EXHIBIT C

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT

SECTION A GENERAL DISCLOSURES

I. Details of the listed entity

1.	Corporate Identity Number (CIN) of the Listed Entity	➤ L24230TN1985PLC011637
2.	Name of the Listed Entity	➤ Chemplast Sanmar Limited
3.	Year of incorporation	➤ March 13, 1985
4.	Registered office address	➤ 9, Cathedral Road, Chennai 600086
5.	Corporate address	➤ 9, Cathedral Road, Chennai 600086
6.	E-mail	➤ csl@sanmargroup.com
7.	Telephone	➤ +91 44 2812 8500
8.	Website	➤ www.chemplastsanmar.com
9.	Financial year for which reporting is being done	➤ 2024-25
10.	Name of the Stock Exchange(s) where shares are listed	➤ (a) BSE Limited (b) National Stock Exchange of India Limited
11.	Paid-up Capital	➤ ₹ 79,05,47,870/-
12.	Name and contact details (telephone, email address) of the person who may be contacted in case of any queries on the BRSR report	➤ Mr Ramkumar Shankar Managing Director DIN 00018391 Ph: +91 44 2812 8500 Email: grd@sanmargroup.com
13.	Reporting boundary - Are the disclosures under this report made on a standalone basis (i.e. only for the entity) or on a consolidated basis (i.e. for the entity and all the entities which form a part of its consolidated financial statements, taken together).	➤ Standalone basis
14.	Name of assessment or assurance provider	➤ NOT APPLICABLE
15.	Type of assessment or assurance obtained	➤ NOT APPLICABLE

II. Products/services

16. Details of business activities (accounting for 90% of the turnover):

Description of Main Activity	Description of Business Activity	% of Turnover of the entity
1 Basic Chemical Elements	Manufacture and sale of Speciality PVC Resin, Caustic Soda, Custom manufactured chemicals, Chloromethanes, Refrigerant gases, Hydrogen peroxide.	45.49%
2 Organic and inorganic chemical compounds not elsewhere classified		24.79%
3 Manufacture of liquefied or compressed inorganic industrial or medical gases (elemental gases, liquid or compressed air, refrigerant gases, mixed industrial gases)		1.41%
4 Others		28.31%

17. Products/Services sold by the entity (accounting for 90% of the entity's Turnover):

	Product/Service		NIC Code		% of total Turnover contributed
1	Speciality PVC Resin	➤	20116	➤	45.49%
2	Custom Manufactured Chemicals	➤	20119	➤	24.79%
3	Caustic Soda	➤	20111	➤	19.38%
4	Chloromethanes	➤	20116	➤	4.64%

III. Operations

18. Number of locations where plants and/or operations/offices of the entity are situated:

Location	Number of plants	Number of offices	Total
International	-	-	-

19. **Markets served by the entity:** The Company caters to a wide customer base across the country except East and North East where our presence is very minimal.

a. **Number of locations**

b. **What is the contribution of exports as a percentage of the total turnover of the entity?**

11.32%

c. **A brief on types of customers**

Our customers belong to a wide gamut of Industries, namely, Textile, Alumina, Paper & Pulp, Soaps & Detergents, Pharma, Agrochem, ETP, Air-conditioning, Profiles, Wire & Cable, Leather Cloth, Plastics, Coir Mats, Adhesives & Sealants, Gloves, Toys, etc.

IV. Employees

20. **Details as at the end of Financial Year:**

a. **Employees and workers (including differently abled):**

Employees

S. No.	Particulars	Total (A)	Male		Female	
			No. (B)	% (B / A)	No. (C)	% (C / A)
1.	Permanent (D)	1316	1275	97%	41	3%
2.	Other than Permanent (E)	-	-	-	-	-
3.	Total employees (D + E)	1316	1275	97%	41	3%

Workers

S. No.	Particulars	Total (A)	Male		Female	
			No. (B)	% (B / A)	No. (C)	% (C / A)
4.	Permanent (F)	187	187	100%	0	0%
5.	Other than Permanent (G)	1920	1630	85%	290	15%
6.	Total workers (F + G)	2107	1817	86%	290	14%

b. **Differently abled Employees and workers:**

Differently Abled Employees

S. No.	Particulars	Total (A)	Male		Female	
			No. (B)	% (B / A)	No. (C)	% (C / A)
1.	Permanent (D)	-	-	-	-	-
2.	Other than Permanent (E)	-	-	-	-	-
3.	Total differently abled employees (D + E)	-	-	-	-	-

Differently Abled Workers

S. No.	Particulars	Total (A)	Male		Female	
			No. (B)	% (B / A)	No. (C)	% (C / A)
4.	Permanent (F)	-	-	-	-	-
5.	Other than permanent (G)	-	-	-	-	-
6.	Total differently abled workers (F + G)	-	-	-	-	-

21. Participation/Inclusion/Representation of women

No. and percentage of Females

	Total (A)	No (B)	% (B / A)
 Board of Directors	8	1	12.50
 Key Management Personnel	3	-	0

22. Turnover rate for permanent employees and workers

(Disclose trends for the past 3 years)

2024-25 (Turnover rate in current)		2023-24 (Turnover rate in previous)		2022-23 (Turnover rate in the year prior to the previous)	
 Permanent Employees		 Permanent Employees		 Permanent Employees	
 Permanent Workers		 Permanent Workers		 Permanent Workers	
14.00%	-	15.40%	-	11.50%	-
Male		Male		Male	
17.10%	-	22.60%	-	0.00%	-
Female		Female		Female	
14.10%	-	15.60%	-	11.50%	-
Total		Total		Total	

V. Holding, Subsidiary and Associate Companies (including joint ventures)**23. (a) Names of holding / subsidiary / associate companies / joint ventures**

S. No.	Name of the holding/subsidiary/ associate companies/ joint ventures (A)	Indicate whether holding/ Subsidiary/ Associate/ Joint Venture	% of shares held in / by listed entity	Does the entity indicated at column A, participate in the Business Responsibility initiatives of the listed entity? (Yes/No)
1	Sanmar Holdings Limited	Holding Company	54.99%	No
2	Chemplast Cuddalore Vinyls Limited	Subsidiary Company	100%	No

VI. CSR Details**24. (i) Whether CSR is applicable as per section 135 of Companies Act, 2013: Yes**(ii) Turnover (in ₹): **2,387.61** Crores(iii) Net worth (in ₹): **4,196.68** Crores**VII. Transparency and Disclosures Compliances****25. Complaints/Grievances on any of the principles (Principles 1 to 9) under the National Guidelines on Responsible Business Conduct:**

Stakeholder group from whom complaint is received	Grievance Redressal Mechanism in Place (Yes/No)	2024-25 Current Financial Year			2023-24 Previous Financial Year

Stakeholder group from whom complaint is received	Grievance Redressal Mechanism in Place (Yes/No)	2024-25 Current Financial Year			2023-24 Previous Financial Year		
		Number of complaints filed during the year	Number of complaints pending resolution at close of the year	Remarks	Number of complaints filed during the year	Number of complaints pending resolution at close of the year	Remarks
 Value Chain Partners	Yes	Nil	Nil	NA	Nil	Nil	NA
 Other (please specify)	NA	NA	NA	NA	NA	NA	NA

Customers

Customer complaints with respect to Product Quality / Dispatches are mailed to the concerned Marketing team either directly or through dealers / agents attached to these customers with details on batch number, invoices etc. All such complaints are accorded priority and then escalated to the concerned QC team at the plant (product quality related) or Sales Logistics team (dispatch related). For Quality related complaints, the concerned QC team members also visit the customer depending on the seriousness of the complaint and suggest corrective action either directly at the customer site or by analyzing the samples of the affected material at our lab.

Shareholders

There is a strong grievance redressal mechanism for shareholders & investors regarding the shares held by them. The complaints are attended promptly by the R & T agents and secretarial team. The Stakeholders Relationship Committee of the Board oversees and looks into grievances not resolved in the specified time frame

Employees & Workers

The Human Resources department of the Company has laid down the system to address the grievances of employees and workers. Their complaints can be submitted to the HR head and plant head through emails or suggestion boxes. The Company has also put in place Whistle Blower Policy and mechanism to enable the employees to raise their concerns, wrongdoing, and other irregularities noticed in the Company without any fear of reprisal or reprimand.

Value Chain Partners & Communities

For value chain partners and communities, the complaints / grievances on any of the principles – Principles 1 to 9 under the National Guidelines on Responsible Business Conduct, can be registered by mailing to grd@sanmargroup.com or by sending to respective plant heads or functional heads. The same is attended promptly by the concerned functional heads or location heads to resolve it. If any complaints remain unresolved within a reasonable time, the same is referred to the top management for resolution.

26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Being a Chemical Industry, Regulatory insistence on installation of Zero Liquid Discharge (ZLD) facility	Opportunity	- Reduces environmental impact - Reduces water footprint - HSE standards are much superior to the existing norms. Reduction of effluent generation quantity at the source - As an early adopter of ZLD technology, the Company is able to win more global contracts from customers who value EHS compliance. Moreover, future regulatory approvals for expansions become easier since the site is zero discharge.		Positive
2	Coping with the more stringent emission level and other regulatory standards imposed by the regulating authorities	Risk	Financial implications of compliance with future, more stringent, standards may be significant	The Company has always been ahead of the curve in terms of environmental standards, as can be seen in the implementation of ZLD plants across all sites, desalination plants at coastal locations, proactively getting certified under the Responsible Care, etc. This ensures that the Company is not taken by surprise by any new regulations. The Company has also been releasing assured Sustainability Reports for more than a decade now – there is a systematic process to measure and reduce the carbon footprint as well. For example, the Company's thermal power plant has always been using low Sulphur coal, even before the implementation of the recent stringent SO₂ emission level stipulated by the regulating authorities.	Negative
3	Disposal of hazardous waste to third party and effectiveness of storage, disposal.	Risk	Improper disposal of waste by third party	- Dispose only to authorised recycler. - Ensuring proper disposal through documentation and periodic verification by auditing the facilities	Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
4	Reducing the carbon footprint of our Operations	Opportunity and Risk	Increasing focus by the public and industry for reducing Carbon footprint on the principles of sustainability	Increasingly, a low carbon footprint is viewed very positively by all stakeholders and reducing the footprint will yield benefits on multiple fronts. As mentioned earlier, the Company has been measuring and focusing on reducing the carbon footprint at various facilities, through many energy-saving schemes. The last few years have seen a reduction in the footprint. There is a well-defined process to measure the footprint on a monthly basis and identify measures to reduce the same. Some of the measures adopted to reduce our carbon footprint are detailed below › Use of alternative fuels and renewable energy › Incineration of R-23 in a captive incinerator to prevent high GWP gases, which could cause global warming › Use of Hydrogen gas and natural gas as clean sources of energy instead of fossil fuels › Monitoring of Scope-3 energy and initiation of strategic actions to reduce the carbon footprint of operations in the value chain › Installation of microturbine at Coal Power Plant to conserve energy › Installation of high efficiency chillers & increasing steam condensate recycling at Berigai. › Green electricity for around 9 Crores units per annum for Mettur alone. This is expected to start from January 2026.	Positive & Negative
5	Health and Safety of employees and nearby Communities	Risk	Exposure to chemicals can lead to health issues to employees and communities	› Implementation of Process Safety Management System to ensure system healthiness thereby minimising incidents. › Robust emergency preparedness plan and conduct of periodic mock drills. › Periodic training program for employees, contractors and transporters on chemicals handled and safe handling in case of any emergencies.	Negative

SECTION B MANAGEMENT AND PROCESS DISCLOSURES

This section is aimed at helping businesses demonstrate the structures, policies and processes put in place towards adopting the NGRBC Principles and Core Elements.

Disclosure Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9
Policy and management processes									
1. a. Whether your entity's policy/policies cover each principle and its core elements of the NGRBCs. (Yes/No)	Yes								
b. Has the policy been approved by the Board? (Yes/No)	Yes								
c. Web Link of the Policies, if available	https://www.chemplastsanmar.com/downloads/investor-relations/csl-policies/csl-business-responsibility-sustainability-policy-v1.pdf								
2. Whether the entity has translated the policy into procedures. (Yes / No)	The Company has translated the policies into procedures and practices wherever applicable								
3. Do the enlisted policies extend to your value chain partners? (Yes/No)	Yes. Also the company has introduced supplier code of conduct applicable to all its suppliers, vendors and service providers wherein the company has set out stringent code of conduct applicable to them while dealing with the Company. For supplier code of conduct please see the link https://www.chemplastsanmar.com/downloads/investor-relations/csl-policies/Supplier%20code%20of%20conduct.pdf								
4. Name of the national and international codes/ certifications/labels/ standards (e.g. Forest Stewardship Council, Fairtrade, Rainforest Alliance, Trustea) standards (e.g. SA 8000, OHSAS, ISO, BIS) adopted by your entity and mapped to each principle.	Over the years, the Company had taken numerous initiatives to minimise Occupational Health, Safety and Environmental Risks. This is supported by "Responsible Care" Codes of practices adopted by the organisation. All the plants are certified by ISO 45001 and ISO 14001 standards which are International Occupational Health, Safety and Environment Management Systems. Almost all the plants were awarded British Safety Council 5 Star Ratings (CMCD Berigai got 4 Star Rating). Chemplast Sanmar Plant – 1, Plant 2, Plant 3, Plant 4 and Karaikal Plants were awarded the British Safety Council Sword of Honor.								
5. Specific commitments, goals and targets set by the entity with defined timelines, if any.	The Company is committed to adhering to these principles to maintain the highest standard in levels of operations and it is an ongoing process								
6. Performance of the entity against the specific commitments, goals and targets along-with reasons in case the same are not met.	Not Applicable								

Governance, leadership and oversight

7. Statement by Director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements

We recognise that our ESG journey is a continuous endeavor, and we are committed to consistently improving our own benchmarks. With diligent efforts and proactive initiatives, we are working towards achieving our targets and commitments. Our ESG performance underscores our commitment to effecting positive change while strengthening the resilience and sustainability of our business.

As part of our further initiatives in this direction, during the year under review, the Company has entered into agreements which provides for supply of hybrid energy (Solar & Wind) to substitute the exiting source of energy on a long term basis.

8. Details of the highest authority responsible for implementation and oversight of the Business Responsibility policy (ies).

We are guided by the Board of Directors comprising of industry experts having diverse and rich experiences which enable and facilitate effective decision making and execution of sustainable and long-term strategies.

The Board reviews key ESG imperatives and ensure ESG performance is aligned to our aspirations.

9. Does the entity have a specified Committee of the Board/ Director responsible for decision making on sustainability related issues? (Yes / No). If yes, provide details.

The Board members periodically monitor the financial, environmental and social performance of the Company while addressing key risks and opportunities. The Company also has a Risk Management Committee which reviews entity wide risks including ESG risks

10. Details of Review of NGRBCs by the Company:

Subject for Review	Indicate whether review was undertaken by Director / Committee of the Board/ Any other Committee									Frequency (Annually/ Half yearly/ Quarterly/ Any other – please specify)								
	P 1	P 2	P 3	P 4	P 5	P 6	P 7	P 8	P 9	P 1	P 2	P 3	P 4	P 5	P 6	P 7	P 8	P 9
Performance against above policies and follow up action	Yes - Committee of Directors. In addition, performance review has been undertaken by the respective functional heads on various policies of the Company									Annually								
Compliance with statutory requirements of relevance to the principles, and rectification of any non-compliances	Yes									Compliance with statutory requirements of relevance to the principles is being reviewed periodically and non-compliance if any is being addressed with remedial action as appropriate								

11. Has the entity carried out independent assessment/ evaluation of the working of its policies by an external agency? (Yes/No). If yes, provide name of the agency.

P1	P2	P3	P4	P5	P6	P7	P8	P9
No								

12. If answer to question (1) above is “No” i.e. not all Principles are covered by a policy, reasons to be stated:

Questions	P 1	P 2	P 3	P 4	P 5	P 6	P 7	P 8	P 9
The entity does not consider the Principles material to its business (Yes/No)	Not Applicable								
The entity is not at a stage where it is in a position to formulate and implement the policies on specified principles (Yes/No)									
The entity does not have the financial or/human and technical resources available for the task (Yes/No)									
It is planned to be done in the next financial year (Yes/No)									
Any other reason (please specify)									

SECTION C PRINCIPLE WISE PERFORMANCE DISCLOSURE

This section is aimed at helping entities demonstrate their performance in integrating the Principles and Core Elements with key processes and decisions. The information sought is categorised as "Essential" and "Leadership". While the essential indicators are expected to be disclosed by every entity that is mandated to file this report, the leadership indicators may be voluntarily disclosed by entities which aspire to progress to a higher level in their quest to be socially, environmentally and ethically responsible.

PRINCIPLE

1

Businesses should conduct and govern themselves with integrity, and in a manner that is Ethical, Transparent and Accountable.

ESSENTIAL INDICATORS

1. Percentage coverage by training and awareness programs on any of the Principles during the financial year

Segment	Total number of training and awareness programs held	Topics / principles covered under the training and its impact	% of persons in respective category covered by the awareness programmes
Board of Directors	37	9	100%
Key Managerial personnel	37	9	100%
Employees other than BOD and KMPs	1,682	9	100%
Workers	2,498	9	100%

Directors and KMPs:

The Company has a familiarisation program for the Directors and KMPs with regard to the nature of the industry in which the Company operates, the business models of the Company and the strategy and plan in operation. During the year, strategic presentations were made to Directors to familiarise themselves with the updates and current trends of the industry, Government policy/Trade measures relating to the products of the Company, ESG Practices, among other subjects, and operations of the Company besides presentations made to Directors on significant regulatory updates.

Training to Employees and Workers

Regular training programs are conducted for employees and workers on various topics which include human rights, emergency handling, first aid, workplace safety, chemical safety, respiratory problems, and environment management. In 2024-25 we conducted 4180 programs extending for 70970 training hours.

2. Details of fines / penalties / punishment / award / compounding fees / settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators / law enforcement agencies / judicial institutions, in the financial year, in the following format:

Monetary					
	NGRBC Principle	Name of the Regulatory / Enforcement Agencies / judicial institutions	Amount (in ₹)	Brief of the case	Has an appeal been preferred? (Yes/No)
Penalty / Fine	NIL				
Settlement					
Compounding Fee					
Non-monetary					
	NGRBC Principle	Name of the Regulatory / Enforcement Agencies / judicial institutions		Brief of the case	Has an appeal been preferred? (Yes/No)
Imprisonment	NIL				
Punishment					

3. Of the instances disclosed in Question 2 above, details of the Appeal / Revision preferred in cases where monetary or non-monetary action has been appealed.

Case details	Name of the regulatory / enforcement agencies / judicial institutions
Not Applicable	

4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy.

The Company has an Ethics Policy covering among others anti-corruption and anti-bribery applicable to all the employees. Any allegation of violation of Ethics Policy of the Company is thoroughly investigated and action initiated as required.

The Code sets forth legal and ethical standards of conduct for Directors and employees constituting senior management (comprising all members of the core management team one level below the Managing Director and all functional heads). Code is designed to deter wrongdoing and to promote:

- Honest, fair and ethical conduct, including the ethical handling of conflicts of interest between personal and
- professional relationships.
- Protection and proper use of corporate assets and confidential information.
- Compliance with applicable laws, rules and regulations.
- Internal reporting of violations of the Code.

The processes to avoid / manage conflict of interest involving members of the Board are detailed in the Code of Conduct. The link for the said Code of Conduct <https://www.chemplastsanmar.com/downloads/investor-relations/csl-policies/code-of-conduct-for-board-and-senior-management.pdf>

The Company has also put in place Supplier Code of Conduct (the Code) applicable to all the Suppliers and Service Providers and they are bound by such Code of Conduct.

For supplier code of conduct please see the link <https://www.chemplastsanmar.com/downloads/investor-relations/csl-policies/Supplier%20code%20of%20conduct.pdf>

5. Number of Directors/KMPs/employees/workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption:

6. Details of complaints with regard to conflict of interest:

	2024-25 (Current Financial Year)		2023-24 (Previous Financial Year)	
	Number	Remarks	Number	Remarks
Number of complaints received in relation to issues of Conflict of Interest of the Directors	Nil	NA	Nil	NA
Number of complaints received in relation to issues of Conflict of Interest of the KMPs	Nil	NA	Nil	NA

7. Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest:

Not applicable

8. Number of days of accounts payables [(Accounts payable *365) / Cost of goods/services procured] in the following format:

	2024-25 Current Financial Year	2023-24 Previous Financial Year
Number of days of accounts payable	186*	256*

9. Openness of business

Provide details of concentration of purchases and sales with trading houses, dealers, and related parties along-with loans and advances & investments, with related parties, in the following format:

Parameter	Metrics	2024-25 Current Financial Year	2023-24 Previous Financial Year
Concentration of Purchases	a. Purchases from trading houses as % of total purchases	66.72%	59.46%
	b. Number of trading houses where purchases are made from	522	583
	c. Purchases from top 10 trading houses as % of total purchases from trading houses	90.87%	87.34%
Concentration of Sales	a. Sales to dealers / distributors as % of total sales	9.32%	12.00%
	b. Number of dealers / distributors to whom sales are made	15	13
	c. Sales to top 10 dealers / distributors as % of total sales to dealers / distributors	95.68%	95.51%

Parameter	Metrics	2024-25 Current Financial Year	2023-24 Previous Financial Year
Share of RPTs in	a. Purchases (Purchases with related parties / Total purchases)	1.09%	0.28%
	b. Sales (Sales to related parties / Total sales)	12.58%	10.44%
	c. Loans & Advances (Loans & Advances to related parties / Loans & Advances)	N. A	N. A
	d. Investments (Investments in related parties / Total investments made)	100%	100%

LEADERSHIP INDICATORS

1. Awareness programs conducted for value chain partners on any of the Principles during the financial year.

Total number of awareness programs held	Topics / principles covered under the training	% of value chain partners covered (by value of business done with such partners) under the awareness programs
5 Programmes Briefing on supplier code of conduct	Supplier code of conduct	100% of value chain partners covered (business value of VCP to Total value)
Sustainability Review	Sustainability	100% of value chain partners covered (business value of VCP to Total value)

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same.

YES The Code of Conduct (the Code) sets forth legal and ethical standards of conduct for Directors and employees constituting senior management (comprising all members of the core management team one level below the Managing Director and all functional heads).

Code is designed to deter wrongdoing and to promote:

- Honest, fair and ethical conduct, including the ethical handling of conflicts of interest
- between personal and professional relationships.
- Protection and proper use of corporate assets and confidential information
- Compliance with applicable laws, rules and regulations
- Internal reporting of violations of the Code

The processes to avoid / manage conflict of interest involving members of the Board are detailed in the

Code of Conduct. The link for the said Code of Conduct <https://www.chemplastsanmar.com/downloads/investor-relations/csl-policies/code-of-conduct-for-board-and-senior-management.pdf>

Yearly declarations are received from Directors and Senior Management that they have abided by the Code of Conduct.

PRINCIPLE

2

Businesses should provide goods and services in a manner that is sustainable and safe

ESSENTIAL INDICATORS

1. **Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.**

	2024-25 Current Financial Year	2023-24 Previous Financial Year	Details of improvements in environmental and social impacts
R&D	₹ 7.91 Crores (100%)	₹ 3.95 Crores (100%)	1. Separate process safety lab will facilitate in determining safe operation of new chemical processes.
Capex	₹ 33.52 Crores (Incl. projects)	₹ 59.15 Crores (Incl. projects)	2. Separate lab facilities for various process will reduce chemical exposure and help in improving Health/Hygiene.
	9.37% (Incl. projects)	6.98% (Incl. projects)	3. Well-designed lab facilities will improve the output yield.
	₹ 0.66 Crores (Excl. projects)	₹ 44.20 Crores (Excl. projects)	4. Invested in P&M which arrests gas leakages.
	0.53% (Excl. projects)	23.28% (Excl. projects)	

2. a. **Does the entity have procedures in place for sustainable sourcing? (Yes/No)**

YES The Company believes in long term relationships with suppliers and directs concentrated efforts towards fostering its supply chain with high standards of Business integrity, Health, Safety, Human Rights, and Environmental Protection. This considerably helps in mitigating the inherent risk associated with its complex supply chain. The Company proactively engages, analyses, and evaluates the total social, economic and environmental impact of its procurement operation through the stakeholder engagement program. The Company strives to build an inclusive risk mitigation strategy and minimise the negative impacts on Business, Environment, and Society at large. The Company engages with its key suppliers on an annual basis and uses a standard questionnaire to track their environmental and social impacts. From the feedback, the Company recognises the potential risks and initiates action with suppliers towards compliance.

- b. **If yes, what percentage of inputs were sourced sustainably?**

More than 51% of the supplies / inputs were sourced sustainably.

3. **Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.**

The Company adheres to the requirements of Plastic Waste Management Rules laid down by the Central Pollution Control Board and has also registered in the EPR (Extended Producers Responsibility) portal of CPCB. We also have processes in place for disposing recyclable waste like e-waste, hazardous waste, and other wastes through State Pollution Control Board (SPCB) and authorised agencies.

4. **Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.**

YES All the Plants have registered in the Extended Producer Responsibility (EPR) Portal of CPCB towards compliance with Plastic Waste Management Rules, 2016 and subsequent amendments under "Brand Owner" as well as "Importer".

PRINCIPLE

3

Businesses should respect and promote the well-being of all employees, including those in their value chains

ESSENTIAL INDICATORS

1. a. Details of measures for the well-being of employees:

Permanent employees

Category	Total (A)	% of employees covered									
		Health Insurance		Accident Insurance		Maternity benefits		Paternity benefits		Day care facilities	
		Number (B)	% (B/A)	Number (C)	% (C/A)	Number (D)	% (D/A)	Number (E)	% (E/A)	Number (F)	% (F/A)

c. Spending on measures towards well-being of employees and workers (including permanent and other than permanent) in the following format

Cost incurred on well- being measures as a % of total revenue of the company	➤	2024-25 Current Financial Year	2023-24 Previous Financial Year
		0.22%*	0.27%

2. Details of retirement benefits, for Current Financial Year and Previous Financial Year.

Benefits	2024-25 Current Financial Year			2023-24 Previous Financial Year		
	No. of employees covered as a % of total employees	No. of workers covered as a % of total workers	Deducted and deposited with the authority (Y/N/NA)	No. of employees covered as a % of total employees	No. of workers covered as a % of total workers	Deducted and deposited with the authority (Y/N/NA)
PF	100.00%	100.00%	Yes	100.00%	100.00%	Yes
Gratuity	100.00%	100.00%	Yes	100.00%	100.00%	Yes
ESI	22.10%	16.00%	Yes	18.46%	16.14%	Yes
Others (please specify)	-	-	-	-	-	-

3. Accessibility of workplaces

Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.

The Company, as of now does not have differently abled employees. As and when required easy access facility will be provided to differently abled employees.

4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy.

The Company's policies are in general designed to adhere to regulatory provisions.

5. Return to work and Retention rates of permanent employees and workers that took parental leave.

Gender	Permanent employees		Permanent workers	
	Return to work rate	Retention rate	Return to work rate	Retention rate
Male	-	-	-	-
Female	-	-	-	-
Total	-	-	-	-

6. Is there a mechanism available to receive and redress grievances for the following categories of employees and worker? If yes, give details of the mechanism in brief.

	Yes/No. (If Yes, then give details of the mechanism in brief)
Permanent workers	Yes
Other than permanent workers	Yes
Permanent employees	Yes
Other than permanent employees	Yes

The Human Resources department of the Company has laid down the system to address the grievances of employees and workers. Their complaints can be submitted to the HR head and plant head through emails or suggestion boxes. The Company has also put in place Whistle Blower Policy and mechanism to enable the employees to raise their concerns, wrongdoing, and other irregularities noticed in the Company without any fear of reprisal or reprimand.

7. Membership of employees and worker in association(s) or Unions recognised by the listed entity:

Category	2024-25 Current Financial Year			2023-24 Previous Financial Year		
	Total employees / workers in respective category (A)	No. of employees / workers in respective category, who are part of association(s) or Union (B)	% (B/A)	Total employees / workers in respective category (C)	No. of employees / workers in respective category, who are part of association(s) or Union (D)	% (D/C)
Total Permanent Employees

9. Details of performance and career development reviews of employees and workers:

Governance Set-Up

- Formation of Steering Committee
- Plant-Level Apex Committee
- Sub Committees

Leadership Training

- Training for Corporate leaders
- Mid Managers on Leading Safety Efforts
- Risk-Based Process Safety Management, etc

Operational Discipline through Governance

- Setting KPI for lead indicators
- Setting KPI for lag indicators
- Review and tracking

Capability Development

- Safety Interaction
- Incident Investigation
- Process Hazard Analysis
- Mechanical Integrity and Quality Assurance
- Emergency Preparedness
- Job Cycle Check, etc

Mechanical Integrity and Quality Assurance

GRI 403-5

- Assessing the Current State
- Review and Upgrade the Current MIQA Procedure and Inspection Checklist
- Capability Building
- Implementation of MIQA, etc

Barrier Health Management

- Assessing Preventive and Mitigate Barrier

Workplace Risk Mitigation - Behaviour-Based Safety

- Contractor Safety management
- Incident investigation and analysis
- Safe work practices, etc

10. Health and safety management system:

- a. **Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage of such system?**

Chemplast Sanmar Limited has implemented and certified IS45001 Management System, British Safety Council's Occupational Health, Safety and Wellbeing Specifications. As a member of the Indian Chemical Council, we have also adopted the international Responsible Care Codes guidelines, and all the seven codes have been audited by ICC and the entity has been approved to use the Responsible Care Logo.

SANSAFE - Transforming Safety Culture:

We have engaged the reputed agency dss+ (Formerly called as DuPont Sustainability Solutions) to implement Risk Based Process Safety Management and Behaviour Based Safety Management with the view of Transforming Safety Culture to

the highest level. SANSafe program includes governance set up, training the leaders, capability development, Mechanical Integrity and Quality Assurance, Barrier Health Assessment study which are briefed below:

What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

All the operational, work-related risks are managed through the well-defined Management Corporate Guidelines which covers the People, Environment, Asset and Reputation (PEAR) elements in risk assessment. The work-related hazards are assessed through systematic risk management and opportunity for improvement approaches. Similarly, the plant & operational risks are managed through the process hazard analysis tools such as Hazard and operability (HAZOP) study, Safety Integrity Level – Layer of protection analysis (SIL/LOPA), Quantitative Risk Analysis (QRA) Hazardous Area Classification (HAC) and Lightning Protection Studies (LPS).

The routine and non-routine risk are assessed through Hazard Identification and Risk Assessment (HIRA) to identify the safety and illness protective measures. Critical non-routine. Critical non-routine task risks are assessed through the Jobs safety analysis (JSA) and task-based safety risk assessment (TBRA).

b. Whether you have processes for workers to report the work related hazards and to remove themselves from such risks.

YES

The work-related hazards are reported and corrected through the following safety management systems.

- › Hazard and Near miss reporting and reward system
- › Plant Safety Committee meetings
- › Plant safety inspection report follow up
- › Safety suggestions report and reward, to improve the OHS standard at workplace.
- › Cross safety inspection by the team
- › Job Cycle Check
- › Permit To work Audit
- › Safety Interaction – Behaviour Based Approach

c. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services?

YES

All the employees and contractors are covered under non-occupational medical and healthcare services by the plant medical centre, governed by the Certified Physician in general shift and supported by staff nurses 24X7. In addition, the company also has pre-employment and periodic medical check-ups.

11. Details of safety related incidents, in the following format:

Safety Incident / Number	Category *	2024-25 Current Financial Year	2023-24 Previous Financial Year
Lost Time Injury Frequency Rate (LTIFR) (per one million person hours worked)	Employees	1.12	0.00
	Workers	1.20	0.34
Total recordable work-related injuries	Employees	3	0
	Workers	8	2
No. of fatalities	Employees	0	0
	Workers	0	0
High consequence work related injury or ill-health (excluding fatalities)	Employees	0	0
	Workers	0	0

* including the contract workforce

12. Describe the measures taken by the entity to ensure a safe and healthy work place.

The organisation ensures the implementation of the Occupational, Health, Safety, and Wellbeing management system to ensure the safety of employees and contractors through ISO45001 and British Safety Council's OHS & Wellbeing specifications.

Responsible Care Codes: It is a voluntary initiative (beyond legislative and regulatory compliance) which commits companies towards continual improvement in Safety, Health and Environment. This consists of 7 codes.

Responsible Care Codes

1

Process Safety Code: Helps in establishing risk-based awareness of the safety impacts due to technology, facilities and personnel.

2

Employee Health and Safety Code: Enables to achieve Zero accidents and Zero injuries or harm to human health and the environment.

3

Pollution Prevention Code: Achieves ongoing reductions in the amount of all contaminants, and pollutants released to the air, water and land.

4

Emergency Response Code: Guide companies to prepare a set of detailed emergency plans, based on potential risks a facility might face.

5

Distribution Code: To prevent or mitigate the consequences of incidents during distribution activities to the General public, Environment, Employees customer etc.

6

Product Safety and Stewardship Code: To understand, manage and communicate the health and environmental impacts of chemical products.

7

Security Code: To reduce the potential for theft and subsequent misuse, the intentional release of chemicals or sabotage of chemical processes causing a release in fixed facilities.

Industrial hygiene surveys, workplace audits and routine medical surveillance are conducted to ensure the effectiveness of OHS control measures.

Chemplast Sanmar is working to achieve 'ZERO Harm Culture' through a systematic approach to Occupational Health, Safety and Environment (OHS&E). To achieve the excellence in OHS & E performance, CSL has engaged M/s.' DSS+' (DuPont Sustainable Solutions) as consulting partners for the 'Transformation of Safety Culture' (named as SANSAFE) through Process Safety Management, Work Place Safety and Behaviour Based Safety programs.

This helps to reduce the risk from process hazards and work place hazards. Process risk assessments and asset integrity inspections are conducted to ensure the process safety control effectiveness to prevent the process safety events.

OHS & PSM management systems implementation effectiveness has been monitored by Steering committee which consists key senior leaders.

13. Number of complaints on the following made by employees and workers

	2024-25 Current Financial Year			2023-24 Previous Financial Year		
	Filed during the year	Pending resolution at the end of the year	Remarks	Filed during the year	Pending resolution at the end of the year	Remarks
Working conditions	Nil	Nil	NA	Nil	Nil	NA
Health & Safety	Nil	Nil	NA	Nil	Nil	NA

14. Assessments for the year

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

All plants have undergone IS14489 Audit by an authorised competent person and there are no significant occupational health and safety concerns.

PRINCIPLE

4

Businesses should respect the interests of and be responsive to all its stakeholders

ESSENTIAL INDICATORS

1. Describe the processes for identifying key stakeholder groups of the entity.

Any individual or group of individuals or institution that adds value to the business chain of the Company is identified as a core stakeholder. This inter alia includes Customers, Employees, Suppliers & Vendors, Regulators, Business Partners, Local communities and investors / shareholders.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Stakeholder Group	Whether identified as Vulnerable & Marginalised Group (Yes / No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website, Others)	Frequency of engagement (Annually / Half-yearly / Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
 Employees	No	Direct & other communication mechanisms	Others- Ongoing	Company follows an open door policy
 Customers	No	Meetings	Others- Frequent and need based	To stay abreast of developments in the industry / products
 Regulators	No	Meetings and other communication mechanisms	Others- Need based	To stay abreast of the developments in policies and for compliances, approvals, permissions, etc
 Suppliers and Vendors	No	Emails, meetings	Others- Frequent and need based	Co-ordinate for supply of materials and ensure compliances
 Business Partners (third party manufacturers)	No	Emails, meetings	Others- Need based	Address any issues concerning manufacturing operations and supplies
 Local communities	No	Through CSR Activities / welfare measures	Others- Frequent and need based	Support through socially high impact projects

Stakeholder Group	Whether identified as Vulnerable & Marginalised Group (Yes / No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website, Others)	Frequency of engagement (Annually / Half-yearly / Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
 Investors/ Shareholders	No	Email, newspaper advertisement, website, Annual General Meetings, disclosures to Stock Exchanges and Investor meetings / calls / conferences	Others- Need based and Quarterly calls	To update them about important developments in the Company and address their grievances.

PRINCIPLE

5

Businesses should respect and promote human rights

ESSENTIAL INDICATORS

1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:

Employees

	2024-25 Current Financial Year			2023-24 Previous Financial Year		
	Total (A)	No. of Employees / Workers covered (B)	% (B/A)	Total (C)	No. of Employees / Workers covered (D)	% (D/C)
Permanent	1,316	277	21.05%	1181	86	7.30%
Other than permanent	-	-	-	-	-	-
Total Employees	1,316	277	21.05%	1181	86	7.30%

Workers

3. Details of remuneration/salary/wages

a. Median remuneration / wages:

	Male		Female	
	Number	Median Remuneration / Salary / Wages of respective category (₹ per annum)	Number	Median Remuneration / Salary / Wages of respective category (₹ per annum)
Board of Directors (BoD)	6	₹ 9,24,996	1	₹ 12,99,996
Key Managerial Personnel (KMP)	3	₹ 2,30,70,972	0	-
Employees other than BoD and KMP	1,272	₹ 6,66,816	41	₹ 11,51,184
Workers	187	₹ 5,95,824	-	-

b. Gross wages paid to females as % of total wages paid by the entity, in the following format.

	2024-25 Current Financial Year	2023-24 Previous Financial Year
Gross wages paid to females as % of total wages	3.94%	3.19%

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business?

The Company has established a dedicated team comprising of HR heads, function heads and plant heads to review and ensure human rights regulatory compliance, ensure addressing human rights impact or issues caused or contributed to by the business, including risk associated with child labour and forced labour. Risks related to the incidents of child labour, young workers exposed to hazardous work, and forced or compulsory labour were considered during the annual review of risk assessment of the operations.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

As and when any complaint is received, the same is forwarded to Ombudsman's office for review and remedial measures

6. Number of Complaints on the following made by employees and workers:

**Sexual
Harassment**

7. Complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, in the following format:

	2024-25 Current Financial Year	2023-24 Previous Financial Year
Total Complaints reported under Sexual Harassment on of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH)	NIL	NIL
Complaints on POSH as a % of female employees / workers		
Complaints on POSH upheld		

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

As stated in the Whistle Blower Policy of the Company

9. Do human rights requirements form part of your business agreements and contracts?

Yes – as part of the code of conduct applicable to Suppliers / Vendors

10. Assessments for the year

 Child Labour	 Forced / Involuntary labour	 Sexual Harassment	 Discrimination at workplace	 Wages	 Others (Please specify)
NIL % of your plants and offices that were assessed (by entity or statutory authorities or third parties)					

11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 10 above.

Not Applicable

PRINCIPLE

6

Businesses should respect and make efforts to protect and restore the environment

ESSENTIAL INDICATORS

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	2024-25 Current Financial Year	2023-24 Previous Financial Year
From Renewable Sources		
Total Electricity Consumption (A)	2,946.52 GJ	4,487.11 GJ
Total Fuel Consumption (B)	1,74,017.15 GJ	1,26,159.50 GJ
Energy Consumption through other sources (C)	-	-
Total Energy consumed from Renewable sources (A+B+C)	1,76,963.67 GJ	1,30,646.61 GJ
From Non-Renewable sources		
Total Electricity Consumption (D)	4,86,986.43 GJ	3,39,141.20 GJ
Total Fuel Consumption (E)	60,71,777.63 GJ	54,33,658.70 GJ
Energy Consumption through other sources (F)	-	-
Total Energy consumed from Non-Renewable sources (D+E+F)	65,58,764.06 GJ	57,72,799.90 GJ
Total Energy consumed (A+B+C+D+E+F)	67,35,727.72 GJ	59,03,446.50 GJ
Energy intensity per rupee of turnover (Total Energy consumed / Revenue from Operations)	0.000280 GJ/ Rupee of turnover	0.000348 GJ/ Rupee of turnover
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Energy consumed / Revenue from Operations adjusted for PPP)	0.00577730 GJ/ Rupee of turnover adjusted for PPP*	0.000100137 GJ/ Rupee of turnover adjusted for PPP**
Energy intensity in terms of physical output	15.70 GJ/MT of product	18.21 GJ/MT of product
Energy intensity (optional) – the relevant metric may be selected by the entity	-	-

Note:

* For FY 2024-25, Energy intensity per rupee of turnover adjusted for PPP were calculated using conversion factor provided by International Monetary Fund (IMF).

** For FY 2023–24, Energy intensity per rupee of turnover adjusted for PPP were calculated using Price Level Index (PLI) adjusted dollar.

Accordingly, the energy intensity per rupee of turnover adjusted for PPP for FY 2023–24 calculated using IMF conversion factor is 0.00710710 GJ per Rupee of Turnover adjusted for PPP.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

YES. PAT is applicable for Plants at Mettur and Karaikal involving Caustic Soda manufacturing.

PAT Cycle details – Mettur				
Description	Target Toe/Ton	Achieved Toe/Ton	EScerts earned	Remarks
PAT- I	0.312	0.314	(116)	Bought
PAT - II	0.9207	0.9168	255	Available for Sale
PAT-VII	0.419	-	-	Current Cycle

PAT Cycle details – Karaikal				
Description	Target Toe/Ton	Achieved Toe/Ton	EScerts earned	Remarks
PAT- I	0.313	0.307	300	Sold
PAT - II	0.7807	0.7687	554	Retained
PAT -VII	0.7063	-	-	Current Cycle

3. Provide details of the following disclosures related to water, in the following format:

Parameter	2024-25 Current Financial Year	2023-24 Previous Financial Year
Water withdrawal by source (in kilolitres)		
(i) Surface water	26,82,628 KL	28,26,923 KL
(ii) Ground water	3,06,827 KL	2,72,371 KL
(iii) Third party water	-	-
(iv) Sea water / desalinated water	1,14,05,740 KL	1,03,63,061 KL
(v) Others	-	-
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	1,43,95,195 KL	1,34,62,355 KL
Total volume of water consumption (in kilolitres)	1,28,54,265 KL	1,18,21,529 KL
Water intensity per rupee of turnover (Total water consumption / Revenue from operations)	0.00009299 KL/ Rupee of turnover	0.0001126 KL/ Rupee of turnover
Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumption / Revenue from operations adjusted for PPP)	0.0019212 KL/ Rupee of turnover adjusted for PPP*	0.0000251 KL/ Rupee of turnover adjusted for PPP**
Water intensity in terms of physical output	6.09 KL/MT of product#	6.4 KL/MT of product#
Water intensity (optional) – the relevant metric may be selected by the entity	-	-

Note:

Recycled water used in process is 510295 KL in FY 2024-25 and 543522 KL in 2023-24

* For FY 2024-25, Water intensity per rupee of turnover adjusted for PPP were calculated using conversion factor provided by International Monetary Fund (IMF).

** For FY 2023–24, Water intensity per rupee of turnover adjusted for PPP were calculated using Price Level Index (PLI) adjusted dollar.

Accordingly, the Water intensity per rupee of turnover adjusted for PPP for FY 2023–24 calculated using IMF conversion factor is 0.0023008 KL per Rupee of Turnover adjusted for PPP."

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

4. Provide the following details related to water discharged:

Parameter	2024-25 Current Financial Year	2023-24 Previous Financial Year
Water discharge by destination and level of treatment (in kilolitres)		
(i) To Surface water		
- No treatment		
- With treatment – please specify the level of treatment		
(ii) To Ground water		
- No treatment		
- With treatment – please specify the level of treatment		
(iii) To Sea Water		
- No treatment		
- With treatment – please specify the level of treatment – (Desalination reject water)	5,61,245 KL	4,15,048 KL
(iv) Sent to third parties		
- No treatment		
- With treatment – please specify the level of treatment		
(v) Others		
- No treatment		
- With treatment – please specify the level of treatment		
Total Water discharged (in kilolitres)	5,61,245	4,15,048

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No.

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Chemplast Sanmar has implemented Zero Liquid Discharge (ZLD) across all its plants, ensuring that the entire volume of water is reused or recycled back into the process. Consistent efforts to minimise effluent generation at the source have led to a considerable reduction in trade effluent over time. The treated wastewater quality parameters at all ZLD facilities are closely monitored and maintained as per the statutory norms. The ZLD status is continuously monitored by CPCB and TNPCB / PPCC authorities through high-resolution night vision cameras installed at the sites. Additionally, the company records water flow data in real time and are connected with the Water Quality Watch Center of TNPCB/PPCC.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	2024-25 Current Financial Year	2023-24 Previous Financial Year
NOx	MT	195.34	198.26
SOx	MT	210.14	323.63
Particulate matter (PM)	MT	69.92	49.98
Persistent organic pollutants (POP)	-	-	-
Volatile organic compounds (VOC)	-	-	-
Hazardous Air pollutants (HAP)	-	-	-
Others (Please specify)	-	-	-

Note: Above values are derived from monthly emission monitoring data carried out by NABL accredited laboratory.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No.

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	2024-25 Current Financial Year	2023-24 Previous Financial Year
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	5,59,948.66 tCO₂e	4,94,764.44 tCO₂e
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	80,885.30 tCO₂e	53,722.11 tCO₂e
Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from Operations)		0.000027 tCO₂e/ Rupee of turnover	0.000032 tCO₂e/ Rupee of turnover
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP)		0.0005496 tCO₂e/ Rupee of turnover adjusted for PPP*	0.0000093 tCO₂e/ Rupee of turnover adjusted for PPP**
Total Scope 1 and Scope 2 emission intensity in terms of physical output		1.49 tCO₂e/MT of product	1.69 tCO₂e/MT of product
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity		-	-

Note:

* For FY 2024-25, Scope 1 & 2 Emission intensity per rupee of turnover adjusted for PPP were calculated using conversion factor provided by International Monetary Fund (IMF).

** For FY 2023-24, Scope 1 & 2 Emission intensity per rupee of turnover adjusted for PPP were calculated using Price Level Index (PLI) adjusted dollar.

Accordingly, the Scope 1 & 2 Emission intensity per rupee of turnover adjusted for PPP for FY 2023-24 calculated using IMF conversion factor is 0.00066 tCO₂e per Rupee of Turnover adjusted for PPP."

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Mettur:

- Blending of biomass (11904 MT) with coal in CPP (Savings: 190110 GJ and 3.56 % reduction in Scope 1 Energy)
- Installation of VFD in Cooling Water Pump, Crystalliser feed pump and Raw water pump (Savings: 787.70 GJ and 299 tCO₂e)
- Conversion of IE2 to IE3 motors (Savings: 19.07 GJ and 7.00 tCO₂e)
- Replacement of ammonia compressor (Savings: 186.62 GJ and 71 tCO₂e)

Berigai

- Installation of IE3 Energy Efficient Motors (Savings: 58.428 GJ and 11.799 tCO₂e)

Karaikal

- Waste Heat Recovery Boiler based Steam Generation [CPP1 - 33,714.93 MT & CPP 2: 15,057.35 MT of Steam]. (Savings: 11,205.069 tCO₂e.)
- Hydrogen [215.363 MT] used as clean fuel in the Caustic Fusion plant (Savings: 1,450.383 tCO₂e.)
- Replacement of conventional lamps with LED lights (255 Nos), Installation of Energy Efficient Motors, IE3 type (50 Nos.) and Installation of VFD's (13 Nos.). (Savings: 1,58,421.53 Units / 570.32 GJ.)

Cuddalore:

- Reduction of specific power consumption to 467 KWh/MT at Cuddalore through modified reactor jacket design, use of VFDs for reactor agitators, implementation of a heatless air dryer for the instrumentation air system, and adoption of an energy-efficient centrifugal compressor for the refrigeration system.

9. Provide details related to waste management by the entity, in the following format:

Parameter	2024-25 Current Financial Year	2023-24 Previous Financial Year
Total Waste generated (in metric tonnes)		
Plastic waste (A)	6.29 MT	6.03 MT
E-waste (B)	2.94 MT	7.10 MT
Bio-medical waste (C)	1.38 MT	0.05 MT
Construction and demolition waste (D)	-	-
Battery waste (E)	5.40 MT	6.57 MT
Radioactive waste (F)	-	-
Other Hazardous waste. Please specify, if any (G)		
➤ Used or Spent oil (5.1)	44.12 MT	41.70 MT
➤ Wastes or Residues containing oil (5.2)	0.65 MT	0.53 MT
➤ Brine Sludge (16.3)	5,080.13 MT	4,845.04 MT
➤ Distillation Residue (20.3)	79.98 MT	51.37 MT
➤ Process Residue (22.2)	1,623.01 MT	1,602.43 MT
➤ Spent Solvent (28.6)	340.60 MT	263.96 MT
➤ Empty Barrels / containers / liners (33.1)	54.33 MT	70.58 MT
➤ Contaminated cotton rags or other cleaning materials (33.2)	-	0.06 MT
➤ Chemical Sludge from Waste Water Treatment (35.3)		
• ETP Sludge	2,725.63 MT	2,736.86 MT
• ZLD Sludge	102.59 MT	121.14 MT
• ZLD Salt	723.98 MT	636.02 MT
➤ Any process or distillation residue (36.1)	29.83 MT	5.74 MT
➤ Spent carbon or filter medium (36.2)	251.16 MT	210.98 MT
➤ Spent Catalyst (28.2)	-	0.08 MT
➤ Sludge and Filter contaminated with oil (3.3)	0.002 MT	-
Other Non-Hazardous waste generated (H). Please specify, if any (Break-up by composition i.e. by materials relevant to the sector)		
➤ Fly Ash	16,440.00 MT	14,496.00 MT
➤ Bottom Ash	2,329.50 MT	2,247.50 MT
➤ Lime Grit	157.03 MT	245.39 MT
➤ Metal Waste	1,479.74 MT	133.77 MT
➤ Wood Waste	197.19 MT	2.20 MT
➤ Insulation Waste	12.66 MT	-
➤ Paper Waste	29.38 MT	-
Total (A+B+C+D+E+F+G+H)	31,717.52 MT	27,731.10 MT
Waste intensity per rupee of turnover (Total waste generated / Revenue from operations)	0.00000132 MT / Rupee of turnover	0.0000016 MT / Rupee of turnover
Waste intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total waste generated / Revenue from operations)	0.0000272 MT/Rupee of Turnover adjusted for PPP*	0.00000047 MT / Rupee of turnover adjusted for PPP **

Parameter	2024-25 Current Financial Year	2023-24 Previous Financial Year
Waste intensity in terms of physical output	0.074 / MT of product	0.086 / MT of product
Waste intensity (optional) – the relevant metric may be selected by the entity	-	-
For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)		
Category of waste		
(i) Re-cycled	496.37 MT	396.54 MT
(ii) Re-used	21,681.19 MT	18,093.00 MT
(iii) Other recovery operations	-	-
Total	22177.56 MT	18489.55 MT
For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)		
Category of waste		
(i) Incineration	1,734.20 MT	1,659.65 MT
(ii) Landfilling	7,805.76 MT	7,581.90 MT
(iii) Other disposal operations	-	-
Total	9,539.96 MT	9,241.55 MT

Note:

* For FY 2024-25, Waste intensity per rupee of turnover adjusted for PPP were calculated using conversion factor provided by International Monetary Fund (IMF).

** For FY 2023-24, Waste intensity per rupee of turnover adjusted for PPP were calculated using Price Level Index (PLI) adjusted dollar.

Accordingly, the Waste intensity per rupee of turnover adjusted for PPP for FY 2023-24 calculated using IMF conversion factor is 0.00003339 MT per Rupee of Turnover adjusted for PPP."

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The Company adopts environmentally responsible waste management practices, including recycling, reusing and disposal of waste materials as raw inputs for co-processing in cement and other industries, following appropriate preprocessing. Our waste management approach is firmly rooted in the 4R philosophy—Reduce, Reuse, Recycle, and Recover—aligning with the principles of a circular economy.

By minimising landfill disposal and promoting resource efficiency, we not only reduce our environmental footprint but also contribute to long-term industrial sustainability. These efforts help conserve natural resources and support the creation of a closed-loop system where waste is viewed as a valuable resource. Our commitment to eco-responsible practices reflects our broader vision of integrating sustainability into every aspect of our operations.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

Sl. No.	Location of operations / offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N). If no, the reasons thereof and corrective action taken, if any.
1	Melavanjore, Karaikal	Setting up of a Marine Terminal Facility for importing Ethylene for the proposed Ethylene Di Chloride (EDC) plant in the area of Coastal Regulation Zone	Complied
2	Karaikal	Laying pipeline in the area of Coastal Regulation Zone	Complied

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year.

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/No)	Relevant Web link
Proposed Project for Custom Manufactured Chemicals Division (CMCD) of Chemplast Sanmar Limited at Village Melavanjore, T. R. Pattinam, Karaikal, Puducherry UT.	EC23A2002PY5108221N	May 24, 2024	Yes	Yes	Welcome to PARIVESH

13. Is the entity compliant with the applicable environmental law / regulations / guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act and Environment Protection Act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format.

S. No.	Specify the law / regulation / guide-lines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any
1	Complied with all applicable environmental law/regulation/ guidelines			

LEADERSHIP INDICATORS

1. Water withdrawal, consumption and discharge in areas off water stress (in kilolitres)

Not applicable as none of our plants are located in water stress areas.

For each facility / plant located in areas of water stress, provide the following information:

- (i) Name of the area
- (ii) Nature of operations
- (iii) Water withdrawal, consumption and discharge in the following format

Parameter	2024-25 Current Financial Year	2023-24 Previous Financial Year
Water withdrawal by source (in kilolitres)		
(i) Surface water	-	-
(ii) Groundwater	-	-
(iii) Third party water	-	-
(iv) Seawater / desalinated water	-	-
(v) Others	-	-
Total volume of water withdrawal (in kilolitres)	-	-
Total volume of water consumption (in kilolitres)	-	-
Water intensity per rupee of turnover (Water consumed / turnover)	-	-
Water intensity (optional) – the relevant metric may be selected by the entity	-	-
Water discharge by destination and level of treatment (in kilolitres)		
(i) Into Surface water		
- No treatment	-	-
- With treatment – please specify level of treatment	-	-
(ii) Into Groundwater		
- No treatment	-	-
- With treatment – please specify level of treatment	-	-
(iii) Into Seawater		
- No treatment	-	-
- With treatment – please specify level of treatment	-	-
(iv) Sent to third parties		
- No treatment	-	-
- With treatment – please specify level of treatment	-	-
(v) Others		
- No treatment	-	-
- With treatment (Please specify level of treatment	-	-
Total water discharged (in kilolitres)	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. **Not Applicable.**

2. Please provide details of Scope 3 emissions & its intensity, in the following format

Parameter	Unit	2024-25 Current Financial Year	2023-24 Previous Financial Year
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	8,679.55 tCO₂e*	16,339.37 tCO₂e*
Total Scope 3 emissions per rupee of turnover		0.000000360 tCO₂e/ Rupee of turnover	0.000000964 tCO₂e/ Rupee of turnover
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity		0.02 tCO₂e/MT of product	0.05 tCO₂e/MT of product

***We have considered Category 4 (Upstream Transportation and Distribution) and Category 9(Downstream Transportation and Distribution) under scope 3 emission**

Note: Indicate if any independent assessment / evaluation / assurance has been carried out by an external agency? (Y/N). If yes, name of the external agency. No.

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

There are no significant impacts due to the activities in the Coastal Regulation Zone areas of Karaikal.

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along with summary)	Outcome of the initiative
Mettur:			
1	Caustic Soda Lye is manufactured using the State-of-the-art 'Membrane Cell Technology'	Imported from M/S. AKC, Japan	This is an environment friendly and cleaner technology
2	Hydrogen is one of our by-product and used as a fuel	Hydrogen fuel is used in Boilers and incinerator	Reduces the use of fossil fuels (Furnace Oil/LSHS etc.)apart from curtailing of CO ₂ emission as well
3	Blending of biomass (agro waste) along with coal in CPP	Took initiatives to blend the biomass with coal up to 5%	To reduce direct GHG emission
4	Zero Liquid Discharge	All waste water is completely recycled and reused in the process after treatment at ZLD plants	To reduce the industrial water consumption quantity significantly
Karaikal			
1	Caustic Soda Lye is manufactured using the State of the art 'Membrane Cell Technology'	Imported from M/s. ThyssenKrupp Uhde, Germany	This is an environment friendly and cleaner technology
2	Hydrogen is one of our by-product and used as a fuel	Being used as clean fuel in Caustic Fusion Unit	Reduces the use of fossil fuels (Furnace Oil/LSHS etc.) apart from curtailing of CO ₂ emission as well
3	Waste Heat Recovery Boiler installed in our Captive Power Plant - 1 & 2	Using gas engine for power generation (Clean Development Mechanism project)	a) Reduction in CO ₂ Emission (to an generate equivalent amount of steam by using LSHS) b) Fuel conservation (to generate an equivalent amount of steam by using LSHS) c) Steam generation

Sr. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along with summary)	Outcome of the initiative
4	Sea water utilisation for Industrial water requirement	Sea water treated in Desalination Plant	Eliminating Ground / Surface water drawl
Berigai			
1	Mono fluid system	Lesser effluent generation due to Mono fluid	Water conservation - Approximately 1650 KL/Year (~2 % of Total Water consumption)
2	Innovation in Chemistry	Improvise the tech pack provided by the customer, to reduce the carbon footprint by reducing the waste generated.	Saving 3kg/kg of solvent generation and avoided 6kg of CO ₂ /kg of product.
3	On Purpose Adiabatic Cooling Towers	The adiabatic cooling is "on purpose" when the cold well temperature goes above 32 Deg C and when the temperature is below 32 Deg C the cooling tower becomes air cooled automatically.	water savings of up to 75% compared to conventional cooling towers. (~107310 KL/Year)
4	Zero Liquid Discharge	All waste water is completely recycled and reused in the process after treatment at ZLD plant	Significant reduction of around 43% (59,911.3 KL/year) in industrial water consumption
Cuddalore			
1	Desalinated water utilisation for Industrial water requirement	Desalinated water from sea water desalination plant	Eliminating Ground / Surface Water drawal
2	Zero Liquid Discharge	All waste water is completely recycled / reused in the process after treatment in ZLD	To reduce the industrial Water consumption quantity significantly

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words / web link

A comprehensive Business Continuity Plan has been developed to serve as a strategic framework that outlines key measures and protocols to ensure the uninterrupted operation of our business. This plan reflects our unwavering commitment to maintaining a secure and reliable supply chain for our customers, even in the face of unforeseen disruptions or contingencies affecting our manufacturing facility. It is designed to;

- Anticipate and Manage Potential Failures that could threaten the continuity of business operations
- Recommend actions based on the expected duration of operational disruptions
- Provide clarity on Criteria for determining when a business interruption escalates into a disaster recovery scenario

6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

The Company believes in nurturing long-term relationships with suppliers, customers and business partners by building trust and transparency in the business-related processes and decisions. The Company is regularly evaluating its supply chain across Environmental, Social and Governance parameters and it follows a structured approach to engage, analyse and assess the impact of its procurement operations. Based on the assessment, Company builds an inclusive Risk Mitigation Strategy to minimise the negative effects if any, on businesses, the environment, and society.

7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

The Company has assessed 35% of critical Suppliers for Environmental and Social parameters during 2024-25.

8. How may Green Credits have been generated or procured

- a. By the listed entity
- b. By the top ten (in terms of value of purchases and sales, respectively) value chain partner.

During the fiscal year 2024-25, the company has not generated or procured any Green Credits.

PRINCIPLE

7

Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

ESSENTIAL INDICATORS

1. a. Number of affiliations with trade and industry chambers / associations:

10

- b. List of the top 10 trade and industry chambers / associations (determined based on the total members of such body) the entity is a member of / affiliated to

	Name of the trade and industry chambers / associations		Reach of trade and industry chambers / associations (State / National)
1	Federation of Indian Chambers of Commerce & Industry	>	National
2	The Associated Chambers of Commerce and Industry of India	>	National
3	Indo-American Chamber of Commerce	>	National
4	Indo-Japan Chamber of Commerce	>	National
5	Alkali Manufacturers Association of India	>	National
6	Indian Chemical Council	>	National
7	Confederation of Indian Industry	>	National
8	Madras Management Association	>	State
9	The Madras Chamber of Commerce & Industry	>	State
10	The Southern India Chamber of Commerce & Industry	>	State

2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities

Name of authority	Brief of the case	Corrective action taken
Not Applicable		

PRINCIPLE

8

Businesses should promote inclusive growth and equitable development

ESSENTIAL INDICATORS

1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.

Name and brief details of the project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/No)	Relevant Web link
---------------------------------------	----------------------	----------------------	---	--	-------------------

Not Applicable

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:

S. No.	Name of the Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R	Amount paid to PAFs in the (in ₹)
--------	--	-------	----------	---	--------------------------	-----------------------------------

Nil

3. Describe the mechanisms to receive and redress grievances of the community

The Company has mechanisms to receive and redress the grievances of various stakeholders. All grievances will be reported to the respective unit head who will take necessary action to redress the grievances to the extent possible within the provisions of law and regulations as applicable.

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

Directly sourced from MSMEs / small producers	2024-25 Current Financial Year 6.21%	2023-24 Previous Financial Year 9.89%
Directly from within India	2024-25 Current Financial Year 34.08%	2023-24 Previous Financial Year 44.32%

5. Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent / on contract basis) in the following locations, as % of total wage cost (Place to be categorised as per RBI Classification System – rural / semi-urban / urban / metropolitan)

Location	2024-25 Current Financial Year	2023-24 Previous Financial Year
Rural	33.60%	43.93%
Semi-urban	4.50%	2.27%
Urban	26.20%	46.86%
Metropolitan	35.70%	6.95%

PRINCIPLE

9

Businesses should engage with and provide value to their consumers in a responsible manner

ESSENTIAL INDICATORS

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback

Customer complaints with respect to Product quality / Dispatches are mailed to the concerned marketing team either directly or through dealers / agents attached to these customers with details on batch number, invoices, etc. All such complaints are accorded priority which is then escalated to the concerned QC team at plant (product quality related) or Sales logistics team (dispatch related). For quality related complaints, the concerned QC / Plant team members also visit the customer depending on the seriousness of the complaint and suggest corrective action either directly at the customer site or by analyzing the samples of the affected material at our lab.

2. Turnover of products and / services as a percentage of turnover from all products / service that carry information about:

Environmental and social parameters relevant to the product

Safe and responsible usage

Recycling and / or safe disposal

As a percentage to total turnover

99.13%

3. Number of consumer complaints in respect of the following:

	2024-25 Current Financial Year			2023-24 Previous Financial Year		
	Received during the year	Pending resolution at end of year	Remarks	Received during the year	Pending resolution at end of year	Remarks
Data privacy	Nil	Nil	NA	Nil	Nil	NA
Advertising	Nil	Nil	NA	Nil	Nil	NA

Unfair Trade practices	Nil	Nil	NA	Nil	Nil	NA
Other	Nil	Nil	NA	Nil	Nil	NA

4. Details of instances of product recalls on account of safety issues

	Number	Reasons for recall
Voluntary recalls	Nil	NA
Forced recalls	Nil	NA

5. Does the entity have a framework / policy on cyber security and risks related to data privacy? (Yes/No). If available, provide a web-link of the policy.

Sanmar has a detailed policy on Cyber Security covering 19 policies in line with ISO 27001 framework. The applicable risks pertaining to Data Privacy in some of the domains are documented therein.

The draft India's Digital Personal Data Protection (DPDP) Law has been notified and is expected to come into force from Apr' 26 or later. A specific policy related to Data Privacy on similar lines as the approved India Digital Personal Data Protection Law (DPDP), will be in place for operationalisation around the same period. Sanmar will incorporate the relevant and applicable notified framework of the DPDP Law along with Sanmar specific privacy policy requirements.

At present, Sanmar's Cyber Security Policy is not hosted either on the intranet or through the internet, but is only shared as a virtual document when required.

6. Provide details of any corrective actions taken or underway on issues relating to advertising and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.

Not Applicable
