Annexure E

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORTING

SECTION A: GENERAL DISCLOSURES

I. Details of the listed entity:

1.	Corporate Identity Number (CIN) of the Listed Entity	L24120TG1961PLC000892
2.	Name of the Listed Entity	COROMANDEL INTERNATIONAL LIMITED
3.	Year of incorporation	1961
4.	Registered office address	Coromandel House, 1-2-10, Sardar Patel Road, Secunderabad, Telangana - 500 003
5.	Corporate address	Olympia Terraces, #15B(SP), SIDCO Industrial Estate, Guindy, Chennai, Tamil Nadu – 600 032
6.	E-mail	investorsgrievance@coromandel.murugappa.com
7.	Telephone	040-66997500/7300
8.	Website	www.coromandel.biz
9.	Financial year for which reporting is being done	2024-25
10.	Name of the Stock Exchange(s) where shares are listed	BSE Limited and National Stock Exchange of India Limited
11.	Paid-up Capital	₹ 29,46,36,339/-
12.	Name and contact details (telephone, email address) of the person who may be contacted in case of any queries on the BRSR report	Mr. B Shanmugasundaram, Senior Associate Vice President - Secretarial & Company Secretary & Compliance Officer Phone: 040 66997500/7300 Email: investorsgrievance@coromandel.murugappa.com
13.	Reporting boundary - Are the disclosures under this report made on a standalone basis (i.e. only for the entity) or on a consolidated basis (i.e. for the entity and all the entities which form a part of its consolidated financial statements, taken together).	Standalone
14.	Name of assessment or assurance provider	TUV India
15.	Type of assessment or assurance obtained	Reasonable

II. Products/services:

16. Details of business activities (accounting for 90% of the turnover):

S. No	Description of Main Activity	Description of Business Activity	% of Turnover of the entity
1.	Manufacturing	Chemical and chemical products, pharmaceuticals, medicinal chemical and botanical products	100%

17. Products/Services sold by the entity (accounting for 90% of the entity's Turnover):

S. No.	Product/Service	NIC Code	% of total Turnover contributed
1.	Nutrients & Crop Protection	20122, 20211	100%

III. Operations:

18. Number of locations where plants and/or operations/offices of the entity are situated:

Location	Number of plants	Number of offices	Total
National	18	8	26
International	0	7	7

19. Markets served by the entity:

a. Number of locations

Locations	Number
National (No. of States)	19 (including States & UTs)
International (No. of Countries)	54

b. What is the contribution of exports as a percentage of the total turnover of the entity?

6%

26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Innovation and R&D	O	Innovation can be a key differentiator in developing novel solutions which can not only drive the crop yields but can push resource efficiency and sustainable farm practices.	NA	Positive
2	Customer Centricity	O	Important for the Company to prioritize the needs, preferences and behaviours of its customers in all aspects of its operations. It involves understanding customer expectations deeply and aligning products, services, and strategies accordingly.	NA	Positive

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
3	Ethics & Governance	R	Fundamental pillars to operate responsibly and sustainably. Robust corporate governance ensures that the organization operates in a transparent, accountable, and efficient manner.	Coromandel is committed to its 'Five Lights' value system and has established a structure in place which ensures that all employees follow Coromandel's Code of Business Conduct.	Negative
4	Product Quality	R	Companies that prioritize and invest in product quality typically enjoy higher customer satisfaction, loyalty, and competitive advantage in the marketplace. Achieving high product quality requires a combination of effective performance, rigorous manufacturing processes, quality control measures, and continuous improvement efforts.	Coromandel employs various procedures to ensure that all its products meet the highest quality criteria and fully comply with regulatory mandates. Quality Assurance and Quality Control measures are diligently observed. The Company's team consistently interacts with farmers, showing openness to their input. Additionally, Coromandel boasts state-of-the-art manufacturing facilities and conducts its operations according to Standard Operating Procedures with initiatives like First Time Pass Rate (FTPR) and digitizing quality processes.	Negative
5	Public Policy Advocacy	O	Organization can contribute to industry perspectives and market insight for regulators and policymakers on fertiliser/ agrochemicals and agricultural policy	NA	Positive
6	Regulatory Compliance	R	Essential for maintaining legal and ethical integrity in business operations. By establishing robust compliance programs, Coromandel can mitigate risks, build trust with stakeholders, and ensure sustainable growth.	Coromandel's products are in complete accordance with the Fertiliser Control Order (FCO) and the Central Insecticides Board and Registration Committee (CIB&RC). The Company regularly engages in third-party audits and studies related to the environment, water, and more, and strives to address any identified shortcomings. Additionally, Coromandel has invested in establishing Online Continuous Emission/Effluent Monitoring Systems (OCEMS) and Continuous Ambient Air Quality Monitoring Systems (CAAQMS) to ensure that emissions meet the norms set by the Central Pollution Control Board (CPCB) and State Pollution Control Boards (SPCB).	Negative
7	GHG & Air Emissions in the Value Chain	R	Managing and reducing GHG emissions are critical for addressing climate change, air quality, and sustainability.	Coromandel has made investments in the installation of Online Continuous Emission/ Effluent Monitoring Systems (OCEMS) and Continuous Ambient Air Quality Monitoring Systems (CAAQMS) to guarantee that emissions adhere to the criteria set by the Central Pollution Control Board (CPCB) and State Pollution Control Boards (SPCB). By doing so, Coromandel monitors the environmental impact of its business operations.	Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
8	Water Stewardship	R	Responsible management and use of water resources in a sustainable manner essential to balance environmental, social, and economic needs	Coromandel undertakes initiatives aimed at decreasing the use of freshwater. Additionally, the Company carries out water audits and research to enhance water usage efficiency.As a non-conventional water source, Coromandel has installed 6.0 MLD water generation facility through De-salination plant and to conserve the fresh water.	Positive
9	Waste Management	R	Critical to reduce the environmental impact of waste while maximizing resource recovery and minimizing landfill disposal.	Coromandel complies with regulatory standards to manage and dispose hazardous and non-hazardous material waste in a responsible manner.	Negative
10	Enabling sustainable agriculture (Soil health, land use, biodiversity, nutrient stewardship etc.)	O	Adopting practices that promote agricultural productivity while minimizing negative environmental and social impacts essential - includes Soil conservation, water management, IPM, sustainable inputs.	NA	Positive
11	Product & Chemical Safety	R	Encompasses various aspects to protect human health, the environment, and ensure compliance with regulatory standards. Critical that agri inputs used are safe for use, handling, and disposal throughout their lifecycle.	Coromandel prioritizes responsible product management to maintain superior safety levels for its employees and customers. Moreover, its Company's frontline team organizes educational initiatives for farmers and distributors about the safe and efficient application of its products. Company carries out product lifecycle assessment to evaluate the environmental impacts of its products.	Negative
12	Community Development	O	Important to improving the quality of life and wellbeing of individuals and communities. It involves empowering community members, enhancing social and economic opportunities, and fostering sustainable development.	NA	Positive
13	Occupational Health & Safety	R	Essential to provide safe work environment, health, and welfare of employees. Can prevent workplace accidents and injuries, while promoting a safe and healthy work environment.	The organization carries out numerous awareness programs and initiatives related to occupational health and safety to provide both its permanent and contract employees.The Company adheres to the OHSAS 18001 framework and holds ISO 45001 certification for its plants, utilizing robust Hazard Identification and Risk Assessment (HIRA) processes to mitigate risks effectively.	Negative
14	Human Capital	O	Valuable assets for achieving organizational goals and generating economic returns. Critical to hone capabilities of employees.	NA	Positive

*Internal policies have been developed based on the standard

Name of the national and international codes/certifications/labels/standards (e.g. Forest Stewardship Council, Fairtrade, Rainforest Alliance, Trustee) standards (e.g. SA 8000, OHSAS, ISO, BIS) adopted by your entity and mapped to each principle.	GRI, Integrated Reporting Council's (IIRC) Integrated Reporting <IR> Framework	ISO 9001, ISO 14001, ISO 14040/44	ISO 45001, ISO 30408	GRI, Integrated Reporting Council's (IIRC) Integrated Reporting <IR> Framework	SA8000*	GRI, ISO 14001	GRI, Integrated Reporting Council's (IIRC) Integrated Reporting <IR>	GRI	ISO 9001, ISO 14001, ISO 27001*
5. Specific commitments, goals and targets set by the entity with defined timelines, if any.	Please refer to Page No. 75 for more details on goals and targets taken								
6. Performance of the entity against the specific commitments, goals and targets along-with reasons in case the same are not met.	Please refer to Page No. 75 for more details on goals and targets taken								
Governance, leadership and oversight									

7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)⁵⁰

At Coromandel, we remain steadfast in our commitment to sustainable and inclusive growth, guided by our core values and a deep sense of responsibility toward the environment, our communities, and future generations. In FY 2024-25, the Company has taken significant strides in its ESG journey, taking progressive initiatives to meet its commitments.

We continue to prioritize climate resilience and responsible resource management in our operations. This year, we successfully reduced our carbon footprint (Scope 1 & 2) by 13% through energy efficiency measures and increased share of energy utilizing waste heat recovery. We are initiating groundwork to begin accounting for Scope 3 emissions and climate risk assessment.

We have also made progress in water stewardship, achieving a 32% share of alternate water source (through desalination) within total water usage, and initiated work towards achieving water neutrality in SSP operations through rainwater harvesting.

The Company is promoting resource efficient farm practices and during the year expanded its drone spraying services to 2.2 lakh acres. The Company engaged in agricultural support programmes through its agronomists, and carried out soil tests, scientist webinars and product stewardship awareness campaigns.

Company attained a score of 62 in DJSI Corporate Sustainability Assessment (61 in 2023) and features amongst the Top 7 percentile companies in Chemicals segment.

8. Details of the highest authority responsible for implementation and oversight of the Business Responsibility policy (ies).	Corporate Social Responsibility & Sustainability Committee
9. Does the entity have a specified Committee of the Board/ Director responsible for decision making on sustainability related issues? (Yes / No). If yes, provide details.	Yes, the Company has a Board level Corporate Social Responsibility & Sustainability Committee. This Committee provides strategic direction to implement sustainability roadmap and advises the management to ensure alignment of social and environmental aspect with business objectives. The committee is comprised of: (i) Mr. Arun Alagappan (Chairman) - Executive Chairman (ii) Dr. Deepali Pant Joshi (Member) - Non-Executive & Independent Director (iii) Mr. S Sankarasubramanian (Member) - Managing Director & CEO (iv) Dr. Raghuram Devarakonda (Member) - Executive Director Position in bracket pertains to the committee responsibility.

12. If answer to question (1) above is “No” i.e. not all Principles are covered by a policy, reasons to be stated:									
Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9
The entity does not consider the Principles material to its business (Yes/No)						Not Applicable			
The entity is not at a stage where it is in a position to formulate and implement the policies on specified principles (Yes/No)									

⁵⁰GRI 2-22

The entity does not have the financial or/ human and technical resources available for the task (Yes/No)
It is planned to be done in the next financial year (Yes/No)
Any other reason (please specify)

*Internal policies have been developed based on the standard

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE

PRINCIPLE 1: BUSINESSES SHOULD CONDUCT AND GOVERN THEMSELVES WITH INTEGRITY, AND IN A MANNER THAT IS ETHICAL, TRANSPARENT AND ACCOUNTABLE.

Essential Indicators:

1. Percentage coverage by training and awareness programmes on any of the Principles during the financial year:

^Includes raw material purchases

Leadership Indicators:

1. Awareness programmes conducted for value chain partners on any of the principles during the financial year:

Total number of awareness programmes held	Topics / principles covered under the training	% age of value chain partners covered (by value of business done with such partners) under the awareness programmes
Nil	N/A	N/A

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same⁵³.

Yes, Coromandel has Code of Conduct for the Board and Senior Management in place
<https://www.coromandel.biz/wp-content/uploads/2025/02/6-Code-of-conduct-Board-Senior-Management.pdf>

⁵³GRI 2-15

PRINCIPLE 2 BUSINESSES SHOULD PROVIDE GOODS AND SERVICES IN A MANNER THAT IS SUSTAINABLE AND SAFE:

Essential Indicators:

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	FY2024-25	FY2023-24	Details of improvements in environmental and social impacts
R&D	100%	100%	During the year, Company's R&D spend was Rs 41 Crores. It focused on developing sustainable technologies, advancing green chemistries and improving process efficiencies. Major areas of R&D spend during the year included work towards slow release, nano products, technicals, speciality chemicals, formulation, microbial research. Further, Company has partnered with technology providers to carry out trials in phosphate based chemistries.
Capex	100%	100%	

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Yes. Coromandel has a Sustainable Procurement & Supply Chain Policy in place. Before onboarding a vendor, Coromandel reviews multiple parameters like EHS, Quality assurance, manufacturing process, packaging and labelling etc.

b. If yes, what percentage of inputs were sourced sustainably?

100% of the raw materials were sourced sustainably.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

To safely reclaim products for reuse, recycling, and disposal at the end of their life, there are specific processes for different types of waste:

Plastics (including packaging): Coromandel remains committed to environmental stewardship by ensuring full compliance with the Extended Producer Responsibility (EPR) provisions under the Plastic Waste Management (PWM) Rules, 2016. As a registered Brand Owner and Importer, the Company has implemented strong systems for the collection, recycling, and environmentally responsible disposal of plastic waste generated through its operations.

E-waste: Designated collection points have been set up within the plants for in-house generated e-waste, which is then handed over to authorized recyclers for proper disposal. Any non-recyclable or hazardous components are safely disposed of in accordance with applicable environmental regulations.

Hazardous Waste: Hazardous waste is identified and segregated and then stored safely in the designated storage area as the per the material characteristic and then Hazardous waste is disposed off as per the Hazardous Waste Management rules and permission granted by the authorities. Certain waste which has been granted permission to reuse in the process are recycled back and certain waste are disposed off through the authorised waste recycling agencies in accordance with Law.

Other Waste:

General Waste (Non-Recyclable): Collect general waste that cannot be recycled or reused are disposed off through the authorised agency for the waste-to-energy facilities or landfills for disposal.

Organic Waste: Collect organic waste such as food scraps and yard waste and processed through the through composting for use a manure

Construction and Demolition Waste: Collect and sort construction and demolition waste materials.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

As a registered Brand Owner and Importer under the Plastic Waste Management Rules of 2016, Coromandel collaborates with designated partners to responsibly recycle plastic waste across its facilities. It has submitted a waste collection plan in accordance with the Extended Producer Responsibility (EPR) Plan. In FY 2024-25, the Company successfully recycled 18,093 MT of plastic waste under Extended Producer Responsibility (EPR) guidelines.

Leadership Indicators:

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

NIC Code	Name of the Product/ Service	% of total Turnover contributed	Boundary for which the Life Cycle Perspective / Assessment was conducted	Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/No) If yes, provide the web-link.
20211	1. 20:20:0:13	27%	Cradle to Grave	Yes	No
	2. Nano DAP	0.40%			

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along with action taken to mitigate the same.

Name of Product / Service	Description of the risk / concern	Action Taken
No environmental concerns were observed for the products. As a measure to reduce carbon footprint, it was recommended to use renewable energy, low carbon ammonia and evaluate option of neem coating the granules.		

3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry)

Indicate input material	Recycled or re-used input material to total material	
	FY 2024-25	FY 2023-24
	NA	

4. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:

	FY 2024-25			FY 2023-24		
	Re-used	Recycled	Safely disposed	Re-used	Recycled	Safely disposed
Plastics (including packaging)	18093			16359		
E-waste	NA	NA	NA	NA	NA	NA
Hazardous waste	NA	NA	NA	NA	NA	NA
Other waste	NA	NA	NA	NA	NA	NA

5. Reclaimed products and their packaging materials (as percentage of products sold) for each product category.

Indicate product category	Reclaimed products and their packaging materials as % of total products sold in respective category
The Company's products are formulated for efficient on-farm application and rapid soil absorption, ensuring no hazardous waste is generated at the consumer level. In line with its Extended Producer Responsibility (EPR) plan, the Company also recycles its plastic packaging materials. In FY 2024-25, a total of 18,093 MT of plastic packaging material was recycled.	

PRINCIPLE 3: BUSINESSES SHOULD RESPECT AND PROMOTE THE WELL-BEING OF ALL EMPLOYEES, INCLUDING THOSE IN THEIR VALUE CHAINS:

Essential Indicators:

1. a. Details of measures for the well-being of the employees:

Others	Others Benefits such as Superannuation, Funds for Executives, Leave Encashment, Special Increment in Basic for enhanced retiral benefits, Retirement Silver Salver, Post Retirement Relocation Benefits etc.						

*100% of the eligible employees covered under ESI

3. Accessibility of workplaces

Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.

Coromandel has differently abled employees and ensures that premises are accessible to all such employees. Ramp and Handrails facilities, access to canteen and washrooms, wheelchairs, doctors on call are available wherever applicable across plant locations etc. Lift facilities at divisional and Corporate are available at the basement for differently abled employees. The Company is actively undertaking initiatives to enhance accessibility across all its locations.

4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy.

Coromandel believes in fostering an inclusive workplace and does not discriminate based on any factor, including gender, nationality, culture, age, disability, etc. Coromandel Guide to Business Conduct- CGBC guidelines ensures that equal opportunity is provided to all employees. Coromandel follows this policy to promote non-discrimination, inclusion, and equal opportunities for persons with disabilities in recruitment, employment, and workplace engagement.

5. Return to work and Retention rates of permanent employees and workers that took parental leave.

Gender	Permanent Employees		Permanent Workers	
	Return to work rate	Retention rate	Return to work rate	Retention rate
Male	100%	100%	NA	NA
Female	100%	50%	NA	NA
Total	100%	98%	NA	NA

6. Is there a mechanism available to receive and redress grievances for the following categories of employees and worker? If yes, give details of the mechanism in brief.

⁵⁴GRI 201-3

	Yes/No (If Yes, then give details of the mechanism in brief)
Permanent Workers	Yes, Coromandel has an independent Ombudsperson who is not an employee of the Company. The grievance mechanism is as per the whistle-blower policy under which Directors, employees, can register concerns and violations of Coromandel's ethical, moral, and legal business conduct standards.
Other than Permanent Workers	
Permanent Employees	There are forums for raising grievances including Works Committee, Welfare Committees, Safety Committees etc in Plant locations. Townhall meetings are held at a Company level (Chronicle) and at various locations for employees. In addition, we have an initiative called “Chord” by which any employee can directly call the Managing Director & Chief Executive Officer at a specified number and time to raise any grievances.
Other than Permanent Employees	

7. Membership of employees and worker in association(s) or Unions recognised by the listed entity:

Category	FY 2024-25			FY 2023-24		
	Total employees / workers in respective category (A)	No. of employees / workers in respective category, who are part of association(s) or Union (B)	% (B / A)	Total employees / workers in respective category (C)	No. of employees / workers in respective category, who are part of association(s) or Union (D)	% (D / C)

10. Health and safety management system:

- a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?

Coromandel is committed to protecting the health, safety, and well-being of all its employees, contractors, visitors, and the surrounding communities. We strive to maintain a safe and incident-free workplace by integrating robust Health and Safety Management Systems across all our operations Coromandel International Limited has implemented several Environment, Occupational Health, and Safety (E&OHS) policies and programs to ensure the safety of its workers, clients, and the environment. Its comprehensive E&OHS management system has various aspects, including:

Risk assessment Incident reporting and investigation, Emergency response planning, Training and awareness initiatives Life Saving Rules. Furthermore, we conduct routine safety audits and evaluations to identify and reduce risks and continually enhance our E&OHS performance. Coromandel has an integrated wellness initiative called BLOOM that embeds holistic wellbeing—physical, mental, emotional, and social—into everyday work culture. It aligns with our people-first philosophy to enhance engagement, reduce stress, and boost productivity. Key features include expert access, wellness challenges, self-assessments, and personalised goals. BLOOM has integrated wellness KPIs, expanded plant-level programs for a resilient workforce. Along with all the above initiatives, Coromandel encourages its employees to actively participate in Fitness Health and Happiness Programmes, organises Wellness Talks, Webinars etc

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

To address inherent hazards, Coromandel has implemented a comprehensive Process Safety Management System (PSMS) across all its manufacturing facilities. This system proactively identifies, assesses, and mitigates workplace risks to prevent incidents that could impact employees, communities, or the environment. Integrated into overall plant operations, PSMS encompasses the safe handling of hazardous chemicals and energy systems, including ammonia, sulphuric acid, high-pressure steam, instrument air, and vacuum. Safety Walks and Routine inspections are conducted on a weekly basis using checklists. This helps identify physical, chemical, mechanical, and ergonomic hazards. Safety Committee Meetings / Employee Feedback involves participation from shop-floor workers to management so that the insights on routine tasks can be provided by workers.

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)

Yes, we have introduced a new system called “concern reporting”, wherein the employees and workers can report unsafe condition and acts. Factory Medical Officers (FMO) help in monitoring the health status of workers exposed to hazardous substances. They help in identifying the trends in health issues (e.g., respiratory complaints) can indicate airborne contaminants etc. They help in evaluating fitness for work before assigning workers to high-risk or one-time tasks. Hazard related periodical checkups are carried out and accordingly job rotations are carried out as required.

d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No)

Coromandel provides employees with a well-rounded healthcare ecosystem—encompassing prevention, treatment of work-related health issues, and support for general medical needs—backed by insurance coverage. Employees have access to non-occupational medical and healthcare services, in addition to comprehensive occupational health provision. The company maintains on-site occupational health centres staffed with paramedics and medical officers which is made available for employees and spouse for non-occupational medical and health care. The Company also maintains Medical Outreach centres which provides subsidised medical diagnosis and treatment. Employees can also access mobile medical vans, and special camps etc across locations for non-occupational medical and healthcare services. BLOOM also enables as easy access for all employees to reach out for medical experts. In addition to the coverage, employees can top up their insurance policies. Over and above, Coromandel also supports employees with additional support through Corporate buffer where the Insurance coverage is exhausted.

11. Details of safety related incidents, in the following format:

Safety Incident/ Number	Category	FY 2024-25	FY 2023-24
Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked)	Employees	0	0.16
	Workers	0.045	0.05
Total recordable work-related injuries	Employees	1	3
	Workers	6	5
No. of fatalities	Employees	0	0
	Workers	0	1
High consequence work-related injury or ill-health (excluding fatalities)	Employees	0	1
	Workers	0	1

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

The Company has taken below mentioned measures to ensure a safe and healthy workplace:

Comprehensive systems are established to regularly track, assess, and improve safety performance; Process Safety Management (PSM) has been implemented across all units to effectively control and minimize process-related incidents; Routine mock drills are carried out at all plant locations to enhance preparedness for emergency situations; Safety performance is benchmarked against globally recognized platforms such as the International Fertilizer Association (IFA) and the British Safety Council to ensure continuous improvement; Standardized life-saving rules have been implemented across all sites to reinforce a strong safety culture and prevent high-risk incidents; Both leading and lagging indicators are consistently monitored to proactively identify and address Occupational Health and Safety (OHS) risks.

13. Number of Complaints on the following made by employees and workers:

Number of Complaints on Health & safety	Topic	FY 2024-25 (Current Financial Year)			FY 2023-24 (Previous Financial Year)		
		Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
	Working Conditions	0	0	None	0	0	None
	Health & Safety	560	113	None	199	13	All points closed during FY24-25

14. Assessments for the year:

% of your plants and offices that were assessed (by entity or statutory authorities or third parties)	
Health and safety practices	100%
Working Conditions	100%

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

Nil

Leadership Indicators:

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N)

Employees: Yes Workers: Yes

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

Coromandel does monthly reconciliation of recording of PF, ESI payments through challans/ returns if not complied, the bills of the vendors are not processed. GST charged by the supplier and availing of input tax credit in its books with the data populated from the supplier in the GST portal on filing of return and remittance of tax by the supplier. Through this mode, it is possible to identify the GST defaulters and accordingly alert the concerned stakeholders as well as SSC to block such GST defaulter's payment. Currently, the business is in the process of automating this process.

3. Provide the number of employees / workers having suffered high consequence work- related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:

	Total no. of affected employees/ workers		No. of employees/workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment	
	FY 2024-25	FY 2023-24	FY 2024-25	FY 2023-24
Employees	0	0	0	0
Workers	1	0	1	0

4. Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No)

Coromandel ensures basic post-employment financial security and encourages on-the-job knowledge sharing and upskilling. It also conducts sessions on financial planning, identity shifts post-retirement, and next-phase career design. Provides formal transition assistance programs for retirement or termination to support its employee-support ecosystem.

5. Details on assessment of value chain partners:

% of value chain partners (by value of business done with such partners) that were assessed	
Health and safety practices	Nil (PSMS - Contractor Control Element), PPE Usage, Behavioral Based Safety (BBS)
Working Conditions	Company plans to undertake ESG assessment of the key suppliers in coming period

6. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners.

To mitigate health and safety risks arising from the practices and working conditions of its value chain partners, the Company has established an integrated nutrient marketing framework. This structure, supported by a dedicated team of agronomists and Nutri-clinics, offers farmers—its end-user consumers—comprehensive guidance and advice. By providing critical information and responsible usage recommendations, the Company helps ensure farmer safety and promotes safe agricultural practices.

PRINCIPLE 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TO ALL ITS STAKEHOLDERS

Essential Indicators:

1. Describe the processes for identifying key stakeholder groups of the entity.

The Company has identified both internal and external stakeholders who have a direct influence on its operations and activities.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

This is covered under the section 'Stakeholder Engagement' of the Integrated Report.

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

Coromandel's management regularly engages with its key stakeholders, including customers, investors, suppliers, employees, and communities. Additionally, the Company's CSR & Sustainability Committee, represented by members of Board of Directors are updated on the progress of various initiatives.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Coromandel International Limited adopts a comprehensive and participatory approach to community development, emphasizing stakeholder engagement through materiality assessments to identify and prioritize economic, environmental, and social concerns. The Company recognizes the unique identities of communities and focuses on leveraging their collective strengths to drive sustainable development.

Key aspects of Coromandel's community engagement include:

- a. Participatory Development: Collaborating with communities to co-create solutions that address their specific needs and aspirations.
- b. Public-Private Partnerships: Strengthening collaborations with government agencies and local organizations to enhance the impact of development initiatives.
- c. Impact Assessments: Regularly evaluating the outcomes of Corporate Social Responsibility (CSR) programs to ensure they deliver tangible benefits and contribute to long-term social progress.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

Coromandel is engaged in community engagement addressing the concerns of vulnerable/marginalized stakeholder groups. During the year, it extended support to over 1 million beneficiaries in the areas of education, health and community development.

- Conducted women livelihood programs – empowering women with marketable skills
- Youth empowerment programs by conducting career orientation programs
- Making the stakeholders part of the program to mentor, volunteer and also being part of distribution of assets to the stakeholders of the community

Further details are available in the Corporate Social Responsibility Section under Social and Relationship Capital.

PRINCIPLE 5 BUSINESSES SHOULD RESPECT AND PROMOTE HUMAN RIGHTS

Essential Indicators:

1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:

Coromandel conducts comprehensive training programs on the Coromandel Guide to Business Conduct (CGBC) and Prevention of Sexual Harassment (POSH), emphasizing the Company’s commitment to upholding human rights within the workplace. By integrating human rights principles into its training initiatives, Coromandel demonstrates a proactive approach to creating a workplace where all employees are treated with dignity and respect.

*Gender wise breakup not available for FY23-24

3. Details of remuneration/salary/wages⁵⁵, in the following format:

a. Median remuneration / wages:

	Male		Female	
	Number	Median remuneration/ salary/ wages of respective category**	Number	Median remuneration/ salary/ wages of respective category**
Board of Directors (BoD)	10	Rs. 313.71 lakhs	1	Rs. 24.20 lakhs
Key Managerial Personnel*	1	Rs.80.60 lakhs	1	Rs.430.99 lakhs
Employees other than BoD and KMP	4105	Rs. 7.59 lakhs	215	Rs 11.14 lakhs
Workers (Permanent)	1181	Rs. 5.80 lakhs	4	Rs. 7.34 lakhs

*KMP who are directors are covered under BoD

** does not include perquisite value of ESOP exercised during the year.

⁵⁵GRI 405-2

b. Gross wages paid to females as % of total wages paid by the entity, in the following format:

	FY 2024-25	FY 2023-24
Gross wages paid to females as % of total wages	4.0%	3.6%

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes, the Chief Human Resource Officer (CHRO) is the nodal authority responsible for addressing any human rights issues caused or contributed to by the business. In addition, Chairperson of the Internal Compliance Committee is responsible for addressing PoSH related issues.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

The Coromandel Guide to Business Conduct (CGBC) underscores the significance of human rights across all business interactions. This commitment extends to complying to working conditions and applicable compliance requirements. HR Governance systems like ISO 30408 and management audits are in place to ensure compliance and proper deployment.

6. Number of Complaints on the following made by employees and workers:

	FY 2024-25			FY 2023-24		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Sexual Harassment	3	0	-	4	0	-
Discrimination at workplace	0	0	-	0	0	-
Child Labor	0	0	-	0	0	-
Forced Labor/ Involuntary Labor	0	0	-	0	0	-
Wages	0	0	-	0	0	-
Other human Rights related issues	0	0	-	0	0	-

7. Complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, in the following format:

	FY 2024-25	FY 2023-24
Total Complaints reported under Sexual Harassment on of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH)	3	4
Complaints on POSH as a % of female employees / workers	1.3%	2.2%
Complaints on POSH upheld	3	4

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases

The Company's Whistleblower Policy strictly safeguards the confidentiality of the complainant. All personnel involved in processing the complaint, as well as those who may encounter any related information, are committed to maintaining confidentiality, while also taking into account any legal responsibilities and limitations.

9. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes, human rights requirements are part of all our business agreements and contracts. Ex : No Child Labour, adherence to statutory compliance.

10. Assessments for the year:

% of your plants and offices that were assessed (by entity or statutory authorities or third parties)	
Child labor	100%
Forced/involuntary labor	100%
Sexual harassment	100%
Discrimination at workplace	100%
Wages	100%

11. Provide details of any corrective actions taken or underway to address significant risks/ concerns arising from the assessments at Question 10 above.

Internal audit and external audits are in place, and corrective actions are being taken by the inquiry/committee

Leadership Indicators:

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints.

The Company adopted Human Rights Policy during FY 2021-22.

2. Details of the scope and coverage of any Human rights due diligence conducted.

Human Rights Due Diligence (HRDD) is a structured process in Coromandel International to identify, prevent, mitigate, and account for how they address their impacts on human rights. It is guided by frameworks such as the UN Guiding Principles on Business and Human Rights and Integration into broader codes of conduct, supplier policies, and ethical business practices. Coromandel has accessible and confidential grievance redressal systems for employees and external stakeholders. Coromandel operates under an Employee Code of Conduct, and other policies that reflect a non-discriminatory, ethical, and inclusive culture. Audits and checks are conducted across factories and supply chains for health, safety, labor, and ethical compliance. Key Elements are embedded in Supplier evaluation systems, Employee grievance mechanisms and Periodic safety and ethics reviews.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Coromandel premises and entity are accessible to differently abled visitors. Ramp facilities, access to canteen and washrooms, wheelchairs, doctors on call across plant locations etc. Lift facilities at locations are available at the basement for differently abled employees. The Company actively undertakes initiatives to enhance accessibility across all its locations.

4. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed
Sexual Harassment	0%. Company plans to carry out ESG assessment in coming period. At the time of vendor onboarding, the Company gets undertaking from the vendor regarding implementing
Discrimination at workplace	sound labour policies including refraining from child labour, sexual harassment, discrimination, wage etc
Child Labour	
Forced Labour/Involuntary Labour	
Wages	
Others – please specify	

5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from

Not applicable

PRINCIPLE 6: BUSINESSES SHOULD RESPECT AND MAKE EFFORTS TO PROTECT AND RESTORE THE ENVIRONMENT

Essential Indicators:

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	Unit of measurement	FY 2024-25	FY 2023-24
From renewable sources			
Total electricity consumption (A)	GJ	19701	21293
Total fuel consumption (B)	GJ	20879	4214
Energy consumption through other sources (C)	GJ	0	0
Total energy consumed from renewable sources (A+B+C)	GJ	40580	25507
From non-renewable sources			
Total electricity consumption (D)	GJ	765406	792989
Total fuel consumption (E)	GJ	1163120	1458272
Energy consumption through other sources (F)	GJ	573624	437505
Total energy consumed from non-renewable sources (D+E+F)	GJ	2502150	2688767
Total energy consumed (A+B+C+D+E+F)	GJ	2542730	2714274
Energy intensity per rupee of turnover (Total energy consumed / Revenue from operations)	GJ/Rupee turnover	0.00001056	0.0000123
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Unit will be GJ/Rupee turnover adjusted for PPP)		0.000218	0.000282

Parameter	Unit of measurement	FY 2024-25	FY 2023-24
Energy intensity in terms of physical output (Unit will be GJ/ Production output in MT)		0.62	0.65
Energy intensity (optional) – the relevant metric may be selected by the entity		-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: Yes, Third Party Assurance for FY 2024-25 has been carried out by TUV India Pvt. Ltd.

Note: Certain figures reported for the previous year have been restated in this report based on revised calculations and enhanced data validation. These updates may result in differences when compared to the figures published in the earlier report.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

None of our plants are part of PAT scheme.

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2024-25	FY 2023-24
Water withdrawal by source (in kiloliters)		
(i) Surface water	854881	697663
(ii) Groundwater	404176	391029
(iii) Third party water	3723469	4532333
(iv) Seawater / desalinated water	2336548	1206192.00
(v) Others	NA	NA
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	7319074	6827217
Total volume of water consumption (in kilolitres)	7029309	6534597
Water intensity per rupee of turnover (Total water consumption / Revenue from operations)	0.00002921	0.00002966
Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumption / Revenue from operations adjusted for PPP)	0.000603	0.0006787
Water intensity in terms of physical output (Total water consumption/Production output in MT)	1.70	1.58
Water intensity (optional) – the relevant metric may be selected by the entity	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: Yes, Third Party Assurance for FY 2024-25 has been carried out by TUV India Pvt Ltd.

4. Provide the following details related to water discharge.

Parameter	FY 2024-25	FY 2023-24
(i) To Surface water	-	-
- No treatment	-	-
- With treatment – please specify level of treatment	-	-
(ii) To Groundwater	-	-
- No treatment	-	-
- With treatment – please specify level of treatment	-	-
(iii) To Seawater	-	-
- No treatment	61321	53011
- With treatment – please specify level of treatment	-	-
(iv) Sent to third parties	-	-
- No treatment	225541	239609
- With treatment – please specify level of treatment	-	-
(v) Others	-	-
- No treatment	-	-
- With treatment	-	-
Total water discharged (in kilo liters)	286862	292620

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: Yes, Third Party Assurance for FY 2024-25 has been carried out by TUV India Pvt. Ltd

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Yes, Zero Liquid Discharge (ZLD) has been adopted by Company. All the SSP plants, the Bio, Crop Protection Formulations and the Kakinada fertiliser plant have the ZLD. The fertiliser plants- Ennore and Vizag have the provision to discharge during the rainy season after treatment

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify Unit	FY 2024-25	FY 2023-24
NOx	MT	7.67	51.27
SOx	MT	113.10	199.49
Particulate matter (PM)	MT	454.76	568.70
Persistent organic pollutants (POP)	MT	-	-
Volatile organic compounds (VOC)	MT	-	-
Hazardous air pollutants (HAP)	MT	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: Yes, Third Party Assurance for FY 2024-25 has been carried out by TUV India Pvt. Ltd

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 1 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tons of CO2 Equivalent	82938	1,17,103
Total Scope 2 emissions* (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tons of CO2 Equivalent	164674	1,67,508
Total Scope 1 and Scope 2 emissions	Metric tons of CO2 Equivalent	247612	2,84,611
Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations)	tCO2e/Rupee turnover	0.00000102	0.00000129
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP)	tCO2e/Rupee turnover adjusted for PPP	0.0000212	0.0000295
Total Scope 1 and Scope 2 emission intensity in terms of physical output	tCO2e/Production output in MT	0.05	0.07
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity		-	-

*Scope 2 emissions is inclusive of 10,105 tCO2e generated through the consumption of purchased steam.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: Yes, Third Party Assurance for FY 2024-25 has been carried out by TUV India Pvt. Ltd.

8. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

During the year, Coromandel reduced its GHG emissions by 13% (Scope 1 & Scope 2).

Following initiatives are planned to reduce GHG emissions:

Waste Heat Recovery from Sulphuric acid manufacturing for Power Generation; Green Power-Purchase Agreements; Transition to cleaner energy sources (like bio-briquettes); Technology upgradation: Motor Replacement (IE-3 Standards, VFD); Green Building initiatives; Roof Top Solar power

9. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2024-25	FY 2023-24
Total Waste generated (in metric tons)	-	-
Plastic waste (A)	-	-
E-waste (B)	3.61	4.89
Bio-medical waste (C)	4.32	6.09
Construction and demolition waste (D)	-	-
Battery waste (E)	56.13	3.79
Radioactive waste (F)	-	-
Other Hazardous waste -excluding e-waste and biomedical waste (G)	90759.71	60593.82
Other Non-hazardous waste generated (H) - excluding plastic waste	4335.93	4284.38
Total (A + B + C + D + E + F + G + H)	95159.69	64892.79
Waste intensity per rupee of Turnover (Total waste generated /Revenue from operations)	0.00000039	0.00000029
Waste intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total waste generated / Revenue from operations adjusted for PPP)	0.0000080	0.0000067
Waste intensity in terms of physical output	0.023	0.016
Waste intensity (optional) – the relevant metric may be selected by the entity	-	-
For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)		
Category of waste		
(i) Recycled	21494.17	9573.84
(ii) Re-used	23093.34	23278.71

Parameter	FY 2024-25	FY 2023-24
(iii) Other recovery operations (Co-Processing, Sold to PCB authorized vendor/Battery buy-back)	15995.42	18948.53
Total	60582.93	51801.08

For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)		
Category of waste		
(i) Incineration	198.71	540.58
(ii) Landfilling	27756.03	11751.60
(iii) Other disposal operations	6621.80	4549.00
Total	34576.76	16481.18

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

Yes, Third Party Assurance for FY 2024-25 has been carried out by TUV India Pvt. Ltd

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The management has implemented the 5S program to promote workplace organization and efficiency. As part of this initiative, waste is segregated at the source based on its characteristics and nature, and is then disposed of in accordance with relevant procedures and local regulations. Banned chemicals are neither procured nor used within the Company. All chemicals utilized comply with applicable local laws, and Standard Operating Procedures (SOPs) are strictly followed during their procurement, transportation, storage, use, and disposal, as per the guidelines outlined in the respective Material Safety Data Sheets (MSDS). Waste materials, including plastic waste, e-waste, hazardous waste, and other types, are managed and disposed of according to established SOPs and in full compliance with local laws.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

Sr. No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
For the manufacturing sites operating under Costal regulation zone, CRZ clearance has been obtained from concerned authority and reports are available at Company website/public domain.			

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
The Company has not undertaken any Environmental Impact Assessments in the reporting year.					

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format: Yes. The company is compliant with all the applicable regulations.

Leadership Indicators:

1. Water withdrawal, consumption, and discharge in areas of water stress (in kilolitres):

For each facility / plant located in areas of water stress, provide the following information:

- (i) Name of the area: Udaipur, Block Girwa, Rajasthan
- (ii) Nature of operations: Manufacturing of Single Super Phosphate Fertilisers
- (iii) Water withdrawal, consumption, and discharge in the following format:

Parameter	FY 2024-25	FY 2023-24
Water withdrawal by source (in kiloliters)		
(i) Surface water	0	0
(ii) Groundwater	50,545	42,552
(iii) Third party water	0	0
(iv) Seawater / desalinated water	0	0
(v) Others	0	0
Total volume of water withdrawal (in kiloliters)	50,545	42,552

Parameter	FY 2024-25	FY 2023-24
Total volume of water consumption (in kiloliters)	50,545	42,552
Water intensity per rupee of turnover (kL/INR Crores)	0.00000021	0.00000019
Water intensity (optional) – the relevant metric may be selected by the Entity	-	-
Water discharge by destination and level of treatment (in kiloliters)		
(i) Into Surface water	No discharge	No discharge
- No treatment		
- With treatment–please specify level of treatment		
(ii) Into Groundwater		
- No treatment		
- With treatment–please specify level of treatment		
(iii) Into Seawater		
- No treatment		
- With treatment–please specify level of treatment		
(iv) Sent to third parties		
- No treatment		
- With treatment–please specify level of treatment		
(v) Others		
- No treatment		
- With treatment–please specify level of treatment		
Total water discharged (in kiloliters)		

2. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 3 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tons of CO2 Equivalent	The Company has not undertaken Scope 3 inventorization. It plans to conduct the scope 3 emission inventorization in FY25-26.	
Total Scope 3 emissions per rupee of turnover			

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. **Not Applicable**

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Not applicable

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Power generation through waste heat recovery	Manufacturing of Sulphuric acid is exothermic in nature and generates excess heat. Coromandel utilizes the waste heat and converts it into a power	Power generation through waste heat recovery
2.	Desalination Plant	In 2023, Coromandel's fertilizer plant at Vizag completed commissioning of 6 million litre per day desalination plant. It utilizes sea water for running its operations through removal of salt /TDS through semi permeable membrane under high pressure, making it an environment friendly alternative to raw water	Vizag unit has significantly reduced its water needs from conventional sources and improved water security for its plant operation
3.	Drone spraying operations	During the year, Coromandel has started drone spraying services and covered 2.2 lakh acres. With around 10l per acre water requirement, it can reduce the water usage in inputs application by 90%	Water conservation, higher agri inputs absorption by plants, convenience – time & labour savings
4.	Usage of Bio-briquettes in SSPs	Bio-briquette usage –SSPs (8.3 % of Coal consumption in GSSP, Rock drier)	Reduction in CO2 emissions

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

The Company has an Enterprise Risk Management Framework in place that facilitates the identification, analysis, and evaluation of risks at the entity, business, and operational levels. For each identified risk, a corresponding mitigation plan is developed. Additionally, the Company adheres to the ISO 31000 Standard on “Risk Management.” Each manufacturing site is equipped with an On-site Emergency Plan, which contains critical information regarding hazardous substances present in the facility, potential emergency scenarios, areas susceptible to accidents, and the strategy for emergency response. This plan delineates the allocation of authority, preventive measures, and other important information. It also includes general details such as the plant’s geographical location, layout, adjacent industries, and the support that can be leveraged from them.

6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

There has been no significant adverse impact on the environment resulting from Coromandel's value chain. The business also takes extra efforts in communicating customers as well as farmers on safe handling and disposal of agrochemical products.

7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

Not Available

8. How many Green Credits have been generated or procured:

- a. By the listed entity – The Company has not generated or procured Green Credits in the reporting year.
- b. By the top ten (in terms of value of purchases and sales, respectively) value chain partners – Not Applicable

PRINCIPLE 7: BUSINESSES, WHEN ENGAGING IN INFLUENCING PUBLIC AND REGULATORY POLICY, SHOULD DO SO IN A MANNER THAT IS RESPONSIBLE AND TRANSPARENT

Essential Indicators:

1.

a. Number of affiliations with trade and industry chambers/ associations. - 14

b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.

S. No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/ National)
1	International Fertilizer Association	International
2	Fertilizer Association of India	National
3	International Zinc Association	International
4	Pesticide Manufacturers and Formulators Association of India	National
5	Southern Indian Chamber of Commerce and Industry	National
6	Federation of Telangana and Andhra Pradesh Chambers of Commerce and Industry	State
7	Confederation of Indian Industry	National
8	National Human Resource Development	National
9	Indian Academy of Horticultural Sciences	National
10	Biological Agri solutions Association of India	National

2. Provide details of corrective action taken or underway on any issues related to anti- competitive conduct by the entity, based on adverse orders from regulatory authorities.

Name of authority	Brief of the case	Corrective action taken
	Nil	

Leadership Indicators:

1. Details of public policy positions advocated by the entity:

Focus Area	Coromandel's Contribution
Fertiliser policy related	Closely engaged with Department of Fertilisers to appraise on the raw material, finished products and subsidy related areas
Integrated Nutrient Management	Support for balanced nutrient usage and organic fertiliser promotion

Focus Area	Coromandel's Contribution
Self-Reliance (Atma Nirbhar Bharat) in fertiliser manufacturing	Strategic sourcing and backward integration for key raw materials.
Agri-Tech and Innovation	Engagement on policy frameworks for drones, nano-fertilisers (Nano DAP), and precision farming
Safe Pesticide usage	Use Input on regulation and safe handling protocols in alignment with stewardship efforts
Fertiliser – Green manufacturing processes	Industry perspective on usage of Green Ammonia for fertiliser manufacturing
Phospho Gypsum usage	Representation on utilization of Gypsum for value added purposes

PRINCIPLE 8 BUSINESSES SHOULD PROMOTE INCLUSIVE GROWTH AND EQUITABLE DEVELOPMENT

Essential Indicators:

1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.

Name and Brief details of the project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
Not applicable					

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:

S.No.	Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R	Amounts paid to PAFs in the FY (In INR)
Not applicable						

3. Describe the mechanisms to receive and redress grievances of the community.

The Company has implemented various measures to maintain and uphold trust among the local communities by establishing a structured process for gathering, documenting, and resolving any complaints or grievances. Coromandel employs a systematic approach to recognize key local stakeholders or interested community groups and engages in regular consultations to stay abreast of the community's issues and aspirations. By involving these communities in the preliminary phases of a project, the Company can proactively address potential concerns and ensure that its operations contribute positively to the well-being of the local communities.

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers⁵⁶:

	FY 2024-25	FY 2023-24
Directly sourced from MSMEs/ small producers	2%	2%
Directly from within India	16%	14%

5. Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent / on contract basis) in the following locations, as % of total wage cost:

Location	FY 2024-25	FY2023-24
Rural	This information is currently not being tracked	
Semi urban		
Urban		
Metropolitan		

Leadership Indicators:

1. Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):

Not applicable

2. Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:

Not applicable

3. (a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No)

There is no policy covering this aspect. Coromandel's Bioproducts SBU sources its raw material from marginalized / vulnerable groups indirectly.

(b) From which marginalized /vulnerable groups do you procure?

Coromandel's Bioproducts SBU sources raw materials from traders who, in turn, procure from rural communities comprising of old, unemployed and underprivileged village population (mostly women).

(c) What percentage of total procurement (by value) does it constitute?

<1%

4. Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge:

S. No.	Intellectual Property based on traditional knowledge	Owned/ Acquired (Yes/No)	Benefit shared (Yes / No)	Basis of calculating benefit share
1.	PATENTS:	Owned	Not Applicable	Protected inventions have exclusive rights for 20 years.
	No. of filings: 25			
	• India: 12			
	• Foreign: 13			
	No of Registrations: 06	Owned	Not Applicable	Protected trademarks have exclusive rights.
	• India: 06			
2.	TRADEMARKS:			
	No of filings: 96			
	• India: 76			
	• Foreign: 20			
	No of Registrations:81			
	• India: 80			
	• Foreign: 01			

5. Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.

Sr. No.	Name of authority/ Infringing party	Brief of the Case	Corrective action taken
There have been no disputes recorded in the reporting year related to usage of traditional knowledge. Therefore, this question is not applicable.			

6. Details of beneficiaries of CSR Projects:

Sr. No.	CSR Project	No. of Persons benefitted from CSR Projects	% of beneficiaries from vulnerable and marginalized groups
1.	Education	2.83 lakhs	100%
2.	Health	3.20 lakhs	100%
3.	Community Development	4.03 lakhs	100%

PRINCIPLE 9 BUSINESSES SHOULD ENGAGE WITH AND PROVIDE VALUE TO THEIR CONSUMERS IN A RESPONSIBLE MANNER

Essential Indicators:

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

The Company has implemented comprehensive feedback systems to gather valuable customer insights and operates a specialized helpline, Hello Gromor, to facilitate open communication with customers. This direct engagement allows the Company to understand customer expectations regarding products and services, their management practices, and their visions for future offerings. The customer grievance cell promptly addresses and resolves all complaints in accordance with the Company's established procedures. Beyond the Hello Gromor helpline interactions and firsthand feedback from farmers, the Company also engages external agencies to conduct thorough surveys to gauge farmer reception of its products and services. In the financial year 2024-25, the Hello Gromor helpline managed 3443 inbound calls, 19869 outbound calls, addressing 182 complaints.

⁵⁶GRI 204-1

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

As a percentage to total turnover	
Environmental and social parameters relevant to the product	0%
Safe and responsible usage	100%
Recycling and/or safe disposal	11%

3. Number of consumer complaints in respect of the following⁵⁷:

	FY 2024-25		Remarks	FY 2023-24		Remarks
	Received during the year	Pending resolution at end of year		Received during the year	Pending resolution at end of year	
Data privacy			Nil			
Advertising						
Cyber-security						
Delivery of essential services						
Restrictive Trade Practices						
Unfair Trade Practices						
Other						

4. Details of instances of product recalls on account of safety issues⁵⁸

	Number	Reason for recall
Voluntary recall		Nil
Forced recall		

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

Yes, the Company's Information Security Policy is accessible on the corporate intranet. This policy outlines the acceptable usage of information resources and aims to mitigate risks to these resources by establishing controls that are intended to identify and prevent discrepancies or anomalies.

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.

Not Applicable

7. Provide the following information relating to data breaches:

- a. Number of instances of data breaches – 1
- b. Percentage of data breaches involving personally identifiable information of customers – 0
- c. Impact, if any, of the data breaches – In April 2024, some of the IT applications of the Company became inaccessible due to a malware attack. Management of the Company along with cyber security experts took necessary steps to identify, contain and mitigate the threat. Company was able to successfully restore all critical business applications and the attack had no significant impact on the Company's operations. There was no loss of financial and business data/ documents. The Company has further enhanced its IT infrastructure and policies to prevent such incidents.

Leadership Indicators:

1. Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available).

Details on products and services of the Company can be accessed on:

<https://www.coromandel.biz/products-services/>

Additionally, the Company has launched MyGromor app through which customers can access the information on any of Coromandel's products and services of the Company.

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

Coromandel enforces a policy that mandates the proper and secure utilization of its products throughout their entire lifecycle. The Company adheres to strict quality assurance and safety standards in the production, storage, transportation, and disposal of products. Additionally, it provides educational and awareness programs to our stakeholders and customers about the safe and responsible usage of our products.

In nutrients business, Company promotes balanced fertilization practices and carries out soil health test through its nutri-clinics.

Crop protection business conducts Gromor Suraksha Day every Wednesday of the week. This recurring weekly campaign is conducted across retail stores and farming clusters to educate farmers on proper judicious agrochemical application techniques, personal protective equipment (PPE) use, safe storage practices, and environmental considerations. Every sales representative on the ground is mandated to conduct an awareness programme on this day, reaching an average of 25-30 farmers at each location, every week. These efforts are supported by Coromandel's robust retail and field network, ensuring a wide and consistent reach.

In addition to these weekly activities, Coromandel celebrates December 23 (Kisan Diwas) as Stewardship Day. In 2024, The Company distributed approximately 7,500 safety kits, reinforcing the Company's commitment to farmer safety and environmental stewardship.

3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

Coromandel maintains continuous touch with its trade channel partners beyond the regular meetings that take place. This interaction serves as a conduit for sharing updates related to products and services, ensuring that channel partners remain informed and competitive in the market. Additionally, Coromandel engages with farmers directly through retail outlets, providing them with timely updates. The Company also organizes farmer awareness programs as a platform to disseminate any new information from the business. The Company has significantly expanded its digital presence and is leveraging the network to virtually connect farmers with the scientific community, crop advisors and for e-commerce purpose.

4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey about consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)

Yes, Coromandel adheres to government guidelines by providing legally mandated product information in accordance with metrology regulations. Beyond the required statutory information, Coromandel also offers detailed guidance on crop-specific dosages, precautions, compatibility, and safety measures to support farmers.

Yes, Coromandel is committed to improving its offerings by actively seeking and incorporating consumer feedback. The Company closely monitors the Net Promoter Score (NPS) to refine its products and services in line with customer preferences. During the year, Coromandel's fertiliser business evaluated the NPS for the Gromor brand. Further, it carried out an independent study to gauge the effectiveness of the current brand strategy.
