MANAGEMENT AND PROCESS DISCLOSURE

This section is aimed at helping businesses demonstrate the structures, policies and processes put in place towards adopting the NGRBC Principles and Core Elements.

The National Guidelines for Responsible Business Conduct (NGRBC) as prescribed by the Ministry of Corporate Affairs advocates nine principles referred as P1 -P9 as given below:

All principles are covered under relevant policies.

Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9
The entity does not consider the Principles material to its business (Yes/ No)	Not applicable								
The entity is not at a stage where it is in a position to formulate and implement the policies on specified principles (Yes/No)									
The entity does not have the financial or/human and technical resources available for the task (Yes/No)									
It is planned to be done in the next financial year (Yes/No)									
Any other reason (please specify)									

SECTION C: PRINCIPLE-WISE PERFORMANCE DISCLOSURE

This section is aimed at helping entities demonstrate their performance in integrating the Principles and Core Elements with key processes and decisions. The information sought is categorised as "Essential" and "Leadership". While the essential indicators are expected to be disclosed by every entity that is mandated to file this report, the leadership indicators may be voluntarily disclosed by entities which aspire to progress to a higher level in their quest to be socially, environmentally and ethically responsible.

PRINCIPLE 1- BUSINESSES SHOULD CONDUCT AND GOVERN THEMSELVES WITH INTEGRITY AND IN A MANNER THAT IS ETHICAL, TRANSPARENT AND ACCOUNTABLE

Essential Indicators

1. Percentage coverage by training and awareness programmes on any of the principles during the financial year:

Segment	Total number of training and awareness programmes held*	Topics/ principles covered under the training audits impact	% of persons in respective category covered by the awareness programmes*
Board of Directors	4	- Code of Conduct. - Data Protection and Device Security. - Global Business Ethics. - Sexual Harassment Prevention for Employees - Workplace Diversity, Equity, and Inclusion in Action.	100%
Key Managerial Personnel (KMP)	4		100%
Employees other than BoD and KMPs	4		91%
Workers	4	- Sexual Harassment Prevention for Employees – India. - Environment, Health & Safety.	80%

Business Responsibility & Sustainability Report (Contd.)

2. Details of fines / penalties /punishment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators/ law enforcement agencies/ judicial institutions, in the financial year, in the following format (Note: the entity shall make disclosures on the basis of materiality as specified in Regulation 30 of SEBI (Listing Obligations and Disclosure Obligations) Regulations, 2015 and as disclosed on the entity's website):

MONETARY					
	NGRBC Principle	Name of the regulatory/ enforcement agencies/ judicial institutions	Amount (In ₹)	Brief of the Case	Has an appeal been preferred? (Yes/No)
Penalty/ Fine	Principle 1	BSE Limited	84,960	Non-compliance with respect to reconstitution of: 1) Nomination and Remuneration Committee 2) Stakeholders' Relationship Committee	No
		National Stock Exchange of India Limited	84,960	Non-compliance with respect to reconstitution of: 1) Nomination and Remuneration Committee 2) Stakeholders' Relationship Committee	
		Maharashtra Pollution Control Board	100,000	Penalty imposed by MPCB office Mumbai for beginning of Casting / RM Store expansion work at Chakan without obtaining Consent to Expansion i.e. MPCB-CONSENT-0000193758 on May 09, 2024	
Settlement				Nil	
Compounding fee				Nil	

NON-MONETARY				
	NGRBC Principle	Name of the regulatory/ enforcement agencies/ judicial institutions	Brief of the Case	Has an appeal been preferred? (Yes/No)
Imprisonment			Nil	
Punishment			Nil	

3. Of the instances disclosed in Question 2 above, details of the appeal/revision preferred in cases where monetary or non-monetary action has been appealed.

Not applicable as no appeal has been made.

Business Responsibility & Sustainability Report (Contd.)

4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy.

The Company's Policies related to ethics, bribery and corruption i.e., Anand Code of Conduct and Whistle Blower Mechanism not only covers the Company, but it extends to the Group Companies. Gabriel India has zero tolerance for any form of corruption or bribery. The policy applies to all employees of the Company at all levels and at all locations. In every business and locations, all employees are required to act with utmost honesty. All the Company's facilities must adhere to a variety of anti-bribery and anti-corruption laws and regulations. All agents, suppliers, contractors and business partners are informed of the Company's zero tolerance policy to bribery and corruption during the commencement of the Company's business engagement with them. At the time of joining, new employees are given a copy of the policy to read. All existing value chain partners are also informed of the policy. Trainings are conducted throughout the Company as part of the prevention, identification and detection of anti-corruption issues. Wherever it operates, the Company maintains the highest standards and does not tolerate bribery or corruption.

The Code of Conduct of Anand Group is available at the following url:

<https://www.anandgroupindia.com/wpcontent/uploads/2018/01/ANAND-CodeofConduct.pdf>

5. Number of Directors/KMPs/employees against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption:

	FY 2024-25	FY 2023-24
Directors	Nil	Nil
KMPs	Nil	Nil
Employees	Nil	Nil
Workers	Nil	Nil

6. Details of complaints about conflict of interest.

	FY 2024-25		FY 2023-24	
	Number	Remarks	Number	Remarks
Number of complaints received in relation to issues of Conflict of Interest of the Directors	Nil	-	Nil	-
Number of complaints received in relation to issues of Conflict of Interest of the KMPs	Nil	-	Nil	-

7. Provide details of any corrective action taken or underway on issues related to fines/penalties/action taken by regulators/law enforcement agencies/judicial institutions, on cases of corruption and conflicts of interest.

Not applicable.

8. Number of days of accounts payables ((Accounts payable *365) / Cost of goods/services procured) in the following format:

No. of days of accounts payables	FY 2024-25	FY 2023-24
	66.45	68.67

Business Responsibility & Sustainability Report (Contd.)

9. Openness of business

Provide details of concentration of purchases and sales with trading houses, dealers, and related parties along-with loans and advances & investments, with related parties, in the following format:

Parameter	Metrics	FY 2024-25	FY 2023-24
Concentration of Purchases	a. Purchases from trading houses as % of total purchases	0.26%	Nil
	b. Number of trading houses where purchases are made from	1	Nil
	c. Purchases from top 10 trading houses as % of total purchases from trading houses*	100%	Nil
Concentration of sales	a. Sales to dealers / distributors as % of total sales	12.44%	12.43%
	b. Number of dealers / distributors to whom sales are made	608	570
	c. Sales to top 10 dealers / distributors as % of total sales to dealers / distributors	21.25%	22.50%
Share of RPTs in	a. Purchases (Purchases with related parties / Total Purchases)	2.89%	3.16%
	b. Sales (Sales to related parties / Total Sales)	0.18%	0.13%
	c. Loans & advances (Loans & advances given to related parties / Total loans & advances)	79.81%	76.85%
	d. Investments (Investments in related parties / Total Investments made)	43.33%	22.28%

*Note: This parameter has been considered in relation to imports facilitated by a trading house.

Leadership Indicators

1. Awareness programmes conducted for value chain partners on any of the Principles during the financial year.

Total number of awareness programmes held	Topics / principles covered under the training	%age of value chain partners covered (by value of business done with such partners) under the awareness programmes
Supplier Code of Conduct	Ethics/code of Conduct	80%
EHS/ESG	Environmental/Sustainability	84%

2. Does the entity have processes in place to avoid / manage conflicts of interest involving members of the Board? (Yes / No) If yes, provide details of the same.

Yes, the Company has internal processes in place to avoid/manage conflict of interests involving members of the board and it is as per the Terms of Appointment of Directors to Board. The Company's Code of Conduct states that an employee or director of an ANAND Group Company shall always act in the interest of the Company and ensure that any business or personal association which he/she may have, does not involve a conflict of interest with the operations of the Company and his/her role therein.

Business Responsibility & Sustainability Report (Contd.)

PRINCIPLE 2 -BUSINESSES SHOULD PROVIDE GOODS AND SERVICES IN A MANNER THAT IS SUSTAINABLE AND SAFE

Essential Indicators

- 1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.**

	FY 2024-25	FY 2023-24	Details of improvements in environmental and social impact
R&D	Nil	Nil	Nil
Capex	5.81%	6.75%	ETP, STP, Zero Liquid Discharge, Energy efficient compressor, etc.

- 2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)**

Yes.

- Gabriel India Limited has purchase agreement signed off with Direct Material Suppliers covering clauses of non-usage of hazardous material, environmental standards, social parameters etc.
- Gabriel India Limited has a 10-point check list for Supplier EHS compliance and 100% of direct material suppliers are audited every year to seek compliance. Quarterly audits are done for low score suppliers. Audits are outsourced to third party service provider.
- Gabriel India started drive on sustainable packaging for inbound material with direct material suppliers in Q4 FY 2022-23.

- b. If yes, what percentage of inputs were sourced sustainably?**

98%

- 3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.**

Since the product is directly supplied to the OEMs, the Company has limited scope for reclaiming it at the end of its life cycle. The Company, however, has systems in place to recycle plastics (including packaging), e-waste and hazardous waste in a safe manner. For the disposal of such waste, the Company contracts with authorised recyclers and files returns with the appropriate statutory bodies.

Also, the Company has optimised its processes to the point where the majority of the waste produced is recycled and reused.

- 4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.**

Gabriel India Limited is subject to Extended Producer Responsibility (EPR) regulations. The Company has obtained Plastic Waste Registration from the Central Pollution Control Board (CPCB) under both the Brand Owner and Importer categories as per the Plastic Waste Management Rules. Currently, the Company is in the process of recycling and meeting these targets through CPCB authorised vendors.

Business Responsibility & Sustainability Report (Contd.)

Leadership Indicators

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

NIC Code	Name of Product / Service	% of total Turnover contributed	Boundary for which the Life Cycle Perspective / Assessment was conducted	Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/No) If yes, provide the web-link.
----------	---------------------------	---------------------------------	--	---	--

The Company has not conducted any life cycle assessment for the products till date. However, it is planning to carry out the LCA for products in upcoming years.

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

Name of Product / Service	Description of the risk / concern	Action Taken
Not Applicable.		

3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

Indicate input material	Recycled or re-used input material to total material	
	FY 2024-25	FY 2023-24
Not tracked		

4. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:

Type of Waste	FY 2024-25			FY 2023-24		
	Re-Used	Recycled	Safely Disposed	Re-Used	Recycled	Safely Disposed
Plastics (including packaging)	Nil	Nil	Nil	Nil	Nil	Nil
E-waste	Nil	Nil	Nil	Nil	Nil	Nil
Hazardous waste	Nil	Nil	Nil	Nil	Nil	Nil
Other waste	Nil	Nil	Nil	Nil	Nil	Nil

5. Reclaimed products and their packaging materials (as percentage of products sold) for each product category.

Indicate product category	Reclaimed products and their packaging materials as % of total products sold in respective category
Nil	Nil

Business Responsibility & Sustainability Report (Contd.)

PRINCIPLE 3- BUSINESSES SHOULD RESPECT AND PROMOTE THE WELL-BEING OF ALL EMPLOYEES, INCLUDING THOSE IN THEIR VALUE CHAINS

3. Accessibility of workplaces

Are the premises/offices accessible to differently abled employees as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.

Yes, the Company has taken necessary steps to make the premises accessible to differently abled employees.

The Company is actively pursuing the following action plan:

1. Conducting accessibility assessment to identify barriers and area for improvement.
2. Ensuring the availability of wheelchair for differently abled employees in the premises.
3. Ensuring that the office space is wheelchair accessible, including ramps, elevators, wide doorways, and accessible restrooms.

4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy.

Yes, it is available on the intranet.

5. Return to work and retention rates of permanent employees that took parental leave.

Gender	Permanent employees		Permanent Workers	
	Return to work rate	Retention rate	Return to work rate	Retention rate
Male	100%	100%	100%	100%

Business Responsibility & Sustainability Report (Contd.)

6. Is there a mechanism available to receive and redress grievances for the following categories of employees and workers? If yes, give details of the mechanism in brief.

	Yes/No (If Yes, then give details of the mechanism in brief)
Permanent Employees	Yes, Gabriel India maintains a comprehensive grievance mechanism: - The Company upholds an open-door policy, ensuring all employees, regardless of hierarchy, have access to business heads, HR, Legal & Compliance, senior management, or other relevant personnel. - Employees can report grievances verbally to their immediate supervisor or manager. Written grievances may be submitted using an official form available at the HR department or electronically via a designated grievance email address. To accommodate anonymous reporting preferences, confidential mechanisms such as suggestion boxes or dedicated email addresses are provided. - A Whistle-Blower Policy enables employees and Directors to report concerns regarding unethical behaviour, fraud, or violations of the Anand Code of Conduct policy. Concerns can be addressed to secretarial@gabriel.co.in. - The Company maintains zero tolerance for workplace sexual harassment and complies with the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013, including the constitution of an Internal Complaints Committee. - Various online training modules and awareness programmes educate employees on relevant issues. - Gabriel India Limited is committed to addressing employee grievances in a fair and impartial manner, providing multiple channels for redressal and ensuring protection against victimisation.

10. a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?

Yes - Gabriel India has an Occupation Health and Safety System in place, and the management at every level ensures that its protocols are strictly being adhered to by all personnel at all locations. A structured framework for safety at Gabriel India Limited has been prepared namely, Gabriel India House of Safety Culture. This framework, which consists of six aspects of safety that have been elaborately outlined to achieve a sustainable safety culture. This framework, was unveiled in LSIP on April 01, 2022 and is implemented across all the plants and offices..

All plants at Gabriel India Limited are ISO 45001 certified for Health and Safety and all the internationally recognised processes are in place as per the standard. The Company has appointed a dedicated Environment, Health and Safety (EHS) officer who ensures compliance with the norms related to employee health and safety for each plant. The employees are trained in EHS protocols continuously as required by ISO14001/ISO45001 certifications. In addition, the training hours for EHS are being monitored by the management during business review meetings. Regular trainings are conducted by the EHS officer at shop floors covering safety and security aspects in the manufacturing process. Induction training of new employees is a routine practice at Gabriel India.

Business Responsibility & Sustainability Report (Contd.)

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

While continuously employing measures to promote employee well-being and healthcare, a proper hazard identification risk management system has been put in place to ensure continuous improvement of occupational health and safety of all the personnel employed by the organisation. Hazard Identification Risk Assessment (HIRA) is carried out regularly by a levels in following six steps by a Process Owner or a Qualified Safety Officer well versed with details of all activities and safety standards:

Gabriel India regularly conducts HIRA at all levels and it is considered to be an essential process for ensuring the safety of the employees, protecting the assets, and complying with industry regulations. By systematically identifying hazards and assessing risks, potential dangers can be proactively managed and mitigated. HIRA empowers decision-makers to allocate resources effectively and prioritise safety, ultimately creating a secure and sustainable work environment.

HIRA is implemented at all plant locations following five basic steps that are given below

1. Identification of risks
2. Assessing risks
3. Analysing risks
4. Evaluating risk
5. Implementing controls

Based on the assessment, following actions are taken at by the Company:

1. Pre-assessment preparations
2. Pre-assessment meeting with EHS leaders
3. Conducting interviews
4. Safety observation tour/quantification of hazards
5. Evaluation of hazard/person/severity factors
6. Post evaluation activity

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Yes/No)

Yes. The Company has put in place reporting system for unsafe condition and near miss incidents.

d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/No)

Yes. All the employees of the Company are offered a variety of health and wellness benefits, including medical insurance and accident insurance for the employee and his/her immediate family, which provides financial assistance in the event of an accident or serious illness. Aside from that, Gabriel India offers coverage for dependent spouse and children, periodic health checks, wellness programmes, as well as nutritious and subsidised food.

11. Details of safety related incidents

Safety Incident/Number	Category	FY 2024-25	FY 2023-24
Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked)	Employees	1.30	0.49
	Workers		
Total recordable work-related injuries	Employees	31	9
	Workers		

Business Responsibility & Sustainability Report (Contd.)

No. of fatalities	Employees	Nil	Nil
	Workers		
High consequence work-related injury or ill-health (excluding fatalities)	Employees	Nil	Nil
	Workers		

Note: Injuries not monitored separately for employees & workers

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

Gabriel India is continually focused on providing a safe work environment that does not jeopardise the employee health and well-being. The Company has implemented various measures to affirm that the work premises are safe for the employees. They have built a framework for safety through a methodical manner known as the Gabriel India House of Safety Culture. This framework consists of six areas of safety that have been meticulously designed to create a sustainable culture of safety first. The framework is currently under implementation. All its plants are certified with the ISO 45001 accreditation for Health and Safety. The Company has assigned an Environment, Health and Safety (EHS) officer for each plant to oversee compliance with the applicable safety standards. As required by ISO14001/ISO45001 certifications, extensive EHS training is provided to the personnel. The Company places a high emphasis on EHS training and track the training hours in business review meetings. In addition to safety measures, it is ensured that all employees have access to additional healthcare facilities. As part of benefit offerings, annual health check-ups, eye check-ups, mental health programmes, yoga sessions and blood donation camps are conducted. The employees are given health insurance cards.

For workers who are engaged in functions involving hazardous substances or perform welding operations, a medical check-up is conducted annually. Regular health monitoring is ensured to reduce the risk of employees becoming ill and help is provided to employees and their families. New employee orientation on health and safety issues is a common practice in the Company. Safety awareness sessions include details on the importance of PPEs, Lock Out Tag Out, fire-fighting, first aid, industrial safety practices and the Company's safety requirements, amongst others. Task appropriate PPE kits are provided to all employees which include, safety glasses or face shields for eye and face protection from sparks and metal fragments, cut-resistant gloves for handling sharp materials, steel-toe boots to guard against falling objects, welding helmets, and fire-resistant clothing for welders etc.

All the employees can use an application called 'MyeNovation' to report any type of safety hazard, such as near misses, unsafe conduct, or situations. The concerned department assesses this daily and efforts are taken to close the gaps. Furthermore, employees are involved in the development and review of policies and procedures to manage risk. They are consulted when there are any changes that affect workplace health and safety. As a result of such continuous efforts taken towards strengthening health and safety, the Company has recorded zero fatalities during the year under review. The Company also had state-of-art Occupational Health Centres at each location.

13. Number of complaints on working conditions and health and safety made by employees and workers.

Category	FY 2024-25			FY 2023-24		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Working Conditions	41	Nil	Complaints were registered in the monthly Employee Relationship Meeting	Nil	Nil	-
Health & Safety	14	Nil	Complaints were registered in the monthly Employee Relationship Meeting	Nil	Nil	-

Business Responsibility & Sustainability Report (Contd.)

14. Assessments for the year

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Health and safety practices	100.00%
Working Conditions	100.00%

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health and safety practices and working conditions.

Through its safety framework, namely, Gabriel India House of Safety Culture, all safety incidents and near-misses are investigated, and risk mitigation is done through the incident classification, reporting & investigation safety standard. All opportunities for improvement identified during internal and external assessments are captured and addressed. The overall reduction in health and safety incidences is attributed to the strong commitment of both management and workers to ensure a safe working environment by adhering to the Company's set management approach and adopting a health and safety-first mind-set in the execution of duties. Corrective actions, preventive actions and its horizontal deployment are a continuous process at Gabriel India, where all safety incidents are recorded, investigated and corrective & preventive actions communicated and implemented across the organisation. The Company has taken the following corrective actions in FY 24-25 which are being continuously monitored for effectiveness:

1. Established and enforced trolley manufacturing standard to address safety issues
2. An IoT based system is being implemented to monitor the operational status of fire-fighting infrastructure
3. Electrical & fire safety audits have been conducted
4. Continuous upgradation of machine guarding & machine interlocks is being carried out
5. Safety is being embedded in the machines, by design, by involving safety officers at design stage

Leadership Indicators

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N)?

Employees	Yes, for employees Gabriel India provides accidental insurance and compensation policy.
Workers	Yes, for workers Gabriel India provides accidental insurance and compensation policy

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

It is being monitored and evidence of deduction and deposits are being verified every month for every Supplier (service provider). The same is not being tracked for upstream value chain (direct raw material supplier).

Business Responsibility & Sustainability Report (Contd.)

3. Provide the number of employees / workers having suffered high consequence work related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment.

	Total no. of affected employees/ workers		No. of employees/workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment	
	FY 2024-25	FY 2023-24	FY 2024-25	FY 2023-24
Employees	Nil	Nil	Nil	Nil
Workers	Nil	Nil	Nil	Nil

4. Does the entity provide transition assistance programmes to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No).

No

5. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed
Health & Safety practices	98%*
Working Conditions	Nil

*Upstream value chain partners

6. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners

The Company conducts assessments of its upstream value chain partners for health and safety practices. This assessment follows a 10-point checklist as part of the Responsible Procurement framework. Audits are conducted annually and suppliers scoring less than 70% receive support and guidance to develop action plans aimed at bridging gaps. These suppliers undergo re-audits until they achieve a score of more than 70%.

PRINCIPLE 4- BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TO ALL ITS STAKEHOLDERS

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

The Company identifies key stakeholders through a materiality assessment, considering their influence on the Company and how they are impacted by corporate decisions. Emphasising the importance of addressing significant issues affecting operations, stakeholders and the environment, the Company actively engages a diverse range of stakeholders such as employees, customers, suppliers, local communities and investors. Regular surveys, interviews, focus groups and meetings are conducted to gather feedback and insights. Data on environmental performance, social impact and governance practices is collected and analysed to assess the current state, identify trends and pinpoint areas for improvement.

Based on stakeholder feedback, internal assessments and data analysis, the Company identifies issues which are material. These identified material issues are integrated into strategic planning processes, sustainability goals and reporting frameworks. The Company strives to align business strategies and initiatives with these material issues to effectively and transparently address them.

Business Responsibility & Sustainability Report (Contd.)

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Key Stakeholders	Whether identified as Vulnerable & Marginalised Group (Yes/No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Others	Frequency of engagement (Annually/ Half yearly/ Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Shareholders/ Investors	No	- Annual report, ESG report, press releases - Investor presentations - Corporate website - Quarterly & Annual results - Social media/News Paper publication - Intimation to stock exchange	- Annually - Annually - Periodically - Quarterly - As and when required	Sharing of key updates, results, management comment on the progress of Company including financial and non-financial disclosures
Banker	No	Email, meeting and documentation	As and when required	Financial transaction related to business
Employees	No	- Mail communication, Conferences, workshops, Publications, newsletters & reports, online portals, employee surveys, Idea management - One-on-one interactions - Employee engagement Team Building - Townhall meeting with MD	- Periodically - Half Yearly - Quarterly - Annually	- Inform about important advances in the Company. - Help the employees expand their knowledge in the industry. - Getting employee feedback and resolving their issues.
Business partners	No	Dialogue with sales organisations and coordinating units of importers	Periodically	Provide service to present customers while increasing the potential for future growth.
Customer	No	Interviews, personal visits, publications, mass media & digital communications, plant visits, Support programmes, social media, Conferences and events	Weekly /Monthly, Quarterly and Annually	Business
Communities	Yes	Community engagement through CSR Activities, meeting with local people in and around the operating sites	Periodically	CSR activity and to build rapport with the Community
Suppliers and service providers	No	Supplier & vendor meets, workshops & trainings, audits, policies, IT-enabled information sharing tools and recognition platforms, dialogue in the context of industry initiatives, joint events, training courses, presentations, supplier risk assessments	Periodically	Supply of material and services

Business Responsibility & Sustainability Report (Contd.)

Key Stakeholders	Whether identified as Vulnerable & Marginalised Group (Yes/No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Others	Frequency of engagement (Annually/ Half yearly/ Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Government and Regulatory Bodies	No	1. Official communication channels 2. Regulatory audits/ inspections 3. Environmental compliance 4. Policy intervention 5. Good governance	Monthly Annually Periodically	They help and guide in terms of connecting with Govt. Schemes in the same area for increased effectiveness and compliance to applicable rule and regulations

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

The consultation between the stakeholders and the Board on economic, environmental and social topics is taken care of by the Managing Director and the Chief Financial Officer of the Company. They update the Board on a quarterly basis on aspects related to economic, environmental, social and governance (sustainability). This inter-alia covers guidance received from OEM customers as well as the Company's initiation towards sustainability for its vendors. Immediately after board meeting, a call with investors/stakeholders is also convened where in feedback and queries related to Company's initiation towards sustainability is discussed. The respective business / functional heads also engage with the stakeholders on various ESG topics and the relevant feedback from such consultation is presented to the Board during board meetings.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Stakeholder consultation is pivotal at Gabriel India for identifying and managing environmental, social, and governance (ESG) topics. The Managing Director and Chief Financial Officer update the Board regularly with stakeholder feedback, including from OEM customers. Post-board meetings involve calls with investors and stakeholders to discuss sustainability initiatives and gather input. Direct engagement by business and functional heads with stakeholders ensures their perspectives are reflected in corporate ESG strategy decisions.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalised stakeholder groups.

Gabriel India actively engages with and addresses the concerns of vulnerable and marginalised stakeholder groups through its CSR arm, SNS Foundation. The foundation focuses on diverse initiatives such as education, scholarships, rainwater harvesting, health sanitation, skill development, support for self-help groups and healthcare services. These efforts are aimed at strengthening community relations and fostering sustainable development. By prioritising these areas, the Company demonstrates its commitment to supporting vulnerable groups and creating a positive social impact within the community.

Business Responsibility & Sustainability Report (Contd.)

PRINCIPLE 5 - BUSINESSES SHOULD RESPECT AND PROMOTE HUMAN RIGHTS

Essential Indicator

1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:

Category	FY 2024-25			FY 2023-24

3. a. Details of remuneration/salary/wages, in the following format:

	Male		Female	
	Number	Median remuneration/ salary/ wages of respective category	Number	Median remuneration/ salary/ wages of respective category
Board of Directors (BoD)	3	25,815,205	3	34,250,000
KMP (other than BoD)	3	11,842,490	Nil	Nil
Employees other than BOD & KMP	661	884,639	81	844,617
Workers	1,972	288,552	441	320,998

Business Responsibility & Sustainability Report (Contd.)

b. Gross wages paid to females as % of total wages paid by the entity in the following format:

	FY 2024-25	FY 2023-24
Gross wages paid to females as % of total wages.	14.32%	13.96%

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

There is an operational ethics helpline for reporting issues on Human Rights. Moreover, Ethics and Internal Complaints Committees are individually in place at each location, as well as centrally. These committees are responsible for investigating and resolving cases, utilising a structured mechanism for investigation and closure.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues

The Company has policies and established procedures to prevent sexual harassment and discrimination in the workplace: These include:

- The Prevention of Sexual Harassment (POSH) policy which includes structured processes for handling complaints related to sexual harassment.
- POSH Committees have been established in respective regions to manage cases under the POSH policy.
- Complaints can be lodged with POSH committee members via email, verbally, or through written correspondence.
- The POSH policy maintains gender neutrality and ensures the confidentiality of complainants.
- All complaints are investigated and resolved within the statutory timeframe of 90 days.

Ethics and governance policies encompass procedures for addressing human rights grievances. These include:

- Implementation of the Anand Code of Conduct and Whistleblower Policy serves as a framework to address human rights grievances.
- Grievances are reported through the ethics helpline (toll-free number) or directly to the HR department, internal complaints or ethics committee members, or the head.
- The Whistleblower Policy ensures strict non-retaliation against complainants and maintains confidentiality regarding their identity.
- Ethics Committees, comprising senior officials of Gabriel India, are responsible for reviewing received complaints, conducting necessary investigations and determining appropriate actions.

6. Number of complaints on the following made by employees and workers:

Category	FY 2024-25			FY 2023-24		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Sexual Harassment	1	Nil	-	Nil	Nil	-
Discrimination at workplace	Nil	Nil	-	2	Nil	-
Child Labour	Nil	Nil	-	Nil	Nil	-
Forced /Involuntary Labour	Nil	Nil	-	Nil	Nil	-
Wages	Nil	Nil	-	Nil	Nil	-
Other human rights related issues	Nil	Nil	-	Nil	Nil	-

Business Responsibility & Sustainability Report (Contd.)

7. Complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, in the following format:

	FY 2024-25	FY 2023-24
Total Complaints reported under Sexual Harassment on of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH)	1	Nil
Complaints on POSH as a % of female employees / workers	0.17%	Nil
Complaints on POSH upheld	1	Nil

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases

While dealing with the complaints as a part of grievance redressal mechanism, utmost care is taken to conduct the enquiry in a smooth and peaceful manner for avoiding any stressful conditions. The entire process is carried out with a high degree of confidentiality being ensured. The Company's Grievance Policy states that all members of the Grievance Committee and those entrusted to record keeping, as well as any staff member questioned about an issue, are bound by a duty of confidentiality at all times and must keep all paperwork and information exchanged in the process confidential. Harsh or insulting behaviour of anyone participating in or conducting grievance proceedings at any stage is not tolerated. Such behaviour will be viewed as misconduct under the Organisation's disciplinary policies and strict actions will be taken against any personnel irrespective of his/her position indulging in such unethical behaviour.

The Company's Whistleblower Policy guarantees protection for whistleblowers reporting concerns, safeguarding them from retaliation, unfair treatment, discrimination, harassment and any interference with their duties. Additionally, Gabriel India's Anti-retaliation Policy ensures employees engaging in Protected Activity are shielded from adverse actions as a result. Under the provisions of the Policy, retaliation is prohibited even if the concerns raised are not confirmed following an investigation.

9. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes. Human right requirements form part of the Company's business agreements and contracts.

10. Assessments for the year:

	% of plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	Nil
Forced/ involuntary labour	Nil
Sexual harassment	Nil
Discrimination at workplace	Nil
Wages	Nil
Others – please specify	Nil

11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

Not Available

Leadership Indicators

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints.

As no human rights grievances were reported, there was no need to modify any existing business processes.

Business Responsibility & Sustainability Report (Contd.)

2. Details of the scope and coverage of any Human rights due-diligence conducted.

No human rights due diligence was conducted.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

No

4. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed
Sexual Harassment	Nil
Discrimination at workplace	Nil
Child Labour	100%
Forces Labour/ Involuntary Labour	Nil
Wages	Nil
Others – please specify	Nil

5. Provide details of any corrective actions taken or underway to address significant risks/ concerns arising from the assessment at Question 4 above.

No risks/concern were found during the assessment.

PRINCIPLE 6- BUSINESS SHOULD RESPECT AND MAKE EFFORTS TO PROTECT AND RESTORE THE ENVIRONMENT

Essential Indicators

1. Details of total energy consumption (in Giga Joules) and energy intensity, in the following format:

Parameter	FY 2024-25	FY 2023-24
From renewable sources		
Total electricity consumption (A)	36,389	34,122.64
Total fuel consumption (B)	Nil	Nil
Energy consumption through other sources (C)	Nil	Nil
Total energy consumed from renewable sources (A+B+C)	36,389.61	34,122.64
From non-renewable sources		
Total electricity consumption (D)	75,980.74	76,994.35
Total fuel consumption (E)	1,06,206.00	1,06,797.20
Energy consumption through other sources (F)	Nil	Nil
Total energy consumed from non-renewable sources (D+E+F)	1,82,185.74	1,83,791.55
Total energy consumption (A+B+C+D+E+F)	2,18,574.34	2,17,914.19
Energy intensity per rupee of turnover (KJ/ ₹)	6.00	6.48
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed / Revenue from operations adjusted for PPP)-GJ/ USD	0.00012	0.00014
Energy intensity in terms of physical output-(GJ/million nos.)	4,633	5,100
Energy intensity (optional) – the relevant metric may be selected by the entity	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. Assurance has been provided by M/s MITCON Consultancy and Engineering Services Ltd.

Business Responsibility & Sustainability Report (Contd.)

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Not applicable

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2024-25	FY 2023-24
Water withdrawal by source (in kilolitres)		
(i) Surface water	Nil	Nil
(ii) Ground Water	8,882.52	10,670.66
(iii) Third Party Water	74,794.00	85,453
(iv) Seawater/Desalinated Water	Nil	Nil
(v) Others-municipal supply	86,417.30	1,01,138.58
Total volume of water withdrawal (in kilolitres) (i+ii+iii+iv+v)	1,70,093.82	1,97,262.24
Total volume of water consumption (in kilolitres)	1,65,364.82	1,89,571.24
Water intensity per rupee of turnover (litre/ ₹)	0.005	0.006
Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumption / Revenue from operations adjusted for PPP)-KL/ USD	0.00009	0.00012
Water intensity in terms of physical output- (Kilolitres/million nos.)	3,268	4,437
Water intensity (optional) – the relevant metric may be selected by the entity	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. Assurance has been provided by M/s MITCON Consultancy and Engineering Services Ltd.

4. Provide the following details related to water discharged.

Parameter	FY 2024-25	FY 2023-24
Water discharge by destination and level of treatment (in kilolitres)		
(i) To Surface water	Nil	Nil
- No treatment	Nil	Nil
- With treatment, please specify level of treatment	Nil	Nil
(ii) To Groundwater	Nil	Nil
- No treatment	Nil	Nil
- With treatment, please specify level of treatment	Nil	Nil
(iii) To Seawater	Nil	Nil
- No treatment	Nil	Nil
- With treatment, please specify level of treatment	Nil	Nil
(iv) Sent to third parties	4,729	7,691
- No treatment	Nil	Nil
- With treatment, please specify level of treatment	4,729	7,691
(v) Others	Nil	Nil
- No treatment	Nil	Nil
- With treatment, please specify level of treatment	Nil	Nil
Total water discharged in kilolitres	Nil	Nil

Business Responsibility & Sustainability Report (Contd.)

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. Assurance has been provided by M/s MITCON Consultancy and Engineering Services Ltd.

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Yes, Gabriel India has implemented ZLD at its 4 locations out of 7 viz. Hosur, Chakan, Nashik & Dewas. The mechanism covers all wastewater from industrial processes in the plants including painting, component cleaning, plating, machining and grinding coolant, backwash for resin-based chemical/water treatment. The existing effluent water treatment plant has been upgraded by adding reverse osmosis to filter the treated effluent water to achieve the water quality suitable for industrial process. Thus, industrial wastewater is being recycled. Also, the wastewater from reverse osmosis is distilled using multi-effect evaporator to achieve water quality suitable for industrial process resulting in recycling of water. The dissolved solids in the water are collected in the powder form from evaporator & disposed-off to Pollution Control Board approved Common Hazardous Waste Disposal Site.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 2024-25	FY 2023-24
NOx	tonnes per annum/ mg per Nm ³	6.84 tonnes per annum	942.05 mg per Nm ³
SOx	tonnes per annum/ mg per Nm ³	1.65 tonnes per annum	908.62 mg per Nm ³
Particulate matter (PM)	tonnes per annum/ mg per Nm ³	34.94 tonnes per annum	2197.21 mg per Nm ³
Persistent organic pollutants (POP)	-	-	-
Volatile organic compounds (VOC)	-	-	-
Hazardous air pollutants (HAP)	-	-	-
Others	-	-	-

Note: Due to change in calculation methodology, figures for FY 2024-25 are reported in tonnes/annum

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No independent assessment has been carried out during FY 24-25 for other than GHG emission.

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	tCO ₂ e	7,034.00	6,314.77
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	tCO ₂ e	15,547.00	15,313.34
Total Scope 1 and Scope 2 emissions per rupee of turnover (Total Scope 1 and Scope 2 emissions/ ₹ turnover)	gCO ₂ e/ ₹	0.62	0.64
Total Scope 1 and Scope 2 emissions per rupee of turnover adjusted for Purchasing Power Parity (PPP)	tCO ₂ e/ USD	0.000013	0.000014
Total Scope 1 and Scope 2 emission intensity in terms of physical output	tCO ₂ e/million nos.	479	506
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity	-	-	-

Business Responsibility & Sustainability Report (Contd.)

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. Assurance has been provided by M/s MITCON Consultancy and Engineering Services Ltd.

8. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

Yes. The Company has implemented following projects to avoid Green House Gas emissions.

1. Sourcing of renewable solar energy from open access group captive mechanism of capacity 1.05 MWp at Nashik plant, to substitute grid electricity and avoiding 1,679 tonnes of GHG emissions annually.
2. Sourcing of additional renewable solar energy from open access group captive mechanism of capacity 0.5 MWp at Chakan plant, to substitute grid electricity and avoiding 799 tonnes of GHG emissions annually.
3. Execution of energy reduction projects through optimum utilisation of equipment, avoiding idling of equipment, reducing losses, process parameter optimisation & using substitute technology. The projects have potential to avoid 227 tonnes of GHG emissions annually.

9. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2024-25	FY 2023-24
Total waste generated (in metric tonnes)		
Plastic waste (A)	87.05	47.71
E-Waste (B)	6.57	12.34
Bio-Medical Waste (C)	0.0032	0.007
Construction and demolition waste (D)	Nil	Nil
Battery For (E)	Nil	1.49
Radioactive waste (F)	Nil	Nil
Other Hazardous waste. Please specify, if any (G)	331	463.02
Other Non-hazardous waste generated (H). Please specify, if any- Wooden pallets, cardboard, metal scrap. etc	4,200	4,814
Total (A+B+C+D+E+F+G+H)	4,624.38	5,338.56
Waste intensity per rupee of turnover (Total waste generated / Revenue from operations) grams/ ₹	0.13	0.16
Waste intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP)-metric tonnes/USD	0.0000026	0.0000034
Waste intensity in terms of physical output- (MT/million nos.)	98	125
Waste intensity (optional) – the relevant metric may be selected by the entity	-	-
For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)		
Category of waste		
(i) Recycled	3,765	4,990.14
(ii) Re-used	Nil	Nil
(iii) Other recovery operations- Co processing, Incineration with energy recover	199.43	243.884
Total	3,964.93	5,234.02
For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)		
Category of waste		

Business Responsibility & Sustainability Report (Contd.)

Parameter	FY 2024-25	FY 2023-24
(i) Incineration	17.53	97.94
(ii) Landfilling	Nil	6.6
(iii) Other disposal operations	313.38	0
Total	330.91	104.54

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. Assurance has been provided by M/s MITCON Consultancy and Engineering Services Ltd.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Gabriel India has established waste management practices based on the principles of Reduce, Reuse and Recycle:

- Optimisation of raw materials: Raw materials are selected based on dimensions that minimise waste during processing, thereby reducing manufacturing waste.
- Substitution of packaging: Whenever possible, single-use packaging has been replaced with reusable alternatives to minimise packaging waste.
- Recycling of natural resources: Wastewater from processes is recycled back into the production process, reducing the consumption of fresh water. Sewage water is also recycled for gardening purposes, further conserving fresh water. Waste heat generated from casting ovens and air compressors is recovered and utilised for process heating.

The Company is committed to reducing the use of hazardous and toxic chemicals in its operations. The strategy involves immediate replacement of hazardous chemicals with safer alternatives where available, and ongoing efforts to find substitutes for chemicals not immediately replaceable.

For instance, Gabriel India has already transitioned to safer chemicals for cleaning parts and in the phosphating process for painting. To manage waste, it is categorised into hazardous and non-hazardous types. Hazardous waste is disposed-off to Pollution Control Board approved cement industries for recycling, while non-hazardous waste is disposed of through government-authorised agencies for recycling purposes.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details.

S. No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval/ clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
1	Nil	Nil	There are no operating sites in or around ecologically sensitive areas where clearance of any sort is required

Business Responsibility & Sustainability Report (Contd.)
12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in FY 2023-24.

Name and brief details of project	EIA Notification Number	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes/No)	Relevant Web Links
No project was initiated in FY 2024-25 that required EIA					

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances.

S No.	Specify the law / regulation / guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken if any
1	Under Water & Air Act, Consent to Establish is to be obtained prior to establishing any industry or process.	Casting / RM Store expansion work at Chakan was started without obtaining Consent to Establish from MPCB	₹ 1,00,000	Legal compliances have been included in the project planning
2	Under Water (Prevention & Control of Pollution) Act, 1974, hexavalent chrome in treated effluent cannot be more than 0.1 microgram/ litre	At Parwanoo, hexavalent chrome in sample collected at ETP outlet was not meeting the prescribed limits	No	Since no hexavalent chrome is used in process, same was communicated to pollution control board authorities with a request to re-test the treated effluent. No hexavalent chrome was detected when re-tested.
3	Under the provisions of Air (Prevention and Control of Pollution) Act, 1981 and Water (Prevention & Control of Pollution) Act, 1974, submission of CPCB approved Irrigation management plan is required.	At Parwanoo, CPCB approved irrigation management plan to the pollution control board has not been submitted.	No	Competent agency finalised & action for irrigation management plan in progress.
4	Under Plastic Waste Management Rules 2016, annual report is to be filed for consumption & recycling of plastic	At Parwanoo, annual report for FY 2022-23 not filed.	No	It has been highlighted to Pollution Control Board that annual report is to be filed after obtaining the EPR registration under Plastic Waste Management Rules, whereas GIL had obtained the EPR registration on date November 26, 2023 and therefore the notice is not applicable to us.

Business Responsibility & Sustainability Report (Contd.)

Leadership Indicators

1. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres): For each facility / plant located in areas of water stress, provide the following information:

- (i) Name of the area: Khandsa -Overexploited, Dewas –Overexploited
- (ii) Nature of operations: Manufacturing.
- (iii) Water withdrawal, consumption and discharge in the following format

Parameter	FY 2024-25	FY 2023-24
Water withdrawal by source (in kilolitres)		
(i) Surface water	0	0
(ii) Groundwater	0	0
(iii) Third party water	29,350	34,955
(iv) Seawater/ desalinated water	0	0
(v) Others-Municipality	27,389	61,670.56
Total volume of water withdrawal (in kilolitres)	56,738	96,625.56
Total volume of water consumption (in kilolitres)	56,738	96,625.56
Water intensity per rupee of turnover (Water consumed/ turnover)-litres/ ₹	0.002	0.003
Water intensity (optional) – the relevant metric may be selected by the entity	-	-
Water discharge by destination and level of treatment (in kilolitres)		
i. To Surface water	Nil	Nil
- No treatment	Nil	Nil
- With treatment – please specify level of treatment	Nil	Nil
ii. To Groundwater	Nil	Nil
- No treatment	Nil	Nil
- With treatment – please specify level of treatment	Nil	Nil
iii. To Seawater	Nil	Nil
- No treatment	Nil	Nil
- With treatment – please specify level of treatment	Nil	Nil
iv. Sent to third-parties	Nil	Nil
- No treatment	Nil	Nil
- With treatment – please specify level of treatment	Nil	Nil
v. Others	Nil	Nil
- No treatment	Nil	Nil
- With treatment – please specify level of treatment	Nil	Nil
Total water discharged (in kilolitres)	Nil	Nil

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. Assurance has been provided by M/s MITCON Consultancy and Engineering Services Ltd.

Business Responsibility & Sustainability Report (Contd.)

2. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	tCO ₂ e	Not tracked	Not tracked
Total Scope 3 emissions per rupee of turnover	tCO ₂ e/ ₹	Not tracked	Not tracked
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity		-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Not applicable

3. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Not applicable

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

S. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Zero Liquid Discharge at Dewas plant	Trade effluent is treated to required industry standards and recirculated in the process by implementing Zero Liquid Discharge consisting of ultra filtration, reverse osmosis and multi effect evaporators.	Trade effluent is being recirculated back in the process thus conserving 7,800 kilo litres fresh water annually.
2	Renewable energy sourcing through Open Access at Chakan plant	Renewable solar electricity has been sourced through Open Access Group Captive mechanism of capacity 0.5 MWp to substitute grid electricity	1.10 million units of grid electricity will be substituted annually with renewable solar energy thus avoiding 799 tonnes of CO ₂ e emission.
3	Renewable energy sourcing through Open Access at Nashik plant	Renewable solar electricity has been sourced through Open Access Group Captive mechanism of capacity 1.05 MWp to substitute grid electricity	2.31 million units of grid electricity will be substituted annually with renewable solar energy thus avoiding 1,679 tonnes of CO ₂ e emission
4	Optimum utilisation of equipment capacity to conserve energy	Energy savings are being achieved through optimal capacity utilisation of equipment that includes replacing overrated compressors with optimum rating, combining hydraulics of multiple machines instead of using separate hydraulics for each machine, utilising spare capacity of existing air ventilation system instead of adding new.	Potential savings of 64,674 units per annum with potential evasion of 47 tonnes of CO ₂ e emission

Business Responsibility & Sustainability Report (Contd.)

S. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
5	Stop idle Running of equipment to conserve energy	Energy savings are being achieved by avoiding idle running of equipment. This includes usage of automatic timers, motion sensors, LDR sensors for detecting idle running and switching off the equipment such as machine blowers, cooling tower fans, air ventilation, shop floor & inspection lights, compressed air systems.	Potential savings of 71,919 units per annum with potential evasion of 52 tonnes of CO ₂ e emission
6	Energy conservation by avoiding losses in the equipment	Conservation of energy by avoiding losses in equipment that includes improvement of power factor, using variable speed drives to reduce motors losses and arresting compressed air leakages.	Potential savings of 33,804 units per annum with potential evasion of 25 tonnes of CO ₂ e emission
7	Energy conservation through process parameter optimisation	Conservation of energy by optimising process parameters that include reducing reduction in set temperature of degreasing baths in the paint line, reducing system pressure of compressed air from 5.8 bar to 5.2 bar.	Potential savings of 69,036 units per annum with potential evasion of 50 tonnes of CO ₂ e emission
8	Energy conservation by using substitute technology	Saving energy by replacing existing equipment with new technology. This includes using High Volume Low Speed fans, ventury type air blowing guns, LED lighting in the shop floor and replacing machine sensors using compressed air with electronic sensors.	Potential savings of 73,638 units per annum with potential evasion of 53 tonnes of CO ₂ e emission
9	Water conservation through water loss prevention	Water conservation by avoiding water losses. This includes using float valve in the leak testing machine to avoid continuous flow of water and timely replacement of worn-out water hoses for gardening.	Potential savings of 451 kilo litres per annum
10	Miyawaki plantation	Adopting Miyawaki method of planting trees that consists of a high density of native trees, shrubs, and groundcover in a small area, leading to rapid growth and the creation of a dense, self-sustaining green cover within a few years	The dense planting created a microclimate that fostered rapid growth and requires minimal maintenance with potential water savings of 183 kilo litres per annum
11	Optimisation of water usage	Conservation of water by using auto-press taps and aerated nozzles for hand wash and canteen plate wash areas to optimise water flow. This reduced water consumption by limiting flow duration and mixing air with water, maintaining effectiveness with minimal water wastage.	Potential savings of 423 kilo litres per annum
12	Prevent water loss during idle running periods	Conservation of water by preventing water wastage during equipment idling that includes interlocking of demineralised water supply to the bath in paint line with the overhead conveyor to eliminate water flow when paint line is not running	Potential savings of 100 kilo litres per annum

Business Responsibility & Sustainability Report (Contd.)

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

The Company has defined Disaster Recovery Plan (DRP) to ensure smooth running of business and operation, safeguarding of the assets, employee/ people/ visitor health safety and compliances. Adequate controls are updated and documented based on the risk factors, government guidelines, notifications issued from time to time. DRP plan outlines specific procedures required to recover and restore critical IT systems during such unanticipated disruptive events.

6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.

No adverse impact reported during the reporting period.

7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

96

PRINCIPLE 7- BUSINEESS, WHEN ENGAGING IN INFLUENCING PUBLIC AND REGULATORY POLICY, SHOULD DO SO IN A MANNER THAT IS RESPONSIBLE AND TRANSPARENT

Essential Indicator

1 a. Number of affiliations with trade and industry chambers/ associations.

Gabriel India is affiliated to one (1) trade and industry chamber/association.

1 b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.

S. No.	Name of the trade and industry chambers / associations	Reach of trade and industry chambers/ associations (State/National)
1	Automotive Components Manufacturers' Association [ACMA]	National

2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities.

Name of the Authority	Brief of the case	Corrective Action Taken
There were no incidents of anti-competitive behaviour involving the Company during the reporting period (FY 2024-25).		

Business Responsibility & Sustainability Report (Contd.)

Leadership Indicators

1. Details of public policy positions advocated by the entity:

S. No.	Public policy advocated	Method resorted for such advocacy	Whether information available in public domain? (Yes/No)	Frequency of Review by Board (Annually/ Half yearly/ Quarterly / Others – please specify)	Web Link, if available
1	Gabriel India participates when it is relevant for the Company and responds to public consultations in line with the Code of Conduct that requires engagement with Government, legislators, regulators or NGOs, with honesty, integrity, open-ness and in compliance with applicable laws. Only authorised individuals can interact with these institutions. Prior internal approval is required for initiating any such engagement.	Gabriel India is represented in key industry and business associations. The Company participates in policy advocacy in a transparent and responsible manner while engaging with all the authorities considering the Company's as well as the larger national interest.	No	NA	NA

PRINCIPLE 8-BUSINESSES SHOULD PROMOTE INCLUSIVE GROWTH AND EQUITABLE DEVELOPMENT

Essential Indicators

1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.

Name and brief details of project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/No)	Relevant Web link
Not applicable					

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity.

S. No.	Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R	Amounts paid to PAFs in the FY (In ₹)
Not applicable						

3. Describe the mechanisms to receive and redress grievances of the community.

Gabriel India has established an effective grievance mechanism. Communities can submit their grievances through the ESG Feedback Register accessible at the gate or by contacting the Company via email at sustainability@gabriel.co.in. A senior management team carefully analyses received grievances and ensures they are addressed promptly within specified timelines.

Business Responsibility & Sustainability Report (Contd.)

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers.

	FY 2024-25	FY 2023-24
Directly sourced from MSMEs/ small producers	59.00%	47.21%
Directly sourced from within India	89.45%	90.27%

5. Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent / on contract basis) in the following locations, as % of total wage cost.

Location	FY 2024-25	FY 2023-24
Rural	65.09%	66.39%
Semi-urban	11.32%	12.09%
Urban	23.58%	21.53%
Metropolitan	Nil	Nil

Leadership Indicators

1. Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential indicators above).

No such project was initiated in the current financial year which requires Social Impact Assessment

2. Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies.

S. No.	State	Aspirational district	Amount spent (in ₹)
NA as no CSR projects have been undertaken by Gabriel India in designated Aspirational Districts			

3. a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalised /vulnerable groups? (Yes/No)

No

(b) From which marginalised /vulnerable groups do you procure?

NA

(c) What percentage of total procurement (by value) does it constitute?

NA

4. Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge:

S. No.	Intellectual Property based on traditional knowledge	Owned/ Acquired (Yes/No)	Benefit shared (Yes / No)	Basis of calculating benefit share
Not applicable				

5. Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.

Name of authority	Brief of the Case	Corrective action taken
Not applicable		

Business Responsibility & Sustainability Report (Contd.)

6. Details of beneficiaries of CSR projects

S. No.	CSR Projects	No. of persons benefitted from CSR Projects	% Of beneficiaries from vulnerable and marginalised groups
1	Govt. School Infra Development: Construction of Boys Washrooms and dining shed at Govt. Primary & Middle School, Mendh ki Chak, 74 students (Washrooms for girls constructed at the same school in 2023).	168 Government school students aged 6 to 14 years and 12 staff (78 females - 46%)	100
2	In alignment with National Education Policy, 2020, strengthen SNSF's teaching programme in 06 partner Government schools, supporting 600+ students. The 06 partner Government Schools are - 1. Government Primary School Siya with 61 students 2. Government Middle School, Siya with 103 students 3. Govt. Primary School, Ambedkar Nagar, Siya with 53 students and Repair of damaged parts of Govt. High School, Siya 4. Govt. Primary School Mendki Chak with 94 students 5. Govt. Middle School, Mendki Chak with 74 students 6. Govt. High School, Rupakhedi with 238 students	262 Government school students aged 7 to 14 years (140 females - 53 %)	100
3	To organize mobile planetarium shows in 05 partner govt. schools, covering 802 students. These schools are:(i) Govt. Primary School, Ambedkar Nagar, Siya (ii) Govt. Higher Sec. School, Ambedkar Nagar, Siya (iii) Govt. Middle School, Siya (iv) Govt. Middle School, Mendki Chak (v) Govt. High School, Rupakhedi	1205 Government school students	100
4	Govt. School Infra Development: Repair/renovation of 09 classrooms, kitchen and installation of paver blocks at Govt. High School, Rupakhedi	240 Government school students aged 6 to 16 years and 14 staff (130 females - 54%)	100
5	Medhavi Scholarship: Support 7 existing scholars and 6 new scholars at Govt. Polytechnic, Dewas and Acropolis Institute, Indore.	12 underprivileged girls aged 17 -20 years supported to pursue Dip. Engg. in Acropolis Institute of Technology and Research, Indore and Saheed Jageshwar Government Polytechnic, Dewas	100
6	Setting up of tailoring and beautician training labs and skilling of 80 youth in NSDC's approved job roles of (i) General Duty Assistant (ii) Home Health Aide (iii) Asst. Beauty Therapist (iv) Certificate Course in Active Basic IT (CCAB) a computer course with technical guidance of NIIT Foundation	125 underprivileged unskilled youth and women aged 18 to 55 years (111 females - 89%) Mar'25: 47 are pursuing	100
7	Promotion of Micro-Finance and Micro-Entrepreneurship among 160 Women Self Help Groups across 40 villages (1764) members in partnership with State Rural Livelihoods Mission and Krishi Vigyan Kendra	160 Self Help Groups (SHGs) of 1764 members supported with microcredit operations. (100% females)	100

Business Responsibility & Sustainability Report (Contd.)

S. No.	CSR Projects	No. of persons benefitted from CSR Projects	% Of beneficiaries from vulnerable and marginalised groups
8	Skilling of 500 youth in 2 centres at Gurugram and Sohna across NSDC's approved job roles of (i) Asst. Beauty Therapise (ii) Asst. Fashion Designer (iii) Self Employed Tailor (iv) Certificate Course in Active Basic IT (CCAB) (v) Certificate Course in Tally essential Comprehensive (CCTE) - computer courses with technical guidance of NIIT Foundation	474 underprivileged unskilled youth aged 18 to 55 years (465 females - 98% females) Mar'25: 95 are pursuing	100
9	Govt. Senior Secondary School, Bisalpur - Repair and Maintenance Works required due to heavy rains/floods of 2023	331 Government school students aged 6 to 18 years and 23 staff (141 females - 43%)	100
10	Govt. School Infra Development: Repair and Maintenance of Govt. Girls High School, Bisalpur, Target Beneficiary - 201 students	224 Government school students aged 6 to 14 years and 12 staff (167 females - 75%)	100
11	In alignment with National Education Policy, 2020, strengthen SNSF's teaching programme in 10 partner Government schools, supporting 1200+ students. The 10 partner Government schools are: 1. Govt. Sr. Sec. School, Perwa - 201 students 2. Govt. Sen. Sec. School, Sena - 303 students 3. Govt. Sen. Sec. School, Bisalpur - 271 students 4. Govt. Middle School, Meeno Ki Dhanee - 42 students 5. Govt. Middle Sanskrit School, Bisalpur - 26 students 6. Govt. Middle School, Jeevada - 132 students 7. Govt. Girls Higher Secondary School, Bisalpur - 201 students 8. Govt. Primary School, Devgarh - 25 students 9. Govt. Primary School, Jhunjar Ji - 24 students	808 Government school students aged 7 to 16 years (432 females - 53%)	100
12	To organize mobile planetarium shows for 1200+ students in 10 partner govt. schools. These schools are 1. Govt. Sr. Sec. School, Perwa 2. Govt. Sen. Sec. School, Sena 3. Govt. Sen. Sec. School, Bisalpur 4. Govt. Middle School, Meeno Ki Dhanee 5. Govt. Middle Sanskrit School, Bisalpur 6. Govt. Middle School, Jeevada 7. Govt. Girls Higher Secondary School, Bisalpur 8. Govt. Primary School, Devgarh 9. Govt. Primary School, Jhunjar Ji 10. Govt. Primary School, Bisalpur	982 Government school students	100
13	Provide mobile medical services to 16K+ rural population living in 09 villages across 4-gram panchayats: Perwa, Bisalpur, Sena & Boya	13012 individuals from rural areas (6149 females - 47%)	100
14	Provide daily sanitation services to 700+ households living in three villages of Sena, Jeevda and MKD, Bisalpur	5526 individuals from rural households	100
15	Govt. Schools Infra Development: Construction of hostel facility (2500 sq.ft.) with washroom for 200 girl students aged 6 to 16 at Tribal Residential School, Vill. Velunje	200 Government school students aged 7 to 16 years (100% females)	100

Business Responsibility & Sustainability Report (Contd.)

S. No.	CSR Projects	No. of persons benefitted from CSR Projects	% Of beneficiaries from vulnerable and marginalised groups
16	In alignment with National Education Policy, 2020, strengthen SNSF's teaching programme in 10 partner Government schools, supporting 3000+ students. The 10 partner Government schools are: 1. Tribal Residential School, Rohile - 540 students 2. Tribal Residential School, Kharset - 711 students 3. Tribal Residential School, Velunje - 419 students 4. Tribal Residential School, Amboli - 450 students 5. Tribal Residential School, Pimpri - 592 students 6. Zila Parishad School, Velunje - 215 students 7. Zila Parishad School, Sadadpana - 30 students 8. Zila Parishad School, Jambhulpada - 40 students 9. Zila Parishad School, Kharset - 43 students 10. Zila Parishad School, Rohile - 85 students	994 Government school students aged 7 to 14 years (458 females - 46%)	100
17	To organise mobile planetarium shows in 05 partner govt. schools, covering 2712 students. These schools are: 5 Tribal Residential Schools of Rohile, Pimpri, Kharset, Velunje and Amboli	2415 Government school students	100
18	Infra Development: Desiltation of checkdam at village Jhambhulpada	990 individuals from rural households	100
19	Govt. School Infra Development: Develop roof-top rain water harvesting structure at Govt. Middle School, Taksal, Target Beneficiary - 259 students	399 Government school students aged 6 to 14 years and 15 staff (197 females - 49%) and 6400 individuals from rural areas	100
20	Govt. School Infra Development: Construction of retaining wall to close hazardous gaps in the school boundary at Govt. Middle School, Taksal and ensure safety of students		
21	Govt. School Infra development: Construction of dining cum multipurpose shed at Govt. Middle School for serving of mid-day meals and for holding of assembly, etc.		
22	ANAND Scholarship Programme: Support 10 girls (3-7 yrs.) to pursue education at ANAND School	10 underprivileged girls aged 5 to 11 years (100% females)	100
23	Upgradation of existing skill development facilities/ training labs and skilling of 170+ youths across multiple job roles: (i) General Duty Assistant (ii) Domestic Data Entry Operator (iii) Accounts Executive (iv) Self Employed Tailor (v) Asst. Beauty Therapist (vi) Certificate Course in Active Basic IT (CCAB) & (vii) Certificate course in Tally essential Comprehensive (CCTE) - computer courses with technical supervision of NIIT Foundation	239 underprivileged unskilled youth and women aged 18 to 55 years (204 females - 85%) Mar'25: 34 are pursuing	100

Business Responsibility & Sustainability Report (Contd.)

S. No.	CSR Projects	No. of persons benefitted from CSR Projects	% Of beneficiaries from vulnerable and marginalised groups
24	Maintenance/Upgradation of three public parks (Van Vatika Anand, Anand Municipal Park and Sports Complex and ANAND Garden) in partnership with Municipal Council, Parwanoo & Dept. of Forests, Solan	13950 individuals residing in surrounding areas of public parks	100
25	Infrastructure Development at 03 Public Parks as part of regular maintenance and improvement in quality-of-service delivery - (i) Anand Municipal Park and Sports Complex: Repair of boundary wall and facelift of toilets (ii) Van Vatika Anand: Construction of rain shelter, retaining wall, painting, etc.(iii) Anand Garden: Construction of R.C.C. water storage tank for watering of plants, etc.		
26	Installation of Open Gym Equipment at Anand Municipal Park and Sports Complex + Installation of Gym at Anand Park, Sector 1(Phase II)		
27	Infra Development: Installation of solar water pump to facilitate irrigation for plantation across 42 acres of agricultural land at Vill. Kanhwadi Tarf, Target Beneficiary - 204 families	1000 individuals from rural households	100
28	Promotion of Micro-Finance and Micro-Entrepreneurship among 20 Women Self Help Groups in one village of Kanhwadi Tarf (240 members) in partnership with State Rural Livelihoods Mission and Krishi Vigyan Kendra	21 Self Help Groups (SHGs) of 210 members supported with microcredit operations. (100% females)	100
29	Govt. School Infra Development: Repair of existing washrooms at Govt. High School, Mornapalli, Target Beneficiary - 261 students	297 Government school students aged 11 to 16 years and 16 staff (142 females - 48%)	100
30	In alignment with National Education Policy, 2020, strengthen SNSF's teaching programme in 03 partner Government schools, supporting 800+ students. The 03 partner govt. schools are: 1. Govt. High School, Mornapalli - 261 students 2. Panchayat Union Primary School, Mornapalli - 165 students 3. Govt. High School, Samathuvapuram - 403 students	317 Government school students aged 7 to 14 years (150 females - 47%)	100
31	To organise mobile planetarium shows in three partner govt. schools, covering 829 students. These schools are (1) Govt. High School, Mornapalli (2) Panchayat Union Primary School, Mornapalli (3) Govt. High School, Samathuvapuram	835 Government school students	100
32	Medhavi Scholarship: Support 07 existing scholars at Er. Perumal Manimekalai Polytechnic College, Hosur	07 underprivileged girls aged 17 -20 years supported to pursue Dip. Engg. In Er. Perumal Manimekalai Polytechnic College, Hosur and Government Polytechnic College, Kelamangalam	100

Business Responsibility & Sustainability Report (Contd.)

PRINCIPLE 9- BUSINESSES SHOULD ENGAGE WITH AND PROVIDE VALUE TO THEIR CONSUMERS IN A RESPONSIBLE MANNER

Essential Indicators

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

Customer response and satisfaction are crucial aspects for Gabriel India Limited. The Company has established a robust system to handle customer complaints and feedback effectively.

- Customers have multiple communication channels available to connect with the Company, including phone, email, online reports, or through Gabriel India Limited representatives.
- Each plant has a Dedicated Customer Quality Representative responsible for receiving and managing complaints according to Gabriel India's Standard Operating Procedures (SOPs).
- For gathering customer feedback, there is a dedicated CSS portal. This portal collects real-time data from customers based on predefined parameters.
- Top management regularly reviews Customer Feedback, Voice of Customer reports, and Customer Satisfaction Survey Scores. They provide strategic guidance and directions for continuous improvement based on this feedback.

2. Turnover of products and/services as a percentage of turnover from all products/service that carry information about:

	As a percentage to total turnover
Environmental and social parameters relevant to the product	Nil
Safe and responsible usage	Nil
Recycling and/or safe disposal	Nil

3. Number of consumer complaints in respect of the following:

	FY 2024-25		Remarks	FY 2023-24		Remarks
	Received during the year	Pending resolution at end of year		Received during the year	Pending resolution at end of year	
Data privacy	Nil	Nil	-	Nil	Nil	-
Advertising	Nil	Nil	-	Nil	Nil	-
Cybersecurity	Nil	Nil	-	Nil	Nil	-
Delivery of essential services	Nil	Nil	-	Nil	Nil	-
Restrictive Trade Practices	Nil	Nil	-	Nil	Nil	-
Unfair Trade Practices	Nil	Nil	-	Nil	Nil	-
Other (Quality Complaints)	Nil	Nil	-	117	Nil	-

4. Details of instances of product recalls on accounts of safety issues.

	Number	Reasons for recall
Voluntary recalls	Nil	NA
Forced recalls	Nil	NA

Business Responsibility & Sustainability Report (Contd.)

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

Yes, Gabriel India Limited has a comprehensive policy on data Privacy. The details are provided in the Company's Data privacy policy which is available at <https://www.anandgroupindia.com/wp-content/uploads/2018/03/DataPrivacyPolicy.pdf>. Gabriel India follows ISO 27001:2013 framework and is certified for IT services and security of IT Assets and information of Gabriel India.

6. Provide details of any corrective actions taken or underway on issues relating to advertising and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.

Not applicable

7. Provide the following information relating to data breaches:

a. Number of instances of data breaches:

Nil

b. Percentage of data breaches involving personally identifiable information of customer)

Nil

c. Impact, if any, of the data breaches

Nil

Leadership Indicators

1. Channels / platforms where information on products and services of the Company can be accessed.

Gabriel India Limited website having all the information related to the products and business and can be accessed at <https://www.anandgroupindia.com/gabrielindia/products/?pcatid=all&vcid=all>

2. Steps taken to inform and educate consumers, especially vulnerable and marginalised consumers, about safe and responsible usage of products and services.

Two distinct business segments are operated by Gabriel India Limited: B2B and B2C.

- In the B2B segment, where products are supplied directly to OEMs for integration into end products, Gabriel India Limited has limited scope to inform and educate end users about the safe and responsible usage of its products.
- In the B2C segment, specifically for gas-filled products, Gabriel India Limited ensures that safety instructions are prominently displayed. However, beyond these instructions, the Company does not provide additional information regarding the safe and responsible usage of products in the aftermarket section.

3. Mechanisms in place to inform consumers of any risk of disruption / discontinuation of essential services.

- For B2B: Due to the direct supply of products to OEMs who assemble and distribute to end customers, Gabriel India Limited has limited scope to directly inform end users about potential service disruptions or discontinuations.
- For B2C: While product information is displayed on the Company's website, there is no specific mechanism to directly notify consumers about disruptions or discontinuations of essential services.

Business Responsibility & Sustainability Report (Contd.)

4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/ Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)

Yes, since the Company's products are OEM-specific, to adhere to the OEM requirements, product information displayed on packaging complies with both OEM specifications and relevant laws. This includes details such as manufacturer information, manufacturing date, model name, dispatch number, part number, and other pertinent data.

For aftermarket products, local laws regarding product information display are complied with.

Yes, customer satisfaction surveys are conducted across various locations, transitioning from Google Forms to the Kano Model methodology. The survey assesses customer satisfaction based on ratings received from respondents using a 6-point scale, evaluating attributes such as cost, supply chain management (SCM), quality, research and development (R&D), new product development (NPD), and customer relationship.
